REPORT OF MOTH SUPERINTENDENT

To the Board of Selectmen and Citizens of the Town of Tyngsborough:
Gentlemen:

I hereby submit my report as Moth Superintendent for the year ending December 31, 1950.

Moth work was done as usual, painting and spraying the trees along highways. Twelve diseased elm trees were disposed of. The sheds where equipment and spraying machines are kept were repaired.

Respectfully submitted,

LEO BARLOW

Moth Superintendent

REPORT OF TRUSTEES OF THE LITTLEFIELD LIBRARY

To the Honorable Board of Selectmen,
Tyngsborough, Massachusetts
Dear Sirs:—

The trustees of the Littlefield Library herewith submit their report for the year 1950.

Carrying out our policy of modernizing and putting the building into first class condition, the trustees installed an adequate water supply, together with lavatory facilities; refinished the floors and made other minor repairs. We feel that the physical plant is in excellent condition and hope to maintain it at this level.

Again the Historical Society presented their Thanksgiving exhibition at the library. We are glad to have a part in this civic enterprise.

As noted from the librarian's report, there has been the usual number of books added and a gratifying increase in the circulation. We urge the townspeople to avail themselves of their library, for therein lies its worth.

Trustees of the Littlefield Library.

H. W. LOVERING, Chairman

ANNUAL REPORT OF LIBRARIAN

January 1951

To the Trustees of the Littlefield Library.

Sirs:

The annual report of the Littlefield Library for the year 1950 is herewith submitted.

The decrease in circulation this year is due, I believe, to the fact that we found it necessary to reduce the number of magazines loaned to children. The necessity of the library's being closed for several days while repairs were being made may be another contributing factor.

The Historical Society held two meetings in the library this year. They were well attended and enjoyed by all.

We wish to thank Mrs. Warren Riley for the bookstand she has given the library. This gift holds the unabridged dictionary and another reference book and thus gives added room at the reading table. Thanks also, are due Mr. Carl Richmond, Mr. Charles Coburn, and Dr. Clarence Bent for gifts of magazines. The books that several of our readers have given the library are also much appreciated.

The statistics for the year are as follows:

Adult circulation	4685
Fiction	3174
Non fiction	1511
Juvenile circulation	3244
Fiction	2678
Non fiction	566
Periodicals	2850

 Whitney, P. A.—Linda's Homecoming.

REPORT OF THE WELFARE WORKER

January 10, 1951

To the Honorable Board of Selectmen
and Citizens of the Town of Tyngsborough:

I hereby submit my report as Welfare Worker for the year ending December 31, 1950.

The number of cases on Old Age Assistance again showed an increase this year. During January there were 92 cases while in December there were 97 cases. The amount expended in January was \$5,507.06, and the amount expended in December was \$6,039.96, an increase over the year of \$532.90 or about \$44.41 per month. This increase would have been even greater if it had not been for the new Social Security Law. The Town's share of the amount spent under the Old Age Assistance Law is approximately one sixth of the amount expended.

The number of Aid to Dependent Children cases has also increased. In January there were 5 cases with an expenditure of \$650.10, and in December there were 9 cases with an expenditure of \$961.17, an increase over the year of \$311.07 or about \$25.92 per month. As on the O. A. A. the Social Security Law helped in keeping the expenditures down. The Town's share of the amount spent under the Aid to Dependent Children Law is approximately one third of the amount expended.

Our office hours at the Tyngsborough Town Hall are 9:00 A.M. to 12:00 Noon and 1:00 P.M. to 5:00 P.M. Monday through Friday. Miss Parkhurst or I will be glad to be of assistance to anyone who calls and answer any inquiries concerning O. A. A. or A. D. C. The telephone number is Tyngsborough 4161.

I wish to extend my thanks to the members of the Board of Public Welfare, to Miss Elise Parkhurst, clerk in the Welfare Office, and to other Town Officials, for without their cooperation throughout the year we could not have made the progress which was accomplished.

Respectfully submitted,

GEORGE W. SHIPLEY, Welfare Worker

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:

I submit my annual report from January 1, 1950 through December 31, 1950.

Twenty-one (21) dogs which were picked up were kept for six days and then put out of the way. Two (2) of these dogs had killed about eighty-three (83) chickens.

Four (4) lost dogs were claimed by owners.

There were 15 dog-bite cases.

Nine (9) dogs were killed by automobiles.

Two (2) dogs reported lost.

Respectfully submitted,

JAMES ELMER JORDAN, Dog Officer

REPORT OF NASHOBA ASSOCIATED BOARDS OF HEALTH

Board of Health
Tyngsborough, Massachusetts

Gentlemen:

In presenting this 1950 report, the Nashoba Health Unit wishes to express to you, and through you to all those in Tyngsborough who contributed in our efforts, an appreciation of the cooperation received in our endeavor to carry out our responsibilities in the field of public health.

The work done in Environmental Sanitation is tabulated as follows:

Milk samples collected and tested	343
Inspections of pasteurization plants	125
Inspections of raw milk plants	9
Inspections of dairy farms	17
Inspections of food establishments	12
Inspections of school buildings	1
Private water supplies inspected and tested	14
Inspections of cesspools	15
Nuisances investigated	7
Conferences with Board of Health members	6
Pond water samples taken	15
Milk licenses issued	32
Camp inspections	6

As noted by comparing the above figures with the corresponding ones for 1949, a greater emphasis during 1950 was placed on milk sample testing and inspections of pasteurization plants. Other types of sanitation problems either public or private which came within our scope of work were investigated and action was taken on them as circumstances warranted. In his work, our sanitation officer has met with stimulating interest from all concerned.

There were no epidemics of unusual size throughout the entire Nashoba District during the past year. A list of the communicable diseases as reported from your community is as follows:—

Chicken Pox	15
Whooping Cough	13
Dog Bite	10

From among the ten cases of dog bites reported, fortunately, no rabies resulted. At the rabies clinic held in Tyngsborough during August, 42 dogs received anti-rabies inoculations. The threat of this dangerous yet preventable disease will be materially reduced only as the importance of this prophylactic inoculation measure continues to be more universally realized and accepted.

There were nine visits made by patients referred to the general diagnostic and follow-up chest clinics held at the Nashoba Health Center.

The number of children at the Well Child Conferences was approximately the same as in 1949. Some of the statistics kept on these conferences show:—

Number of Conferences	5
Total attendance	44
Number of Children	28
Inoculations Given	38
Referrals to private physicians	3

In connection with the total number of inoculations given, it might be pointed out that this figure does not represent the number of children immunized either initially or through booster shots. These numbers are now being kept and will be available for future reports.

Special thanks are extended to your Community Nurse, Mrs. Mary T. Kenney, for her assistance in enabling us to carry out programs for your community.

Respectfully submitted,

STANTON GARFIELD, M.D., M.P.H.

Acting Director

REPORT OF THE PUBLIC HEALTH NURSE

Board of Selectmen
Tyngsborough, Massachusetts

Gentlemen:

This is the annual report of the Public Health Nurse.

The nursing work has been carried on as usual.

Prenatal, postnatal and new born baby visits have been made to instruct the mother on care of her health before and after the baby is born. Instruction and demonstration have also been given to infants, pre-school and school children.

Acutely and chronically ill patients have been given bedside care. Post-operative dressings and preventive medicine have been given when ordered by the family physician. Diabetic patients have been taught how to give themselves insulin.

The Well Child Conferences have been held every month and are well attended. Immunization against diphtheria, whooping cough and tetanus is available. Examination and vaccination against smallpox, if requested.

Visits have been made to communicable diseases to instruct on quarantine and care. Statistical report on these diseases will be found in the report of the Nashoba Associated Boards of Health.

Fees collected and given to the treasurer.....\$184.00

I wish to thank the people who have assisted me in any way with my work. Their cooperation is sincerely appreciated.

Respectfully submitted,

MARY T. KENNEY, R. N.,
Public Health Nurse

REPORT OF TAX COLLECTOR

To the Honorable Board of Selectmen
and the Inhabitants of the Town of Tyngsborough:

As we come to the close of another year in the collection of Taxes and town accounts, I wish to express my appreciation to the town officers who were so cooperative with me this past year and to the townspeople, who, although struggling under a heavy tax burden, were so prompt in paying their bills.

Following this report is a list of unpaid taxes and town accounts and it seems only fair again this year to state that many of these bills that show as being unpaid on December 31 when the books of the town must be closed are not delinquent. Many excise taxes came through late from the State House and were not billed out in time for them to be paid before December 31. Also many of these bills have been paid since December 31 but must be listed as of that date.

This year as Town Collector many accounts owed to the town other than taxes have been collected. You will note that the town is now collecting bills for ambulance service furnished as the result of accidents, and while some of them cannot be collected for various reasons, most of them can and will be collected.

Also of interest this year is that more than 1000 excise bills have been sent out as compared with 826 such bills last year. The total number of tax bills sent out this year was 3343, not including demands and notices.

The Collector's office hours are as follows: open daily except Thursday from 8 A. M. until 8 P. M. and is closed all day Thursdays and Sundays.

Respectfully submitted,

WILLIAM DOYLE, Collector.

REPORT OF BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen and Citizens of the Town of Tyngsborough.

The Board of Fire Engineers respectfully submits its annual report for the year ending December 31, 1950.

The Board regrets that there have been several serious fires during the year.

Alarms responded to were as follows:

Dwellings	7
Other Buildings	1
Brush Fires	23
Grass Fires	5
Chimney Fires	4
Dump Fires	1
Auto Fires	7
False Alarms	1
Out of Town Calls	3
Lost Persons	2
Forest Fires	1
Explosion Hazards	1
Flooded Oil Stove	1
High Tension Lines	1
TOTAL	58

The worst fire was on April 18, which cost the life of Mrs. Martin Brick. The fire was extinguished leaving the house in repairable condition, however burns sustained before the alarm caused the first fatality from fire in this town in many years.

On May 7th a fire seriously threatened the Kendall Road section and followed by alarms from two other sections might have proven more than our men and equipment could have handled alone, without the loss of dwelling, however with prompt mutual aid from practically all neighboring towns and Nashua, building loss was held to one unoccupied chicken house.

On February 27, Tyngsborough rendered mutual aid to Chelmsford on the occasion of a spectacular fire involving a 3500 gallon gas tank semi-trailer on Middlesex Road. The blaze was quickly extinguished

with foam carried by our Combination #2, after Chelmsford had been able to make no progress with standard equipment. The foam equipment was donated by the Fireman's Ball Committee in 1948.

The Walker Fire on September 17 was typical of unattended buildings. The fire had gained such headway that tremendous amounts of water were needed. Our Department of just two years ago would have been unable to save the remaining rooms of the house, and might have lost several buildings close by.

The very active Volunteer Firemen's Association of Station #2, organized during this year, has completed a State Training Course and are a very effective company.

The cost of operating a two station department plus several bad fires has prevented substantial equipment improvement this year. There is no longer sufficient serviceable hose to cover minimum standards, and the chassis of Engine #1 and Tankers #1 & 2 are not safe or dependable and should be taken out of service now. This equipment is approximately twenty years old, making extensive repairs a poor investment. The Board feels that Engine #1 and Tanker #1 should be replaced by one chassis carrying the pump, hose, and water now carried on both. We have in mind a good, used, heavy chassis to be inexpensively equipped with a body, 500 gallon tank, and the O. C. D. now on Engine #1. A used 1½ ton chassis will be a sufficient replacement for Tank #2 which should be kept small.

The Board thanks the Board of Selectmen and the taxpayers for the cooperation which has made possible through good equipment the efficient department you have today.

Respectfully submitted,

GUY R. CONSTANTINE, Chief
GEORGE R. ROBESON, Chairman
FRANCIS CRYAN
ROBERT D. LAMBERT

Board of Fire Engineers

REPORT OF HIGHWAY SURVEYOR

To the Board of Selectmen and Citizens
of the Town of Tyngsborough:

I hereby submit my report as Highway Surveyor for the year
ending December 31, 1950.

Chapter 81. 51 Roads. Woodlawn St., Westford Road, Scribner Rd., Massapoag Rd., Locust Avenue, Roy Avenue, Lawndale Road, Farwell Road, Davis St., Cummings Road, Chestnut Road and First St., received a treatment of asphalt in most needed portions; also, gravelling and general maintenance on all roads. All work done as specified by the State Engineer, Mr. Joseph Furrier.

Chapter 90. 12 Roads. Kendall Road, Frost Road, Lakeview Ave., Long Pond Road, Sherburne Avenue, Tyng Road, Westford Road, Willowdale Road, Coburn Road, Dunstable Road, and Parham Road received a treatment of asphalt specified by the State Engineer.

Approximate amount of road oil used for all roads, forty-nine thousand gallons.

Chapter 90, Construction. 1,000 feet in length, 24 feet wide, has been constructed on Frost Road and a prime and seal coat of asphalt applied. Cost \$6,000.00 as contract work was done under the supervision of the State Engineer.

Repairs were made as follows: Westford Road, \$1500.00; Fairview Avenue, \$200.00; Flint Road and Upton Drive, \$400.00; Pinehurst Avenue and Mascuppie Trail, \$800.00; Althea Avenue, \$500.00.

The usual brush cutting was taken care of in the most needed places.

Respectfully submitted,

LEO G. PELLETIER,

Highway Surveyor.

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE ON THE TOWN OF TYNGSBOROUGH 1950

Much of the organized programs conducted by the Middlesex County Extension Service are planned on a county basis with these programs available to every town in the county. Organized projects such as mastitis or Green Pastures for dairymen; flock health for the poultrymen; clothing and food for the homemakers or the various 4-H Club programs for boys and girls, are brought to the individual farmers or homemakers in a general way through the County Bulletin, radio, newspaper publicity, meetings or through correspondence and farm and home visits. In addition to this general work of the Extension Service, work in each town is developed under the guidance of the town director and the local groups interested in agriculture, homemaking and Boys' and Girls' 4-H Club work.

The Extension Service worked with poultrymen on virtually every aspect of poultry farming during the year. With efficiency the watchword, attention was given to the Poultry Farm Account Program, through which poultrymen are assisted with their farm records. Several poultrymen were assisted with flock health problems. Through the Quality Egg Program, poultrymen have been helped in improving their marketing facilities and practices.

Increased milk production per cow, better roughage and a reduction of disease loss were the aims of the Extension dairy projects. The Dairy Herd Improvement Association and the recently organized Owner-Sampler Testing Association both are assisting farmers, through use of production records, to locate low producing cows.

Tyngsborough is especially privileged in having in their community County Trustee and Executive Board member Mrs. Frederick Lambert. Many Tyngsborough women were enrolled in the clothing program, "Short Cuts and Speed Tricks in Garment Finishes," conducted last spring. A series of home management programs on "Slick Tricks in Home Care" was presented for local homemakers. The Christmas Gift Kit (collection of gifts that can be made at home) was exhibited at the Town Hall. The local Grange Fair was judged by extension representatives.

Respectfully submitted,

CHESTER H. QUEEN, Director

REPORT OF CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen and the
Citizens of Tyngsborough:

We hereby submit our annual report for the year 1950.

The cemeteries received their regular spring clean up and mowing. "Trust Fund" lots received their usual care throughout the year. A new section has been added to the Flint Cemetery. This section has been bulldozed and prepared for loaming and seeding this spring. Burial lots will be available this year.

Respectfully submitted,

THOMAS GOODCHILD,
GUY R. CONSTANTINE,
EARL B. DAVIS,

Cemetery Commissioners.

ANNUAL REPORT OF THE TOWN PLANNING BOARD

To the Board of Selectmen and the
Citizens of Tyngsborough:

During the past year the Town Planning Board has been engaged in the preparation of a large, detailed, accurate, and up-to-date map of the town. This map will serve as a study map for the construction of a master plan, which is now required by the General Laws of Massachusetts, providing for the best development of the resources of the town, for future public ways and buildings, and for well-planned residential expansion in the future.

The Town Planning Board has concurred and cooperated with the School Committee in its enlargement of the school playground.

Respectfully submitted,

WINSTON HARPER BOSTICK,
Secretary.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen and the
Citizens of the town of Tyngsborough:

Gentlemen:

I hereby submit my report as Tree Warden for the year ending
December 31, 1950.

The tree work was as usual, disposing of fallen trees and dangerous
limbs that obstructed the highway. We also removed some of the
State marked elm beetle trees.

Respectfully submitted,

FRED A. CHOATE, Tree Warden.

REPORT OF STATE AUDIT

To the Board of Selectmen
Mr. Carl Ford, Chairman,
Tyngsborough, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Tyngsborough for the period from December 19, 1948 to December 27, 1949, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,

Director of Accounts

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Tyngsborough for the period from December 19, 1948, the date of the previous audit, to December 27, 1949, and submit the following report thereon:

An examination and verification was made of the recorded financial transactions of the town, as shown on the books of the departments receiving or disbursing money or committing bills for collection.

The books and accounts of the town accountant were examined and checked in detail. The receipts, as recorded, were compared with the departmental records of payments to the treasurer and with the treasurer's record of receipts, while the recorded payments were checked with the treasury warrants and with the treasurer's record of disbursements.

The appropriations, transfers, and loan authorizations as recorded on the ledger were compared with the town clerk's record of financial votes passed by the town.

The ledger accounts were analyzed, and a balance sheet showing the financial condition of the town on December 27, 1949 was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was added throughout, the receipts being analyzed and compared with the departmental records of payments to the treasurer, with other sources from which the town received money, and with the town accountant's books. The recorded payments were checked with the approved warrants authorizing the disbursement of town funds.

The cash balance on December 27, 1949 was verified by reconciliation of the bank balance with a statement furnished by the bank in which town money is deposited and by actual count of cash in the office.

The payments on account of debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the tax titles redeemed were checked with the receipts as recorded on the treasurer's cash book, and the tax titles on hand were listed and compared with the records at the Registry of Deeds.

The securities and savings bank books representing the investment of the trust and investment funds were examined and listed. The transfers to the town were verified and the income of the several funds were proved.

The records of payroll deductions on account of federal taxes and the county retirement fund were checked and reconciled with the treasurer's and accountant's books.

The assessors' records of abatements granted were reconciled with the collector's books and with the accountant's ledger. It was noted that the abatement record books had not been kept during the audit period and it is recommended that these record books be kept up to date. The assessors' warrants for the commitment of taxes and motor vehicle and trailer excise were examined and checked with the detailed lists.

The books and accounts of the town collector were examined and checked. The taxes, motor vehicle and trailer excise, and departmental accounts receivable outstanding according to the previous examination, as well as all subsequent commitments lists, were audited and reconciled with the warrants for their collection.

The recorded receipts were checked with the payments to the treasurer and with the accountant's books, and the outstanding accounts were listed and reconciled with the accountant's ledger accounts.

Verification notices were mailed to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The records of dogs, sporting, and town licenses issued by the town clerk were examined and checked, the payments to the State and to the town treasurer being verified.

The accounts of the board of selectmen and the sealer of weights and measures, as well as of the health, public welfare, library, and cemetery departments, were examined and checked, and the payments to the treasurer were compared with the treasurer's cash book.

The surety bonds furnished by the several officials of the town for the faithful performance of their duties were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing reconciliations of the treasurer's and the town collector's cash, summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, and departmental accounts, as well as tables relative to the trust and investment funds.

During the progress of the audit, cooperation was received from all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

ACCOUNTANT'S STATEMENT

The financial transactions as shown herein are in accordance with the classifications as prescribed by the Director of Accounts, Department of Corporations and Taxations, Commonwealth of Massachusetts.

All bills paid by the Town are on file and may be examined by any citizens of the Town on any Monday night or by appointment.

I have also examined and verified books, bank books, and securities of the Town Treasurer and of the Selectmen and find them correct as herein stated.

ROSCOE C. TURNER,

Accountant

TOWN WARRANT
TOWN OF TYNGSBOROUGH

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Tyngsborough
in the County of Middlesex.

Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Towns affairs, to meet at the Town Hall in said Tyngsborough on Monday the nineteenth day of February next, at seven o'clock in the afternoon, then and there to act on the following articles:—

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, Two Constables and one Tree Warden for terms of one year, a Selectman, Assessor and a member of the Board of Public Welfare, Town Clerk, one Highway Surveyor, two members of the School Committee, two Trustees of the Littlefield Library and one Cemetery Commissioner for terms of three years and one member of the Planning Board for a term of five years.

ARTICLE 2. To see if the Town will vote to accept the reports of the Town Officers and Committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what way the dog license fees shall be used.

ARTICLE 4. To choose all Town Officers not named in Article 1 for the ensuing year, or take any action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1951, and to issue note or notes therefor, payable within one

year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws, or take any action in relation thereto.

ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1950 and prior years, or take any action in relation thereto.

ARTICLE 7. To raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, or take any action in relation thereto.
(Recommended by the Advisory Committee.)

ARTICLE 8. To see what action the Town will take with reference to the compensation of the elected Highway Surveyor.

ARTICLE 9. To see if the Town will vote to permit the Cemetery Commissioner to perform work in the Town cemeteries and be paid for such labor at the current rate for Town labor, or take any action in relation thereto.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to be set aside as a Stabilization Fund as provided in Section 5B of Chapter 40 of the General Laws as amended, or take any action in relation thereto.
(Recommended by the Advisory Committee.)

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$4,100.00 for Chapter 81 Roads and will further vote to transfer the sum of \$10,000.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State for this work, or take any action in relation thereto.
(Recommended by the Advisory Committee.)

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$1,400.00 for Chapter 90 Maintenance and will further vote to transfer the sum of \$2800.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.
(Recommended by the Advisory Committee.)

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for Chapter 90 Road Construction (Frost Road) and will further vote to transfer from the Excess and Deficiency Account the sum of \$6000.00 in anticipation of reimbursement from the State and County for this work or take any action in relation thereto.

(Recommended by the Advisory Committee.)

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for gravelling Flint Road and Upton Drive or take any action in relation thereto.

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to regravell and repair a section of Westford Road or take any action in relation thereto.

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to repair, grade and resurface Mt. Paul Road or take any action in relation thereto.

ARTICLE 17. To see if the Town will vote to raise and appropriate, or transfer from unexpended funds in the treasury, the sum of \$350.00 for the repair, resurfacing and oiling Pleasantview Avenue or take any action in relation thereto.

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the purpose of finishing and oiling Pinehurst Avenue and Mascuppic Trail or take any action in relation thereto.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 with which to continue the work of resurfacing, graveling and repairing Althea Avenue or take any action in relation thereto.

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$1,200.00 to widen, repair and resurface a section of Scribner Hill Road starting from the Westford Town Line or take any action in relation thereto.

ARTICLE 21. To see if the Town will vote to raise and appropriate a sum of money to install ten street lights on Route 113 Kendall Road, from Duff's Garage to Cummings Road, or take any action in relation thereto.

ARTICLE 22. To see if the Town will vote to raise and appropriate, or transfer from available funds, the sum of \$2,000.00 for the purpose of purchasing a chassis and constructing a body thereon for engine #1 or otherwise act thereon.

(Recommended by the Advisory Committee.)

ARTICLE 23. To see if the Town will vote to raise and appropriate, or transfer from Excess and Deficiency Account, the sum of \$500.00 to purchase a chassis to replace the chassis on the old tanker in Station No. 2, and that the purchase of this chassis be left to the Chief and the assistant Fire Chief of the Fire Department or take action in relation thereto. (Recommended by the Advisory Committee.)

ARTICLE 24. To see if the Town will vote to raise and appropriate, or transfer from available funds, the sum of \$500.00 for the purpose of purchasing fire hose. (Recommended by the Advisory Committee.)

ARTICLE 25. To see if the Town will vote to transfer the sum of \$2,000.00 from Excess and Deficiency to pay for the repair of front walk of the Winslow School and to lay an asphalt surface surrounding the building or take any action in relation thereto. (Recommended by the Advisory Committee—\$500.00 for walk only.)

ARTICLE 26. To determine if the Town will vote to relieve the overloaded Winslow School water system by eliminating all users of water from that system except the Winslow School, Littlefield Library and the Town Hall, or take any action in relation thereto.

ARTICLE 27. To see if the Town will vote to transfer from Excess and Deficiency the sum of \$1,000.00 for the purpose of grading the school grounds or take any action in relation thereto.

(Recommended by the Advisory Committee.)

ARTICLE 28. To see if the Town will vote to transfer from Excess and Deficiency the sum of \$1,000.00 for the purpose of building a retaining wall and fence between the school grounds and the Town playground or take any action in relation thereto.

ARTICLE 29. To determine if the Town will vote to have appointed by the Moderator, in accordance with the provisions of Section 1, Chapter 11 of the General Laws, a Regional School District Planning Board: Said Board to consist of three members, including one member of the School Committee.

(Recommended by the Advisory Committee.)

ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of \$200.00 to repair and grade Flint Cemetery, or take any action in relation thereto.

(Recommended by the Advisory Committee.)

ARTICLE 31. To see if the Town will vote to give residents of the Town preference in all contracts for construction in the furnishing of work, labor and materials and so direct department heads, or take any action in relation thereto.

ARTICLE 32. To see if the Town will vote to raise and appropriate, or transfer from the Machinery Fund Reserve, the sum of \$550.00 to purchase a bulldozer blade for the Diesel grader, or take any action in relation thereto.

(Recommended by the Advisory Committee.)

ARTICLE 33. To see if the town will vote to raise and appropriate, or transfer from the Machinery Fund Reserve, the sum of \$550.00 to purchase a snow plow, or take any action in relation thereto.

(Recommended by the Advisory Committee.)

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of \$800.00 for repairs to the Town Hall, or take any action in relation thereto.

(Recommended by the Advisory Committee.)

ARTICLE 35. To see if the Town will vote to accept the provision of Section 103A of Chapter 54, of the General Laws (Tercentenary Edition)—relative to absentee voting at Town elections, or take any action in relation thereto.

ARTICLE 36. To see if the Town will vote to raise and appropriate the sum of \$300.00 for land damages to be paid to Mr. Henry Simoneau in the taking made for the widening of Frost Road, or take any action in relation thereto.

(Recommended by the Advisory Committee.)

ARTICLE 37. To see if the Town will vote to accept the By-Laws to be used in the Civilian Defense Organization for the Town of Tyngsborough, copy of which are attached and made a part of this warrant, or take any action in relation thereto.

ARTICLE 38. To see if the Town will vote to raise and appropriate the sum of \$150.00 for Civilian Defense, or take any action in relation thereto.

(Recommended by the Advisory Committee.)

ARTICLE 39. To see if the Town will vote to grant permission to the Grey Nuns of the Cross to use a small portion of their property, known as the Huntoon Place, on Lakeview Avenue, Tyngsborough, as a private cemetery, or take any action in relation thereto.

ARTICLE 40. To see if the Town will vote to accept the Life Boat Trailer and Life Saving Equipment now used in Station No. 2 by the Fire Department, said equipment being the gift to the Town by the Tyngsborough Grange under the direction of Mrs. Anastasia Shanahan and others.

And you are directed to serve this Warrant, by posting up attested copies thereof at Town Hall, Post Office, Unitarian Meeting House, in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 25th day of January in the year of our Lord one thousand nine hundred and fifty-one.

CARL A. FORD,
WARREN W. ALLGROVE,
JOHN W. LEWIS,

Selectmen of Tyngsborough

ORRIN C. LEONARD, Chairman.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of the Town of Tyngsborough:

I have the honor, as agent for the School Committee, to submit this, my third annual report of the work and progress of the School Department of Tyngsborough for 1950.

Organization

Mr. Walter Power, Principal of the Winslow School for one year only, resigned his position as of July 1st to accept a very attractive offer in Natick, Massachusetts. His term as principal was characterized by an earnest desire to introduce modern methods of school administration, and to give the children the very best of the many student activities now found in an up-to-date elementary educational program.

The School Committee, acting upon Mr. Power's resignation, was fortunate in securing the return of Mr. Richard Starkey to again take over the principalship of the school. His standing with the teachers, pupils and townspeople was shared by the School Committee and Superintendent. All were pleased when he accepted the offer and returned to the Winslow School. The school is enjoying a fine year under his leadership.

In June we received the resignation of two teachers, Mrs. Ruth R. Brodeur, Grade III and Mrs. Marion Dunice, Grade 1. In their places the Board elected Miss Catherine Sampson and Miss Ida Martin, respectively. Miss Sampson is a graduate of the State Teachers' College at Lowell, with a degree of B. S. Ed.

She has had, prior to coming to Tyngsborough, seven years of teaching experience in the city of Lowell. Miss Martin comes to us following training at University of New Hampshire, where she received her degree of A. B., and further training at Keene, N. H. Teachers College in the field of elementary education. Two years of experience also have been had by Miss Martin, one at Derry, New Hampshire and one at Hudson New Hampshire. Both new teachers are proving very satisfactory and are living up to the excellent recommendations of their former school officials.

Finances

At the beginning of the fiscal year it was felt by the School Committee that \$61,665, would be sufficient money on which to run the School Department for 1950. However, due to increased trans-

portation costs and the rise in tuition rates it was found necessary to ask the town for an additional sum of \$1,952., which amount was voted, on transfer from E. and D., at a special town meeting held in November. This brought our total budget to \$63,617. Operational costs showing the year's expenditures may be found in detail on a page in this report under the caption, "Expenditures, 1950".

For the financing of anticipated expenses to the School Department for 1951 the School Committee is asking for \$81,023.26, a rather substantial, yet entirely justifiable increase over 1950. The Committee was faced with that ever-present and upward spiral of costs and wages. Lowell High School, to which most of our boys and girls go for their secondary school education, has increased the annual tuition rate from \$100. to \$200., effective January 1, 1951.

Consequently, for 1951, to take care of the tuition payments for all pupils beyond Grade eight it will require \$21,000. as over against \$9,910. for 1950—more than double, also because many more will be going to high school from Tyngsborough in the present year.

Then too, in 1950 we were able to take care of our transportation item for \$20,849.13. Because of renewed contracts which necessarily must be higher, the Committee has found the need of asking for \$24,000. Teachers' salaries, if we are to retain the services of good teachers and cut to a minimum the necessity of hiring new and inexperienced ones, must be raised in keeping with the practice in all communities, especially in nearby areas. Therefore \$24,275. has been felt necessary as the amount needed in the 1951 budget to warrant the \$200 flat increase to all teachers, effective September 1, 1951. These three items, Salaries, Tuition and Transportation are the main factors contributing to the higher budget for 1951. Other items remain about as they are in the budget for the past year, some a trifle more, others somewhat less.

Nobody likes to consider these increases, especially when the tax-dollar is strained beyond reason. Yet such seem to be part and parcel of the age in which we are living—we find them everywhere, in every branch of municipal government, in every community, at all levels, towns, city, state and federal. There just isn't much we can do about it except "grin and bear it."

One redeeming feature of the whole business lies in the fact that we are getting an increase each in our State Reimbursement to Education. In 1949 we received \$27,831.39 as aid to meeting costs of education. In 1950 our return is reported as \$29,217.81, almost

a third of our total operational expenses. It is reasonable to assume that a like proportion of our 1951 expenses, high as they may now seem to be, will be returned to Tyngsborough through the State Department of Education.

CONCLUSIONS

These are troublous times, full of uncertainties, frustrations and confusions. We hear much about the future of America, and how it depends upon the proper education of our youth. Certainly one thing is sure—the best educational opportunities and experiences a child can have through his school years are going to be none too great, or comprehensive, if we are to secure in him those qualities, loyalties and capacities with which he must face the problems of our future existence as a democratic free people. President Truman has just said, "We shall have to tax people until it hurts"; it could be he had in mind the struggle education is facing in trying to give our youngest the best possible training. At all events it is challenging, and I believe we are going to successfully meet the challenge.

I wish to express my appreciation to all those in Tyngsborough, members of the Board, Faculty, the Parent-Teachers Association, Grange, and others who have so splendidly helped with the work of our Winslow School. It has been a real pleasure to share with you, as your superintendent, the many duties and responsibilities attending the operation of our school system.

Respectfully submitted

HERBERT H. ARCHIBALD,

Superintendent of Schools

REPORT OF SCHOOL PRINCIPAL

Mr. Herbert H. Archibald
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Mr. Archibald:

Following is my report on the Winslow School for the year ending December 31, 1950:

The comparatively sudden increase in the enrollment of the Winslow School creates many real problems. It might be interesting to note that in a five year period the school has grown from an enrollment of one hundred eighty-five to its present enrollment of three hundred twelve—an increase of 68.6 per cent.

Although the first and second grade load has been decreased by setting up a first-second grade combination in the playroom, another year we are confronted with a third grade enrollment of 48, a fourth grade enrollment of 41, a seventh grade enrollment of 40, and only one grade in the entire building with an enrollment under 35.

In the average classroom the teacher is confronted with three groups, namely, the fast workers who need little teaching, the large group of average workers who need much teaching and some individual attention, and the slow workers who need practically all individual attention. In a small class this can be worked out by the classroom teacher. But in large classes there is not enough time to properly instruct all groups, and it is usually the slow worker or backward pupil that suffers.

I believe this to be particularly true in the reading program of the lower grades. If a child does not learn to read well in the first three or four grades, his entire school life will be affected.

The adoption of a program whereby the slow and backward pupils would get individual attention on a daily basis would greatly improve their reading habits, and the majority of such pupils would show improvement in all their studies.

Such a program could be adopted by making another classroom in the playroom and engaging another teacher. I am not advocating special classes, but rather a program of daily individual attention for those pupils who need individual attention and cannot get it now because of the already over-loaded classrooms.

At the present time there are twenty girls in the eighth grade. Such a large number of girls presents a difficult problem for Miss Coburn in the sewing class. To receive the individual instruction needed by these girls, I suggest that sewing in the sixth grade be eliminated and the eighth grade be divided into two sewing groups. Judging from the size of future classes, such a change would probably become permanent.

In December the Parent-Teachers' Association purchased a library of forty film strips. These films are being widely used throughout the building. Beginning in January, the school will receive two motion pictures a month. These educational films are free except for transportation charges.

In October the PTA gave the music department one hundred dollars. With this money Mr. Savas purchased a portable 3-way record player and records. This equipment is used in the music appreciation program established by Mr. Savas this year.

The Tyngsborough Historical Society, under the guidance of Miss Anna Elliott, presented its annual Thanksgiving exhibition at the Littlefield Library during Thanksgiving week. This interesting exhibit was visited by all classes during the day. The teachers of the Winslow School are indeed grateful to Miss Elliott and her committee for presenting this splendid program each year.

It was indeed gratifying to return in September and find that work had been started on the playground. This project is greatly appreciated by teachers and pupils. It is hoped that ways and means will be found to complete this work in the near future.

On behalf of the teachers I wish to thank you, Mr. Archibald, and the School Committee, for your helpful criticisms and sympathetic understanding given to all of us throughout the year.

Respectfully submitted

RICHARD O. STARKEY,

Principal

REPORT OF THE SEWING SUPERVISOR

Mr. Herbert H. Archibald
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

In the sixth grade in sewing the girls have learned the fundamental stitches, made holders, towels, bags, and gathered skirts. They also have learned how to use the electric sewing machines.

The seventh grade girls have been taught how to work with commercial patterns, and have made simple dresses, blouses, jumpers, and skirts.

The eighth grade girls have made suits and dresses and they have all made their graduation dresses.

Respectfully submitted,

LENA M. COBURN,

Sewing Supervisor.

REPORT OF THE ART SUPERVISOR

To the School Committee and Citizens of the Town of Tyngsborough:

Last year a new creative art program was introduced to the Winslow School. I feel that noticeable progress has been made in all the classes. The co-operation of the teachers, Mr. Walter Power, and Mr. Richard Starkey had a lot to do with this. I believe the children of the lower grades and the students of the upper grades are beginning to understand and enjoy this new art work. A great deal of individual progress has been made by many students during the past four months.

However, because of the large classes and the lack of a variety of materials, the type and amount of work is limited.

Respectfully submitted,

JOAN LITTLEHALE,

Art Supervisor

REPORT OF THE MUSIC SUPERVISOR

Mr. Herbert H. Archibald
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

In my work here at the Winslow School I am endeavoring to follow through with almost the same standards my predecessor, Miss Patrice Meehan, so well set up. Because I am here for only one year I am applying my school of thought and philosophy with modifications.

It is not my purpose to prepare all school children for a musical career. I do, however, believe if children are given the power to read music the result will lead to thorough enjoyment and true music appreciation, through the ability to participate. My credo is "Music for everyone and everyone for music."

A new and very excellent set of books was purchased for the sixth grade. It is my hope that in the very near future it will be possible to procure a new set for the fifth grade. Then the entire Winslow School will be a model singing school.

Through a gracious donation by the P. T. A. we are now the proud owners of an excellent portable combination radio and phonograph with the regulated three-speeds. Our Record Library is growing slowly but successfully. Music appreciation in the Winslow School is well on its way to many interesting and valuable experiences for our pupils.

The eighth grade added to the Christmas spirit on the closing day of school by giving a very beautiful program of Christmas carols sung in the school's main corridor so that all the classes could sit at their desks and enjoy the excellent singing.

My sincere thanks to Mr. Archibald, the principal, Mr. Starkey, and his very fine staff for their continued help and co-operation.

Respectfully submitted,

JAMES P. SAVAS,

Music Supervisor.

REPORT OF SCHOOL NURSE

Mr. Herbert H. Archibald
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

The school work has been carried on as usual. The nurse assisted the school physician with his usual yearly physical examination. Notices were sent home informing the parents of any irregularities found. i.e., infected tonsils, carious teeth, poor posture, and flat feet. The notices refer the child to the family physician or dentist, the greatest need is dental care.

The nurse is at the school every morning to visit the class rooms to confer with the principal and teachers regarding absentees, or other problems. Individual inspections are made and home visits when necessary to check on communicable diseases.

The children are weighed once during the year. Twenty-one entering school for the first time were examined by the school physician at the pre-school registration. The parents were present at this examination, and they received instructions regarding the correction of defects found.

There were fifty children admitted to nursing care. First aid treatment has been given, and other nursing aid when necessary.

There were a few cases of whooping cough, also a few skin infections and infestation of pediculosis. Individual inspections and home visits were made. Children made the usual visits to the nurse's office for advice. The Massachusetts Eye Test was given to test the sight, and the hearing was tested with the Pure Tone Audiometer. Parents were notified by the principal if the child failed these tests.

I wish to thank the parents and teachers for their co-operation.

Respectfully submitted,

MARY T. KENNEY, R. N.

School Nurse.

EARL R. GILSON, Town Clerk.

This is a true Copy of the, "HEADING" of the Town Warrant failing to duly call the: TOWN ELECTION OF THE TOWN OF TYNGSBOROUGH, COUNTY OF MIDDLESEX, COMMONWEALTH OF MASSACHUSETTS, HELD FEBRUARY 12, 1951.

HEADING

MIDDLESEX SS.

To either of the Constables of the Town of Tyngsborough, in the County of Middlesex, Greeting.

IN THE NAME OF THE COMMONWEALTH OF MASSACHUSETTS you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Tyngsborough on Monday the nine-

teenth day of February next, at seven o'clock in the afternoon, then and there to act on the following articles:—

The following is a TRUE PHOTOSTATIC COPY OF AN ACT VALIDATING THE TOWN ELECTION IN THE TOWN OF TYNGSBOROUGH HELD IN THE CURRENT YEAR OF 1951.

Received, March 24, 1951 from the Honorable Edward J. Cronin, Secretary of the Commonwealth.

Entered in the Town Records March 24, 1951.

EARL R. GILSON, Town Clerk.

Chapter 164

THE COMMONWEALTH OF MASSACHUSETTS

In the Year One Thousand Nine Hundred and Fifty-one

AN ACT VALIDATING THE TOWN ELECTION IN THE TOWN OF TYNGSBOROUGH HELD IN THE CURRENT YEAR.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. The town election of the town of Tyngsborough, held on February twelfth in the current year, and all acts and proceedings of said town and of its boards and officers and all acts of any other persons, in so far as said election, acts or proceedings may be illegal or invalid by reason of the fact that the warrant for said election did not state the time and place thereof, are hereby made legal and valid.

SECTION 2. This act shall take effect upon its passage.

House of Representatives, March 14, 1951.

Passed to be enacted, Thomas P. O'Neill, Jr., Speaker.

In Senate, March 15, 1951.

Passed to be enacted, Richard I. Furbush, President.

March 21, 1951.

Approved,

at 2 o'clock and 02 minutes, P.M.

PAUL A. DEVER, Governor.

Special Town Meeting April 20, 1951

ARTICLE 1. Voted to raise and appropriate for truck hire the sum of \$1,000.00, said sum to be expended in conjunction with any other sums contributed by the State or County on Chapter 81 or 90 Roads.

ARTICLE 2. Voted: Truck hire be fifty cents per hour in excess of State rate. Sanding to be fifty cents per hour in excess of State rate. Snow plowing to be increased fifty cents from \$2.50 to \$3.00. Labor \$1.15—Truck drivers \$1.20—Grader operator \$1.50.

ARTICLE 3. Voted to transfer from Excess and Deficiency to Chapter 81 roads the sum of \$1,300.00 in anticipation of reimbursement from the State for this work.

ARTICLE 4. Voted to accept Oakridge Avenue as a Town Way, in accordance with a plan on file in the Office of the Town Clerk,

ARTICLE 5. Voted to raise and appropriate the sum of \$60.00 to purchase a rebuilt typewriter for the Police Department.
Meeting adjourned 8-15 P.M.

EARL R. GILSON, Town Clerk.

Special Town Meeting May 4, 1951

ARTICLE 1. Voted to rescind by unanimous vote the action taken under Article 1 of the Warrant for the Special Town Meeting held on April 20, 1951.

ARTICLE 2. Voted to raise and appropriate for truck hire the sum of \$2,000.00 said amount to be expended as follows:—

Chapter 81 Roads	\$850.00
Chapter 90 Maintenance	200.00
Chapter 90 Construction	950.00

said sums to be expended in conjunction with any other sums contributed by the State or County on Chapter 81 and Chapter 90 Roads.

ARTICLE 3. Voted to instruct the Fire Engineers to dispose of three unused truck chassis for not less than the sum of \$170.00.

ARTICLE 4. Voted to transfer from Excess and Deficiency Account the sum of \$250.00 for the Fire Dept., to be expended on equipment or new chassis.

ARTICLE 5. Voted to raise and appropriate the sum of \$120.00 for the purchase of chairs by the Fire Engineers, for the use of the Town at Fire House No. 2 on Lakeview Avenue.

ARTICLE 6. Voted to raise and appropriate \$100.00 for incidentals.

ARTICLE 7. Voted to establish the following rule in relation to the erection of or additions to building: "No building shall be erected or additions made to existing structures unless notice thereof shall have been given in writing to the Board of Selectmen."

ARTICLE 8. Voted to instruct the Selectmen to post a copy of all Warrants for Town Meetings, Annual and Special, at Fire House No. 2 on Lakeview Avenue.
Meeting adjourned 8-20 P.M.

EARL R. GILSON, Town Clerk.

Special Town Meeting December 12, 1951

ARTICLE 1. Voted to transfer from Excess and Deficiency Account the sum of \$1,500.00 to install a four foot (4') culvert on Dunstable Road over O'Heirs brook.

ARTICLE 2. Voted to transfer from Machinery Fund Reserve to Machinery Fund the sum of \$600.00 for the purpose of buying new tires for the Grader.

ARTICLE 3. Voted to accept the sum of \$200.00, the income of which shall be used to provide perpetual care for the J. Frank Bancroft lot in the Thompson Cemetery.
Meeting adjourned 8-15 P.M.

EARL R. GILSON, Town Clerk.

Town Clerk	Earl R. Gilson
Town Clerk—Assistant	Doris Vivian Gilson
Treasurer	Raymond W. Sherburne
Tree Warden	Charles T. Marinel

Respectfully submitted,

EARL R. GILSON, Town Clerk.

REPORT OF TRUSTEES OF THE LITTLEFIELD LIBRARY

January 9, 1952.

To the Honorable Board of Selectmen,
Tyngsborough, Mass.

Dear Sirs:—

We herewith submit the annual report of the trustees of the Littlefield Library.

The physical plant was maintained at the usual high standard, making all necessary repairs. We have also endeavored to keep the grounds attractive, and we are making an appeal to everyone to help us in this. A great deal of waste paper and litter was removed from the grounds. This is most unsightly and reflects on the town.

We greatly regretted losing the services of Mrs. Lord, who had served as librarian since Miss Bancroft's resignation, but ill health forced her to resign. However, we were most fortunate in inducing Miss Lena Coburn to take over the position, and as she had formerly served as assistant librarian the work was entirely familiar to her and proved not too arduous. Mr. Barr and Miss Gove have filled in as assistants very adequately and deserve our thanks. In the absence of trained librarians—and with our limited funds—these changes prove quite challenging and we feel deep satisfaction that our staff give much good service.

We were gratified to have the Historical Society use the library for their annual Thanksgiving exhibition for the children and also for their exhibition of miniature furniture reproductions.

At the last annual town meeting it was voted to withhold the dog tax funds from the library and increase the library's appropriation. However, the increased appropriation did not offset the loss of the tax money. In this period of rising costs we have found it difficult to serve our increased—and increasing—circulation with such limited funds. The library opens early Wednesday afternoon to serve the children from the Winslow School, who take full advantage of it. We feel that this is but one instance where the library fulfills its function and we wish to enlarge its scope and influence. We hope that not only the children, but all the townspeople will use its facilities to the utmost.

Respectfully submitted,

HAZEL W. LOVERING, Chairman,
Board of Trustees.

ANNUAL REPORT OF LIBRARIAN

January 1952

To the Trustees of the Littlefield Library.

Sirs:

The annual report of the Littlefield Library for the year 1951 is herewith submitted.

The Historical Society held a meeting in the library in November which was thoroughly enjoyed by both the school children and the adults.

Thanks are due Mr. Carl Richmond, Dr. Clarence Bent, Miss Mona Gove, and Mr. Charles Coburn for gifts of magazines. We appreciate very much the several books on nature given us by Miss Anna Elliott as well as books given by other readers.

"Birds of America" by John James Auduon in memory of Miss Edna H. Bancroft, who was Librarian for twenty years and "The American Songbag" by Carl Sandburg in memory of Mrs. Clara Swallow were presented to the Library by the Ladies Alliance of the First Parish Church.

The statistics for the year are as follows:

Adult circulation	3235
Fiction	2573
Non fiction	662
Juvenile circulation	3479
Fiction	2658
Non fiction	821
Periodicals	2466
Total circulation	9180
Books added to the library	184
Purchased	178
Gifts	6
New borrowers	85
Lost books	5
Total number of volumes in the library	10973
Fines received	\$43.74

Books added to the library are listed on the following pages.

Respectfully submitted,

LENA M. COBURN, Librarian

Selectmen.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:

I submit my annual report from January 1, 1951 through December 31, 1951.

I called on all owners of dogs in the Town of Tyngsborough regarding their unpaid dog tax. Three hundred thirty-three (333) dog taxes were paid, six of which were for kennel licenses. Twenty-five reported they no longer had dogs.

There were—8 dog bite cases.

3 dogs claimed by owners.

4 dogs killed by motor vehicles.

42 dogs picked up and kept for six days and then destroyed.

Respectfully submitted,

JAMES ELMER JORDAN, Dog Officer

REPORT OF CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen and the
Citizens of Tyngsborough:

We hereby submit our report for the Year 1951.

As customary, the cemeteries received the regular spring clean-up and mowing. This past summer we had an unusual amount of rain which increased the growth of grass. This required extra mowing and this was taken care of as far as the appropriation would allow.

The appropriation should be increased this year to purchase a Power Lawn Mower.

Respectfully submitted,

THOMAS GOODCHILD

EARL B. DAVIS

BURTON K. DODGE

Cemetery Commissioners

RAYMOND SHERBURNE, Treasurer

REPORT OF THE PUBLIC HEALTH NURSE

Board of Selectmen,
Tyngsborough, Massachusetts.

Gentlemen:

This is the annual report of your Public Health Nurse for the year 1951.

The nursing work has been carried on as usual.

Prenatal, postnatal and new born baby visits have been made to instruct the mother on the care of her health before and after the baby is born. Instruction and demonstrations have been given to mothers on the care of the infant, preschool and school child when requested by the family or their physician.

Acutely and chronically ill patients have been given bedside care. Three hundred and fifty such visits have been made.

The Well Child Conferences were held every month excepting July and August. This service has increased. Mothers appreciate the fact that they can have their children protected against some of the serious diseases. The attending physician refers the children to their family physician if physical defects are found.

Fees collected by me have been given to the Town Treasurer. One hundred and thirty-five dollars were collected.

I wish to thank the people who have assisted me in any way with my work. Their cooperation is sincerely appreciated.

Respectfully submitted,

MARY T. KENNEY, R. N.,

Public Health Nurse

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE ON THE TOWN OF TYNGSBOROUGH 1951

Middlesex County maintains an Extension Service in Agriculture and Home Economics for the benefit of all towns within the County. This service is available to all citizens, especially farmers, home gardeners, homemakers, rural youth and 4-H Club boys and girls.

The work is developed by an unpaid Board of Trustees who maintain a staff of agents at the headquarters at 19 Everett Street, Concord. The trustees appoint a director in each town to represent them in all phases of Extension Work or in a few cases towns elect a director and make an appropriation to help defray local expenses.

In addition to farm and home visits made upon request, local meetings are held or sectional or county-wide meetings or tours are helps available to everyone. A monthly bulletin is published, timely letters mailed on spraying, fertilizing, seeding, poultry problems, information to homemakers, boys' and girls' 4-H work or general community problems.

Some of the activities that took place last year in Tyngsboro are as follows:

Educational work with the dairymen was concentrated on programs to assist the farmers in solving their problems of raising better roughage, disease control and milk marketing. John O. Ekstrom, Percy W. Richardson and Thomas West were enrolled in the Green Pasture Program. These dairymen completed the program and received appropriate seals for the work done. Farm and home visits were made to vegetable and fruit growers upon request. Increased efficiency, flock health, greater breeding progress, and better marketing practices were the principal goals of the Extension Poultry Program. Efficient management practices and equipment were among the topics discussed at meetings of the Southern Middlesex County Association, held at the Acton Town Hall on the second Monday of the month. Rabbit breeders were given assistance through the Middlesex Commercial Rabbit Association, which meets monthly at the Extension Service in Concord.

Tyngsboro is especially privileged in having in their community County Trustee and Executive Board member, Mrs. Frederick D.

Lambert. A three-meeting series on "New Ideas in Food Preparation" was well attended as well as a demonstration on "Effective Windows." Many Tyngsboro women enjoyed the Christmas Gift Kit, a collection of gifts that can be made at home.

4-H Club work in Tyngsboro this year enrolled boys and girls in garden, poultry, pig and clothing projects. One boy in town was awarded a campership to Camp Middlesex, Ashby. Mrs. Orrin Leonard was acting Town Chairman and Miss Constance Sargent, Mrs. Frederick Lambert, Mrs. James Dingle took an active part in the 4-H Club work.

Respectfully submitted,

C. H. QUEEN, Town Director

Respectfully submitted,

RAYMOND W. SHERBURNE, Treasurer

REPORT OF THE WELFARE AGENT

To the Honorable Board of Selectmen and
Citizens of the Town of Tyngsborough:

I hereby submit my report as Welfare Agent for the year ending
December 31, 1951.

We have had several changes in the Old Age Assistance law
which came through the latter part of the year, effective January 1,
1952. The major changes were as follows:—

1. New minimum of \$59.00 and \$79.00 per month, according
to the recipients living arrangements.
2. The placing of a lien on the property of Old Age Assis-
tance recipients.
3. Increase in the children's exemptions by \$500.00.
4. Provision to the effect that the Dept. of Public Welfare
from time to time increase the budgetary requirements to
adequate Standards of Assistance.

The provisions of Item 1 calls for increases to O. A. A. recipients
which amounts to \$6,868.68 for the year. We have requested a \$4,-
000.00 increase in the appropriation to take care of this increase for
the ensuing year.

There was another small increase granted to O. A. A. recipients
as well as to recipients in the other categories with Federal and State
participation. This was a 5.9% increase in the budgets for the in-
crease in the cost of living, effective Oct. 1, 1951.

On Aid to Dependent Children program, there were no changes
except the 5.9% increase.

Effective Nov. 1, 1951 we have a new program called Disability
Assistance. This is for persons 18 years or over who are permanently
or totally disabled. These cases have to be approved by a Medical
Review Team of the Dept. of Public Welfare. Under this program
we will also take a lien on any real estate that the recipient may own.

The General Relief cases were reduced when the Disability Assistance went into effect on Nov. 1, 1951 as most of the regular recipients of General Relief were transferred to Disability Assistance in order to get the Federal and State reimbursement.

If anyone should desire information in regards to the different programs, our office hours are 9 to 12 A.M. and 1 to 5 P.M., Monday through Friday. Telephone Tyngsboro 4161.

I wish to extend my thanks to the Board of Public Welfare, Miss Elise Parkhurst, Clerk in the Welfare Office, and to other officials for their cooperation in our efforts to carry out these programs.

Respectfully submitted,

GEORGE W. SHIPLEY, Welfare Agent

REPORT OF NASHOBA ASSOCIATED BOARDS OF HEALTH

Board of Health
Tyngsborough, Massachusetts

Gentlemen:

It was a pleasure to return to the Health Center in June after nine months leave of absence. I am most grateful to Dr. Garfield who so ably covered for me during this period.

The most important thing that has happened during the year is the survey of our health facilities and services that was made by the Harvard School of Public Health. The report will be available for distribution before February 1st, and I hope that your town will act on the recommendation of the Association to appoint an official committee to study this report with you. Some of the recommendations will need action at town meeting, possibly as early as 1953.

The very considerable increase in the population of the town, which has taken place predominately since the war, has created an additional load for Mrs. Kenney, your community nurse, and has raised sanitation problems in the thickly settled areas around Mascuppic Lake.

Your board is to be congratulated on having passed a regulation prohibiting the sale of unpasteurized milk in town. As I understand it, this becomes effective January 1st, 1952. This is a progressive step which will do much to protect the health of the citizens of your community.

During the year, we have worried along with the problem of the pollution of Lake Mascuppic. This has been markedly improved, and though the situation is as yet not perfect, it is felt that there is no significant danger to swimmers. There has been a steady increase in sanitation service over the past three years, as can be seen from the following tabulation:—

	1949	1950	1951
Milk Samples Collected and Tested	213	343	382
Inspections of Pasteurization Plants	69	125	133
Inspections of Raw Milk Plants	14	9	1
Inspections of Dairy Farms	19	17	12
Inspections of Eating Establishments	81	12	51
Inspections of School Buildings	1	1	5
Private Water Supplies Inspected & Tested..	42	14	26
Inspections of Sewage Installations	—	15	54
Nuisances Investigated	11	7	18
Public Bathing Beach Water Tests	21	15	30
Miscellaneous Inspections	7	6	8
Total	478	564	720

This total of seven hundred and twenty sanitation services during the year, represents more than your share of the time of the sanitary inspectors. Another year, it may not be as high as this.

No unusual prevalence of communicable disease has been reported to this office. I suspect that many people are unaware of the fact that the householder can be held legally responsible for the reporting of communicable diseases, particularly when there is no physician in attendance. Such reports should be telephoned to your community nurse, Mrs. Mary T. Kenney, who would then forward them to this office. Mrs. Kenney is to be congratulated for the high percentage of immunizations among the pre-school children. Ninety-seven percent of the children entering the first grade this year had been properly immunized before coming to school. On September 15th, at the rabies immunization clinic, paid for by your board, seventy dogs were immunized. Three people from your town have taken advantage of the Tuberculosis Consultation Clinic, held at the Health Center bi-monthly under the auspices of the Middlesex County Sanatorium. During the year, five Well Child Conferences were held at the town hall.

Thirty-two children made sixty-six visits and received fifty-five immunizations. Some of these children made further visits and received further immunizations at the Dunstable Clinic, which was held on alternate months. In September, forty-seven second grade children had the benefit of application of sodium fluoride to their teeth, for the reduction of dental decay. This service was made available to the Association through the courtesy of the Dental Division of the Massachusetts Department of Public Health.

It has been a pleasure to work with your board and with your community nurse Mrs. Mary T. Kenney.

The moderate increase in costs for the year 1952, has been occasioned by a reduction in funds from outside sources, particularly from the State Health Department, and by rising costs.

More detailed information about any of these matters is available at the Health Center in Ayer. I speak for the whole staff when I say, we hope the members of your board will stop by frequently during the year, and will urge the citizens of your town to visit us, and call on us for help whenever necessary.

Respectfully submitted,

SIDNEY COBB, M.D., M.P.H.
Director

REPORT OF BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen and Citizens of the Town of Tyngsborough.

The Board of Fire Engineers respectfully submits its annual report for the year ending December 31, 1951.

Alarms responded to were as follows:

Dwellings	6
Other Buildings	4
Brush Fires	6
Grass Fires	6
Chimney Fires	3
Truck Wreck	1
Airplane Crash	1
Dump Fires	4
Auto Fires	7
Forest Fires	3
Flooded Oil Burner	1
Gasoline Fire	1
Flooded Boiler Rooms	2
False Alarms	2
TOTAL ALARMS	47

There were several house calls to which the department responded and conducted themselves in a commendable manner.

Two difficult forest fires, in particular, were experienced. The larger of these two fires was fought in conjunction with the Fire Departments of several of the surrounding towns, as well as that of the Department of Conservation for it enveloped parts of the townships of Dunstable, Tyngsborough and Westford. The great value of tankers portable pumps and forestry hose was amply demonstrated at these fires.

As the result of appropriations by the town in 1951, a new engine was added to Station #1 with a pumping capacity of 500 gals. / min. and carrying 500 gallons of water in its tank. Also as a result of appropriations, a tanker carrying 500 gallons of water was added to Station #2. It has been brought to our attention by Deputy Warden Arthur Hollenburg of the Massachusetts State Forest Fire Service that the Fire Department of this town can now carry more water to

a fire than any other department in the State. This resulted from a recent survey made by his Department for Civil Defense purposes.

A new centrally controlled fire alarm system was introduced, which now makes it possible to sound alarms at both stations immediately and simultaneously upon receipt of a fire call. This system is a model of efficiency and is being studied, for the purpose of possible adoption, by other departments in this area.

The Board of Fire Engineers has met with the Executive committee of the Volunteer Firemens Association to discuss matters of mutual interest and for the benefit of the Department. Another training course sponsored by the State Department of Education, under the supervision of Deputy Chief John Thomas of the Lowell Fire Department, was completed by the Tyngsboro Volunteer Firemen's Association.

The Board of Fire Engineers wishes to acknowledge the excellent caliber and condition of the equipment which was entrusted to their care and further wishes to assure the townspeople that this spirit of progressive preparedness will continue.

The rolling stock of the Department is in excellent condition and barring unforeseen accident or catastrophe should not call for major expenditure for several years. However to insure the people of the town against future large capital investments the Board recommends that a fund be established for this purpose to which yearly appropriations will be added. A certain amount of new hose must be purchased to maintain this equipment at its maximum capacity. The Board would like to point out that the Volunteer Firemens Association, by its own activities, has purchased many of the personal items, such as; boots, raincoats, helmets and furniture covers which are so necessary in the efficient fighting of fires.

Respectfully submitted,

ROBERT G. DUFF, Chief
EDWARD H. O'CONNOR, Chairman
REGINALD B. VERNET
EUGENE J. CORCORAN
LEO G. PELLETIER

REPORT OF HIGHWAY SURVEYOR

To the Board of Selectmen and
Citizens of the Town of Tyngsboro:

I hereby submit my report as Highway Surveyor for the year ending December 31, 1951.

Chapter 81. 51 roads. Butterfield Road, Chestnut Road, Cummings Road, Farwell Road, Indian Lane, Locust Ave., Park Road, Scribner Road, Westford Road and Worden Road received a treatment of asphalt in the most needed portions, also gravelling, drainage and general maintenance on all roads. All work done as specified by the State Engineer, Mr. Joseph Furrier.

Chapter 90. 12 roads. Kendall Road, Frost Road, Lakeview Ave., Long Pond Road, Sherburne Ave., Tyng Road, Westford Road, Willowdale Road, Coburn Road and Dunstable Road received a treatment of asphalt specified by the State Engineer.

Approximate amount of oil used for all roads, forty-six thousand gallons.

Chapter 90 Construction. 1,500 feet in length, 24 feet wide, has been constructed on Frost Road and a prime and seal coat of asphalt applied. Cost \$8,000.00 as contract work was done under supervision of the State Engineer.

Repairs were made as follows: Westford Road, \$1,500.00; Flint Road and Upton Drive, \$1,000.00; Pleasantview Ave., \$350.00; Althea Ave., \$1,000.00; Pinehurst Ave. and Mascuppic Trail, \$1,000.00; Scribner Hill Road, \$1,200.00; Mt. Paul Road, \$1,000.00.

A new type of surface called "Stone Mixed in Place" has been used on parts of Frost Road, Kendall Road and Dunstable Road. This type of work has proved efficient.

The usual brush cutting was taken care of in the most needed places.

Respectfully submitted,

LEO G. PELLETIER,
Highway Surveyor

REPORT OF THE POLICE DEPARTMENT

CHARLES A. LORMAN, Chief
EDWARD A. D. MOSS 3rd, Sargent

To the Honorable Board of Selectmen and the Citizens of Tyngsborough: The following is the report of the Tyngsborough Police Department for the year ending December 31, 1951.

OFFENSES FOR WHICH ARRESTS WERE MADE

Crimes Against Persons

Breaking and entering in the commission of a felony	6
Assault	2

Cases transported to hospitals	25
Investigations for other departments	5
Investigations with agent of MSPCC	2
Fires policed	9
Cars transferred	75
Emergency calls to drowning victims	2

—
218

Total calls received at the office1802

During the past year the Police Department has instituted a permanent night patrol maintained by the Sargent which has proven well worth the expense to the town.

As a result of this patrol several persons have been apprehended in the process of breaking and entering in the night time, one building and two motor vehicles were saved from probable total destruction by the timely passing of the night patrol.

There have been an increasing number of demands from various sectors of the town for added patrol work, due to the fact that in the past year the town has acquired many new residents.

This is sufficient evidence that a two man department is handicapped and can only render such service as that which is within its limited means.

As evident in the figures set forth in this report, and in the facts brought out in your daily paper; the number of major crimes and those involving juveniles are increasing much faster than the authorities can cope with them.

During the latter part of the year many of the main roads in the town have been set up as twenty-five mile per hour zones, giving the department the right to take action against any offender.

This feature has been a long awaited improvement, requested by the citizen, making the town roadways safer for his family.

The department has also been very aggressive in its efforts to make the State recognize the traffic hazard existing at the intersection of route number one thirteen, and the Tyngsborough Bridge, and action is foreseen in the not too distant future.

There is also a growing need for a central office for the use of the Police Department.

This is something that merits serious consideration.

Respectfully submitted,

CHARLES A. LORMAN, Chief

REPORT OF THE TOWN PLANNING BOARD

December 31, 1951

The Town Planning Board has had prepared, through the efforts of Mr. James E. Kendall, a master map of the town which will be used as a basis for planning.

Respectfully submitted,

WINSTON H. BOSTICK,
Secretary

REPORT OF TREE WARDEN

To the Board of Selectmen and the
Citizens of the town of Tyngsborough:

Gentlemen:

I hereby submit my report as Tree Warden for the year ending December 31, 1951.

The tree work was as usual. We have disposed of fallen trees and dangerous limbs that obstructed the highway.

Respectfully submitted,

CHARLES T. MARINEL, Tree Warden

0

Respectfully submitted,

EDWARD J. SCHULTE,

Sealer of Weights and Measures

ACCOUNTANT'S STATEMENT

The financial transactions as shown herein are in accordance with the classification as prescribed by the Director of Accounts, Department of Corporations and Taxations, Commonwealth of Massachusetts.

All bills paid by the Town are on file and may be examined by any citizens of the Town on any Monday night or by appointment.

I have also examined and verified books, bank books, and securities of the Town Treasurer and of the Selectmen and find them correct as herein stated.

ROSCOE C. TURNER,
Accountant

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss

To either of the Constables of the Town of Tyngsborough
in the County of Middlesex.

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Tyngsborough on Monday the eleventh day of February next, at ten o'clock in the forenoon, then and there to act on the following articles:—

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, two Constables and one Tree Warden for terms of one year, one member of the School Committee for two years, a Selectman, Assessor and a member of the Board of Public Welfare, two members of the School Committee, two Trustees of the Littlefield Library, and one Cemetery Commissioner for terms of three years and one member of the Planning Board for a term of five years.

And you are further directed to notify and warn the inhabitants of said Town qualified to vote in election and Town affairs to again meet at the Town Hall in said Tyngsborough on Monday, the eighteenth day of February aforesaid, at seven o'clock in the afternoon, then and there to act on the following articles:—

ARTICLE 2. To see if the Town will vote to accept the reports of the Town Officers and Committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what way the dog license fees shall be used.

ARTICLE 4. To choose all Town Officers not named in Article 1, for the ensuing year, or take any action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1952, and to issue note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws, or take any action in relation thereto.

ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1951, and prior years, or take any action in relation thereto.

ARTICLE 7. To raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 8. To see what action the Town will take with reference to the compensation of the elected Highway Surveyor.

ARTICLE 9. To see if the Town will vote to permit the Cemetery Commissioner to perform work in the Town cemeteries and be paid for such labor at the current rate for Town labor, or take any action in relation thereto.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to be set aside as a stabilization fund as provided in Section 5B of Chapter 40 of the General Laws as amended, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 11. To see if the Town will vote to form a public Welfare District with Dunstable in accordance with Chapter 117, Section 44, said public Welfare District to become effective on April 1, 1952, in accordance with Chapter 793, Acts of 1950, Section 6, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 12. If Article 11 is voted in the affirmative, and provided that a Welfare District is established, to see if the Town will vote to transfer the federal and local administration account balance to the Public Welfare District Administration Account, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 13. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$1400 for repairs and painting the interior of the upper Town Hall including ante-rooms, balcony, upper and lower corridors and stairways, or take any action in relation thereto.

(Recommended by Finance Committee from Excess and Deficiency Account.)

ARTICLE 14. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$100 for repairs on the roof of the Town Hall, or take any action in relation thereto.

(Recommended by Finance Committee from Excess and Deficiency Account.)

ARTICLE 15. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$20.00 for installing a street light at the corner of Mascuppic Trail, in front of Mr. Fezette's house, or take any action in relation thereto.

(Not Recommended by Finance Committee.)

ARTICLE 16. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$36.00 for installing a light on pole #20 Tyng Road, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 17. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$1,500 to regravell and repair a section of Westford Road, or take any action in relation thereto.

ARTICLE 18. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$1,000 for the repair and graveling of Upton Road and Flint Road, or take any action in relation thereto.

ARTICLE 19. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$1,000 with which to continue the work of repair of Althea Avenue, or take any action in relation thereto.

ARTICLE 20. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$1,500 for Machinery Reserve Fund, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 21. To see if the Town will vote to authorize the Selectmen to take by eminent domain under the authority of Chapter 40, Section 14, and Chapter 79 of the General Laws, as amended, for the purpose of a public way, namely, Flint Road, as shown on a plan on file at the office of the Town Clerk, 5320.3 sq. ft. of land, more or less, belonging to Harriet Worcester, and to raise and appropriate the sum of \$1.00 to pay to said Harriet Worcester as land damages suffered by said taking, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 22. To see if the Town will vote to accept Chapter 143, Section 3 of the General Laws, (ter. ed.) as amended authorizing Towns to enact by-laws relative to buildings or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 23. To see if the Town will vote, if the action under the previous article is to accept Chapter 143, Section 3, (ter. ed.) as amended, to further add to the Town by-laws the following article.

ARTICLE VIII

Section 1. No building shall be erected or used for residential purposes on a lot or parcel of land; the minimum area

of which is less than 10,000 sq. ft. and which does not provide a minimum frontage on an accepted Town way of at least 75 feet.

Section 2. Whoever violates the provisions of Section 1 shall be subject to a penalty not exceeding \$100 to be paid into the Treasury of the Town of Tyngsborough.

Section 3. The Building Inspector is hereby authorized to issue building permits for buildings which are to be erected in conformity to Section 1 and to prosecute and investigate complaints of violations of the same.

Recommended by local Board of Health and Nashoba Board of Health, as sanitary and health measure.

(Recommended by Finance Committee.)

ARTICLE 24. To see if the Town will vote to further amend the Town by-laws by adding the following article, or take any action in relation thereto:

ACCEPTANCE OF STREETS—ARTICLE IX

Section 1. All petitions for the acceptance of streets must be presented to the Board of Selectmen not later than September first previous to the annual Town meeting.

Section 2. No street or way shall be laid out or accepted by the Town of Tyngsborough of a width less than 40 feet, unless the same shall have been actually opened and used for travel prior to January 1, 1952.

Section 3. No street or way constructed through lands by the owners thereof shall be laid out or accepted or recommended by the Selectmen or any committee of the Town for acceptance as a public way or street of the Town of Tyngsborough unless previously constructed and completed to the sub-grade in accordance with specifications set forth in Section 7.

Section 4. Any street or way constructed through private land by the owners thereof in accordance with the specifications set forth in Section 7 may be laid out and accepted as a public street of the Town of Tyngsborough provided such action is taken in accordance with provisions of Chapter 82 of the General Laws of Massachusetts and amendments thereof; and provided also, that the owners of at least 85% of the

lands through which such street or way passes, have signed releases of all property which the Town deem it necessary to acquire for such layout and acceptance and have granted sloping privileges.

Section 5. When it is necessary in the opinion of the Highway Surveyor to construct catch-basins on any street or way, and lay drains to connect with a permanent outlet, such catch-basins and drains may be constructed and laid out, and the cost of such work shall be considered as a part of the total cost of construction of said street or way.

Section 6. Side gutters on any such street or way having a grade of five per cent or over, may, if in the opinion of the Highway Surveyor it be necessary, be paved four feet wide, with stone or concrete, the cost of such work shall be considered as a part of the total cost of constructing said street or way.

Section 7. A plan and profile done in ink on tracing cloth 19 inches wide by 28 inches long at a scale of not less than one inch to 40 feet of every street shall be filed in the office of the Highway Surveyor who shall fix the grade thereon. Such plan shall show the property lines for at least fifty feet from the line of the proposed street and the names of the respective owners as of a date not earlier than September first of the year in which the petition is filed. There shall be filed at the same time a duplicate of said plan except that the scale may be reduced, made in the manner and in some one of the sizes prescribed, for record in the Registry of Deeds. Three blue prints of each plan shall be filed also.

- (A) Every street or way shall be at least forty feet wide have a road-bed equal to at least two-thirds of said street or way.
- (B) All loam shall be removed from the limits of the street or way to a depth of at least twelve inches below the finished grade for the road-bed, (and six inches below the finished grade or the sidewalk) or such greater depth as may be required by the Selectmen; all rock, ledge, or boulders removed from street or way shall be used in embankment.
- (C) The entire area of such street or way shall be first cleared of all stumps, brush, roots and like material and of all trees not intended for preservation.

- (D) All work in excavation or embankment shall be brought accurately to a sub-grade of not less than eight inches for the roadway and four inches for the sidewalk, below finished grade, or such greater depth as the nature of the sub-soil, in the opinion of the Highway Surveyor, may require.
- (E) All corners of the intersecting streets or ways shall be rounded as approved by the Highway Surveyor.
- (F) Finish grade shall contain at least 8 inches of good grade gravel. Such drains as the Highway Surveyor may deem necessary to take care of all surface water must be installed to satisfaction of the Board of Selectmen.
(Recommended by Finance Committee.)

ARTICLE 25. To see if the Town will vote to ratify and confirm the action of the Board of Selectmen, acting under the authority given by vote of the Town at a Special Meeting held November 6, 1906, in conveying the Town Farm, as thereby authorized, to Robert G. Bartlett by deed dated May 19, 1913 and recorded with Middlesex North District Registry of Deeds, Book 506, page 49; or act in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of \$3,475.00 to purchase under the direction of the Board of Fire Engineers the following fire hose: 500 feet of 2½ inch standard fire hose; 1500 feet of 1½ inch standard fire hose; 1500 feet of forestry hose, or take any other action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$800.00 to widen and repair Elm Street, or take any action in relation thereto.

ARTICLE 28. To see if the Town will vote to raise and appropriate the sum of \$275.00 for 1 #4675 Rognor Space Heater with 1 - #TM81 - A. Minneapolis-Honeywell Thermostat, to be installed in the lower Town Hall, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 29. To see if the Town will vote to raise and appropriate, or transfer from available funds, the sum of \$8000 for the completion of Fire Station #2, situated on Lakeview Avenue, in accordance with the building plans on file with the Board of Fire Engineers, or take any action relative thereto.
(Recommended by Finance Committee from Excess and Deficiency Account.)

ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of \$1000 for Chapter 90 maintenance and will further vote to transfer the sum of \$2000 from the Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 31. To see if the Town will vote to raise and appropriate the sum of \$2000.00 for Chapter 90, construction, Frost Road, and will further vote to transfer the sum of \$6000.00 from Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$300.00 for land damages to be paid to Henry Gavlik and Helen Gavlik for the taking made to widen Frost Road, Chapter 90 Construction, or take any action in relation thereto.
(Not Recommended by Finance Committee.)

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$400.00 for land damages to be paid to Russell W. DeCarteret and Marion DeCarteret, for the taking made to widen Frost Road, or take any action in relation thereto.
(Not Recommended by Finance Committee.)

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of \$400.00 for land damages to be paid to Oliver Robinson and Gladys H. Robinson for the taking made to widen Frost Road, or take any action in relation thereto.
(Not Recommended by Finance Committee.)

ARTICLE 35. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for land damages to be paid to Harriett E. Worcester for the taking made to gravel Flint Road, or take any action in relation thereto.
(Not Recommended by Finance Committee.)

ARTICLE 36. To see if the Town will vote to raise and appropriate the sum of \$50.00 for land damages to be paid to Alice M. Ward for the taking made to widen Frost Road, or take any action in relation thereto.
(Not Recommended by Finance Committee.)

ARTICLE 37. To see if the Town will vote to raise and appropriate the sum of \$250.00 for land damages to be paid to Charles Vallante for the taking made to widen Frost Road, or take any action in relation thereto.
(Not Recommended by Finance Committee.)

ARTICLE 38. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for land damages to be paid to John Gotham for the taking made to widen Frost Road, or take any action in relation thereto.
(Not Recommended by Finance Committee.)

ARTICLE 39. To see if the Town will vote to raise and appropriate the sum of \$100 for land damages to be paid to Rubylee Mottram for the taking made to widen Frost Road, or take any action in relation thereto.
(Not Recommended by Finance Committee.)

ARTICLE 40. To see if the Town will vote to raise and appropriate the sum of \$1400.00 for the purpose of constructing a partition in the basement room of the new addition to the Winslow School, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 41. To see if the Town will vote to raise and appropriate the sum of \$1300.00 to complete the retaining wall between the school grounds and the Town playground and erect a fence thereon, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 42. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for surfacing and seeding the school playground, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 43. To see if the Town will vote to raise and appropriate the sum of \$966.92 to purchase a new Police Cruiser, this amount being the difference between the purchase price and trade-in value of the present cruiser, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 44. To see if the Town will vote to raise and appropriate the sum of \$50.00 to repair the Beacon at Johnson's Corner, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 45. To see if the Town will vote to raise and appropriate the sum of \$4100.00 for Chapter 81 Roads, and will further vote to transfer the sum of \$10,000 or some other sum from the Excess and Deficiency account in anticipation of reimbursement from the State for this work, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 46. To see if the Town will vote to accept Dixon Street as a Town way and provided further that such acceptance shall not become final until the Highway Surveyor has filed a statement in the office of the Town Clerk that the provisions of Article 23 have been complied with; said street is shown on a plan now on file at the office of the Town Clerk, or take any action in relation thereto.

(Recommended by Finance Committee)

ARTICLE 47. To see if the Town will vote to raise and appropriate, or transfer from available funds, the sum of \$400.00 to repair the Town sheds, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 48. To see if the Town will vote to raise and appropriate the sum of \$450.00 to repair and oil Landsend Road, or take any action in relation thereto.

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, Post Office, and the Unitarian Meeting House, and #2 Firehouse, Lakeview Avenue in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this twenty-eighth day of January in the year of our Lord one thousand nine hundred and fifty-two.

WARREN W. ALLGROVE,
JOHN W. LEWIS,
HENRY J. LAFRANCE,
Selectmen of Tyngsborough.

A true copy: Attest
Constable of Tyngsborough.

The above reimbursements to the Town of Tyngsborough represent more than forty per cent of the total amount expended for schools and therefore reduce the cost of education to the town of Tyngsborough to \$41,874.00.

Respectfully submitted,

MAXWELL G. SHERBURNE, Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Tyngsborough:

It is not possible, in less than one month's time, to describe adequately the progress of the educational program at the Winslow School during the year 1951. For complete details I refer you to the annual reports of the principal and supervisors that are to be found in other sections of the school report.

In such brief acquaintance with your teaching personnel one gets the impression that the pupils must report to their parents, "I've got Mrs. Jones for a teacher this year. Isn't that wonderful." There is an excellent spirit of co-operation among the teachers and every indication that they not only enjoy working with boys and girls but that they understand them as well. In any teaching-learning the teacher is all important. In this respect, the youth and parents of Tyngsborough are indeed fortunate.

This past September a remedial reading teacher, Mrs. Morton, was engaged on a part time basis. It is important that parents understand the services of remedial instruction. In almost any school throughout the nation approximately one fifth of the pupils will be two or more years below the accepted standard for their grade, just as there will be many who will read better than their grade level. Studies by educational psychologists indicate that a child should be with his age group through school and since children are not all of equal ability there will be considerable differences in the knowledges they acquire each year. It is imperative that we have a remedial program whereby those who are badly handicapped can be helped. Progress with children who cannot read materials with ordinary comprehension has been such that I recommend we continue the program and extend instruction to include arithmetic and spelling if possible.

It is becoming increasingly apparent that pupils enrollment in the Winslow School will soon overflow existing classroom facilities. At the present time we have classrooms in excess of forty pupils per teacher. It is not reasonable to expect maximum teaching efficiency with overcrowded classrooms. There simply is not enough time in the school day for any teacher to satisfy the individual differences of forty or more pupils in seven or eight school subjects. For September

1952, census figures indicates an enrollment in the first grade in excess of fifty pupils. When people realize that a child's early school years are the most crucial for mental health and ultimate social adjustment they will readily understand that an additional first grade teacher will be necessary next September. The problem of future school enrollments at the Winslow School needs the attention of alert, interested citizens now.

In closing I would like to express my sincerest appreciation to members of the school committee and the teachers for their co-operation in carrying on the high level of educational work established by your late Superintendent, Mr. Herbert H. Archibald.

Respectfully submitted,

ELLIOTT A. DIGGLE,

Superintendent of Schools.

REPORT OF SCHOOL PRINCIPAL

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Mr. Diggle:

Following is my report on the Winslow School for the year ending December 31, 1951:

Reading Program

In my report last year I requested the School Committee to consider a remedial reading program. This program was adopted and put into effect this year. Mrs. Margaret Morton was engaged to instruct the remedial reading groups.

After a careful testing program, children who were having problems were selected from grades three, four, and five. Mrs. Morton takes these children in small groups and drills them in the basic fundamentals of reading. A total of fifty-one pupils receive this instruction daily.

Although the program has been in effect a comparatively short time, the results are already showing in the classroom. I can report that many children who formerly found reading a dull and boring process now are getting real pleasure from it. I strongly feel this remedial work should become a permanent part of our curriculum.

Social Studies

In broadening our Social Studies program at the Winslow School it seemed wise to select a text that would have a planned continuity as pupils progressed from grade to grade. The new Tiegs-Adams Social Studies Series published by Ginn was finally selected and the series started in grade three. This has been followed up by ordering books for grades four and five. During the next three years it is our desire to place the same series in grades six, seven and eight.

Playground

The money spent on the playground is proving a good investment. During the fall we were able to set up most of our permanent playground equipment. In the spring we will add the see-saws and the basketball standards.

It is hoped that during the spring and summer the retaining wall can be completed and a fence installed for safety purposes. The addition of a few inches of loam and the sowing of grass seed over the entire lot will give the boys and girls a very desirable playing area.

Bird Walks

After many years of careful planning and much work on their part, it seems only fitting and proper to mention Miss Anna Elliott and Mrs. Catherine Lambert in connection with bird study at the Winslow School.

Every spring the boys and girls from grades three through eight have the privilege of going on bird walks. As a result of these walks the children take an active interest in the welfare of our native song birds. Many of our boys and girls have made and erected bird houses, and during the winter months they are active in providing feeding stations for the winter birds.

To Miss Elliott and Mrs. Lambert, who conduct the bird walks and do the follow up work on bird houses and feeding stations, I wish to extend the thanks and appreciation of the teachers and pupils.

Future Expansion

We are still confronted with the problem of over-crowded classrooms and are faced with the probability of larger classes in the immediate future. Another room finished in the playroom of the new wing may take care of our problem for next September. In the meantime, however, plans should be in the making for further expansion in 1953.

Principal's Report

In closing I would like to make the following recommendation:

The Principal, instead of writing an article for the Annual Town Report, be permitted to appear before the School Committee at the December meeting and give an oral report. I believe such a report in the presence of the Committee would be of more value than a report for publication. Any recommendations of the Principal which the school officials might consider to be of public interest could then be incorporated in either the Report of the School Committee or the Report of the Superintendent of Schools.

Respectfully submitted,

RICHARD O. STARKEY, Principal.

REPORT OF SEWING SUPERVISOR

Mr. Elliott Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

Sewing Classes have accomplished about the same amount of work as in previous years.

The sixth grade has learned fundamental stitches, use of sewing machines, both electric and pedal and have made simple articles.

The seventh grade has been taught how to use commercial patterns and has made simple dresses, blouses, jumpers, and skirts.

The eighth grade girls have made suits, dresses, and every girl in the class has made her own graduation dress.

Respectfully submitted,

LENA M. COBURN,

Sewing Supervisor

REPORT OF THE ART SUPERVISOR

To the School Committee and Citizens of the Town of Tyngsborough:

The seventh and eighth grades have water-colors again this year. However, due to the lack of funds, they have to share one set.

Except for this change, the art program is much the same as last year's. More cut-paper work has been done in the lower grades. This helps to promote more interest than just the use of crayons.

I still feel more interest could be aroused in the Junior High grades if more materials, such as stenciling and blockprinting, could be supplied.

Respectfully submitted,

JOAN LITTLEHALE,

Supervisor of Art

REPORT OF THE MUSIC SUPERVISOR

Mr. Elliott Diggle
Superintendent of Schools
Pepperell, Massachusetts

Dear Sir:

"Since singing is so good a thing, I wish all men would learn to sing." This quotation by William Byrd clearly amplifies my thoughts about our singing voice. To be specific as to the scope of my thinking I refer, of course, to the voices of my school children. The singing voice is the most convenient way to make music; not necessarily the most artistic music, but as I hear and accept it, I would like to think of it (and would like my pupils to think of it) as the most satisfying to them. I feel confident that an obvious growth and development in our children's voices is apparent. By this I mean that their ears are becoming more sensitive to true pitch, clear tones and chronological development in music reading. Thomas Moore has to say this about singing: "Sing, sing, music was given to brighten the gay, and kindle the living."

The final set of books which completes the "Singing Series" was purchased for the fifth grade last April. New recordings are slowly being added to the record library; this is encouraging and proves that eventually the record library will be supplied to meet the demands of the music appreciation and rhythmic band programs.

The eighth grade, assisted by the seventh grade presented a very enjoyable operetta last June entitled "Sunny of Sunnyside."

My sincere thanks to Mr. Diggle and his very fine staff for their continued help and co-operation.

Respectfully submitted,

JAMES P. SAVAS,

Music Supervisor

REPORT OF SCHOOL NURSE

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

The school work is being carried on as usual. The nurse visits the school daily. Each classroom is visited to confer with the principal and teachers. Classroom inspections are made by the nurse. Advice is given the child if and when necessary. Temperatures are taken when there are symptoms of illness. Home visits were made to absentees; one-hundred and seventy-five such visits were made.

Physical examinations were given all the children by the school physician. Notices with recommendations were sent to the parents.

Weighing is done once a year. First aid is given to injured children and, if necessary, the parents are contacted. When the nurse is not at the school, if first aid is needed, one of the teachers qualified to give this service administers same.

The Massachusetts eye test was given by the nurse to all the children. The hearing was tested with the Pure Tone Audiometer. There were four cases of ring worm at the beginning of the September term. All were excluded by the principal and were treated by their family physician. Impetigo and pediculosis were treated likewise. Other communicable diseases reported were whooping cough 15, chicken pox 20, and acute colds.

Twenty-six children entering school for the first time were examined, weighed, and measured at the Summer Round Up. The parents were present. A few children scheduled to attend this pre-school round up did not attend, owing to illness. This is a very valuable service as the child has a chance to see his prospective teacher. Mothers also become acquainted with the school personnel and the health program.

Respectfully submitted,

MARY T. KENNEY, R. N.,

School Nurse

DOG LICENSE INFORMATION

Brief Extracts of the Dog Laws

The owner or keeper of a dog which is three months old or over shall annually, on or before March 31st, cause it to be registered, numbered, described and licensed for one year from April first following and shall be subject to the conditions expressed therein that the dog shall be controlled and restrained from killing, chasing or harassing LIVE STOCK OR FOWLS. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material to which shall be attached a tag upon which shall appear the license number, the name of the town and the year of issue. If any such tag is lost the owner or keeper shall forthwith secure a substitute tag from the Town Clerk. Any person may bring from another state any dog licensed under the laws thereof and keep such dog in this commonwealth not exceeding thirty days, without licensing.

The owner or keeper of a dog may at any time have it licensed until April 1st following. Any person who becomes an owner or keeper of a dog after the first of April must have it licensed. A dog which becomes three months old after March 31st must be licensed.

The fee for every license (except as otherwise provided) shall be \$2.00 for a male dog and \$5.00 for a female. If a female dog has been spayed, such dog can be licensed for \$2.00 providing a proper certificate from a registered veterinarian is filed with the Clerk.

Whoever violates the provisions of the dog law shall be liable to a fine of not more than \$15.00.

A dog license is valid throughout the State. In case of permanent removal to another town, the dog must be licensed within 30 days in such town.

The Assessors shall take a list of all owners or keepers of dogs. An owner or keeper who gives false information to assessors is liable to a fine of not less than \$10.00.

The Selectmen shall between June 1st and 10th issue a warrant to such dog officer directing them to seek out, catch and confine all unlicensed dogs and prosecute complaints against the owners or keepers, and shall kill dogs after being confined for six days. Dog officers failing to comply with the warrant shall be removed.

ABSTRACTS OF TOWN MEETING PROCEEDINGS

ANNUAL MEETING

ARTICLE 2. Voted to accept the reports of the Town Officers and Committees as printed.

ARTICLE 3. Voted to use the dog license fees for the Littlefield Library.

ARTICLE 4. Voted to elect George A. Bell as Superintendent of Scales. Henry J. LaFrance, Jr. Memorial Day Committee for three years. Charles S. Little Pound Keeper and Field Driver. Maxwell G. Sherburne, Norman R. Sherburne, Eugene J. Corcoran, Surveyors of Lumber, Wood and Bark.

ARTICLE 5. Voted to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1952, and to issue note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws.

ARTICLE 6. Voted to raise and appropriate the sum of \$108.68 for the purpose of paying unpaid bills of 1951, and prior years.

ARTICLE 7. Voted to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year.

A motion made by Warren W. Allgrove and seconded that all appropriations increased over the sum of \$300.00 as voted for the year of 1951 be by ballot unless unanimously voted.

Voted yes to indefinitely postpone	63
Voted no to accept	59
<hr/>	
Total voted	122

ARTICLE 23. Indefinitely postponed.

ARTICLE 24. Voted to further amend the Town by-laws by adding the following article.

ACCEPTANCE OF STREETS—ARTICLE IX

Section 1. All petitions for the acceptance of streets must be presented to the Board of Selectmen not later than September first previous to the Annual Town Meeting.

Section 2. No street or way shall be laid out or accepted by the Town of Tyngsborough of a width less than 40 feet, unless the same shall have been actually opened and used for travel prior to January 1, 1952.

Section 3. No street or way constructed through lands by owners thereof shall be laid out or accepted or recommended by the Selectmen or any committee of the Town for acceptance as a public way or street of the Town of Tyngsborough unless previously constructed and completed to the sub-grade in accordance with specifications set forth in Section 7.

Section 4. Any street or way constructed through private land by the owners thereof in accordance with the specifications set forth in Section 7 may be laid out and accepted as a public street if the Town of Tyngsborough provided such action is taken in accordance with provisions of Chapter 82 of the General Laws of Massachusetts and amendments thereof; and provided also, that the owners of at least 85% of the lands through which such street or way passes, have signed releases of all property which the Town deem it necessary to acquire for such layout and acceptance and have granted sloping privileges.

Section 5. When it is necessary in the opinion of the Highway Surveyor to construct catch-basins on any street or way, and lay drains to connect with a permanent outlet, such catch-basins and drains may be constructed and laid out, and the cost of such work shall be considered as a part of the total cost of construction of said street or way.

Section 6. Side gutters on any such street or way having a grade of five per cent or over, may, if in the opinion of the Highway Surveyor it be necessary, be paved four feet wide, with stone or concrete, the cost of such work shall be considered as a part of the total cost of constructing said street or way.

Section 7. A plan and profile done in ink on tracing cloth 19 inches wide by 28 inches long at a scale of not less than 1 inch to 40 feet of every street shall be filed in the office of the Highway Surveyor who shall fix the grade thereon. Such plan shall show the property lines for at least fifty feet from the line of the proposed street and the names of the respective owners as of a date not earlier than September first of the year in which the petition is filed. There shall be filed at the same time a duplicate of said plan except that the scale may be reduced, made in the manner and in some one of the sizes prescribed, for record in the Registry of Deeds.

- (a) Every street or way shall be at least forty feet wide have a road-bed equal to at least two-thirds of said street or way.
- (b) All loam shall be removed from the limits of the street or way to a depth of at least twelve inches below the finished grade for the road-bed, (and six inches below the finished grade or the sidewalk) or such greater depth as may be required by the Selectmen: all rock, ledge, or boulders removed from street or way shall be used in embankment.
- (c) The entire area of such street or way shall be first cleared of all stumps, brush, roots and like material and of all trees not intended for preservation.
- (d) All work in excavation or embankment shall be brought accurately to a sub-grade of not less than eight inches for the roadway and four inches for the sidewalk, below finished grade, or such greater depth as the nature of the sub-soil, in the opinion of the Highway Surveyor, may require.
- (e) All corners of the intersecting streets or ways shall be rounded as approved by the Highway Surveyor.
- (f) Finish grade shall contain at least 8 inches of good grade gravel. Such drains as the Highway Surveyor may deem necessary to take care of all surface water must be installed to satisfaction of the Board of Selectmen.

ARTICLE 25. Voted to ratify and confirm the action of the Board of Selectmen, acting under the authority given by vote of the

Town at a Special Meeting held November 6, 1906, in conveying the Town Farm, as thereby authorized, to Robert G. Bartlett by deed dated May 19, 1913 and recorded with Middlesex North District Registry of Deeds, Book 506, Page 49.

ARTICLE 26. Voted to raise and appropriate the sum of \$3,475.00 to purchase under the direction of the Board of Fire Engineers the following fire hose; 500 feet of 2½ inch standard fire hose; 1500 feet of 1½ inch standard fire hose; 1500 feet of forestry hose.

ARTICLE 27. Voted to raise and appropriate the sum of \$800.00 to widen and repair Elm Street.

ARTICLE 28. Voted to raise and appropriate the sum of \$275.00 for 1 #4675 Rognor Space Heater with 1 - #TMS1 - A. Minneapolis-Honeywell Thermostat, to be installed in the lower Town Hall.

ARTICLE 29. Voted to transfer from Excess and Deficiency Fund the sum of \$8,000.00 for the completion of Fire Station #2, situated on Lakeview Avenue, in accordance with the building plans on file with the Board of Fire Engineers.

ARTICLE 30. Voted to raise and appropriate the sum of \$1,000.00 for Chapter 90 Maintenance and voted further to transfer the sum of \$2,000.00 from Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work.

ARTICLE 31. Indefinitely postponed.

ARTICLE 32. Indefinitely postponed.

ARTICLE 33. Voted to indefinitely postpone as recommended by the Finance Committee.

ARTICLE 34. Indefinitely postponed.

ARTICLE 35. Indefinitely postponed.

ARTICLE 36. Indefinitely postponed.

ARTICLE 36. Indefinitely postponed.

ARTICLE 37. Indefinitely postponed.

ARTICLE 38. Indefinitely postponed.

ARTICLE 39. Indefinitely postponed.

ARTICLE 40. Voted to raise and appropriate the sum of \$1,400.00 for the purpose of constructing a partition in the basement room of the new addition to the Winslow School.

ARTICLE 41. Indefinitely postponed.

ARTICLE 42. Indefinitely postponed.

ARTICLE 43. Voted to raise and appropriate the sum of \$966.92 to purchase a new Police Cruiser, this amount being the difference between the purchase price and trade-in value of the present cruiser.

ARTICLE 44. Indefinitely postponed.

ARTICLE 45. Voted to raise and appropriate the sum of \$4,100.00 for Chapter 81 Roads, and further voted to transfer the sum of \$10,000.00 from the Excess and Deficiency account in anticipation of reimbursement from the State for this work.

ARTICLE 46. Voted to accept Dixon Street as a Town way and provided further that such acceptance shall not become final until the Highway Surveyor has filed a statement in the office of the Town Clerk that the provisions of Article 24 have been complied with; said street is shown on a plan now on file at the office of the Town Clerk.

ARTICLE 47. Voted to raise and appropriate the sum of \$400.00 to repair the Town Sheds.

ARTICLE 48. Voted to raise and appropriate the sum of \$450.00 to repair and oil Landsend Road.

MEETING Adjourned 11:45 P. M.

EARL R. GILSON, Town Clerk.

REPORT OF TRUSTEES OF THE LITTLEFIELD LIBRARY

To the Honorable Board of Selectmen,
Tyngsborough, Mass.

Dear Sirs:—

Following is the report of the trustees of the Littlefield Library for the year 1952.

In addition to the usual repairs for the first class maintenance of the building we have added an outside light for the parking area and additional rubber matting to protect our well finished floor. We also installed a dehumidifier in the basement so that this space can safely be used for storage purposes. As you will note from the librarian's report Miss Lena Coburn has generously lent to the library an outstanding collection of shells, etc., which is housed in a cabinet donated by Mrs. C. H. Coburn and Mr. Barr. Mr. Hammond kindly wired it for lighting and it has evoked considerable interest.

The Historical Society has also donated a case of exhibits pertaining to the history of the town.

The trustees were very pleased to have the Historical Society use the library for its annual Thanksgiving meeting for the school children. We feel that this is very worthwhile and are glad to have a small part in it.

Our circulation continues to show a gratifying gain. Our aim is to make the library of increasing use to the townspeople.

Respectfully submitted,

HAZEL W. LOVERING,

Chairman of the Trustees of the
Littlefield Library.

ANNUAL REPORT OF LIBRARIAN

January 1953

To the Trustees of the Littlefield Library.

Sirs:

The annual report of the Littlefield Library for the year 1952 is herewith submitted.

Mr. Barr gave a talk to 10 girls scouts on books in January.

Mrs. Morton had the girl scouts at the Library and gave a talk on books in February.

In May Miss Elliott had the first and second grades at the Library to see the stuffed birds.

The Historical Society held a meeting in the Library in November which was thoroughly enjoyed by both the school children and the adults.

Thanks are due Mr. Carl Richmond, Dr. Clarence Bent, Miss Mona Gove, and Mrs. Charles Coburn for gifts of magazines. We appreciate very much the books given the Library by the Grange, Mrs. Martin Betz, Mrs. Ruth Boucher, Mr. Carl Allgrove, and the Nashua Public Library.

We have a fine collection of shells and coral and minerals, given to the library in memory of Miss Clara Everett, a former teacher in the Washington School, Lowell. Mrs. Charles Coburn and Mr. John Barr bought a cabinet to display the shells and Mr. Franklin Hammond wired the cabinet for electricity.

The statistics for the year are as follows:

Adult circulation	3357
Fiction	2200
Non fiction	1157
Juvenile circulation	3760
Fiction	2965
Non Fiction	795
Periodicals	2317
Pamphlets	203
Total circulation	9637
Books added to the Library	171
Purchased	161
Gifts	10
New borrowers	80
Lost books	8

Respectfully submitted,

LENA M. COBURN, Librarian

JOHN W. LEWIS

HENRY J. LaFRANCE, Sr.

WESLEY H. DAVIS

Selectmen.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:

I submit my annual report from January 1, 1952 through December 31, 1952.

I called on all owners of dogs in the Town of Tyngsborough regarding their unpaid dog tax. Three hundred and thirteen (313) dog taxes were paid, three of which were for kennel licenses. Thirty reported they no longer had dogs.

There were—

- 11 dogs killed by motor vehicles.
- 41 dogs picked up and kept six days and then destroyed.
- 11 dog bite cases.
- A stray dog killed 120 broilers.

Respectfully submitted,

JAMES ELMER JORDAN, Dog Officer

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen and Citizens of Tyngsborough:

The following is a summary of the work done during the year 1952:

Sealed

Number of scales 100 to 5,000 lbs.	4
Number of scales under 100 lbs.	18
Number of meters 1" or less	2
Number of Gasoline and Kerosene Pumps	36
Condemned:	0
Total fees taken and paid to Treasurer	\$24.00

Respectfully submitted,

RAYMOND F. WILKINS,
Sealer of Weights and Measures

REPORT OF THE PUBLIC HEALTH NURSE

Board of Selectmen,
Tyngsborough, Mass.

Gentlemen:

This is the annual report of the Public Health Nurse.

The nursing work is being carried on as usual.

Prenatal, postnatal and new born baby visits have been made to instruct the mother on the care of her health before and after the baby is born. Instructions and demonstrations have been given.

Acutely and chronically ill patients have been given bedside care. Post-operative dressings have been done when ordered by the family physician. Three hundred such visits have been made.

The Well Child Conferences have been held every month excepting July and August. They are well attended. Immunization against diphtheria, whooping cough and tetanus is available. Examination and vaccination against smallpox is also given.

Visits have been made to persons with communicable diseases to instruct on care and quarantine. Statistical report on these diseases will be found in the report of the Nashoba Associated Boards of Health.

Fees collected by the nurse and given to the Treasurer, \$58.00.

I wish to thank the people who have assisted me in any way with my work. Their cooperation is sincerely appreciated.

Respectfully submitted,

MARY T. KENNEY, R. N.

Public Health Nurse

REPORT OF TAX COLLECTOR

To the Honorable Board of Selectmen and Citizens of Tyngsborough:

The following is the report of the Collector of Taxes for the year ending December 31, 1952. It will be noticed that the amount of money owed to the town at the end of this year is less than in the previous year. This is a splendid achievement for the people of the town because the amount committed for collection in 1952 was considerably more than in previous years. The fact that a lesser amount remains unpaid even with this large commitment is indicative of the fact that the people of the town are conscious of their obligations as tax payers.

I wish to express my appreciation to the tax payers, to the Board of Selectmen and to the other town officials for their cooperation with me in the past year.

Respectfully submitted,

WILLIAM DOYLE, Collector

1952 MOTOR EXCISE

NOTE: It is regretful that the above list must of necessity be published because many of the accounts outstanding are not thirty days old, and the people whose names are listed as owing taxes are not delinquent and have not had an opportunity to pay these prior to the closing of the books on December 31st. This notation is made to remove any stigma that some people may attach to these names being listed in the Town Report.

REPORT OF NASHOBA ASSOCIATED BOARDS OF HEALTH

Board of Health
Tyngsborough, Massachusetts

Gentlemen:

The Nashoba staff closes the year 1952 with a feeling of satisfaction that the citizens of Tyngsborough have showed such interest in improving their own preventive health services. We have taken great pleasure in working with you, believing as we do that "Today's Prevention is Tomorrow's Gain."

It costs the average town in the NASHOBA ASSOCIATION approximately one quarter of one per cent of all town expenditure to be in the Association. That average town has a population of approximately 2,200 and spends on all town expenditures about \$355,000. It cost your town in 1952 with its population of 2,030 exactly \$1,114.47 to be in Nashoba. This was based on a per capita of \$0.549.

Because NASHOBA is supported partly by outside funds, mostly in the form of a grant from the State Health Department and, because this outside help is gradually being reduced, it has been necessary to gradually increase annually the per capita cost to the town. **THE TOTAL COST OF NASHOBA HOWEVER REMAINS ABOUT THE SAME.** If the fourteen constituent towns were paying all of this, it would cost them approximately \$1.12 per capita.

For this sum of \$1,114.47 spent by your town in 1952, your citizens received the following services from Nashoba:—

SANITATION and LABORATORY SERVICES

In the field of Sanitation and Laboratory Services the work that is reported below was accomplished:—

Milk samples collected and tested from dealers	
distributing milk in your town	490
Visits to milk plants processing milk for your town	171
Visits to dairy farms producing milk for your town	35
Visits to eating places in your town	52
Inspections of school buildings	1
Inspections and tests of private water supplies	37
Consultations on private sewer systems	61

Investigation of nuisance complaints	6
Tests made of bathing beach waters	9
Inspections of cabin and recreational camps	7
Conferences with individual Board of Health members	27
Licenses issued for your town	40

There has been a satisfactory response from builders of new homes to have new sewage disposal systems approved before covering them. The new storm drain in the Lakeview section has already demonstrated its value in keeping sewage out of the lake.

Starting in September, the Nashoba laboratory began to offer free diagnostic bacteriology to the people of the area. That is, swabs from diseased throats, ears and eyes can be examined and cultured for the harmful bacteria which may be present. This information is then passed on to the attending physician in order to assist him in treating the patient. So far, the people of Tyngsborough have not made use of this service. It is a new service and one that we like to expand.

MEDICAL SOCIAL WORK

Because of the confidential nature of social work practice, it does not seem wise to break down the Medical Social Consultant's case load for each town.

In the whole Nashoba area, however, 121 social problems were brought to her attention during 1952 which directly involved 333 people. It took 448 interviews, letters, or contacts to give the required service in finding a solution for them. The variety of the problems ranged from adoption to terminal care for chronic illness, and from delinquency to special instruction for a mentally superior child. In general, her services consisted of consultation with nurses, doctors, clergymen, welfare agents, teachers, or citizens during which they receive enough specialized help so that a plan for solving the problem was worked out. This included information about resources which, because of distance or their highly specialized nature had not been known or had been considered unavailable. It included more clearly defining the problem through a discussion of it so that the plan for treatment most nearly met the need. It included recognition of the fact that the situation had to be accepted as it was because there seemed to be no way of changing it.

Some of the problems referred by the nurses were accepted for direct service by the Consultant if the nursing responsibility in the case was small and overweighted by the social. Implicit in the term Consultant, however, lies the responsibility to give enough under-

standing of social problems so that the consultee is assisted to do his job more effectively. Consultation with the Nashoba staff particularly therefore was directed to meeting the client's need adequately through increasing the knowledge and understanding of the staff member.

NURSING SERVICE

Tyngsborough has been very fortunate to have had Mrs. Kenney's faithful services for so long. For the first time this fall, it was necessary for her to have more than a few days sick leave. We were able to obtain for the Board of Health an experienced public health nurse for a part-time substitute. It is expected that provision for this type of nursing coverage will be made by the Board of Health in the future. This and other aspects of a community nursing service were discussed by a member of the Board of Health with Dr. MacLeod, Miss Hager, and Mr. Smith.

PREVENTIVE MEDICAL SERVICES

Communicable diseases were only moderately prevalent during the year. We were fortunate that there was no severe outbreak of Polio or other dangerous diseases in the district although one case did occur in the Town of Tyngsborough. Immunization against Whooping Cough, Tetanus, Smallpox and Diphtheria is offered at the bi-monthly Well Child Conference held alternately with the Town of Dunstable at the Town Hall. Fourteen children during 1952 made 36 visits and received 35 immunizations at 5 Well Child Conferences. Three children were referred to their family physicians.

Citizen knowledge of what Nashoba offers them in the way of services is important. In the medical field, my services are available in the investigation of communicable diseases, consultation to the hospitals and practicing physicians. It is hoped that in the fields of sanitation, public health nursing, social work and health information they will feel free at all times to dial Ayer 561, Nashoba Health Center, and ask for the services or information they desire.

Respectfully submitted,

KENNETH I. E. MacLEOD, M.D., M.P.H.
Director.

REPORT OF THE DIRECTORS OF ACCOUNTS

To the Board of Selectmen
Mr. John W. Lewis, Chairman
Tyngsborough, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Tyngsborough for the period from December 28, 1949 to November 9, 1951, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,

Director of Accounts.

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Tyngsborough for the period from December 28, 1949, the date of the previous examination, to November 9, 1951, the following report being submitted thereon:

The financial transactions of the town as recorded on the books of the several departments were examined, checked, and compared with the records of the treasurer and the town accountant.

The books and accounts in the town accountant's office were examined and checked. The general ledger accounts were analyzed and the recorded receipts and payments were checked with the treasurer's

books, while the appropriations and transfers as entered were checked with the town clerk's record of financial votes passed by the town meetings and with the finance committee's authorizations of transfers from the reserve fund.

The necessary adjusting entries resulting from the audit were made, a trial balance proving the accounts to be in balance was taken off, and a balance sheet, showing the financial condition of the town as of November 9, 1951, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and verified by comparison with the records in the several departments collecting money for the town, with the other sources from which money was paid into the town treasury, and with the accountant's books. The recorded payments were checked with the selectmen's warrants authorizing the disbursement of town funds and with the accountant's books.

The cash book was footed, and the cash balance on November 9, 1951 was verified by reconciliation of the bank balance with a statement furnished by the bank of deposit and by actual count of the cash in the office.

The recorded payments on account of debt and interest were compared with the amounts falling due and checked with the cancelled securities and coupons on file.

The savings bank books and securities representing the investment of the trust and investment funds were examined and listed. The income was proved and the disbursements were verified.

The tax titles held by the town were listed from the records of the treasurer and all transactions pertaining thereto were verified and checked with the records at the Registry of Deeds.

The deductions from employees' salaries for federal taxes and the county retirement fund were listed and reconciled with the amounts due and paid to the federal government and the county treasurer.

The books and accounts of the town collector were examined and checked. The poll and property taxes and motor vehicle and trailer excise outstanding according to the previous audit, as well as all subsequent commitment lists, were audited and checked to the warrants for their collection. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, and the

outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification notices were mailed to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The financial records of the town clerk were examined and checked in detail. The collections on account of dog and sporting licenses and of gasoline registrations issued were verified and compared with the payments to the town treasurer and to the Division of Fisheries and Game.

The surety bonds filed by the several town officials for the faithful performance of their duties were examined and found to be in proper form.

The records of departmental cash collections of the board of selectmen and the sealer of weights and measures, of the health, police, school, library, and cemetery departments, as well as of all other departments in which money is collected for the town, were examined and checked. The payments to the town treasurer were verified and the cash on hand in the several departments was proved by actual count.

In addition to the balance sheet previously mentioned, there are appended to this report tables showing a reconciliation of the treasurer's, collector's, and town clerk's cash, together with summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, and departmental accounts, as well as tables showing the trust and investment fund transactions.

For the cooperation received from all town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts.

REPORT OF TREE WARDEN

To the Board of Selectmen and the
Citizens of the Town of Tyngsborough:

Gentlemen:

I hereby submit my report as Tree Warden for the year ending December 31, 1952.

The tree work was as usual. We have disposed of fallen limbs and trees along the highway and also some State marked elm beetle trees.

Respectfully submitted,

WILLIAM S. MARRIOTT, Tree Warden

REPORT OF CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen and
Citizens of Tyngsborough:

We hereby submit our report for the year 1952.

The four town cemeteries received spring and fall cleanup and mowing, as far as the appropriation would allow.

If these cemeteries are to be maintained through the summer, the appropriation must be increased.

Two new power mowers were purchased this year along with other needed equipment from money raised at a special town meeting.

Respectfully submitted,

BURTON K. DODGE, Chairman

MILTON ESTABROOK, Jr.

Cemetery Commissioners

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE ON THE TOWN OF TYNGSBOROUGH 1952

The Middlesex County Extension Service is an organization maintained by the County in co-operation with the University of Massachusetts and the United States Department of Agriculture to serve the citizens of the town in the field of agriculture and home economics. The work is carried on under the guidance of the town director, who is assisted by the chairman in homemaking and boys and girls' 4-H Club work.

The County Office makes farm and home visits to help when requested, and, in addition, carries on organized projects countywide under the guidance of farmers and homemakers' service on county committees.

Radio service is maintained weekly on WBZ, monthly on WHDH, and five days a week during the summer on WKOX. A monthly Bulletin with a circulation of 5,000 is maintained, and timely notices of interest to dairymen, fruit growers, market gardeners, poultrymen, and commercial florists are sent to anyone as requested.

Some of the special activities of local interest follow. Dairymen were primarily interested in co-operating in the New Englandwide Green Pastures Program, the Dairy Herd Improvement Association, Owner Sampler work, and Selective Breeding.

The Extension Poultry Program in 1952 was keyed to help poultrymen and turkey growers to improve the efficiency of their operations, maintain flock health, and take better advantage of their marketing opportunities. Efforts were made to provide breeders with information which might help them to hold their prominent place in the industry and routine service was provided in all phases of poultry and turkey farming.

Charles Coburn is a member of the Advisory Committee, which plans the Extension Poultry Program and a Director of the Middlesex County Poultry Association.

A spray service is maintained by radio to all fruit growers as well as market gardeners. Fruit growers also follow closely the weekly twilight meetings held during the growing season to keep abreast of production and marketing problems. There has been an increased demand from home owners for information on vegetables, flower gardens, and lawns.

Tyngsboro has maintained an active interest in Home Demonstration programs under the leadership of Mrs. Frederick D. Lambert, Trustee for County Aid to Agriculture. Demonstrations were given on the "Art of Sandwich Making" and "Effective Windows". The "Christmas Everywhere" program was presented to two groups. An active dressmaking group met at the home of Mrs. Hester Ames. Mrs. Franklin Hammond, Mrs. Carl Mauritsen and Mrs. Pearl Turcotte attended leadership classes in Textile Stenciling and taught this craft to local groups.

A garden club program was run in co-operation with the Winslow Grammar School for those interested in 4-H Club gardens. Mr. Richard Starkey acted as supervisor. Mrs. John V. Robinson assumed leadership of a sheep program in the fall to be carried through the winter. Mrs. Robinson was also chairman of the sheep committee at the 4-H County Fair. Mr. and Mrs. Orrin Leonard were also helpful to 4-H Club work.

Respectfully submitted,

CHESTER H. QUEEN.

REPORT OF HIGHWAY SURVEYOR

To the Board of Selectmen and
Citizens of the Town of Tyngsborough.

I hereby submit my report as Highway Surveyor for the year ending December 31, 1952.

Chapter 81, 53 roads. Scribner Road, Chestnut Road, Cummings Road, Worden Road, Farwell Road, Locust Ave., Lawndale Road, Island Road, Mt. Paul Road, Maplewood Road, Pinehurst Ave., Mascuppic Trail and Pleasantview Ave. received a treatment of asphalt in the most needed portions, als graveling, drainage and geenral maintenance on all roads. All work done as specified by the State Engineer, Mr. Joseph Furrier.

Chapter 90, 12 roads. Westford Road, Tyng Road, Kendall Road, Dunstable Road, Sherburne Road, Willowdale Road, Long Pond Road, Lakeview Ave., Frost Road and Coburn Road received a treatment of asphalt specified by the State Engineer.

Chapter 90 Construction, 1500 feet in length, 24 feet wide, has been constructed on Frost Road, and a prime and seal coat of asphalt applied. Cost \$8,000.00, as contract work was done under supervision of the State Engineer.

Approximate amount of road oil used for all roads 44,000 gallons.

Repairs were made as follows:—Flint Road and Upton Drive, \$1,000.00, Maplewood Ave., \$16,000.00, Althea Ave., \$1,000.00, Lands End Road, \$450.00, Elm Street, \$800.00.

The usual brush cutting was taken care of in the most needed places.

Respectfully submitted,

LEO G. PELLETIER,

Highway Surveyor

REPORT OF BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen and Citizens of the Town of Tyngsborough.

The Board of Fire Engineers respectfully submits its annual report for the year ending December 31, 1952.

Alarms responded to were as follows:

Dwelling Fires	4
Other Buildings	2
Brush Fires	18
Grass Fires	7
Chimney Fires	3
Flooded Oil Burners	3
Flooded Water Boilers	2
Electrical Fires	3
Automobiles Fires	3
Life Boat Calls	2
Dump Fires	6
Lost Persons	1
False Alarms	1
TOTAL ALARMS	55

The year 1952 was, according to official statement of the Massachusetts Department of Conservation, "one of the worst periods of fire danger in the past 14 years", yet the fire losses of Tyngsborough were kept at the exceptionally low figure of \$7500, due primarily to the outstanding cooperation and vigilance of our fire-conscious citizenry.

Roving patrols operated in known danger areas throughout the most hazardous periods, and their activities prevented several small fires from making headway.

During the year 25 members of the Department attached to Station No. 1 passed the fire fighting course given by the State Board of Education, and were awarded certificates of merit. This brings the number of state trained firefighters in the town to approximately 50 men.

Aiding materially in maintaining the high morale and esprit de corps prevailing in the Department throughout 1952 is the excellent equipment with which the citizens have seen fit to equip their fire department.

The completion of the second story of Station No. 2 now gives the town a spacious meeting hall in the Mountain Rock section, and,

although the interior is not fully completed, it already accommodates meetings of the Boy and Girl Scouts, the Brownies and the Firemen's Associations.

Our hose requirements are small, and most of our present hose is in good shape and receives careful maintainance. Through the efforts of volunteers from the Firemen's Association much of the newer hose has been chemically mildewproofed, thereby preventing future loss from fungus deterioration.

The Department's brush fire fighting efficiency was increased through the acquisition of 8 Indian pump cans and miscellaneous brush fire fighting tools. All the vehicles are in good condition, and have been kept that way by periodic inspections.

The Board also instituted a photographic record of all serious fire damage, and this has been very helpful for insurance records and the study of fire prevention.

If the town were to analyze the fire record for the past year they would see that chimney fires, oil burner fires or fires starting from defective chimneys, are the outstanding cause of most building fires.

The Engineers urge a greater awareness of this danger, and the Department will be happy to give advice as to the proper reconstruction, insulating and cleaning methods for any citizens requiring such assistance.

Looking towards the future the Engineers see a great need for radio communication in the Department. Tyngsborough is one of the few towns in Massachusetts without this proven method of communication. The Engineers believe we can start out in a small way with two mobile sets, to be mounted in the apparatus of each station. This would insure instant contact with the apparatus from the moment it leaves the home station.

One competent firefighter of state level remarked, "Putting radio in your Department is like adding several new pieces of apparatus." Should the town see fit to include radio communication in its fire department, they will see immediate results in increased efficiency.

Respectfully submitted,

ROBERT G. DUFF, Chief
ALBERT E. CHOUINARD, Chairman
WILFRED MERCIER, Sr.
LEO G. PELLETIER
REGINALD B. VERNET
EUGENE J. CORCORAN
THOMAS E. COUGHLIN, Clerk

REPORT OF THE WELFARE AGENT

To the Honorable Board of Selectmen and
Citizens of the Town of Tyngsborough:

I hereby submit my report as Welfare Agent for the year ending
December 31, 1952.

The changes in the laws this year benefited the cities and towns. The recipients who receive Social Security as well as aid from this department received an increase in Social Security which was deducted from their aid from this office. Also, we received at the same time an increase in Federal reimbursement which directly helps our appropriations on Old Age Assistance and Disability Assistance. We now receive \$5.00 per month per case more. On Aid to Dependent Children we now receive \$3.00 per month per person more, which amounts to approximately the following:—

Old Age Assistance	\$5,100 yearly
Disability Assistance	\$ 660 yearly
Aid to Dependent Children	\$ 792 yearly

These figures are based on the December 1952 caseload.

I am also going to show you this year what it actually cost the town for last year, which is as follows:—

OLD AGE ASSISTANCE

Expenditures

\$ 76,570.31 \$ 76,570.31

Receipts

Federal Reimbursement	\$ 32,058.15
State Reimbursement	32,337.19
From other cities and towns	2,352.69

\$ 66,748.03 \$ 66,748.03

Net Cost to Town \$ 9,822.28

-AID TO DEPENDENT CHILDREN

Expenditures

\$ 11,220.32 \$ 11,220.32

Receipts

Federal Reimbursement	4,709.13
State Reimbursement	3,912.32

\$ 8,621.45 \$ 8,621.45

Net Cost to Town \$ 2,598.87

DISABILITY ASSISTANCE

Expenditures

	\$ 8,054.77	\$ 8,054.77
Receipts		
Federal Reimbursement	\$ 2,361.29	
State Reimbursement	2,655.80	
	<hr/>	
	\$ 5,017.09	\$ 5,017.09
Net Cost to Town		\$ 3,037.68

WELFARE

Expenditures	\$ 3,710.48	\$ 3,710.48
Receipts	422.86	422.86
	<hr/>	
Net Cost to Town		\$ 3,287.62

ADMINISTRATION

Expenditures	\$ 5,199.49	\$ 5,199.49
Receipts		
Federal Reimbursement	\$ 2,817.55	
State Reimbursement	140.15	
	<hr/>	
	\$ 2,957.70	\$ 2,957.70
Net Cost to Town		\$ 2,241.79
Total Expense for Welfare Department		\$104,755.37
Total Receipts for Welfare Department		83,314.74
		<hr/>
Net Cost to Town		\$21,440.63

On Disability Assistance, the town share is set by State Law at 25% of the total spent. On the other programs, the percentage changes with the amount spent. The reimbursement on Disability Assistance is still in the arrears but it is gradually coming up to date.

Our office hours are still 9 A. M. to 12 Noon and 1 P. M. to 5 P. M., Monday through Friday. Telephone number Tyngsboro 4161.

I wish to extend my thanks to the Board of Public Welfare, Miss Elise Parkhurst, clerk in the Welfare Office, and to other town officials for their cooperation in our efforts to carry out these programs.

Respectfully submitted,

GEORGE W. SHIPLEY, Welfare Agent.

REPORT OF THE TOWN PLANNING BOARD

December 31, 1952

The Planning Board has had prepared an up-to-date, detailed map of the town. This map is the first step in the making of a master plan whereby healthy future development of the town may be encouraged. This master plan should lay a framework for planning future public works, acquisition of public land, planning of schools, and zoning.

Respectfully submitted,

WINSTON H. BOSTICK, Secretary.

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen and the
Citizens of Tyngsborough

I submit my report for the month of December 1952 as your
inspector of animals.

During the month I inspected:

Dairy cattle	330
Horses	8
Sheep	33
Ponies	5
Hogs	4

Also released one dog from 14 day quarantine.

Respectfully submitted,

PERCY W. RICHARDSON,
Inspector of Animals

ACCOUNTANT'S STATEMENT

The financial transactions as shown herein are in accordance with the classification as prescribed by the Director of Accounts, Department of Corporations and Taxations, Commonwealth of Massachusetts.

All bills paid by the Town are on file and may be examined by any citizens of the Town on any Monday night or by appointment.

I have also examined and verified books, bank books, and securities of the Town Treasurer and of the Selectmen and find them correct as herein stated.

ROSCOE C. TURNER,

Accountant

TOWN WARRANT
TOWN OF TYNGSBOROUGH

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Tyngsborough
in the County of Middlesex.

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Tyngsborough on Monday the ninth day of February next, at ten o'clock in the forenoon, then and there to act on the following articles:—

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, two Constables and one Tree Warden for terms of one year, a Selectmen, Assessor and a member of the Board of Public Welfare, Collector of taxes, two members of the School Committee, two Trustees of the Littlefield Library and one Cemetery Commissioner for terms of three years and one member of Planning Board for a term of five years, and to vote "yes" or "no" on the following question:

"Shall the acceptance by the Town of Tyngsborough of an act passed by the General Court in the year 1938, being Chapter 11 of the acts of 1938, entitled, 'an act to authorize the placing of the Office of Chief of Police of the Town of Tyngsborough under the Civil Service Laws', be revoked?"

All on the same ballot.

And you are further directed to notify the said inhabitants of the Town of Tyngsborough to meet again at the Town Hall in said Tyngsborough on Monday, the sixteenth day of February next at seven o'clock in the afternoon, then and there to act on the following articles:

ARTICLE 2. To see if the Town will vote to accept the reports of the Town Officers and Committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what way the dog license fees shall be used.

ARTICLE 4. To choose all Town Officers not named in Article 1 for the ensuing year, or take any action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1953, and to issue note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws, or take any action in relation thereto.

ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1952 and prior years, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 7. To raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 8. To see what action the Town will take with reference to the compensation of the elected Highway Surveyor.

ARTICLE 9. To see if the Town will vote to permit the Cemetery Commissioner to perform work in the Town Cemeteries and be paid for such labor at the current rate for Town labor, or take any action in relation thereto.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to be set aside as a stabilization fund as provided in Section 5B of Chapter 40 of the General Laws as amended, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 11. To see if the Town will vote to raise and appropriate, or transfer from the Excess and Deficiency Fund, the amount of \$1,500 for Machinery Reserve Fund, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 12. To see if the Town will vote to amend the By-Laws by adding the following By-Law:

By-Law Section 1. No building shall be erected for residential purposes on a lot or parcel of land; the minimum area of which is less than 7500 sq. ft. and which does not provide a minimum frontage on an accepted town way of at least 75 feet.

Section 2. Whoever violates the provisions of Section 1 shall be subject to a penalty not exceeding \$100 to be paid into the Treasury of the Town of Tyngsborough.

Section 3. The Building Inspector is hereby authorized to issue building permits for buildings which are to be erected in conformity to Section 1 and to prosecute and investigate complaints of violations of the same.
Recommended by local Board of Health and Nashoba Board of Health, as sanitary and health measure.
(Recommended by Finance Committee.)

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$40.00 to install two street lights on Pleasantview Avenue, one on pole 52-2 and one on pole 52-4, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the purpose of installing 5 street lights on Pawtucket Boulevard from the Lowell line to the property line of one Vigeant or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$40.00 to install one street light on Bowers Avenue opposite lot #26.
(Recommended by Finance Committee.)

ARTICLE 16. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency a sum of money not exceeding \$100.00 for the purpose of purchasing lots #79-80 on the Mt. Rock Park Plan recorded with Middlesex North District deeds, book of plans 34, plan 91, said land to be forever kept open for use as a public bathing beach, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 17. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$1,000.00 for the repair and graveling of Flint Road and Upton Drive.
(Recommended by Finance Committee.)

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of \$2,000 for Chapter 90, Maintenance and will further vote to transfer the sum of \$2,000 from the Excess and Deficiency account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$3,000 for Chapter 90, Construction, Frost Road, and will further vote to transfer the sum of \$6,000 from Excess and Deficiency account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 20. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$1,500 to regravel and repair a section of Westford Road, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 21. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$1,000 with which to continue the work of repair of Althea Ave., or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 22. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$375.00 to gravel, repair and oil Mt. Paul Road, or take any action in relation thereto.

ARTICLE 23. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$500.00 to repair Elm Street, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 24. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$1,000.00 for making the necessary repairs on Woodlawn Ave., Sherbrooke Ave., Perham Road and at Picard's Beach on account of the installation of drainage system, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purpose of hiring an Architect to draw preliminary plans for a new Elementary School, said sum to be spent under the direction of a building committee appointed by the School Committee and reporting its recommendations as to location and other particulars at a special Town meeting to be held at 7 P.M. on the third Monday of May, 1953, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of \$850.00 to purchase a new Police Cruiser, this amount being the difference between the purchase price and trade-in value of the present cruiser, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$4,100.00 for Chapter 81 Roads, and will further vote to transfer the sum of \$11,650.00 from the Excess and Deficiency account in anticipation of reimbursement from the State for this work, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 28. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$500.00 for work on Town Cemeteries, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 29. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$1,000.00 for work on the new portion of Flint Cemetery, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of \$150.00 for cleaning the Town Hall, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 31. To see if the Town will vote to dispose of the New York, New Haven & Hartford Railroad Bonds now held by the Selectmen for whatever sum they are now worth, or take any action in relation thereto.

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purchase under the direction of the Board of Fire Engineers, of 150 feet of 1-1/8" forestry type hose, couplings and appurtenances, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 33. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$500.00 for the reconstruction and cleaning out of the Town's water holes used for fire-fighting purposes and situated at Frost Road (Johnson's Corner), Kendall Road and Worden Road, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 34. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$3,500.00 for the purchase of a new truck for the highway department, or take any action in relation thereto.

ARTICLE 35. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$1,000.00 for the purchase and installation of two mobile radio units, to be mounted in the Fire Apparatus of Station No. 1 and Station No. 2, or take any action in relation thereto.

ARTICLE 36. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$800.00 for the extension of the heating system in Fire Station No. 2 to service the new addition, as shown in the building plans on file with the Town Clerk, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 37. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$1,200.00 for the installation of plumbing facilities in Fire Station No. 2, as shown on the building plans on file with the Town Clerk, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 38. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$475.00 for the installation of the finished floor in the new addition to Fire Station No. 2, as shown on the building plans on file with the Town Clerk, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 39. To see what action the Town will take with reference to compensation for town labor and to vote that the following recommended scales be adopted: Labor \$1.20 per hour; Truck Driver \$1.25 per hour; Grader Operator \$1.65 per hour.

ARTICLE 40. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to help pay for the transportation of parochial school children living in town who have to use the Eastern Mass. buses.

ARTICLE 41. To see if the Town will vote to allow a committee appointed by the School Committee to have charge of the hiring of the bus.

ARTICLE 42. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$1,000.00 to gravel and repair Oakridge Ave., or take any action in relation thereto.
(Recommended by Finance Committee.)

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, Post Office, Unitarian Meeting House, and Lakeview Avenue Fire Station in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 26th day of January in the year of our Lord one thousand nine hundred and fifty-three.

JOHN W. LEWIS,

HENRY J. LAFRANCE, Sr.

WESLEY H. DAVIS,

Selectmen of Tyngsborough

A true copy. Attest:
Constable of Tyngsborough.

REIMBURSEMENTS

The following reimbursements have been received from the State:

Chapter 70 as amended 1948, Chapter 643	\$ 14,102.48	
Union Superintendent Salary	891.67	
All School Transportation	21,021.47	
Tuition and Transportation, State Wards	292.41	
		_____ \$ 36,308.03

The above reimbursements to the Town of Tyngsborough represent more than forty per cent of the total amount expended for schools and therefore reduces the cost of education to the town of Tyngsborough to \$45,539.41.

Respectfully submitted,

MAXWELL G. SHERBURNE, Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Tyngsborough:

Growth of the Winslow School 1944 - 1953.

Perhaps the most perplexing problem discussed by the School Committee during 1952 was that of pupil enrollment in the Winslow School. Every citizen is aware of the vast increase in birth rate following World War II, but what is frequently overlooked is the constant growth of the town resulting from factors other than the increased birth rate. Until September 1952, the increase in school enrollment represents almost entirely the factor of new families moving into Tyngsborough. You will note from the following table the continuous growth of our pupil population in the Winslow School: .

Year	Enrollment, Grades 1-8	Year	Enrollment, Grades 1-8
1944-45	196 pupils	1949-50	293 pupils
1945-46	195 pupils	1950-51	326 pupils
1946-47	200 pupils	1951-52	336 pupils
1947-48	255 pupils	1952-53	360 pupils
1948-49	272 pupils	1953-54 (estimated)	390 pupils

During this ten year period enrollments increased one hundred percent.

Per pupil—teacher ratio and teaching efficiency.

In an effort to house the above increase in pupils it was necessary to increase the number of pupils each teacher has in her classroom. Individual classroom enrollments have already gone beyond the point where one can reasonably expect maximum teaching efficiency and the cumulative effects of overcrowded classrooms year after year poses a serious problem with respect to the individual achievement of boys and girls. On October 1, 1952 enrollment by rooms was as follows:

Grade I	Mrs. McGuire	29 pupils
Grade I	Mrs. Sullivan	33 pupils
Grade II	Miss Wylie	41 pupils
Grade III	Miss Sampson	36 pupils
Grade III & IV	Mrs. Morton	29 pupils
Grade IV	Mrs. Allen	37 pupils
Grade V	Miss Harris	44 pupils
Grade VI	Miss Norris	42 pupils
Grade VII	Mrs. Dywer	37 pupils
Grade VIII	Mr. Starkey	33 pupils

The pupil—teacher ratio is very high, eighty percent of the rooms are in excess of thirty pupils and thirty percent in excess of forty pupils per teacher.

The solution to our housing problem lies in a school building program.

From a study of birth rate figures since 1946 it is quite evident that more pupils will enter grade one each September than will graduate from grade eight the previous June. For example, in June 1953 the Winslow School will graduate approximately 33 pupils and in the following September approximately sixty pupils will enter the first grade. With each classroom already filled beyond optimum capacity, September 1953 will find us without adequate space to house the entire first grade. A building program that will provide a minimum of two classroom units in September 1953 and more units as will be required by further increases in enrollments in the years ahead is an imperative program for the Town of Tyngsborough.

Items of General Information.

The Parent - Teachers' Association has been very active during 1952. This organization has been unusually generous in its gifts to the Winslow School and should continue to receive support from all citizens.

The Music, Art and Sewing programs have been carried on as in previous years. More adequate storage facilities would enable these activities to be more effective.

A course in the Manual Arts for boys in grades seven and eight should be an integral part of the school program. At the present time, inadequate classroom space and storage facilities make the inclusion of such a course impractical.

The improvements voted for the school playground have been completed. A large portion of the playground has been filled with loam and seeded down, the retaining wall and fence add to the safety of the boys and girls.

The remedial reading program under Mrs. Margaret Morton's direction was very successful. In September 1953 Mrs. Morton became a full time teacher and the remedial reading program has not been continued because of a shortage of trained teachers in this special field.

During the period 1944 - 1952, High School tuition pupils increased from forty nine to one hundred eight. This is more than a

one hundred percent increase. By 1960 it is quite probable that Tyngsborough will have two hundred tuition students.

In 1952 the State Department of Education reimbursed the Town of Tyngsborough \$36,308.03 for educational purposes. This reduces the actual cost of education to the Town by more than forty percent.

For more complete information on the school program I refer you to the reports of the principal and supervisors.

Respectfully submitted,

ELLIOTT A. DIGGLE

Superintendent of Schools.

REPORT OF SCHOOL PRINCIPAL

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Mass.

Dear Mr. Diggle:

Following is my report on the Winslow School for the year ending December 31, 1952:

The remedial reading program which was started last year proved to be very successful. Under the guidance of Mrs. Margaret Morton many of the slow readers in the middle grades received instruction in small groups. In practically all cases a decided improvement in reading soon became obvious to the regular classroom teachers. If ways and means can be found, I would like to see this reading program re-established.

Mr. Albert Vachon, who succeeded Miss Joan Littlehale as supervisor of art, is doing outstanding work with the boys and girls in all grades. Mr. Vachon has a sincere and warm-hearted approach to his work. He possesses a thorough knowledge of his subject and has the ability of successfully passing this knowledge on to his classes.

Through the co-operation of the Parent Teacher's Association and the School Department our film strip library is growing rapidly. A projector table and film strip filing cabinet have been presented to the school by the present eighth grade. In conjunction with this expansion of our visual aid equipment, several rooms should be equipped with blackout shades. If these shades could be purchased at the rate of one or two rooms a year the cost should not be prohibitive.

The completion of the retaining wall and the installation of the fence has eliminated many of our playground hazards. The playground has been greatly improved by the recent grading and seeding.

Our greatest problem at the Winslow School at the present time is overcrowded classrooms. In my report last year I stated that another room finished in the playroom of the new wing would take care of our problem for 1952, but plans should be made for further expansion in 1953. The room was finished in the new wing and filled to capacity on the opening day of school.

We are going to need more classrooms and more teachers when school opens in September, 1953.

Respectfully submitted,

RICHARD O. STARKEY, Principal

REPORT OF SEWING SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

I have tried to teach the girls that the success of a garment depends not only on the choice of fabric and the pattern, and the care exercised in the fitting, but also in the manner in which the garment is cut out. Just as a good workman must have a proper place in which to work and good tools to work with, so must a good dress-maker. It is important to know what aids there are to the proper cutting of any garment.

Knowledge required in cutting garments are keen scissors and a proper cutting table, that garments must be cut with the grain of the fabric, pattern markings studied carefully and each pattern considered as an individual problem. The pattern should be studied carefully, and each pattern considered as an individual problem. The pattern should be studied thoroughly before placing the pattern on the fabric, marking all parts carefully before removing it from the fabric.

The clothes fitted to one's needs are the kind of clothes to wear. They should express the individuality of the wearer.

The prime essential of achieving style is to select the right clothes and to know, when and where to wear them.

The eighth grade girls made their graduation dresses.

Respectfully submitted,

LENA M. COBURN,

Sewing Supervisor

REPORT OF THE ART SUPERVISOR

To the School Committee and Citizens of the Town of Tyngsborough:

The art education program in the Winslow School is steadily developing into a definite and important part of the school curriculum. Progress has been slow due to an extremely heavy art schedule. I have recently established a central quarters for all art materials and eventually, I hope to have enough supplies to enable the grade teachers to draw upon.

My aims in the past few months have been designed to present a greater variety of media and techniques. So far, this has achieved a measurable degree of success and, I hope, will continue to show even more during the coming semester.

In the lower grades a great deal of the work is presented for the purpose of gaining coordination. This has been achieved in utilizing the following media, large crayons, cut paper, and paste and poster paint. In the upper grades, stress is put on better understanding of arrangement, color, and organization. This is accomplished through the use of crayons, cut paper, pencil, poster paint, paper construction and water color. Integration of art with regular studies is encouraged, some mural work and individual drawing has been carried on in this direction.

The seventh and eighth grades have been concerned with the more basic principles of art in relation to everyday living. Form, arrangement and color receive major stress, while water colors, crayons, cut paper and pencil are used to carry out the projects.

I wish to thank both the pupils and the teachers for their co-operation during the past year.

Respectfully submitted,

ALBERT J. VACHON,

Art Supervisor

REPORT OF THE MUSIC SUPERVISOR

Mr. Elliott Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

"Whene'er I hear sweet voices singing,
Their souls in upward flight seem winging".

Music, of all the arts, affects our lives most directly. It is something we can all understand, take part in and like. I feel confident that all the boys and girls whom I have lived music with in the past two and one half years, here in Tyngsborough, have felt a true sense of musical happiness as we continually enjoy together "music for everyone."

A new set of books was installed in the 7th and 8th grades. This very fine book will give the pupils the opportunity to sing many lovely songs in three parts which these pupils are nicely adapting themselves to. The name of this book is "The American Singer". Several new records have been purchased for the record library.

The mixed glee club sang three part songs for the graduation last June. They also sang a beautiful program of Christmas carols as part of the fine Tableau pageant Mr. Starkey directed. The fifth grade, Miss Dorothy Harris' class sang appropriate carols effectively in the corridor in the afternoon of the closing day of school prior to the holidays.

Thanks sincerely to Mr. Diggle, Mr. Richard Starkey and his excellent staff for their fine cooperation.

Respectfully submitted,

JAMES P. SAVAS,

Supervisor of Music

REPORT OF SCHOOL NURSE

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

The school work is being carried on as usual. The nurse visits the school daily. Each classroom is visited to confer with the principal and teachers. Classroom inspections are made by the nurse. Advice is given the child if and when necessary. Temperatures are taken when there are symptoms of illness. Home visits were made to absentees; one hundred and fifty such visits were made to check on communicable disease and care was given to ill children when ordered by the family physician.

Physical examinations were given all the children by the school physician. Notices with recommendations were sent to the parents.

First Aid is given to injured children and if necessary the parents are contacted. When the nurse is not at the school, if first aid is needed, one of the teachers qualified to give this service administers same for which I am very grateful.

The Massachusetts Eye Test was given all the children by the nurse. There were thirty-two who did not pass this test. Notices were sent home to the parents. The audiometer hearing test was given to all the first grade children. Nine did not pass this test. Notices were also sent to the parents. Children in the other grades will be tested at a later date.

Forty-four children entering school for the first time were examined and registered at the "Summer Round-Up". The parents were present. This is a very valuable service as the child has a chance to see his teachers and the mother also becomes acquainted with the health program.

I wish to thank the parents and the teachers for their co-operation.

Respectfully submitted,

MARY T. KENNEY, R. N.
School Nurse.

REPORT OF TRUSTEES OF THE LITTLEFIELD LIBRARY

To the Honorable Board of Selectmen,

Tyngsborough, Mass.

Dear Sirs:—

The trustees of the Littlefield Library submit their report herewith.

We consider that the library is in excellent condition and that it shows a healthy growth. We have endeavored to maintain the physical plant in good repair. No extensive improvements were made during the year.

The children that are attending the temporary schoolroom in the Lakeview-Mountain Rock area have had the same privilege of getting books that is extended to the pupils of the Winslow School, thanks to Mrs. Morton who has kindly rendered this service. There are also reference books available to the children in that area. We are pleased to do everything possible to develop the children's interest in good books.

The Historical Society again used the library for their Thanksgiving observance for the school children.

Use your library, that it may fulfill its purpose.

Respectfully submitted,

HAZEL W. LOVERING,

Chairman, Board of Trustees.

ANNUAL REPORT OF LIBRARIAN

December 31, 1953

To the Trustees of the Littlefield Library.

Sirs:

The annual report of the Littlefield Library for the year 1953 is herewith submitted.

In May Miss Elliott had the first and second grades at the Library to see the stuffed birds.

The Historical Society held an exhibition and meeting in the Library in November which was thoroughly enjoyed by both the school children and the adults.

Thanks are due Mr. Carl Richmond, Miss Mona Gove and Mrs. Charles Coburn for gifts of magazines. We appreciate very much the books given the Library by Mr. John E. Barr, Miss Patricia Clark and Miss Elizabeth Parker, Mrs. Bowers Fuller, Miss Mona Gove and Mr. Roscoe Turner.

Three books were presented to the Library by the Ladies Alliance of the First Parish Church in memory of Mrs. Bertha Turner, Mrs. Ann Hall and Mrs. Della Bancroft.

A small table and reading lamp have been placed in the Library for the convenience of the readers.

The statistics for the year are as follows:

Adult circulation	3521
Fiction	2475
Non-fiction	1046
Juvenile circulation	4292
Fiction	3360
Non-fiction	932
Periodicals	2928
Pamphlets	173
Total circulation	10,914
Books added to the Library	173
Purchased	165
Gifts	8
New borrowers	91
Lost books	11
Total number of volumes in the Library	11,306
Fines received	\$37.43

Respectfully submitted,

LENA M. COBURN, Librarian

REPORT OF THE SEALER AND WEIGHTS AND MEASURES

To the Honorable Board of Selectmen and Citizens of Tyngsborough:

The following is a summary of the work done during the year 1953:

Sealed

Number of scales 100 to 5000 5

Number of scales under 100 lbs. 16

Number of Meters 1" or less 0

Number of Gasoline Pumps 25

Number of Kerosene Pumps 4

Number of Grease Pumps 1

Condemned: 0

Total fees taken and paid to the Treasurer\$20.50

Respectfully submitted,

RAYMOND F. WILKINS,

Sealer of Weights and Measures

SELECTMEN'S FUND FINANCIAL REPORT

LAWRENCE AND TOWN FARM INVESTMENT FUNDS

RECEIPTS

Cash on hand January 1, 1953 \$ 842.63

From Town Farm Fund Income 305.00

PAYMENTS

Rent of Safety Deposit Box \$ 6.00

Paid by Selectmen for Aid to Poor 328.00

Total Payments \$ 334.00

Balance December 31, 1953 813.63

\$ 1,147.63

Respectfully submitted,

HENRY J. LaFRANCE, Sr.

WESLEY H. DAVIS

JOHN W. LEWIS

Selectmen.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:
Tyngsborough, Mass.

I submit my annual report from January 1, 1953 through December 31, 1953.

I called on all owners of dogs in the Town of Tyngsborough regarding their unpaid dog tax. Three hundred and twenty-three (323) dog taxes were paid, three of which were for kennel licenses. Twenty-five had not had a dog for a long time.

There were—

31 stray dogs picked up, kept six days, and destroyed.

10 dogs buried, killed by automobiles.

18 dog bite cases.

A stray dog killed three or four turkeys.

Respectfully submitted,

JAMES ELMER JORDAN, Dog Officer.

REPORT OF THE TOWN PLANNING BOARD

Preparatory to the preparation of a Master Plan for the town, an accurate and up-to-date map of Tyngsborough has been completed and printed. Seventy-five copies of this map have been distributed to townspeople.

The Town Planning Board has under consideration a systematic procedure for the exercising of its control of all new subdivision of land under Sections 81K through 81Y of Chapter 41 of the General Laws of Massachusetts.

Respectfully submitted,

WINSTON H. BOSTICK, Secretary.

REPORT OF THE PUBLIC HEALTH NURSE

Board of Selectmen,
Tyngsborough, Massachusetts.

Gentlemen:

This is the annual report of the Public Health Nurse.

The nursing work is being carried on as usual.

Prenatal, postnatal and new born baby visits have been made to instruct the mother on the care of her health before and after the baby is born. Instructions and demonstrations have been given. This service is given when requested by the family physician. An early visit to your physician is your best protection to you and baby.

Acutely and chronically ill patients and post-operative dressings have been cared for when orders from physician are given. Nine hundred such visits have been made.

The Well Child Conferences have been held monthly excepting July and August. This conference for well children is well attended. Dr. Kenneth E. MacLeod, M.P.H. is the attending physician. Immunization against Diphtheria, Tetanus, Whooping cough and Smallpox. Examinations are also given.

Visits have been made to persons having communicable diseases to instruct on care and quarantine. Statistical report on these diseases will be found in the report of the Nashoba Associated Boards of Health.

Fees collected by me and given to the Town Treasurer, \$184.00.

I wish to thank the people who have assisted me in any way with my work. Their cooperation is sincerely appreciated.

Respectfully submitted,

MARY T. KENNEY, R. N.

Public Health Nurse.

REPORT OF NASHOBA ASSOCIATED BOARDS OF HEALTH

Board of Health

Tyngsborough, Massachusetts

Gentlemen:

Nineteen fifty-three has been an exciting and productive year for the Nashoba Associated Boards of Health. Not only have they added a new and important program, but also the Town of Lunenburg to the association, making for the first time in its twenty-three years a fifteen town association. The new program is in the field of preventive dental health. Under this program a dental hygienist has been employed to "examine, clean, and apply fluoride" to the teeth of the Nashoba school children in selected grades (2, 5, and 8). By this program it is expected in time a 40% reduction in common tooth decay. Dr. Walter J. Desmond of Ayer and Dr. Edward B. Branigan of Groton are the dentist members of the dental advisory committee of the association. The program has the approval of both State and local societies.

The operation cost of the Nashoba Health District in 1953 was paid for by the per capita assessment of \$0.581 plus a grant from the State Health Department and from the Hood Foundation (part of a four year grant for the Medical Social Service). The new dental program means an addition of six cents to the per capita assessment in 1954 or sixty-four cents per capita. *The reason the latter is smaller than expected is two-fold*—the fact of Lunenburg's joining giving a greater source of revenue, and the fact that the employee concerned prefers to work only school hours and the school year, that is preferring to be a part-time rather than whole-time employee.

For the sum of \$1179.43 spent by your town in 1953 your citizens received the following services from Nashoba:
Sanitation and Laboratory Service

Sanitation and Laboratory Service

Milk Samples Collected for Test	330
Dairies Visited	149

Eating Places Inspected	39
School Building Inspections	2
Private Water Supplies Examined	36
Private Sewers Inspected	10
Bathing Beaches Examined and Tested.....	12
Cabin, Trailer and Recreational Camps Inspected	8
Nuisance Investigations	3
Conferences with Board of Health Membrs	21
Licenses Issued	41

Medical Social Work

With the arrival of the Mental Health Consultation Service of North Central Massachusetts and its availability to Nashoba towns, new emphasis has been given the work of the Medical Social Consultant. n looking over the statistics for 1953 it is interesting to note that more than twice as many of the cases referred to her were for problems related to matters of personality or emotional difficulties than were those referred to assist in environmental changes or social planning.

At a recent workshop it was pointed out that a mentally healthy person is one who:

1. Lives up to the level of his potential capacity
2. Has peace of mind
3. No physical illness
4. Is reasonably able to live and work with others

One girl who came to the Consultant's attention was failing in school and developing delinquent tendencies. Study of her problem indicated that she had normal intelligence but was handicapped by a hearing defect. After her family doctor had referred her for special care to one of the Boston hospitals, she became a well adjusted pupil and did well in school. Had she not received help it is doubtful if she would have been able to "live to the level of her capacity."

"Peace of mind" was something Johnny did not have. At his father's death his mother had married again and was soon so busy with a new set of twins and then a fourth child that she was unaware how forgotten and unwanted Johnny began to feel. She couldn't understand why he acted so badly. Fortunately the public health nurse saw his mother at Well Child Conferences and on her home visits for health supervision. After Johnny's problem had been identified she could take over from the Consultant and work out with the mother a schedule which would allow Johnny his full share of attention.

"No physical illness" said the doctor, "the headaches and the stomachaches have no organic basis that I can see." So we began to talk with Sara Jo about her likes and her dislikes, her pet peeves and her gripes. It took a little fixing, help to buy a new dress, coaching to make up back school work, special attention from the gym teacher regarding posture but eventually Sara Jo could go back to her school group and join her school activities feeling that she was no different from the other girls. Her headaches and stomach aches were things of the past.

"Reasonable ability to live and work with others" covers a wide area. It means having friends and being able to make new friends. To find one's place in groups of one's choice. To marry and adjust to the stresses and strains of that relationship at the same time finding within it some of life's deepest satisfactions. To go to the armed services perhaps hating the experience, but ready to finish the duty — then returning home to find a job commensurate with one's ability and within one's field of interest. To be successful in this fourth category of mental health means that through the early years we must be alert to the opportunities offered by a mental health program. An old adage, "as the twig is bent, the tree's inclined" describes this very well.

Some of the referrals are made to the Consultant with an apology for bothering her about such minor problems. It is the little problems which we must not overlook for they are the ones which are most successfully treated.

Nursing Service

Mrs. Kenney has given the town another year of uninterrupted service so that it was not necessary to use a substitute as provided for. The usual program has been carried on with a notable increase in Well Child Conference attendance.

Preventive Medical Service

Communicable diseases were moderately prevalent during the year. The following is a comparative tabulation of the reportable disease in the town:

Disease	1952	1953
Chickenpox	37	12
German Measles	1	2
Measles	44	0

Mumps	3	1
Tb. Pul.	1	0
Dog Bite	1	5
Strep. Throat	1	0
Polio	0	1

Immunization against Whooping Cough, Tetanus, Smallpox and Diphtheria is offered at the monthly Well Child Conference held alternately in the town hall of Dunstable and Tyngsboro. During 1953, fifty-two children made 71 visits and received 62 immunizations at five Well Child Conferences. Seven children were referred to their family physicians. The Medical Director personally served these conferences ably assisted by Mrs. Kenney and volunteers. Two patients made two visits to the tuberculosis clinic held bimonthly at the Nashoba Health Center.

In the medical field, my services are available in the investigation of communicable diseases, and for consultation at the hospitals in the area and the practicing physicians. The hospitals and physicians continue to make use of this service.

Health work in general means for the Medical Director and his staff much time spent in promotional and educational activities as well as in health committee work. Thus in the field of Mental Health the Staff in their various ways have been engaged. The Mental Health Association of North Central Massachusetts (or Lowell) in cooperation with the State Mental Health Association and the State Mental Health Department has developed in the area a Mental Health Consultation service. The Medical Director has served continuously during 1953 with this group in his capacity as chairman of the Professional Services Committee of the Mental Health Association and representative of that Association to the State Association. Under the consultation plan a psychiatrist, a psychologist and a psychiatric social worker are employed as a team. To begin with their services (while available to the community on a whole) are being directed mainly into the school sphere. The purpose of their program is prevention of mental and emotional breakdown and this explains their concentration on the young school child.

Citizen knowledge of what Nashoba offers continues to be important. Citizens should feel free to call at, or telephone the Center (Ayer 561) and ask for the service or information they desire.

Respectfully submitted,

KENNETH I. E. MacLEOD, M.D., M.P.H.

Director.

TREASURER'S REPORT

For Year Ending December 31, 1953

On deposit January 1, 1953	\$ 79,454.81	
Receipts for Year 1953	320,175.86	
		<hr/>
		\$399,630.67
Payments during Year 1953	\$316,086.58	
On deposit December 31, 1953	83,544.09	
		<hr/>
		\$399,630.67

Note Outstanding on December 31, 1953

One note for \$1,000.00. numbered 204, for Winslow School Addition, held by Middlesex County National Bank at 2% interest. Payable December 1954.

No temporary loan in anticipation of taxes was necessary in 1953.

Respectfully submitted,

RAYMOND W. SHERBURNE, Treasurer

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen and the citizens of Tyngsborough.

I submit my report for the year of 1953 as your inspector of animals.

During the year I inspected:

Dairy cattle	368
Horses and Ponies	16
Sheep	54
Goats	4
Chinchillas	87
Mink	200
Dogs quarantined	17

Respectfully yours,

PERCY W. RICHARDSON,

Inspector of Animals.

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE ON THE TOWN OF TYNGSBOROUGH 1953

The Middlesex County Extension Service is a publicly supported, educational institution to serve all the towns of the county in agriculture and home economics. In agriculture the work is developed county-wide under the direction of county councils made up of leading farmers in each of the main commodities as vegetables, fruit, poultry, dairying, livestock, and commercial flowers. A County Bulletin is mailed monthly to all cooperating farmers and timely information sent to anyone on request.

4-H Club Work is developed under a town committee and leaders, and the home economics work is available through a town director, organized groups, or direct requests. Your town director furnishes counsel to the Extension Office on the needs of the towns, services desired, or leadership needed.

Information and assistance were made available on the planning and operation of a poultry farm or enterprise covering the subjects of poultry housing and equipment, ventilation and litter management, brooding and rearing, marketing, and management for egg production.

Specialized information on turkey and poultry health was made available through the 1953 Middlesex Flock Health Program.

Charles Coburn served on the 1953 Extension Poultry Advisory Committee.

The Middlesex County Extension Service renders many services to the dairymen in this area. There are in the county herd testing facilities which include complete herd records, pasture, hay and silage production programs which aim at producing more and better roughage at a lower cost, a soil testing laboratory where a complete analysis can be run to determine needed soil nutrients. Also, on application for membership, any dairyman has access to one of the best bull studs in the northeast for use in his own herd through the artificial breeding program.

General service rendered the fruit and vegetable growers was given through twilight meetings, radio messages, spray service, and farm visits.

Mrs. Carol Mauritson and Mrs. Earl Stratton represented Tyngs-

boro on the Women's Advisory Council. There has been one general meeting on organization. The Slip Cover program was taught and also Furniture Refinishing. "Make a Coat" was taught by the agent, as was the "Christmas Everywhere" program.

Mrs. John V. Robinson led a 4-H Sheep Club. Late in the year a 4-H Conservation Club was organized. Mr. Edward Coughlin with the support of the Lowell Sportsman Club helped 4-H Club members learn good conservation practices.

Judges were furnished for the local Grange fair.

Respectfully submitted,

CHESTER H. QUEEN, Town Director.

REPORT OF THE BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen and Citizens of the Town of Tyngsborough.

The Board of Fire Engineers respectfully submits its annual report for the year ending December 31, 1953.

Alarms responded to were as follows:—

Dwelling Fires	5
Other Buildings	5
Brush Fires	10
Grass Fires	18
Chimney Fires	2
Flooded Oil Burners	5
Electrical Fires	4
Automobile Fires	5
Life Boat Calls	2
Dump Fires	11
Lost Persons	1
False Alarms	3
Mutual Aid	3
Worcester Tornado	1
Railroad Fire	1
<hr/>	
TOTAL	76

The year 1953 marked another step of progress for the town's fire service, and an increased efficiency enabled the Department to broaden its public service activities, as well as provide greater fire protection for the citizens.

Of prime importance was the installation of 16 new Eddy type fire hydrants along the main water line of the Dracut Water Supply District on Lakeview Avenue and upper Frost Road.

Residents of this area will now be eligible for insurance rate reductions, and, in many instances, can eliminate themselves from the "camping district" classification, providing they can meet other insurance minimum requirements.

This area, and the equipment of the Department, were resurveyed in December by engineers of the New England Fire Rating Association, and they expressed themselves as highly pleased by the present high standards of the Department.

The far-sightedness of the citizens in providing funds for the completion of the second story addition of fire station No. 2 has been

conclusively proven when emergency quarters was provided in the upper hall for elementary school classes throughout the year. The hall will be used for this purpose again in 1954.

Station No. 2 itself has realized many practical improvements. A thermostatically controlled heating system of high efficiency provides carefully regulated heat throughout the building; a fire escape makes the building suitable for a public meeting hall, and the station utilizes dependable water from the new Dracut Water Supply District's main.

A spacious area in the rear of the fire station has been filled to provide off the street parking and a safe playground for the school children.

The Firemen's Association, the Boy and Girl Scouts, Brownies and the 4-H Conservation club all make the hall their meeting place. Station No. 2 is truly a public building of great value to the town.

Both Station No. 1 and Station No. 2 have been designated as Emergency Highway First Aid Stations by the American Red Cross, and are equipped with first aid supplies for general use in time of emergency.

In June the Department received a letter of commendation and thanks from the Town of Holden for aid rendered during the tornado disaster.

Radio equipped fire apparatus served on the day of the disaster in the Holden and Worcester areas, and carried trained first aiders, wrecking equipment and chain saws. This marked the first time the Town has been able to provide immediate and substantial aid to a disaster stricken area.

Tanker No. 1 (Center Station) and Engine No. 2 (Lakeview Avenue Station) have been equipped with two way Motorola radio communication, and operate on the statewide conservation forest fire network. In November this equipment was supplemented by the purchase of a portable two way walkie-talkie unit.

The Town of Chelmsford has generously allowed the use of their powerful central transmitter whenever necessary, and the Board is grateful to Chief Allan Kidder and the Chelmsford Fire Department for this splendid cooperation.

The use of radio in the Department has greatly increased the efficiency of the trucks, and has saved on payroll and wear and tear by eliminating needless runs. No longer do the men of both stations have to make an expensive run to a small fire, when the duties can be handled by the personnel of a single station.

An excellent spirit of cooperation continues to prevail among the

men of each station, and this was highlighted in October, when 100 people attended the graduation exercises at the Town Hall of 35 volunteer fire fighters, who completed a training class given by an officer of the Lowell Fire Department under the auspices of the Massachusetts Department of Education.

Throughout the year the Board continued compiling a photographic record and analysis of all serious fires. This has been very helpful for insurance records and training purposes.

The hose requirements of the Department are small, and every effort is expended to maintain the present hose in good condition. The completion of a heated hose tower in Station No. 2 will enable us to always pack dry hose. This is especially important in the winter time.

All the trucks are in good shape, and are carefully maintained by an organized steward's service provided voluntarily by the men of each station.

Station No. 1 needs improvements, but the Board feels it is impractical to put additional money into such a delapidated building.

It is our recommendation that the citizens give serious consideration to the construction of a new fire station in the very near future to house the Center equipment. This building could very possibly be a central housing and headquarters shared mutually by the police and fire departments.

The Board would like to bring to the attention of the residents of the town that the majority of dwelling fires of serious consequence were caused by the malfunctioning of oil burners.

All oil burning units should be carefully cleaned and serviced periodically to prevent breakdowns. Any new unit installations require a permit issued by the Chief of the Fire Department after inspection.

The Board of Engineers and the men of the Department appreciate the confidence and splendid cooperation given them by the townspeople during 1953. Through our continued efforts we hope to merit this high esteem and continue to provide efficient and economical fire protection service for the citizens of Tyngsborough.

Respectfully submitted,

ROBERT G. DUFF, Chief
ALBERT E. CHOUINARD, Chairman
WILFRED MERCIER, Sr.
REGINALD VERNET
EUGENE CORCORAN
THOMAS E. COUGHLIN, Clerk
BOARD OF FIRE ENGINEERS.

REPORT OF THE WELFARE AGENT

December 31, 1953

To the Honorable Board of Public Welfare
and the Citizens of Tyngsborough:

The following is my report as Welfare Agent of the Town of Tyngsborough for the year ending December 31, 1953.

The past year has been fairly good in regards to expenditures. Our case load dropped as well as getting an increase in Federal reimbursement. We probably won't ask for any change in our appropriations, as it is difficult to determine the actual estimate due to all the factors involved.

In looking ahead for 1954, we have two important changes as follows:—

1. A new medical plan established by the State Department, which must be in effect by July 1, 1954. It is hoped that this will keep our costs at a minimum and still give the people medical care.
2. Starting February 1, 1954, the Aid to Dependent Children cases will have to be visited at least once a month. It is recommended that some of these visits be in the evening, if possible. This is intended to create a more harmonious working relationship between the recipient and the Agency in order that the recipient may get the necessary aid in the proper maintenance of her home.

The office hours are still 9:00 A.M. to 12 Noon and 1 P.M. to 5 P.M., Monday through Friday.

I wish to extend my thanks to the Board of Public Welfare, Miss Elise Parkhurst, Clerk in the Welfare Dept. and to other town officials for their cooperation in the carrying out of these programs.

Respectfully submitted,

GEORGE W. SHIPLEY,

Welfare Agent.

REPORT OF THE CIVIL DEFENSE DIRECTOR

To the Honorable Board of Selectmen and the Citizens of the Town of Tyngsborough.

The following is my report as civil defense director for the year ending December 31, 1953.

We have been trying to organize the civil defense without expending too much money needlessly.

We did as part of Region 4 hold one air raid test. While we did not follow the instructions to the letter it is felt that it was fairly successful. It was noted that the motorists on Route 3 stopped of their own accord even though we had police officers on duty.

Also we ran another blood typing program which was successful largely due to a house to house canvass conducted under the direction of Mrs. Bernice Sherburne and Mrs. Frances Gray as co-chairmen. We now have a fair percentage of the town typed and their types on file.

We hope to get the rest of the volunteers organized and then have the identification cards made up during the coming year.

I wish to take this time to thank those who have given generously of their time during the past year.

Respectfully submitted,

GEORGE W. SHIPLEY.

Civil Defense Director.

REPORT OF THE TOWN BEACH COMMITTEE

Residents of Tyngsboro have every reason to be proud of the new town beach, located at the foot of Maplewood ave. on Lake Mascuppic. This was improved and extended during the year through the efforts of the Tyngsboro Beach Association under the capable direction of Mr. Ernest Wilkins.

The acquisition of two waterfront lots now gives the town a 120 foot frontage on the water, and this has been cleared of debris, and beach sand has been spread to add to the comfort and enjoyment of the citizens. Use of the beach has been restricted to residents of the town and their guests.

The water has been tested and approved by the Nashoba Associated Board of Health, and the committee plans to expand the beach program next summer. Swimming and life saving lessons will be arranged, a diving raft installed, and a roped area laid out for young children. If funds permit, a life guard protection system may be available on weekends.

Residents are urged to acquaint themselves with this valuable bit of recreational property, and it is the hope of the committee that it will be fully utilized this coming season.

Respectfully submitted,

ALBERT E. CHOUINARD, Chairman
JOHN W. LEWIS
HENRY J. LaFRANCE, Sr.
WESLEY H. DAVIS
ROBERT D. LAMBERT
REGINALD VERNET
WILLIAM O. BELL
THOMAS E. COUGHLIN

REPORT OF THE DIRECTOR OF ACCOUNTS

To the Board of Selectmen

Mr. Henry Joseph LaFrance, Chairman
Tyngsborough, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Tyngsborough for the period from November 10, 1951 to July 3, 1953, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Yours very truly,

HERMAN B. DINE,

Director of Accounts.

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Tyngsborough for the period from November 10, 1951, the date of the previous examination, to July 3, 1953, and submit the following report thereon:

An examination and verification was made of the financial transactions of the town, as shown on the books of the departments receiving or disbursing money for the town or committing bills for collection.

The books and accounts in the town accountant's office were examined and checked in detail. The recorded receipts were checked with the treasurer's cash book and with the records of departmental payments to the treasurer, while the recorded disbursements were checked with the treasury warrants and with the record of payments by the treasurer.

The appropriations, transfers, and loan authorizations, as listed from the town clerk's record of town meeting proceedings, were checked to the appropriation accounts and loan authorizations in the accountant's ledger.

An analysis was made of the ledger accounts, the necessary adjusting entries resulting from the audit were made, a trial balance

was drawn off proving the accounts to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on July 3, 1953.

The entries in the classification book were examined and compared with the approved vouchers and payrolls on file.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were analyzed and compared with the records of payments to the treasurer by the several departments, and with other sources from which the town received money, while the recorded payments were compared with the selectmen's warrants and with the accountant's books.

The cash book was footed throughout for the period of the audit and the cash balance on July 3, 1953 was verified by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The payments on account of maturing debt and interest were verified by comparison with the amounts falling due and with the cancelled securities and coupons on file.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the redemptions and sales were checked with the receipts as recorded on the treasurer's cash book, and the tax titles and tax possessions on hand were listed and compared with the records at the Registry of Deeds.

The transactions of the trust and investment funds in the custody of the town treasurer and the board of selectmen were verified, and the securities and savings bank books representing the investment of these funds were personally examined and listed.

The books and accounts of the town collector were examined and checked. The taxes, motor vehicle and trailer excise, and departmental accounts receivable, outstanding according to the previous examination, as well as all subsequent commitment lists, were audited and reconciled with the warrants for their collection.

The recorded collections were checked with the payments to the treasurer and with the accountant's books, the abatements as recorded were compared with the assessors' and other departmental records of abatements granted, and the outstanding accounts were listed and proved.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of dog, sporting, and town licenses issued by the town clerk were examined and checked, the payments to the State and to the town treasurer being verified.

The surety bonds of the town officials bonded for the faithful performance of their duties were examined and found to be in proper form.

The records of departmental cash collections of the board of selectmen, the sealer of weights and measures, and of the fire, health, library, and cemetery departments were examined and checked, and the payments to the treasurer were compared with the treasurer's cash book.

Attention of the sealer of weights and measures is called to Chapter 98, Section 34, General Laws, which requires monthly payments of all receipts to the town treasurer.

Appended to this report, in addition to the balance sheet, are tables showing reconciliations of the treasurer's, collector's, and town clerk's cash, summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, and departmental accounts, as well as tables showing the condition and transactions of the trust and investment funds.

While engaged in making the audit, cooperation was received from all the officials of the town, for which on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ,
Assistant Director of Accounts.

REPORT OF TAX COLLECTOR

1951 Personal Taxes

Outstanding January 1, 1953	\$ 116.62

REPORT OF THE POLICE DEPARTMENT

WILLIAM DOYLE, Officer in charge

OFFICERS

GEORGE M. NEWELL
CLARENCE A. CARKIN

CONRAD F. SARGENT
J. ELMER JORDAN

To the Honorable Board of Selectmen and
Citizens of Tyngsborough:

The following is the report of the Tyngsborough Police Department
for the year ending December 31, 1953

Offenses for which arrests were made

CRIME AGAINST PERSONS

Assault	2
Total crimes against persons	2

CRIMES AGAINST PROPERTY

Breaking, entering and larceny	7
Larceny and Attempt	2
Total crimes against property	9

CRIMES AGAINST PUBLIC ORDER

Operating motor vehicles so as to endanger	6
Operating under influence of liquor	6
Leaving scene of accident	4
Motor vehicle laws, violating	78
Suspicious persons	2
Deserter of U.S. Armed Forces	2
Drunkenness	3
Total crimes against public order	101

MISCELLANEOUS

Auto accidents investigated	50
Stolen cars recovered	2
Summons served	52
Public functions policed	14
Funerals policed	6
Messages delivered	35
Cases transported to hospitals	20

Investigations for other departments	10
Fires policed	70
Cars transferred	65
Emergency calls to drowning victims	2
Domestic problems investigated	14
Delinquencies investigated	6
	—
	326
Total calls received at the office	3042

During the past year an effort has been made to quietly and efficiently provide the town with police protection and at the same time avoid any major changes in Police Department policies until the appointment of a permanent Chief.

A number of changes have been made which have proven of benefit to the town, however, one of them being the obtaining of a number of reflectors at the end of Pawtucket Boulevard at the bridge. This site which was the scene of many serious accidents has been accident free since the reflectors were installed. Another change has been the securing of pedestrian control lights at the Route 3 end of Tyngsboro bridge so that persons wishing to cross may have red and yellow lights to safeguard them across this busy intersection. Thanks to the Selectmen the Pawtucket Boulevard end of the bridge abutments have been changed so that instead of cement abutments which prevented persons from seeing down the Boulevard or those coming up from seeing traffic on the bridge, iron railings have been installed, further adding to safety at this point.

The Town has been extremely fortunate that up to the end of the year there has not been a single fatal auto accident in the past fourteen months within this town. The number of serious accidents seems to have been reduced also. The fact that the main highways of the Town are patrolled at night and violators of traffic-regulations are reported to the Registry of Motor Vehicles, for action may have something to do with this.

A smaller, less expensive cruiser was purchased this year by the Town and equipment has been added which has proven of value. It will be noted that the cost of gasoline used has been considerably reduced. The cruiser now carries a pressure type fire extinguisher which has been used on two oil burner fires in homes and has been used on at least two auto fires. A new emergency light is also carried in the cruiser in place of flares formerly used at accidents. This light which is powered by a heavy duty battery flashes a red light in four directions at the scene of an accident. The cruiser carries in addition

to this light another powerful search light which is clamped to the floor of the car at the side of the operator.

This, together with the hand operated search light with which the cruiser is equipped, gives a large amount of light, should it be required. Also carried in the cruiser is a first aid kit, blankets, a long length of rope to be used in case of ice skating accidents, and a life preserver. The car of course has a two-way radio, and a loud speaker has been installed outside the cruiser so that when the officer is some distance away he can receive calls.

At the present time the two-way radio is on the wave length of the Nashua Police Radio. While the city of Nashua provides this town with radio service without charge, it is not too good a setup for a town which is in another state. Some discussion has been carried on this year with Superintendent Sayers of the Lowell Police Department about transferring over to the Lowell Radio Network which would provide another link in a Greater Lowell Radio hook-up. The towns of Dracut, Tewksbury, Chelmsford and Westford are on this network and the addition of Tyngsboro would provide better local police radio service. A small charge is made by Lowell for this service, but when it is considered that all Tyngsboro arrests are booked at the Lowell Police Station and those cases are tried at the District Court of Lowell, and when consideration is given to the excellent service rendered by the three Lowell Hospitals, the benefits far exceed the small cost. Also the Hart Ambulance Service is on this same Radio hook-up which would mean fast ambulance service. The Nashua Police have in the past provided this town with emergency ambulance service, but it must be considered that the Nashua Police are sending their ambulance across the state line. Also to be considered is the fact that, in the event of a fatal accident, the victim should not be moved out of the state, which has been done in the past. All of these major changes, however, should be left to the decision of the permanent chief when he is appointed and are mentioned here as a subject for consideration.

The cost of the Telephone Service in the town has been reduced, as well as the cost of gasoline. Extra money has been expended for additional police patrol. It is my opinion that it is better to cut down expenses such as telephone, etc., and use the money to provide additional police protection. This protection has been provided by the regular employment of Officer Conrad F. Sargent at least two days a week. The time is rapidly approaching when another full time police officer must be added. It is suggested that when a permanent chief is appointed, and he is willing to do so, a two-way radio be installed in his own private car. This would give the town the advantage of

actually having two cruisers. It would mean that should the Chief of the department have to be out of town, he could still be reached by radio and the cruiser be left in the town with an officer to take care of emergencies. Also in the event of two accidents occurring at the same time, which has happened, two radio equipped cars would be of value. The cost of installing such equipment would be relatively small compared to the cost of an additional cruiser.

At some time in the future the Police Department should be connected with the teletype system.

I wish at this time to express my thanks to the Selectmen for their cooperation with me in the past year, and to express my further appreciation for the opportunity of having been of service to the town. I wish also to thank the inhabitants of the town for their cooperation with the Police Department. That there has been cooperation will be evidenced by comparing the offenses for which arrests were made in 1953 with those made in previous years.

Respectfully submitted,

WILLIAM DOYLE, Acting Chief.

ASSESSOR'S REPORT

TABLE OF AGGREGATES

1953

Number of Polls Assessed	833

REPORT OF HIGHWAY SURVEYOR

To the Board of Selectmen and
Citizens of the Town of Tyngsborough

I hereby submit my report as Highway Surveyor for the year ending December 31, 1953.

Chapter 81, road miles, 33.16. Bryants Lane, Elm St., Farwell Rd., Locust Ave., Scribner Rd., Lands End Rd., and Maplewood Ave.: received a treatment of asphalt in most needed portions, also graveling, considerable drainage and general maintenance on all roads. All work was done as specified by the State Engineer, Mr. Joseph Furrier.

Chapter 90, roads miles, 11.39. Coburn Road, Dunstable Road, Parham Road, Sherburne Ave., Westford Road, Willowdale Road, Frost Road, Long Pond Road and Tyng Road, received a treatment of asphalt, also portions of Dunstable Road, Westford Road, Frost Road and Parham Road were treated with Stone M.I.P. All work specified by State Engineer.

Chapter 90, Construction 1400 feet in length, 24 feet wide, has been constructed on Frost Road, and a prime and seal coat of asphalt applied. Cost 8,000.00, contract work done under supervision of the State Engineer.

Approximate of road oil used for all roads 45,000 gallons.

Repairs were made as follows:—Westford Road, Mt. Paul Road, gravel and oil, \$375.00, Oakridge Ave., gravel and drainage 1,000.00, Elm St. gravel and oil, 500.00, Althea Ave., gravel 1,000.00, Westford Road, gravel and oil, 1,500.00, Woodlawn Ave., Sherbrook Ave., Parham Rd., Picard's Beach; repairs 1,000.00.

The usual brush cutting was taken care of in the most needed places.

Respectfully submitted,,

LEO G. PELLETIER,

Highway Surveyor.

REPORT OF TREE WARDEN

To the Board of Selectmen and
Citizens of the Town of Tyngsborough:

Gentlemen:

I hereby submit my report as Tree Warden for the year ending
December 31, 1953.

The tree work was taken care of in the usual manner. All town
roads were gone over for dangerous trees and limbs were taken care of.

Respectfully submitted,

GEORGE L. SMITH,

Tree Warden

REPORT OF CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen and
Citizens of Tyngsborough:

We hereby submit our report for the year ending December 31,
1953.

The cemeteries received spring and fall cleanup and mowing.

Due to the raise in the appropriation they were able to look better
than in the past. Waste and excess fill were removed from the Sher-
burne and Thompson cemeteries changing their appearance consid-
erably.

The sum of three hundred dollars was raised at a special town
meeting for the purpose of the cleaning up and fencing the old Flet-
cher Cemetery off Frost Road.

Two U.S. Veteran flag holders were also purchased for the Vet-
eran's graves. The new section of the Flint Cemetery has been cleared
of brush and stones and has had some loam graded.

A new plan has been drawn up and lots should be available by
middle of spring. More money should be raised this year as this ceme-
tery should be seeded and fenced this spring.

Respectfully submitted,

BURTON K. DODGE, Chairman

MILTON ESTABROOK, Jr.

LEO GREGOIRE

Cemetery Commissioners.

REPORT OF THE SCHOOL BUILDING COMMITTEE

The Town of Tyngsboro, as nearly every other community in Mass., is faced with the serious problem of providing adequate education for its children. The increase in pre-school age children over the last ten year period has filled the Winslow School to capacity. The first step taken to relieve the over-crowding was the two room addition built in 1948. In four years there were four class-rooms housed in this addition, two of these are sub-standard (located in the basement). In September this year another temporary classroom was necessary and space was provided in the Lakeview Ave. Fire Station. Even this did not adequately take care of the overcrowding and in October 1953 another basement classroom was pressed into use. There is no more classroom space in the Winslow School.

Ten years ago the number of children in grades 1-8 was 218 and the entering class was 30. Today there are 408 and the entering class was 77. The student population has increased 100% while the school facilities have increased only 25%. It is time for Tyngsboro to build a new school!

At the Annual Town Meeting on February 16, 1953, a building committee appointed by the School Committee was empowered with \$500.00 to hire an architect to draw preliminary plans for a new elementary school and to report its recommendations as to location and other particulars at a Special Town Meeting in May.

Between February and May a survey of the child population of the town was made. Following a set of educational specifications prepared by the Superintendent of Schools, and the projected school census the minimum of classrooms was determined with the necessary facilities.

The Winslow School was evaluated in reference to another addition. This was found to be impractical for the following reasons:

1. The site was inadequate because of size.
2. The cost would not be reasonable because the state does not share in any expense of changes or improvements to the existing building.
3. The addition would not be part of a long range program.

The Committee met with the State School Building Assistance Commission (hereinafter referred to as the Commission) on March 16th and at this time learned that Tyngsboro was one of the towns that would receive the maximum State Aid of 50% of the cost of a new elementary school. A score sheet for the evaluation of site selection was obtained.

A detailed report of the above information was presented at the May 11th Special Town Meeting with the recommendation for the con-

struction of an eight classroom school, on a site of 10 to 15 acres, centrally located as to school population. The committee report was unanimously accepted and they were instructed to continue its work to select a site. Two hundred dollars was voted for committee expenses.

In selecting a site it seemed well to employ the services of a reliable architect. The committee considered many architects, and on invitation four were interviewed on different evenings. George H. Sidebottom, registered architect of Reading was selected. He attended our weekly meetings and his knowledge and experience were a great aid to the committee.

Twelve sites were visited, inspected and evaluated on the score sheet. One of the top selections was eliminated because of the difficulty in obtaining land from five owners and the expense of taking a business establishment and a house. The site selected, 12 acres of land owned by Mrs. Anna Shipley on the southerly side of Coburn Rd., was surveyed by Walter H. Tyrrell, appraised by Realtor Edward Riney and approved by the Commission.

At the Special Town Meeting July 31st, the townspeople present, unanimously voted to purchase the site from Mrs. Shipley for the sum of \$6,000.00 contingent upon the passage of the school building articles. The committee was instructed to prepare a set of preliminary plans with the estimated cost.

From July to November seven sets of preliminary drawings were prepared by the architect. Two additional meetings were held with the Commission plus a local meeting with two of its members. Many features included in the earliest plans were eliminated because of excessive cost and the only increases were suggested by the commission.

During this time the committee visited many new schools and talked with school officials in many towns. After careful consideration of the educational needs of the Town of Tyngsboro the committee recommended only those features in the plan that were consistent with out minimum requirements and on the most economical basis possible.

Meetings were held with the Selectmen, the Planning Board and the School Committee. The plans were submitted to them, discussed with them, and their unanimous approval was obtained. The Finance Committee approved the building article of \$375,000.00.

A brochure was prepared and mailed to each Box Holder in Tyngsboro. This included a picture, plot plan and floor plan for the new school. The estimated cost of the building project was \$375,000.00, the town's share \$187,500. This cost was to be financed by 20 year bonds at 3% interest, costing the town \$20,625 the first year. This figure represents an increase of \$10. a thousand on the tax rate.

At a Special Town Meeting November 18th, a capacity group of

citizens listened to a full evening of reports and questions on the school building articles. Many questions were raised and finally the meeting was adjourned for two weeks. During this time Nashoba Board of Health arranged to have the State Department of Public Health make percolation tests in the proposed filter field on the site. These tests satisfactorily answered the questions raised in relation to the drainage of the land. In addition tests borings were made and they indicated that the site was suitable for the construction of a school.

On December 2nd at 7:45 P. M. the meeting voted \$258. for the test borings made by Marshall Britt of Groton. At eight o'clock the adjourned meeting of November 18th opened with the above reports. No further concrete information was presented and the question was voted upon by ballot. The motion won a majority of those voting, but lacking the necessary two thirds majority, it was defeated.

Following this meeting the building committee met with the School Committee to determine their wishes. The School Committee reaffirmed its confidence in the building committee and requested that they continue their work. We accepted the resignation of our secretary, Mrs. Curtiss Lustig. A further meeting was held with the Commission. A reduced plan was presented to the Commission and they felt that the features eliminated did not represent a wise saving of money. It was also stated that the Commission had not approved a new school of this size without facilities for an all-purpose room and a kitchen.

We have confidence in our school plans and in the selected site, and have placed an article in the warrant for \$10,000. for a complete set of plans and specifications for this school on this site.

The Committee wishes to thank the many citizens who have given their support to the building program. We also wish to thank the Town Counsel, Mr. R. W. Sherburne, Mr. Edward Riney and all others who have generously given us their assistance.

This committee has accomplished the fact of making the townspeople aware of the need of additional school housing. As yet not enough of the voters are willing to assume the responsibility of providing adequate educational facilities for their children.

Respectfully submitted,

FRANK C. HERRMAN, Chairman
MRS. ROBERT D. LAMBERT, Sec.
MRS. MARTIN BETZ
MRS. PERLEY E. KNIGHT
ARTHUR L. BURRIS
CARLYLE V. HATFIELD
DR. ALBERT CHOUINARD

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Tyngsboro:

Following is the report of the School Committee for the year ending December 31, 1953, including the reports of the Superintendent, School Physician and School Nurse.

The Committee recommends an appropriation of \$102,900.00 for the ensuing year. This covers all items incurred in operating the school, and is approximately \$14,000 more than the amount expended in 1953, due principally to the increase in teachers' salaries, added teachers, and increased cost of supplies and transportation. Of the amount appropriated the state refunds a considerable amount, details of which will be found in the School Department figures.

Due to overcrowded conditions at the school we were forced to make over the upstairs of the firehouse on Lakeview Avenue for a classroom. We were fortunate in having the co-operation of the fire engineers in this emergency. We have also had to use the sewing room as a classroom, and of course have had to hire two new teachers for these rooms.

We have had to install a new jet pump to replace the one installed in 1926.

In accordance with the vote taken at the Town Meeting a building committee was appointed by the school committee, which met regularly and after a great deal of work presented plans at a special Town Meeting. These were turned down by the voters. The School Committee met later with the Building Committee and instructed them to revise the plans and present them to the town at a later day.

We hope the townspeople understand the over-crowded condition of the school and will vote us an adequate new school in the very near future.

Respectfully submitted,

CHARLES H. COBURN,

Chairman of the School Committee

TOWN WARRANT
TOWN OF TYNGSBOROUGH

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Tyngsborough in the County of Middlesex.

Greeting:

In the name of The Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Tyngsborough on Monday the eighth day of February next, at ten o'clock in the forenoon, then and there to act on the following articles:

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, two Constables and one Tree Warden for terms of one year, a Selectman, Assessor and a member of the Board of Public Welfare, Town Clerk, one Highway Surveyor, two members of the School Committee, two Trustees of the Littlefield Library and one Cemetery Commissioner for terms of three years and **one member** of the Planning Board for a term of five years.

All on the same ballot.

And you are further directed to notify the said inhabitants of the Town of Tyngsborough to meet again at the Town Hall in said Tyngsborough on Monday, the fifteenth day of February next at seven o'clock in the afternoon, then and there to act on the following articles:

ARTICLE 2. To see if the Town will vote to accept the reports of the Town Officers and Committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what way the dog license fees shall be used.

ARTICLE 4. To choose all Town Officers not named in Article 1 for the ensuing year, or take any action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1954, and to issue note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws, or take any action in relation thereto.

ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1953 and prior years, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 7. To raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 8. To see what action the Town will take with reference to the compensation of the elected Highway Surveyor.

ARTICLE 9. To see if the Town will vote to permit the Cemetery Commissioners to perform work in the Town Cemeteries and be paid for such labor at the current rate for Town labor, or take any action in relation thereto.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to set aside as a stabilization fund as provided in Section 5B of Chapter 40 of the General Laws as amended, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 11. To see if the Town will vote to raise and appropriate, or transfer from the excess and deficiency fund, the amount of \$1,500.00 for machinery reserve fund, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$160.00 to provide for the water charges of the Dracut Water Supply District for the 16 new fire hydrants along Lakeview Avenue and upper Frost Road, or Take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to regravell and repair a section of Westford Road, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$125.00 to refund to John Collins for money received by the Town for sale of a lot of land to said John Collins, proper title to said lot not being passed, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$190.00 to install ten street lights from the Dunstable line to the corner of Dunstable and Westford Roads, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 16. To see if the Town will vote to accept the sum of \$200.00, the income of which shall be used to provide perpetual care for the Roscoe C. Turner lot in the Sherburne Cemetery, or take any action in relation thereto.

ARTICLE 17. To see if the Town will vote to accept from William O. and Rita A. Bell a strip of land 20 feet wide adjoining the Lakeview Avenue Fire House lot on the northerly side thereof, or take any action in relation thereto.

ARTICLE 18. To see if the Town will vote to raise and appropriate, or transfer from the excess and deficiency fund, the sum of \$350.00 to erect a shelter for the airplane Spotters Division of Civil Defense, or take any action in relation thereto.

(Not recommended by Finance Committee.)

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$500.00 to be used for the purchase, under the direction of the Board of Fire Engineers, of 300 feet of 2½ inch fire hose and appurtenances, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$800.00 to be used for the improvement and hot topping of the front of Fire Station No. 2 under the direction of the Board of Fire Engineers, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 21. To see if the Town will vote to raise and appropriate the sum of \$1,050.00 to replace the present unapproved "15-minute door" of the safe in the Selectmen's office with an approved "six-hour" insulated door; the new door to have a safety latch on the inside for quick escape of anyone accidentally locked inside, or take any action in relation thereto.

(Recommended by Finance Committee.)

- ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to oil and resurface Dixon Street, or take any action in relation thereto.
(Recommended by Finance Committee.)
- ARTICLE 23. To see if the Town will vote to accept Makos Street as a Town way, a distance of three hundred (300) feet, as shown on a plan now on file in the office of the Town Clerk, or take any action in relation thereto.
- ARTICLE 24. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 with which to continue the work of resurfacing, graveling, and repair of Althea Avenue, or take any action in relation thereto.
(Recommended by Finance Committee.)
- ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to repair and oil Oakridge Avenue, or take any action in relation thereto.
(Recommended by Finance Committee.)
- ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to **continue work on** Scribner Road, or take any action in relation thereto.
(Recommended by Finance Committee.)
- ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$2,400.00 for Chapter 90, maintenance and will further vote to transfer the sum of \$2,400.00 from the excess and deficiency account in anticipation of reimbursement from the state and county for this work, or take any action in relation thereto.
(Recommended by Finance Committee.)
- ARTICLE 28. To see if the Town will vote to raise and appropriate the sum of \$3,750.00 for Chapter 90, Construction, Frost Road, and will further vote to transfer the sum of \$8,250.00 from excess and deficiency account in anticipation of reimbursement from the state and county for this work, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 29. To see if the Town will vote to raise and appropriate the sum of \$650.00 to purchase a new Police cruiser, this amount being the difference between the purchase price and trade-in value of the present cruiser, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of \$4,100.00 for Chapter 81 Roads, and will further vote to transfer the sum of \$11,650.00 from the excess and deficiency account in anticipation of reimbursement from the state for this work, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 31. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$1,000.00 for work on the new portion of Flint Cemetery, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$150.00 for cleaning the Town Hall, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for gravelling and oiling Upton Drive and Flint Road, or take any action in relation thereto.
(Recommended by Finance Committee.)

ARTICLE 34. To see if the Town will vote that a permit must be obtained from the Board of Assessors for the erection of any new building or for the alteration of or addition to any existing building, or take any action in relation thereto.

ARTICLE 35. To see if the Town will vote that if any area of the Town shall be sub-divided, a blue print of the sub-division, showing location of sub-division and area of lots, shall be filed with the Board of Assessors, or take any action in relation thereto.

ARTICLE 36. To see if the Town will vote to raise and appropriate the sum of \$300.00 to continue the work being done by the Assessors in compiling proper records for the Assessors' Office, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 37. To see if the Town will vote to raise and appropriate the sum of \$200.00 to clean out and repair the water hole on Middlesex Road at the state line, or take any action in relation thereto.

(Recommended by Finance Committee.)

ARTICLE 38. To see if the Town will vote rather an emergency exists in the school class rooms in Tyngsborough School at the present time, or take an action in relation thereto.

ARTICLE 39. To see if the Town will vote to table the present school building committee, so that a new school building committee can be selected by the Moderator from the Town Hall floor the night of February 15, 1954, the New School Building Committee consisting of two School Committeemen, two Planning Board members, one Selectman, two heavy taxpayers, or take any action in relation thereto.

(Not recommended by Finance Committee.)

ARTICLE 40. To see if the Town will vote to raise and appropriate, or transfer from excess and deficiency account, the sum of \$10,000 for a complete set of plans and specifications for a new Elementary School, this sum to be administered by a Building Committee appointed by the School Committee.

(Not recommended by Finance Committee.)

ARTICLE 41. To see if the Town will vote to raise and appropriate, or transfer from excess and deficiency account, the sum of \$100.00 for the expenses of the School Building Committee, or take any action in relation thereto. (Recommended by Finance Committee.)

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, Post Office, Unitarian Meeting House, and Lakeview Avenue Fire Station in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting as aforesaid.

Given under our hands this 25th day of January in the year of our Lord one thousand nine hundred and fifty-four.

EXPENDITURES, 1953

General Expenses:

School Committee Salary	\$ 150.00	
School Committee expense	115.00	
Supervision Salary	1,224.96	
Superintendent's Expense	440.68	
		\$ 1,930.64

Expenses of Instruction:

Teachers' Salaries	\$ 30,485.58	
Text Books and Supplies	2,000.63	
		\$ 32,486.21

Expenses of Operation:

Janitor	\$ 2,200.00	
Fuel	1,974.15	
Operating	1,310.09	
		\$ 5,484.24

Maintenance:

Repairs	\$ 536.10	
		\$ 536.10

Auxiliary Agencies:

Health	\$ 740.00	
Transportation	22,168.06	
Tuition	20,977.90	
		\$ 43,885.96

Outlays:

New Equipment	\$ 2,399.26	
		\$ 2,399.26

Summer Playground	\$ 100.00	
		\$ 100.00

Total \$ 86,822.41

Total Appropriation \$ 88,475.00

Balance \$ 1,652.59

TYNGSBOROUGH SCHOOL DEPARTMENT

PROPOSED BUDGET, 1954

General Expenses:

School Committee Salary	\$ 225.00	
School Committee Expense	125.00	
Supervision Salary	1,250.00	
Superintendent's Expense	500.00	
		\$ 2,100.00

Expenses of Instruction:

Teachers' Salaries	\$ 40,250.00	
Text Books and Supplies	3,080.00	
		\$ 43,330.00

Expenses of Operation:

Janitor	\$ 2,570.00	
Fuel	2,000.00	
Operating	1,500.00	
		\$ 6,070.00

Maintenance:

Repairs	\$ 700.00	
		\$ 700.00

Auxiliary Agencies:

Health	\$ 900.00	
Transportation	25,000.00	
Tuition	24,000.00	
		\$ 49,900.00

Outlays:

New Equipment	\$ 700.00	
		\$ 700.00

Summer Playground	\$ 100.00	
		\$ 100.00
Total		\$102,900.00

REIMBURSEMENTS

The following reimbursements have been received from the State:

Chapter 70 as amended 1948, Chapter 643	\$ 21,577.48	
Union Superintendent Salary	900.00	
All School Transportation	19,121.30	
Tuition and Transportation Vocational School....	981.80	
		\$ 42,580.58

The above reimbursements to the Town of Tyngsborough represent almost fifty per cent of the total amount expended for schools and therefore reduces the cost of education to the Town of Tyngsborough to \$44,241.83.

Respectfully submitted,

CHARLES COBURN, Chairman

Tyngsborough School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Tyngsborough:

Beginning School Enrollments

As in 1952, this report emphasizes the need for adequate housing for our school pupils. At this time last year, the school census indicated that more than sixty pupils would enter grade one in September 1953. The actual enrollment was 76 pupils. For successful instruction at the first grade level it is highly recommended that there be a maximum of 25 pupils per teacher. Our first grades have 38 pupils per teacher. I do not believe that the parents and citizens of Tyngsborough want to continue to handicap our beginning students through overcrowded classrooms. It is well to bear in mind that grade I serves as the foundation upon which pupils build their future educational careers. Grade I is a critical year, not only for the child, but also for the parents of these children. Perhaps at no grade level is individual attention to individual learning difficulties so vital and important. A good beginning assures future school success as against possible failure, a genuine liking for school as against a dislike for school which in turn leads to disciplinary problems and possible truancy, and pupils tend to stay in school longer as against dropping out of school at the first opportunity. A poor beginning will have its effects throughout the school careers of our youth and it is not the way we all want to start the boys and girls of Tyngsborough off on their educational careers.

The cost of Education

The United States Chamber of Commerce refers to the cost of education as an investment in the youth of America and as an investment in the continuance of a Democratic America. Who is there to say that a cost is too great or that the sacrifices are too many when the future of our democratic way of life is at stake? World Wars I and II, where millions of lives were at stake, are not considered to have been too great a sacrifice for the continuance of a free and democratic America. Is there a dollars and cents cost, that even in the most prosperous years in our national history, can be considered too great if it can accomplish what the cost in human lives attempted to accomplish in our recent past—a free world, and a world at peace?

Educational statistics regarding costs released by the State Department of Education would not indicate that our costs in Tyngsborough are high. Our per pupil costs are well below the state average and well below the medium. Our pupil-teacher ratio (the number of pupils assigned to a classroom) is unusually high, which in large measure accounts for the low per pupil cost. It is well to point out

at this time that approximately one-half of our expenditures for education were returned to the town through various reimbursements of the State Department of Education.

In any discussion of costs,, the beginning point has to be the number of pupils to be served. The number of pupils determine the number of classrooms that are required (30 pupils is considered a desirable maximum) and in turn the number of teachers to instruct the pupils. In September 1953 we had in excess of 400 pupils at the Winslow School. Using a ratio of 30 pupils per teacher we should require 14 teachers and 14 classrooms. In September 1954 we anticipate an enrollment of 440 pupils which would require 15 teachers and classrooms. At the present time we have available only 12 classrooms and these include three temporary basement classrooms in the Winslow School and one temporary classroom in the Lakeview Ave. Fire Station. It is impossible to say at this time how we will house our pupils next September. Unless temporary quarters are available outside the Winslow School, it is evident that all pupils cannot be housed in a single session day. Other school costs, the need for transportation, for textbooks and supplies, for tuition at High School, etc., are also determined by the number of pupils. The cost of education must reflect the increase in the price of goods and services in the business world. Increased costs to the textbook and supply houses, to the school bus driver and to the electric light and fuel companies in turn cost the town more in tax dollars. We cannot eliminate or reduce our requirements for these goods and services in the face of steadily rising school enrollments. Our requirements for additional teachers come at a time when the limited supply of teachers is available only to those towns willing and able to pay adequate salaries for teaching services. State law determines the minimum salary for teachers and you are aware that no teacher with adequate training or experience can be secured at that minimum. Teaching salaries are not attracting an adequate supply of teachers to meet future needs nor are they encouraging our better high school students to enter the profession. It is unfortunate that this situation must continue to exist. When all factors of school cost are carefully analysed you will agree that the cost of education to the town of Tyngsborough is not high and that the return on the tax dollar is indeed high.

The reports of the principal and supervisors that follow give a more detailed account of the Winslow School during the year 1953. These reports and the report of the School Building Committee should be most informative to the citizens of Tyngsborough.

Respectfully submitted,

ELLIOTT A. DIGGLE,

Superintendent of Schools

REPORT OF THE WINSLOW SCHOOL

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Mr. Diggle:

Following is my report on the Winslow School for the year ending December 31, 1953:

The temporary classroom in Fire Station No. 2 was opened in September. Mrs. Margaret Morton, who had successfully carried on our remedial reading program, was assigned to this classroom with a combination of fourth and fifth graders. This move necessitated the elimination of our remedial reading program which is sorely needed and should be re-established when there is an available classroom.

As the enrollment in grades three and six approached the fifty mark, it became necessary to divide these two grades. After careful deliberation it was finally decided to transfer the fourth grades from the fire station back to Winslow. Fifteen sixth graders were transferred to the fire station making that classroom a combination of fifth and sixth grades. The overflow from grade three was combined with the overflow from grade four and housed in the sewing room with Mrs. Alice Giles as teacher. With the permission of the Selectmen, the sewing classes were transferred to the Town Hall. This arrangement is temporary and plans should be made to eliminate these substandard classrooms.

Mrs. Esther Charron was appointed to teach a division of the second grade which is housed in one of the basement classrooms.

Miss Florence Savas was appointed to succeed Mr. James Savas as music supervisor.

We are fortunate to have Mr. Vachon remain with us as supervisor of art.

The Winslow P. T. A. has been active during the past year. The latest project of this organization was the purchase of a bicycle rack to accommodate the many two-wheeled vehicles which arrive daily at the Winslow School.

As this report is being written, the Robert D. Pelletier Post of the American Legion is making plans to send a Tyngsborough boy

to Boy's Stat in 1954. The boy selected must be a resident of the town and in the upper third of the **Junior Class**.

At the request of the principal, the Village Improvement Association has voted to purchase a plaque to perpetuate the names of the Perham Award Scholarship recipients. This plaque will be placed in the Winslow building.

I would like to close my report with the same plea as last year:

We are going to need more classrooms and more teachers when school opens in September, 1954.

Respectfully submitted,

RICHARD O. STARKEY,
Principal.

REPORT OF THE ART SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

Working art experience into a busy curriculum under extremely crowded conditions is a challenge that is not always met with complete success. Unfortunately, in the past year, the crowded areas in some classrooms have been detrimental to creative growth. Since the art program is designed to afford opportunities for creative expression and experimentation it has been somewhat limited due to these crowded conditions. Despite the numerous difficulties involved, the teachers have been doing an excellent job in providing within those limitations and the results have been gratifying.

The additions of new classes in the Tyngsborough schools have resulted in a revised art program. The 1st and 2nd grades are visited every other week, in this manner more time is allowed and the work is expanded.

Our program in the Winslow School is progressing in that a centralized storage area has been realized. We have attempted to build up our supplies and eventually this area will be one from which each teacher may draw upon at their discretion. This year we have been most fortunate to add block printing tools to our department, this is a great step toward the development of a basic craft program. Here again we are assembling numerous sets of poster paints which will be used throughout the school in activities which will certainly expand our productivity.

I wish to extend my sincere thanks to all who have contributed in many ways during the past year. The co-operation of the teachers and the children has been greatly appreciated.

Respectfully submitted,

ALBERT J. VACHON, Jr.

Art Supervisor.

REPORT OF SEWING SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

Sewing Classes have accomplished about the same amount of work as in previous years.

The sixth grade have learned fundamental stitches, use of sewing machines, both electric and pedal and have made simple articles.

The seventh grade have been taught how to use commercial patterns and have made simple dresses, blouses and skirts.

The eighth grade girls have made suits, dresses, and every girl in the class has made her own graduation dress.

Respectfully submitted,

LENA M. COBURN,

Sewing Supervisor.

REPORT OF THE MUSIC SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

"The happy man is the man who sings, for songs are to him as crowns are to kings." The thought expressed in the above quotation is one which I strive to instill in the hearts and minds of all.

True pitch, clear tones, and sweet singing are my primary aims in the lower grades with music theory added in the upper grades.

I would like to see the American Singer Series put into the system some day soon: in the meanwhile as supplementary material each teacher should have a single copy of several books and the album which goes with the American Singer Book for each grade.

The seventh and eighth grades would benefit greatly if they had a set of Twice 55 Song Books.

The sixth and seventh grades sang Christmas Carols in the corridors before the Christmas recess started.

I would like to thank Mr. Diggle, Mr. Starkey, and all the teachers for their kindness and co-operation at all times.

Respectfully submitted,

FLORENCE SAVAS,

Music Supervisor.

REPORT OF SCHOOL NURSE

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

The school work is being carried on as usual. The nurse visits the school daily. Each classroom is visited to confer with the principal and teachers. Classroom inspections are made by the nurse. Advice is given the child if and when necessary. Temperatures are taken when there are symptoms of illness. Home visits were made to absentees; two hundred such visits were made to check on communicable diseases and care was given to ill children when ordered by the family physician.

Physical examinations were given by Dr. William Archibald in the absence of our regular school physician; Dr. Raymond Horan. Notices with recommendations were sent to the parents.

First Aid is given to the children injured at school.

The Massachusetts Eye Test was given all the children by the nurse. There were forty-five who did not pass the test. Notices were sent home to the parents. The audiometer hearing test was given to all the first grade children. Three did not pass this test.

Fifty-eight children entering school for the first time were registered at the "Summer Round Up". Forty-eight of these children were examined. The parents were present. This is a very valuable service as the child has a chance to see his teacher and the mother also becomes acquainted with the health program.

I wish to thank the parents and the teachers for their co-operation.

Respectfully submitted,

MARY T. KENNEY, R. N.
School Nurse.

Respectfully submitted,

EARL R. GILSON, Town Clerk

REPORT OF TRUSTEES OF THE LITTLEFIELD LIBRARY

DECEMBER 31, 1954

To the Honorable Board of Selectmen.

Tyngsborough, Mass.

Gentlemen:

The trustees of the Littlefield Library submit their report herewith.

We find that the library is in good condition and that in the past year it has expanded its facilities. We have maintained the plant in good repair but have made no structural improvements or additions.

We have opened the library at noon on Wednesday and Thursday when the Winslow School was in session so children could take advantage of our facilities. We have instituted a numerical system instead of a nomenclature system on the books of the library. We purchased chairs and lamps for the north and south alcoves of the library for reading and study.

The Historical Society again used the library for their historical Thanksgiving period observance.

Submitted by

WILLIAM E. SHEA

Chairman, Board of Trustees.

ANNUAL REPORT OF LIBRARIAN

DECEMBER 31, 1954

To the Trustees of the Littlefield Library.

Sirs:

The annual report of the Littlefield Library for the year 1954 is herewith submitted.

The Tyngsboro-Dunstable Historical Society held a meeting at the Library on January 29th with Mr. Frederick Burt, Professor at the Lowell Technological Institute giving a talk on "Indian Life in the Merrimack Valley."

On November 20th the Historical Society held a meeting at the Library with Mrs. Hampton of Dunstable showing colored slides of trips she had taken.

Thanks are due Mr. Carl Rehmond, Miss Mona Gove, Mrs Charles H. Coburn, Mrs. Quintin, and Mr. John E. Barr for gifts of magazines and books given the Library.

The Statistics for the year are as follows:

Adult circulation	3725
Fiction	2499
Non-Fiction	1226
Periodicals	3191
Juvenile circulation	4215
Fiction	3185
Non-fiction	1030
Pamphlets	341
Total circulation	11,472
Books added to the Library	218
Purchased	102
Gifts	16
New borrowers	109
Lost books	6
Total number of volumes in the Library	11,518
Fines received	\$41.60

Respectfully submitted

LENA M. COBURN

Librarian

REPORT OF DOG OFFICER

DECEMBER 31, 1954

To the Honorable Board of Selectmen:

Town of Tyngsborough:

I submit my annual report from January 1, 1954 through December 31, 1954.

I called on all dog owners in the Town of Tyngsborough regarding their unpaid dog taxes. Three hundred and ten (310) dog taxes were paid, two of which were for kennel licenses. Thirty (30) persons called on had had no dog for some time.

There were—

40 chickens killed by stray dogs

3 turkeys killed by a stray dog

29 stray dogs picked up, kept six days and then destroyed

9 dogs picked up and buried, that had been killed by
automobiles

10 dog bite cases.

Respectfully submitted,

JAMES ELMER JORDAN, Dog Officer

REPORT OF THE TOWN PLANNING BOARD

DECEMBER 31, 1954

To the Board of Selectmen and the

Citizens of Tyngsborough:

The Planning Board of Tyngsborough made a decision, early in the year, as to whether or not the Town should comply with the new Subdivision Control Legislation which went into effect on Jan. 1, 1954. This particular decision was necessary due to the existence in the Town of two housing subdivisions, Futuramic Homes and Dreamville, Inc.

The board, after consultation with the Office of the Engineer, Land Court Boston, and with representatives of the Planning Board Division of the State Department of Commerce, drew up Rules and Regulations governing subdivision within the Town of Tyngsborough. These rules and regulations were so designed as to protect the townspeople and to provide that large scale projects would be laid out in such manner as to conform to future planning and community needs. Secondly provisions were adopted which require subdivision builders to provide certain minimum services, thus freeing the Town from sudden excessive demands for finished roads etc.

These rules and regulations were adopted as provided for by law, and the Board held its first Public Hearing regarding Futuramic Homes on Friday, July 16, 1954. Since that time the Board has been active meeting with various groups concerning subdivision approvals.

We are happy to report that those subdivisions now in the process of being built are complying with the new Rules and Regulations readily.

We have watched with interest, the results of large scale building in our neighboring towns particularly as regards school needs. The rate of building south of Tyngsborough has been going on to such an extent that some of these communities no longer have building areas available, others are attempting to change their zoning laws so as to limit large scale building projects. In all cases their school populations have increased to such an alarming proportion that they have been forced into extensive school building programs merely in an attempt to meet present day requirements. Recently we have received inquiries from some of these builders who are seeking new untouched areas to exploit, and in each case they wish to ascertain whether we operate under the Subdivision Control Law and whether we have zoning and building laws.

In an attempt to analyze future problems rather than coping with them after they are reality, the Planning Board voted to devote the major portion of their meetings during the coming year to the preparation of protective measures for presentation to the Town as a form of Zoning Laws so devised as to protect against an increase in municipal costs rather than a loss in personal freedoms.

This generally realized need is clearly shown in the following facts and figures taken from a Conference Report of the Division of Planning of the Massachusetts Department of Commerce dated Nov. 1, 1954.

"As of November 1, 1954, and according to information available, the following is a compilation of the 351 communities within the State tabulated as to the extent of existing planning, zoning and subdivision control. Population figures are based on the 1950 United States Census.

Communities with	Number	Percent of Total State Population
Planning Boards	234	95.3
Zoning	174	89.0
Subdivision Control	162	50.5

Since May 1, 1953 sixteen additional communities have adopted new zoning by-laws."

Respectfully submitted,

ALBERT E. CHOUINARD, Chairman
MAXWELL G. SHERBURNE, Secretary
ROLAND W. DERBY
THOMAS L. WALKER
THOMAS E. COUGHLIN

REPORT OF THE PUBLIC HEALTH NURSE

December 31, 1954

Board of Selectmen,

Tyngsborough, Massachusetts.

Gentlemen:

This is the annual report of the Public Health Nurse.

The nursing work is being carried on as usual.

Prenatal, postnatal and new born baby visits have been made to instruct the mother on the care of her health before and after the baby is born. Instructions and demonstrations have been given. This service is given when requested by the family physician. An early visit to your physician is your best protection to you and baby.

Acutely and chronically ill patients and post-operative dressings have been cared for when orders from physician are given. Nine hundred and seventy such visits have been made. Visits have been made to T.B. patients and contacts of same. X-ray appointments have been made for contacts, suspects and for any other person requesting this service.

The Well Child Conferences have been held monthly excepting July and August. This conference for well children is well attended. Dr. Kenneth E. MacLeod, M.P.H. is the attending physician. Immunization against Diphtheria, Tetanus, Whooping cough and Smallpox. Examinations are also given.

Visits have been made to persons having communicable diseases to instruct on care and quarantine. Statistical report on these diseases will be found in the report of the Nashoba Associated Boards of Health.

Fees collected by me and given to the Town Treasurer, \$163.50.

I wish to thank the people who have assisted me in any way with my work. Their cooperation is sincerely appreciated.

Respectfully submitted

MARY T. KENNEY, R.N.

Public Health Nurse.

REPORT OF NASHOBA ASSOCIATED BOARDS OF HEALTH

DECEMBER 31, 1954

Board of Health

Tyngsboro, Massachusetts

Gentlemen:

Your health department, being anxious to give you good service and full return for money spent in its support, is happy to report that during the year 1954, for the sum of \$1,295.14 contributed as Tyngsboro's share of that support, the town received the following services—

Sanitation and Laboratory Services:—

Milk samples collected	304
Tests made on milk	788
Diagnostic cultures for doctors	2
Visits to plants processing milk for Tyngsboro	229
Dairy farms visited	30
Restaurants inspected	60
School buildings inspected	2
Camp inspections	2
Bathing beach tests	11
Day nursery inspections	1
Private water supplies examined	24
Visits regarding sewage disposal	96
Investigation of nuisance complaints	7
Sanitary survey of new housing subdivisions	2
Number of camp licenses issued	6
Ice Cream Licenses issued	2
Milk licenses issued	33
Oleomargarins licenses issued	11
Conferences with Board of Health members	7
Conferences with other town officials	3
Board of Health meetings	1

Nursing, Preventive Dental, and Social Work Services:—

Your nurse, Mrs. Kenney, has continued her faithful service without interruption this year. Her wealth of experience adds much to our monthly nurses' meeting.

One hundred and eighteen out of a possible one hundred and thirty-three children in grades two, five, and eight took advantage of the opportunity to participate in the fluoridation program in February and March this year. The Dental Hygienist will be in Tyngsboro again early in 1955 for the benefit of this year's second, fifth, and eighth graders. Special arrangements will be made for the latter group which is attending school in Lowell this year.

Service from a Medical Social Work Consultant has been available only during the first part of 1954. It is hoped that a replacement will be found for Miss Greene in 1955.

Preventive Medical Service:—

The only communicable disease of major importance, moderately prevalent in the Nashoba Health District during 1954 was Poliomyelitis. Fortunately the severity of the type encountered was not great and most of the cases got off with few serious after effects. It will indeed be wonderful to have (as looks likely) a vaccine available to protect our youngsters against this dreaded disease. The following is a tabulation of the diseases reported in your town during 1954:—

Chicken pox	9
Measles	2
Mumps	10
Whooping cough	2
Scarlet fever	2
Pulmonary tuberculosis	1
Infectious hepatitis	1
Dog bites	8

Immunization against Whooping Cough, Tetanus, Smallpox and Diphtheria continues to be offered at the monthly Well Child Conferences held alternately in Dunstable and Tyngsboro. In your town during 1954—52 children, made 89 visits and received 62 immunizations at five Well Child Conferences. Nine children were referred to their family physicians.

Four patients made five visits to the tuberculosis clinic held every alternate month in cooperation with the Middlesex County Sanatorium at the Nashoba Health Center in Ayer. (Worcester County patients are seen for this purpose at the Worcester County Sanatorium).

In the medical field the Medical Director's services are available in the investigation of communicable diseases, and for consultation at the hospitals in the district, and to the family physicians. The Director was consulted by physicians in the district on numerous occasions during 1954.

The Mental Health Consultation Service of the Mental Health Association of North Central Massachusetts gives needed service to the schools in thirteen of the Nashoba towns, while the Lowell Mental Health Service serves the remaining three for this purpose. The Health Department works in close cooperation with these services, the Medical Director serving on several of the important committees of the North Central Association.

Health work is team work and cuts across many other departmental services both State and local. Cooperation with all agencies interested in health is therefore all important, if the best results are to

be achieved, and the Nashoba Associated Boards of Health through their health department are always glad to cooperate with such agencies as the State Health Department, the State Mental Health Department, and with all voluntary health associations serving the district. Mention should be made of the Middlesex Tuberculosis Association and the North Worcester County Public Health Association in this connection. Mr. F. P. Abbot of Harvard, Chairman of the Associated Boards, meets weekly with the Medical Director in discussing the ways and means from day to day whereby the best may be made of this teamwork. The Associated Boards meet quarterly and through the Executive Committee important interim decisions are made.

Citizens' knowledge of what Nashoba offers is important. Citizens should feel free to call at, or telephone to the Health Center in Ayer (Spruce 2-3561) and ask for the service or information they desire.

Respectfully submitted,

KENNETH I. E. MacLEOD, M.D., M.P.H.

Director

TREASURER'S REPORT

DECEMBER 31, 1954

Cash balance on hand January 1,

1954 \$ 83,544.09

Receipts 384,422.97

\$467,967.06

Disbursements 374,784.89

Cash balance on hand December 31, 1954 \$ 93,182.17

No debts outstanding.

It will be noted this year in the record of receipts that a portion of the general funds have been taken from the checking account on which the town receives no interest and have been deposited in savings accounts as permitted by law, on which the town receives interest. At the present time the Town has on deposit in savings accounts \$30,000.00 on which interest ranging from 2 3/4 to 3% is being received and credited to the General Funds of the Town. It is expected soon to place \$10,000.00 more in another savings bank at 3% interest. In other words the Town Funds are being made to earn sufficient money to pay the cost of the Treasurer's salary. The Town borrowed money during the year in anticipation of revenue but the Treasurer borrowed this money at seven tenths of one percent, leaving the General Funds earning 3%.

Respectfully submitted

WILLIAM DOYLE, Treasurer.

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen
and the Citizens of Tyngsborough:

I submit my report for the year 1954 as your inspector of animals.

During the year I inspected:

Dairy cattle	295

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE ON THE TOWN OF TYNGSBOROUGH 1954

DECEMBER 31, 1954

The Middlesex County Extension Service is a publicly supported, educational institution to serve all the towns of the county in agriculture and home economics. In agriculture the work is developed county-wide under the direction of county councils made up of leading farmers in each of the main commodities as vegetables, fruit, poultry, dairying, livestock, and commercial flowers. A county bulletin is mailed monthly to all cooperating farmers, and timely information is furnished by circular letter, by radio, by telephone and by personal interview, and particular information is sent to those who request it.

Service was rendered in the areas of home grounds and fruit growing.

Information and assistance was made available to all dairy and livestock producers in this area. Farm visits, circular letters, radio talks and local meetings were all employed as means of assisting the local farmers to better understand and keep abreast of the many changes in agricultural techniques.

The official dairy cow testing program in the area is directly supervised by the Livestock Agent and includes the service of complete record keeping on the production and feeding of dairy cows. All farmers in the area have available the services of the Artificial Breeding Program through the local Association, and a soil testing laboratory is maintained to serve all farmers or landowners who desire a soil analysis to determine the fertility of their soil.

Mr. William Avery is active in livestock activities.

Home Demonstration Agents are ready to solve problems in homemaking: foods, nutrition, canning, freezing, clothing, home furnishings and management, family life, and family and community recreation. A monthly letter is sent to all who request it. Mrs. Frederick D. Lambert was reappointed to the Board of Trustees. She, Mrs. Earle Stratton, and Mrs. Orrin C. Leonard are members of the Women's Advisory Council. Homemaking activities during 1954 have included: slip cover construction, furniture refinishing, and lamp shade making, with 4-H leaders participating.

There were two outstanding 4-H Clubs in Tyngsboro. They are the Conservation Club led by Thomas Coughlin and a mixed Craft Club led by Mrs. Ruth Boucher. There were individual members in

gardening, clothing, and sheep projects. The Conservation Club was particularly active and was responsible for some very fine displays at different events. The Craft Club also made a fine exhibit at the County Fair and the Tyngsboro Grange Fair.

Service was extended through the Extension Poultry Program in three primary areas: the poultry flock, its care and improvement, breeding, feeding, health, and management; poultry products, their care and disposition, processing, storage, merchandising, pricing, and consumer information; and the farmer, his farm and family, and agriculture, business management, youth work, and assistance to organizations.

Charles Coburn, was a member of the Poultry Advisory Committee for 1954.

The Extension Service cooperated with the Minuteman Turkey Association and the Middlesex County Poultry Association in holding meetings for everyone interested.

Respectfully submitted,

CHESTER H. QUEEN, Town Director

REPORT OF THE BOARD OF FIRE ENGINEERS

DECEMBER 31, 1954

To the Honorable Board of Selectmen, and Citizens of the Town of Tyngsborough.

The Board of Fire Engineers respectfully submits its annual report for the year ending December 31, 1954.

Alarms responded to were as follows:—

Dwelling Fires	3
Brush Fires	19
Grass Fires	4
Chimney Fires	4
Flooded Oil Burners	6
Electrical Fires	2
Automobile Fires	6
Life Boat Calls	1
Dump Fires	7
Lost Persons	2
False Alarms	1
Mutual Aid (Dunstable)	3
Gas Leak	1
Miscellaneous (Duty at field trials, accidents etc.)	4
Aid to Police	2
<hr/>	
TOTAL	65

Your fire department has completed another highly successful year of service to the town. This has been due primarily to the splendid cooperation given it by the fire-conscious residents, who have carefully heeded the safety suggestions of the Fire Chief

One phase of our 1954 program of prime importance was the pre-suppression policy, which through example, education and publicity has made the citizens of the town aware of the terrible dangers of fire. That this program was valuable is indicated by figures which show a reduction of 14.5% in the number of fires in 1954 as compared to 1953.

Viewed through the eyes of the Board of Fire Engineers, the outstanding accomplishment in 1954 was a document nuanimously approved and adopted by the Board. This paper constitutes a set of by-laws and methods of operation for the Department.

Included are regulations which clearly outline the purpose and aims of the department, and the scope of its responsibility to the town. It sets forth the duties of each company officer, including the chief and his assistant, and provides for responsible leadership at all times.

The purpose of these regulations are twofold. One, it has provided a firm foundation and clear interpretation of departmental policy for present and future Boards of Fire Engineers. Secondly, it discloses to the volunteer firemen the desire of the Board to provide an incentive for efficiency and leadership, and outlines specific regulations necessary for the continued efficient operation of the fire department.

Station No. 2 was again used last year as a temporary classroom, and the overloading of the sewage system through school usage was satisfactorily taken care of by the school department, who assumed this responsibility at the suggestion of the Board. We are grateful to Mr. William O. Bell for his donation of a 20 foot strip of land adjacent to the Station No. 2 property, and this has widened the Station frontage in a desirable manner.

The drive area and front apron of Station 2 has been hot topped, and this adds to the attractiveness of the building and provides a serviceable and much needed paved drive area.

Chief Duff has instituted a vigorous program of oil burner inspections, and all new housing in the town is receiving a careful inspection before approval is given.

A course in leadership and fire training was given to the officers of the department during 1954, and its success prompts a similar advanced training program, which will be given in the spring of 1955 together with another State Department of Education fire-training course for the men of the department. Firemen from Dunstable, who are making an effort to organize a department, will be invited to participate with our men in this training program.

Considerable work has been done on the emergency waterhole on Middlesex road near the state line. This now provides an excellent emergency water source in a highly populated section of the town of considerable valuation. Additional work is necessary to fully renovate this reservoir.

The fire department gave countless volunteer hours of service to the town during the recent hurricanes, and once again the radio network of the department proved its value when all other communications were knocked out for several weeks. During the year the department used its walkie talkie portable two way radio to great advantage, and this has been of considerable assistance in forest fire work and other emergencies when the men operate at considerable distance from the apparatus.

All the trucks are in good shape, and are carefully maintained by an organized steward's service in each station. At some future date, probably five to ten years, it will become necessary to provide for a new firetruck. The Board feels that some money should be set aside

each year to provide for this instance, so when the time comes to fill this need, a large portion of the money will be available. This could be set up as a fire department reserve fund.

The Board accepts the vote of the town in regard to a new station at the Center, but would be remiss in its duties if it failed to again call the attention of the voters to the serious situation existing at the present quarters.

The Board of Fire Engineers and the men of the Department again express appreciation for the confidence and splendid cooperation given them by the townspeople during 1954. Through our continued efforts we hope to continue to merit this high esteem, and to provide economical fire protection service for the citizens of Tyngsborough.

Respectfully submitted,

ROBERT G. DUFF, Chief Engineer

ALBERT E. CHOUINARD, Chairman

BOARD OF FIRE ENGINEERS

REPORT OF THE WELFARE AGENT

DECEMBER 31, 1954

To the Honorable Board of Public Welfare
and the Citizens of Tyngsborough:

The following is my report as Welfare Agent of the Town of Tyngsborough for the year ending December 31, 1954.

There has been no radical change in the Welfare Laws the past year. Recipients of Social Security were given an increase in October, but those that were also receiving assistance from this office had the increase deducted from their town checks.

Our medical expenses have increased approximately 50%. I feel as though this is partly due to the new State Medical Plan with its publicity to the doctors.

We have also made plans for a new Welfare office for the Agent. This was done under orders from the State Dept. of Public Welfare who threatened immediate withholding of all monies if we did not provide said private quarters. We know that they have the authority to do this. It is felt that welfare recipients should not have to be interviewed in a public office. Also, it is a fact that much of the welfare work is carried on with other than welfare workers present. I am in accord with the State Dept. in this matter. At the present time, there isn't any place in the hall to take a welfare recipient or State worker to discuss any problem concerning welfare cases. I therefore sincerely hope that the townspeople will go along with the above request.

I would like to point out that all expenditures except for General Welfare are governed by State and Federal laws and regulations. We do try to make use of every available resource to help cut down these expenditures.

Our office hours remain the same, 9 A.M. to 12 Noon and 1 P.M. to 5 P.M., Monday through Friday.

I wish to again extend my thanks to the Board of Public Welfare, Miss Elise Parkhurst, Clerk in the Welfare Dept., and to other town officials for their copoeration in my investigations and the administration of the Welfare programs.

Respectfully submitted,

GEORGE W. SHIPLEY, Welfare Agent

REPORT OF THE CIVIL DEFENSE DIRECTOR

DECEMBER 31, 1954

To the Honorable Board of Selectmen
and the Citizens of the Town of Tyngsborough:

The following is my report as Civil Defense Director for the year ending December 31, 1954.

We have tried not to do any more than absolutely necessary for a small town.

We were contacted by the U. S. Air Force and requested to establish a Ground Observers Post. With the approval of the Annual Town Meeting, we proceeded to have a building constructed. Mr. Earle R. Stratton has been appointed by the Selectmen as Supervisor of the Ground Observer Corps. Robert D. Pelletier Post #247 American Legion has agreed to sponsor this program. I might add that it takes 168 volunteers to man the post 24 hours a day. The Legionnaires will appreciate any volunteer help in manning this post.

We had a statewide alert during the summer but only the Police Dept. was utilized. Traffic that did not stop of its own accord was stopped.

We were alerted by Civil Defense headquarters during hurricanes Carol and Edna but our regular departments met these emergencies with their usual efficiency.

I wish to extend my thanks to all those who volunteered their services during the year.

Respectfully submitted,

GEORGE W. SHIPLEY,

Civil Defense Director

REPORT OF THE TOWN BEACH COMMITTEE

DECEMBER 31, 1954

The people of the Town of Tyngsborough have now had sufficient time to properly appreciate Pinehaven Beach, located at the foot of Maplewood Avenue on Lake Mascuppic. This is by far the most popular spot in the town during the summer months.

Your committee was able to perform most of the projects which had been set for it during the year. Sand was added to this beach and the general area was again graded. The Tyngsboro Volunteer Firemen's Assoc. offered their services to construct and care for a life raft, which was put into use about the middle of the season. Through the kind services of Miss Mary H. Canney, it was possible to offer life saving classes to those people who were interested.

Of course, throughout all the above mentioned activities and projects there is recognizable the hand of our very capable director, Mr. Ernest Wilkins ("Uncle Toot").

We feel that the most significant project for the coming year is a means whereby overflow water arising from thundershowers, hurricanes and heavy spring rains may be diverted from back of the beach. Since we first started this beach, large sections of the beach have been washed into the lake, thus making it necessary for constantly filling and grading. We feel that a low concrete wall should be erected across the face of the beach about 25 or 30 ft. from the water's edge. This would serve a double purpose as it would be a barrier marking the end of the bathing area and it would also divert these flood waters to the drainage trenches provided at each side of the beach.

Respectfully submitted,

ALBERT E. CHOUINARD, Chairman

THOMAS E. COUGHLIN

REPORT OF TAX COLLECTOR

To The Honorable Board of Selectmen
and the Inhabitants of Tyngsborough

The year 1954 has been a record year in the history of the Town of Tyngsborough. Never has there been such a large tax commitment or such a large tax collection, more than one hundred seventy-two thousand dollars collected during 1954 in taxes.

Yet with this extremely large tax commitment the tax payers have been so cooperative that there are fewer taxes outstanding at the end of 1954 than in any previous year. I feel that the tax payers of Tyngsborough are to be congratulated on their tax paying record, especially with the heavy tax burden carried.

I feel that it is very important to call to your attention the fact that many names appear on the following lists as owing 1954 Motor Vehicle Excise Taxes that are not Delinquent. The mere fact that the names of these tax payers appear here does not mean in any sense that they have neglected their civic duty. It means that many Motor Vehicle Excise Bills are not sent out in time to be paid before the end of the year. This is not the fault of the Taxpayer, the Assessors or the Collector. The Excise cards have been late each year in coming in to the various Towns so that the bills cannot be sent out. As a matter of interest a large number of Excise Bills for 1954 have been sent out since January 1, 1955 so because your neighbor's name appears here please do not be critical.

A new school is about to be built in Town which has been badly needed. This is going to require each individual to be more tax conscious than ever and I am sure that the Collector will have your cooperation in the future as he has had it in the past. The collector's work has increased and will continue to increase and only through the cooperation and the working together of the Town Officials and the Tax payers will we be able to maintain the financial condition which has made it possible for your town to borrow \$316,000.00 for a new school.

The Collector's Office is open from about 8 a. m. until 7 p. m. during most of the year and from 9 a. m. until 5 p. m. in the summer months daily except Sunday. If it is not convenient to come in during those hours, payment may be made by Check or Money Order payable to the Town of Tyngsborough. If a receipt is desired other than cancelled Check or Money Order a stamped addressed envelope should be enclosed.

Respectfully submitted

WILLIAM DOYLE, Collector.

REPORT OF THE POLICE DEPARTMENT

To The Inhabitants of the Town of Tyngsborough:

The report of the Police Department is being submitted to you by the board of Selectmen. Because of Civil Service Regulations no Police Officer of the Town may be designated as Acting Chief until an appointment has been made under Civil Service laws. The Board has deemed it in the best interests of the Town not to make a permanent appointment as yet, but to continue the operation of the Police Department under the direction of the Selectmen.

Of particular interest is the fact that the Town was awarded a citation by the Registrar of Motor Vehicles for having gone a full year without a fatal motor vehicle accident. Actually the Town has gone for more than two years without a fatal motor vehicle accident and should receive another citation this year.

Accidents have been publicized in the Town because of the value that exists in making people accident conscious. Accidents in the Town have actually been reduced considerably.

In the past year Pedestrian Lights have been installed at the Route 3 side of the Bridge which should make it considerably safer for all who wish to cross this busy traffic lane.

In all ways it has been a busy year for the Police Department with two hurricanes adding to the usual police work.

The Selectmen join with the Police Officers in thanking those who have made their work easier.

Respectfully submitted,

WESLEY H. DAVIS, Chairman.

REPORT OF HIGHWAY SURVEYOR

DECEMBER 31, 1954

To the Board of Selectmen and
the Citizens of the Town of Tyngsborough:

I hereby submit my report as Highway Surveyor for the year ending December 31, 1954.

Chapter 81 Roads, miles 34.16—Farwell Road, Locust Ave., Chestnut Hill Road, Westford Road, Sherbrook St., First St., Woodlawn St. and Cummings Road received a treatment of asphalt in the most needed portions, also cleaning, graveling, drainage and general maintenance on all roads. All work was done as specified by the State Engineer, Mr. Joseph Furrier.

Chapter 90 Roads, miles 11.39—Long Pond Road, Parham Road, Coburn Road, Willowdale Road, Sherburne Ave., Lakeview Ave., Frost Road, Westford Road and Dunstable Road received a treatment of asphalt. Sections of Frost Road, Westford Road, Dunstable Road and Lakeview Ave. were treated with Stone M.I.P. All work specified by State Engineer.

Chapter 90 Construction. Frost Road was not completed this year due to several reasons—hurricane tie-up, new relocation of road and inability to rent proper equipment at time. Balance of appropriation was held over and work will be completed in 1955.

The amount of road oil used for all roads was approximately 54,000 gallons.

Repairs were made as follows: Section of Westford Road, gravel and oil, \$1500.00; Scribner Hill Road, gravel and oil, \$1500.00; Oakridge Ave., gravel and oil, \$1000.00; Althea Ave., drainage and gravel, \$1000.00; Upton Drive and Flint Road, gravel and oil, \$1000.00. Dixon St. has not been completed due to the extra work given to the Highway Department from both hurricanes. The balance of the appropriation is held over and work will be completed in 1955.

The usual brush cutting was taken care of in the most needed places. Appropriation, \$1000.00.

Respectfully submitted,

LEO G. PELLETIER, Highway Surveyor

REPORT OF TREE WARDEN

DECEMBER 31, 1954

To the Honorable Board of Selectmen and the
Citizens of the Town of Tyngsborough:

I hereby submit my report as tree warden for the year ending
December 31, 1954.

There were many trees taken down on Scribner Road, that were
killed by fire in past years. There were also, a number of dead elm
trees disposed of over the town.

In addition to the regular work, hurricanes Carol and Edna re-
quired much more work. After each storm highways were open with-
in six hours, although there was six weeks cleaning-up to do.

Respectfully submitted,

EARL H. HUNTER, Tree Warden

REPORT OF CEMETERY COMMISSIONERS

DECEMBER 31, 1954

To the Honorable Board of Selectmen and
Citizens of Tyngsborough:

We hereby submit our report for the year ending December 31, 1954.

The cemeteries received spring and fall cleanup, as far as the
appropriation would allow.

One new power mower was purchased this year, which was of
considerable help.

The new Flint Cemetery received loam and fill and is ready for
seeding in the spring.

The appropriation should be increased this year to keep the new
Flint Cemetery maintained and also to maintain the Old Fletcher
Cemetery.

Respectfully submitted,

MILTON ESTABROOK, Jr.

LEO GREGOIRE

BURTON K. DODGE

Cemetery Commissioners

REPORT OF THE SCHOOL BUILDING COMMITTEE

December 31, 1954

During 1954 the School Building Committee has held 33 meetings locally and 5 with State Agencies. Many of these meetings were held for the purpose of investigating, studying and evaluating the many suggestions made by townspeople, in an attempt to finally present a plan that would meet the approval of the voters.

When the \$10,000.00 for a complete set of plans and specifications was voted at the Annual Town Meeting in February 1954, the Building Committee felt that it must bring about a reduction in the cost of the school and still not sacrifice any of the essential educational facilities.

Our first consideration was given to the pre-fabricated type of construction. Members of the committee visited the Squantum School in Quincy and discussed this type of building with the design-engineer. It was the opinion of the committee, and this was later supported by a group of citizens at an open forum, that a pre-fabricated school would not satisfy Tyngsboro's need for a permanent structure. In addition no state aid would have been guaranteed.

Mr. George H. Sidebottom, registered Architect of Reading, who made the preliminary plans and estimates was asked if he could substantially reduce the cost of the building and prepare a statement of specific figures to show the committee how it could be justified. This was done and the resultant savings was \$47,200.00 A contract with George H. Sidebottom was signed on March 15th, engaging him to draw a complete set of plans and specifications for the elementary school and to continue his work after the Town voted the building articles. During the Spring Mr. Leonard J. Fuyat became associated with Mr. Sidebottom and attended many of our meetings to explain the progress of the drawings.

Another suggestion that the Committee spent a great deal of time investigating was the location of the school site. In an attempt to find another possible site in the area to be served and to acquaint the people with the Shipley site, a tour was planned on February 21. Only 20 came, including members of the Board of Selectmen, Planning Board, Finance Com., School and Building Committees. It was the considered opinion of this group that the Shipley site was the best, that it was not a swamp as many thought. It was the first time that a group of this size had visited the site.

Further site investigation was continued after Mr. Charles Gregoire proposed the property on Lakeview ave., owned by the Grey Nuns of

the Cross of Ottawa, Ontario, Canada as a good location. Excellent co-operation was received from the owners through correspondence and meetings. Mr. John Marshall, director of the State School Building Assistance Commission, approved the location provided additional land was obtained to give the site sufficient width.

On June 15th a special Town Meeting was held. Four articles were entered by the building committee.

1—To purchase approximately 13 acres of land owned by the Grey Nuns of the Cross for \$8500.00

2—To take same property by eminent domain.

(the two articles were voted down by a voice vote.)

3—To obtain 4 acres of land from T. B. Coughlin if either of the previous articles were passed.

4—To obtain \$600. for further test borings.

(this amount was reduced to \$400.00 by Building Commission chairman.)

The Building Committee was now free to proceed with the final plans for the new school on the Shipley site purchased at \$6,000.00

In an attempt to keep the voters informed as to the progress of the work, three open forums were held. At the first, on March 30th, only 60 people were present to discuss with the committee the revised building plans. At the second meeting on May 24th, Mr. John Marshall was present to explain the thinking of the commission as to what makes a wise expenditure of state funds. The state's investment in the new elementary school for Tyngsboro will be 50% of the cost. The preliminary building plans met with the approval of his office. The third meeting, October 22nd, the School Committee and interested townspeople met with Mr. Fuyat to discuss details of building materials, design and structure. Those present were well satisfied with Mr. Fuyat's justification of the proposed building plans.

Further surveys were completed by Walter Tyrell and two additional test borings were made by Marshall Britt. Another percolation test was made by the State Department of Public Health and proved to be satisfactory.

Letters of final approval were received from the State Departments of School Building Assistance, Public Health and Public Safety and also from the Emergency Finance Board. A letter was received from the Dracut Water Commission assuring the Town of water supply to the new school.

The Worcester County Electric Company through Mr. John Bryne, has been working with the committee and the architects to provide adequate electric service to the school.

The active support and interest of the members of the Parent Teachers Association was greatly appreciated. In obtaining permission of the School Committee to open the school on Town Meeting night, many parents were able to attend and know that their children were well cared for by a group of volunteers from the teachers and teenagers.

Another Special Town Meeting was held on November 22nd and three articles were entered by the building fund committee. The first approved by a majority of the Finance Committee, was for the approval of raising and appropriating by bond issue, the sum of \$316,800. for constructing and originally equipping a new elementary school on the Shipley site. This was passed by a bare 2/3 majority of 221 to 105.

The second article was the empowering of the building committee to enter into all contracts and agreements concerning the new school. This was amended to include the entire school committee and was so voted. Since this meeting, both the school committee and the building committee have been meeting in combined session on all new school building matters.

The final article for \$1,000.00 for the school building committee expenses was voted by a voice vote.

Immediately following the Town Meeting the Building Committee received excellent co-operation and interest from Mr. Wm. Doyle, Town Treasurer and Mr. Earl Gilson, Town Clerk in completing the many arrangements necessary for final approval of the granting of the bond issue.

The call for bids on the bond issue was made January 12th, and they were opened January 20th at 12 o'clock noon at the Union National Bank, Lowell. The low bid was at 2.20% interest at a premium of \$4.56 per thousand. The owners are W. E. Hutton & Co., Weedon & Co., Lyons and Shafto, Inc. Local banking officials stated that this was a low bid and reflected favorably the financial condition of the town.

Advertisements for construction bids were taken on January 12th and the bids will be opened on February 3rd at the Town Hall. Construction work will be started as soon as possible after the contracts are let.

The Building Committee wishes to thank the late Town Counsel, Raymond W. Sherburne for his legal guidance and understanding support.

It is the aim of the combined School Building Committee to see that the erection and completion of the new elementary school is accomplished as soon as possible in order that the school children may receive the benefits that the taxpayers have voted for them.

Respectfully submitted

ACCOUNTANT'S STATEMENT

The financial transactions as shown herein are in accordance with the classification as prescribed by the Director of Accounts, Department of Corporations and Taxations, Commonwealth of Massachusetts.

All bills paid by the Town are on file and may be examined by any citizens of the Town on any Monday night or by appointment.

I have also examined and verified books, bank books, and securities of the Town Treasurer and the Selectmen and find them correct as herein stated.

EARL R. GILSON

Accountant.

TOWN WARRANT
TOWN OF TYNGSBOROUGH

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Tyngsborough in the County of Middlesex.

Greeting:

In the Name of The Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Tyngsborough on Monday the Fourteenth day of February next, at ten o'clock in the forenoon, then and there to act on the following articles:

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, two Constables and one Tree Warden for terms of one year, a Selectman, Assessor and a member of the Board of Public Welfare, two members of the School Committee, two Trustees of the Littlefield Library and one Cemetery Commissioner for terms of three years and one member of the Planning Board for a term of five years, and to vote "yes" or "no" on the following question:

"Shall the Town of Tyngsborough vote to accept the provisions of Section Nineteen B of Chapter Forty-one of the General Laws and thereby provide permanent tenure for Earl R. Gilson, the present incumbent in the office of Town Clerk?"

All on the same ballot.

And you are further directed to notify the said inhabitants of the Town of Tyngsborough to meet again at the Town Hall in said Tyngsborough on Monday, the 21st day of February next at 7 o'clock in the afternoon, then and there to act on the following articles:

ARTICLE 2. To see if the Town will vote to accept the reports of the Town Officers and Committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what way the Dog License Fees shall be used.

ARTICLE 4. To choose all Town Officers not named in Article 1 for the ensuing year, or take any action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1955, and to issue note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws, or take any action in relation thereto.

ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1954 and prior years, or take any action in relation thereto.

ARTICLE 7. To raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, as recommended by the Advisory Committee, or take action in relation thereto.

ARTICLE 8. To see what action the Town will take with reference to the compensation of the elected Highway Surveyor.

ARTICLE 9. To see if the Town will vote to permit the Cemetery Commissioners to perform work in the Town Cemeteries and be paid for such labor at the current rate for Town labor, or take any action in relation thereto.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to set aside as a stabilization fund as provided in Section 58 of Chapter 40 of the General Laws as amended, or take any action in relation thereto.

ARTICLE 11. To see if the Town will vote to raise and appropriate, or transfer from the excess and deficiency fund, the amount of \$1,500.00 for machinery reserve fund, or take any action in relation thereto.

(Recommended to raise by the Advisory Committee.)

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$4,100.00 for Chapter 81 roads, and will further vote to transfer the sum of \$11,650.00 from the excess and deficiency account in anticipation of reimbursement from the state for this work, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$2,400.00 for Chapter 90, Maintenance, and will further vote to transfer the sum of \$2,400.00 from the excess and deficiency account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 for Chapter 90, construction, Frost Road, and will further vote to transfer the sum of \$10,500.00 from excess and deficiency account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$650.00 to purchase a new police cruiser, this amount being the difference between the purchase price and trade-in value of the present cruiser, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 16. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$1,000.00 for work on the new portion of Flint Cemetery, or take any action in relation thereto.

(Recommended to be Transferred from E. & D.
by Advisory Committee)

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$300.00 for cleaning the Town Hall, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of \$1,200.00 for road construction on Scribner Road, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$300.00 for the repair and oiling of King David Road, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 with which to continue the work of resurfacing, graveling and repair of Althea Avenue, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 21. To see if the Town will vote to raise and appropriate, or transfer from the excess and deficiency account, the sum of \$1,000.00 for the purpose of repairing, graveling a portion of Norris Road, starting at Frost Road and continuing as far as possible, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 22. To see if the Town will vote that all equipment and labor used on road work including Chapter 81, 90 construction, 90 maintenance and snow plowing be obtained from the inhabitants of the Town whenever such equipment and labor is available, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of \$320.00 to be used for the purchase, under the direction of the Board of Fire Engineers, of 200 feet of 2½ inch fire hose and appurtenances, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 24. To see if the Town will vote to raise and appropriate the sum of \$300.00 to be used for the construction, under the direction of the Town's Beach Committee, of a suitable retaining wall or curbing at the Town Beach, to prevent erosion of the sand area and protect the beach, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of \$800.00 to regravell and repair a section of Westford Road, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 26. To see if the Town will vote to raise and appropriate, or transfer from available funds, the sum of \$900.00 to be expended towards the purchase, erection and landscaping, under the direction of the Honor Roll Committee, of a suitable granite Veteran's Memorial on a plot of land on the triangle north of the Tyngsborough Bridge, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the canvass of the State census, Poll, Dog and Registrars listing, required by law for the year, as of January 1, 1955, or take any action in relation thereto.

(Recommended by Advisory Committee.)

ARTICLE 28. To see if the Town will vote to raise and appropriate the sum of \$3,700.00 for interest on the new School Building loan, or take any action in relation thereto.

(Recommended by the Advisory Committee)

ARTICLE 29. To see if the Town will vote that the Moderator appoint a committee to investigate the advisability of adopting such portions of Chapter 143 of the Gen-

eral Laws as may be deemed advisable and to formulate such zoning and building laws as may be deemed necessary, said committee to report back to the Town as soon as possible, or take any action in relation thereto.

ARTICLE 30 To see if the town will vote to raise and appropriate the sum of \$4,100 for Chapter 81 Roads, and will further vote to transfer the sum of \$116.50 from the excess and deficiency account in in antisapation of reimbursement from the State for this work or take any action in relation thereto.

(Recommended by Finance Committee)

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, Post Office, Unitarian Meeting House, and No. 2 Fire Station, Lakeview Avenue, in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this first day of February in the year of our Lord one thousand nine hundred and fifty-five.

		<hr/> \$ 47,877.14

The above reimbursements to the Town of Tyngsborough represents almost fifty percent of the total amount expended for schools in 1954.

Respectfully submitted

MAXWELL SHERBURNE, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Tyngsborough:

The year 1954 saw the schools of Tyngsborough face up to the many problems of a growing community. Early in the year the School Committee appointed Mr. Peter Scimeni to teach Arithmetic and Spelling in the sixth, seventh and eighth grades in order to give Mr. Starkey time to perform administrative duties. This was a very important and necessary advance for the proper administration of a four hundred pupil elementary school.

Because of the growing school population the following new teachers have been appointed to the faculty of the Winslow School since 1953:

Mrs. Alice Giles—Grade 3

Mrs. Hester Ames—Grade 2

Mrs. Theresa Tarrant—Grades 6 & 7

Mr. Andrew Morse—Grades 6, 7 & 8

Classroom enrollments are now at a more desirable and manageable level.

In September, 1954, due to a shortage of classrooms, it was necessary to operate Grades I and II on a half session day basis. This is not good administration, it is a last resort measure, and the parents teachers and pupils have co-operated most gratifyingly in adjusting to a difficult situation.

In November 1954, at a Special Town Meeting, the citizens voted the recommendations of the School Building Committee and it is hoped that by December 1955 a new Elementary school will be ready for occupancy. With all the problems facing today's taxpayer, the decision to build a new school will do more good for the youth of Tyngsborough than any other decision of past years. It was a wise, though difficult decision. Many fine individuals worked beyond the ordinary call of duty for a very worthy objective—the education of your children.

THE SCHOOL BUDGET

Very briefly, I would like to analyze and comment on the school budget. Perhaps the most obvious characteristic is a continual increase year after year. This increase reflects two problems faced by your School Committee: first, an increase in the number of pupils to be educated, and second, an increase in the cost of educational supplies and services. Most items in the school budget are to a large extent beyond

the control of the School Committee. Lowell, for example, has recently indicated that due to increases in their cost of secondary education an increase in tuition rates should be anticipated by towns sending tuition pupils. There is no alternative, the established tuition rate must be paid. Tyngsborough has been fortunate in that tuition costs are reasonable and in the fact that our High School pupils have the advantages of a large High School such as Lowell. This account represents a large per cent of our budget. Minimum salaries are established by law and experience has indicated that teachers are not available at minimum salaries. Transportation of pupils is put out to bid as required by law and contracts drawn for a three year period. We receive excellent service from our school bus drivers at a very reasonable cost. These three items alone represent almost 90% of the 1954 school budget. Other costs, such as telephone service, electricity, fuel, textbooks, school supplies etc., are fixed by the companies supplying these necessary services. They represent a small fraction of the total budget, but every effort is made to keep these services at a reasonable level.

REPAIRS AND MAINTENANCE

The years have taken their toll on the Winslow School. Home owners realize that maintenance and repair expenditures increase as the years go by. The same is true of a school building housing more than four hundred pupils overcrowded to a point where double sessions became a necessity.

During the past year many improvements were made in the physical plant. New desks were purchased to replace bolted down cast iron frame desks no longer serviceable. The cast iron boiler, after approximately forty years of service, could not be repaired and was replaced by a new steam boiler designed to heat the entire building. New return water pipes replaced those that were thoroughly rotted out.

Several classrooms were redecorated, thus creating a more pleasing atmosphere for teaching and learning. The P. T. A. recommended that doors be installed in the girls room. This was a very reasonable request, surprising in the fact that they had not been installed years ago. There were many other items of maintenance such as replacing broken windows, sealing and waxing floors etc., completed during the year.

ITEMS OF GENERAL INFORMATION

The P. T. A. continues to be a very active organization. It has a genuine interest in the progress of the Winslow School and is generous in its support of school activities and program. Its contributions are sincerely appreciated.

The Winslow School presented a program of Christmas music under the direction of Mr. Limberakis, Music Supervisor, that was very well done and well received. All pupils and teachers responsible for such an excellent program should be congratulated.

Several special assembly programs were presented to the pupils. The Grange annually presents a Puppet Show that is eagerly anticipated. Our school would not be a good school without the help of the many organizations that provide these extras.

I should like to close this report with a thank you to many parents, citizens and teachers who have contributed to the work of the school during the past year. Your continued co-operation is most welcomed in the years ahead.

Respectfully submitted

ELLIOTT A. DIGGLE

Superintendent of Schools

REPORT OF THE WINSLOW SCHOOL PRINCIPAL

Superintendent of Schools
Tyngsborough, Mass.

Dear Sir:

Following is my report on the Winslow School for the year ending December 31, 1954:

Each year, in my annual report, I have been stressing the fact that our classrooms were overcrowded and that we desperately needed more housing facilities. Now, with the construction of a new school a reality, our housing problems will be solved.

This year, Mr. Diggle, I would like to make my report more or less directly to the parents and ask why so many of them show little or no interest in the progress of their children's work in school.

I salute those parents who are in constant touch with the school and keep a watchful eye on the development of their children. These are the parents who visit school, confer with the teachers, see that homework is completed, and take advantage of our open-house program which is a feature of our P. T. A. meetings.

My concern is with those parents who ignore report cards, ignore letters from the school, have no time for conferring with the teachers, and to those who feel that if their child wants to stay at home on a school day it is none of the school's business.

On December 1, 1954, report cards were sent home for the second marking period. All cards were signed by parents or guardians and returned to the school. In the 6th, 7th, and 8th grades there were a total of eighteen pupils who took home cards with unsatisfactory marks in one or more subjects. In not one instance did the parents of these eighteen pupils contact the school to find out what could be done to improve these marks.

Last year, after the close of the first semester, I sent letters to a number of parents, calling attention to the failing grades of their children, and warning them that promotion would be impossible unless these grades were improved during the second semester. As a result of these letters, one parent came to school, conferred with the teachers, and the following report cards showed so much improvement that the child was promoted in June. Another parent acknowledged the letter by phoning the school. All others were completely ignored.

Often times parents will ignore poor report cards until the last few weeks of school. Then they phone or visit and want to know what they can do to assure their child's promotion. Of course nothing can be done at such a late date.

Regular attendance is a most important contribution towards a successful education. Most parents are aware of this and make special

efforts to have their children in class every day that school is in session. But there are always too many parents who will let their children stay out of school almost at the will of the child. I sincerely believe that regular attendance in school helps establish habits that will follow the child to adulthood and into the competitive field of wage earners.

Too often children stay out of school with or without the knowledge of their parents, and the parents in turn will sign excuses protecting the child from the just consequences he should receive by the school for an unauthorized absence. An illustration: On the first day of the deer hunting season an eighth grade boy was absent. The next morning when he returned to school I asked him if he'd shot a deer the day before. He readily told me about his day's experience in the woods. The young man then hands me an excuse signed by his mother which read, "Please excuse—for being absent yesterday. He was sick all day." Parents when you lie for your children and they know you are lying, you can well expect that eventually they are going to lie to you, and what then will be your defense?

In the four upper grades 71% of the pupils appearing on our last Honor Roll had perfect attendance. 18% were absent only one day, 6% were absent only two days, and only 5% were absent more than two days.

In my opinion over 90% of the so-called juvenile delinquency cases can be traced directly to the home environment. In many cases these juvenile problems develop in families where both parents are employed and the children are left too many hours alone without the guidance and companionship of the father and mother. I mention this fact because our habitual truancy cases and most of our severe disciplinary cases have occurred under such circumstances.

There has always been a question in my mind whether or not any parents bother to read this report. If, perchance it is read, I would like to close with the following suggestions to them.

1. Keep a watchful eye on your child's work in school. If he brings home a poor report card, contact his teacher without delay.

2. See that your child attends school regularly. Check the attendance record on his report card. If your child plays truant, don't lie for him, let him take the consequences.

3. If you have a grievance with your child's teacher, don't hesitate; come immediately and discuss your grievance with the principal and teacher. Don't discuss your grievances in the presence of your children.

Respectfully Submitted

RICHARD O. STARKEY, PRINCIPAL

REPORT OF THE ART SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Mass.

Dear Sir:

The school year not having progressed too far coupled with this being my first year in Tyngsborough, my program has not reached the point whereby it may be adequately reported upon. However, I shall express my hopeful aims.

Realizing that all students are not born artists, my program is set up to allow for as much free expression as possible, whereby, there is enjoyment for all rather than the satisfaction by a few. Of course, the fundamentals of art are introduced where and when necessary, mostly, individually to the pupil, to allow for more time in work than in explanation. Many mediums are offered with varied experiments in each.

New materials have been received and with a new cabinet for storage we should operate our program with greater success. It is my hope to use new materials and art experiences in each grade level.

My many thanks to the fine co-operative teachers who have helped me greatly in my first year of teaching. I only hope the pupils enjoy working with me as much as I do with them.

Respectfully submitted
GERALD A. MILLER
Art Supervisor

REPORT OF THE SEWING SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Mass.

Dear Sir:

In the sixth grade in sewing the girls have learned the fundamental stitches, made small articles such as holders, towels, bags, skirts and have learned how to use the electric sewing machines.

The seventh grade girls have been taught how to work with commercial patterns, and have made simple dresses, blouses and skirts.

The eighth grade girls have made jumpers, dresses, blouses and some of the girls made their graduation dresses.

Respectfully submitted
LENA M. COBURN
Sewing Supervisor

REPORT OF THE MUSIC SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Mass.

Dear Sir:

"The ultimate goal of all music education is music appreciation."

A course of study has been set up for grades one to six which shows the work that will be covered during the year. Mr. Starkey, Principal of the Winslow School, has been given a copy of this program. In brief, it gives all the theoretical materials to be covered during the year. Each teacher has a course of study for her grade and an assignment music book in which all lessons are made for the week. This course of study is supplemented with an appreciation of record listening, rhythm band, and performance.

This course has attempted to aid the teachers in fully understanding the work that will be covered.

A fifth grade Christmas program was arranged for the parents of this class.

The sixth-seventh-eighth grade junior chorus has been organized and has performed a Christmas presentation at the Town Hall. An Easter broadcast is in the process of being arranged for this chorus. An operetta will be presented by the upper grades in June. A trip to see a musical stage show in Boston is also being planned. Another project under consideration is a trip to Boston in June to hear the Boston "Pops" Symphony Orchestra. I am hoping that the students, teachers, and parents will assist in realizing this project.

The five pianos in the Tyngsborough School System are in dire need of repairs and tuning. Such repairs would immeasurably improve the musical experience of the students.

In closing, I would like to take the opportunity to thank Mr. Diggle, the Principal, Mr. Starkey, and the teachers of Tyngsborough, for their sincere co-operation and interest.

Respectfully submitted

CONSTANTINE LIMBERAKIS
Music Supervisor

REPORT OF THE SCHOOL NURSE

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Mass.

Dear Sir:

The school work is being carried on as usual. The nurse visits the school daily. Each classroom is visited to confer with the Principal and teacher. Classroom inspections are made by the nurse. Advice is given the child if and when necessary. Temperatures are taken when there are symptoms of illness. If necessary the child will be taken home and the parent will be advised to call the family physician. The nurse will give care to ill children when ordered by the physician.

Physical examinations were given by the school physician. Dr. Raymond Horan has resumed his service after serving in our U. S. Army. Notices of defects found were sent to parents.

First Aid is given to the children injured at school by each individual classroom teacher. The nurse follows up the accident when necessary.

The Massachusetts Eye Test was given all the children by the nurse. There were twenty-three who did not pass the test. Notices were sent home to the parent. The Audio-Meter hearing test was given to all the children. Eleven did not pass this test. The parents co-operate fully with the nurse when they are notified of the eye and ear failures.

Sixty children entering school for the first time were registered at the "Summer Round UP." Three children were examined by Dr. Raymond Horan. The parents were present. This is a very valuable service as the parent and child have the opportunity of meeting the teacher and become acquainted with the health program.

I wish to thank the parents and teachers for their co-operation.

Respectfully submitted

MARY T. KENNEY, R. N.
School Nurse

ARTICLE 7. Voted to rescind the action taken at the Annual Town Meeting of 1953 relative to the payment of Town Labor, and voted to adopt the following recommended scale of wages for Town Labor: Labor \$1.35 per hour: Truck Operators \$1.45 per hour: Grader Operator \$1.85 per hour.

ARTICLE 8. Voted to adopt the following BY-LAW in accordance with Section 40A of the General Laws as amended.

To promote the health, safety, morals, convenience, and general welfare of its inhabitants, to lessen the danger through fire, congestion and confusion, and to improve and beautify the town: To encourage and stimulate industrial development: To regulate the use and construction of buildings and premises, and to encourage the most appropriate use of land under and pursuant to the provision of general laws, chapter 40A, section 1-22 Incl., chapter 93, section 20, chapter 143, Section 3 and all acts and amendments thereto: the use construction, repair and alteration of buildings or structures, and the use of the premises in said town are hereby restricted and regulated as hereinafter provided.

SECTION 1—ESTABLISHMENT OF DISTRICTS:

For the purpose of this bylaw the town of Tyngsborough is hereby divided into two classes of districts to be known as:

- A) General Residence and farming districts
- B) Business districts

All as shown and identified upon a map entitled, "Town of Tyngsborough, Mass., Zoning Board map prepared under the direction of the the committte authorized to investigate and report on said regulations, "dated April 10, 1955, filed in the town clerk's office, which map together with all explanatory matter thereon, is hereby incorporated in and made a part of this bylaw.

Lots in two districts: Where a district boundary line divides any lot existing at the time such line is adopted, the regulations for the less restricted portion of such lot shall extend not more than thirty (30) feet into the restricted portion, provided the lot has frontage in the less restricted area.

SECTION 2—GENERAL RESIDENCE AND FARMING DISTRICTS:

In a general residence or farming district no building structure or part thereof, shall be constructed, altered, enlarged or used, and no premise shall be used for any purpose except:

- 1) Single family, double family or semi-detached houses.
- 2) Multiple dwellings.
- 3) Church, public school, or other public use.
- 4) Farming, market garden, roadside stand, office space, nursery or greenhouse selling only the produce of plants, the major portion of which is raised in the town of Tyngsborough, barns in the farming districts and auxiliary buildings, and excluding use injurious, noxious, or offensive to the neighborhood.
- 5) Such accessory use on the same lot, and customary and incidental to the above permitted uses and not detrimental to a residential neighborhood. The term accessory use shall not include:

- A) Trailer space or trailer camp and slaughter house.
- B) Advertising signs, except those pertaining to lease, sale or use of a lot or building on which they are placed, and and not exceeding a total area of nine (9) square feet.
- C) Any of the following uses provided it is not injurious, noxious or offensive to the neighborhood, and provided only if application is made to the board of selectmen and authorized and permitted by them: Private aviation, cemetery,, golf club, gravel, sand or stone removal, road side stand hospital convalescent home or other medical institution, municipal use, public garages and variety stores.

SECTION 3— BUSINESS DISTRICTS:

In the business districts no building or structure or part thereof shall be constructed, altered, enlarged, reconstructed or used, and no premise shall be used for a coal, junk, or lumber yard, or for any pupose injurious, unsightly, noxious or offensive to a neighborhood by reason of the emission of odor, smoke, fumes, vibration or noise or by reason of the emission of odor, smoke, fumes, vibration or noise or any cause, or for any purpose except:

- 1) For any purpose authorized in the general residence and farming districts.
- 2) The following purposes, providing application is first made to the board of selectmen and permitted and authorized by them: hotel, restaurant, or other eating place, office, bank or other monetary institution, theatre, club, hall or other place of amusement, or assembly and retail stores.
- 3) Any additional use which the Board of selectmen may permit or authorize in a specific case under the provisions to be set forth herein in a section entitled "administration" provided they find the use is similar to one or more of the uses previously authorized in this section, and that it would not substantially reduce the value of the property within the district.

SECTION 4— NON-CONFORMING BUILDING, STRUCTURES OR USES:

- A) This bylaw shall not apply to existing buildings or structures nor to the existing use of any buiding or structure, but it shall apply to any alteration of a building or structure to provide for its use for a purpose or in a manner substantially different from the use to which it was put before altered. In the event

of the accidental destruction of such a building or structure, the board of appeal shall authorize the owner at the time of such destruction, to rebuild it within two (2) years.

- B) This bylaw shall not apply to any existing business duly established to carry on a legitimate enterprise in this town at the time of passage of these regulations, or the use of any parcel of land for that purpose for its entire area.

SECTION 5—AREA REGULATIONS: MINIMUM AREA AND FRONTAGE LOT.

- A) General residence districts and farming districts shall provide a street lot frontage of not less than 200 feet, and an area of not less than 30,000 square feet for each dwelling constructed or placed thereon.
- B) Exception: In any district, a single family dwelling may be erected on any lot separately owned at the time of passage of this law, or if such lot was shown on a duly recorded plan, at the time of the passage of this zoning bylaw, in the Middlesex North District registry of deeds, or the land registration office, provided only if said lot has a minimum of 75 foot frontage and 7400 square feet of land. Excepted areas to include such plans as the Mt. Rock Plan, Mt. Royal Plan Pinehurst Plan, Snow & Horsefall Plan, Willowdale Park and Willowdale Addition Plans, Williams Plan, Charles Perham Plan, Bowers Plan, Gourley Plan, Charles Sherburne Plan, Sherburneville Plan, Gregoire, Felker, Dixon, Nolin, Sargent, Breezycrest and Lakeland Plans.
- C) In business Districts except as to residential buildings, there shall be no restriction as to lot frontage except that full compliance must be made with Section 5 Par. (B), and new residential construction shall conform with Section 5, Par. (A), as to frontage and area.
- D) Front yards No building or structure in any residential district shall extend nearer the exterior street line than thirty feet.
- E) Side Yards: No Principal building in any general residence or farming district, and no building used for dwelling purposes in any other district, shall have a side wall nearer to any side lot line than thirty feet. Accessory buildings in a residential or farming district shall not be nearer than five feet to a side lot line.
- F) All areas in the Town shall be classified as "General Residential and Farming Districts" except the following areas, which will be classified as Business Districts:

- 1) Middlesex Road, from the North Chelmsford Town line to the New Hampshire line, to a depth of 300 feet on each side of the road.
- 2) Kendall Road, from Bryants Lane to the Dunstable Town line, said zone to extend on each side of the road to a depth of 300 feet.
- 3) Westford Road, from Middlesex Road to Swan Road, and thence along Swan Road to the Westford Town line, said zone to extend on both sides of the road to a depth of 300 feet.
- 4) Pawtucket Blvd, from the Tyngsboro Bridge to the Lowell city line, said zone to extend on both sides of the road to a depth of 300 feet.
- 5) Sherburne Avenue from Indian Lane to the junction to Coburn Road, said zone to extend on both sides of the road to a depth of 300 feet.
- 6) That parcel of land bounded by Curtis Road, Indian Lane, Sherburne Avenue, Coburn Road, Lawndale Road, to Currtis Road shall be designed as a Business Area.
- 7) Lakeview Avenue from the junction of Pinehurst Avenue to the Dracut Town line, said zone to extend on both sides of the road to a depth of 300 feet.

SECTION 6— ADMINISTRATION

- 1) Procedure and Enforcement: This Bylaw shall be enforced by the Selectmen and the Building Inspector. They shall issue no permit for the erection or the alteration of any building or part thereof, plans and specifications and intended use of which are not in all respects in conformity with the provisions of this bylaw. With each application for a permit to build, there shall be filed a plan or sketch of sufficient detail, showing the lot, the area, and the location of which justify the building.
- 2) Board of Appeal: The Board of Selectmen shall appoint a Board of Appeal of three members, the first appointments to be for the term of one, two and three years, thereafter for three years, and an associate member for a three year term, thereafter for a like term. The Board of Appeal shall have the powers and duties as set forth in Massachusetts General Laws, Chapter 40A, Section 15, 16, 17, 18 and 19.
- 3) Invalidity: The invalidity of any section or provision of this Bylaw or of any boundary line or of any district or part thereof as laid down upon the zoning map, shall not

affect the invalidity of any other section or provision of the Bylaw, or of any boundary line or of any other district or part thereof as laid down on the zoning map.

Motion made and voted to have the reading of the Warrant by Town Clerk be omitted.

Special Town Meeting July 25, 1955

ARTICLE 1. Voted as amended

Voted to raise and appropriate the sum of \$5,900.00 for the purpose of installing an eight inch water main on or adjacent to Poplar Avenue, from the Dracut Water Company water main on Lakeview Avenue to the site of the New Elementary School, and to install a three inch water line together with a meter from the end of the afoesaid eight inch main to the site of the buildings of the New Elementary School together with a hydrant, said appropriation to include the expense of removing trees, brush and all other labor and expenses connected with the installation of said water pipes, all arrangements, contacs and supervision to be conducted by joint building committee.

ARTICLE 2. Voted to raise and appropriate the sum of \$1,500.00 for fees for legal counsel.

ARTICLE 3. Voted to raise and appropriate the sum of \$300.00 for General Government Exclusive of Salaries.

ARTICLE 4. Voted to raise and appropriate the sum of \$75.00 for the expense of the War Memorial Committee.

ARTICLE 5. Voted to raise and appropriate the sum of \$12.00 for the Town Planning Board.

REPORT OF TRUSTEES OF THE LITTLEFIELD LIBRARY

To the Honorable Board of Selectmen
Tyngsborough
Massachusetts
Gentlemen:

The trustees of the Littlefield Library submit their report herewith.

We find that the library is in good condition and that in the past year it has expanded its facilities. We have maintained the plant in good repair, but have made no structural improvements or additions hereto.

We have allowed the Winslow School one of the reference rooms in the library for classes each day.

The Historical Society again used the library for their historical Thansgiving period observance.

Respectfully submitted by
William E. Shea
Chairman, Board of Trustees

ANNUAL REPORT OF LIBRARIAN

To the Trustees of the Littlefield Library

Sirs:

The annual report of the Littlefield Library for the year 1955 is herewith submitted

The Tyngsboro-Dunstable Historical Society held a meeting at the Library in November with Mr. Morton and Mr. Sanborn showing colored slides of local places. During the day articles of historical interest were on exhibition for children under the supervision of Mrs. Hammond and Miss Elliott.

Thanks are due Mr. Carl Richmond, Miss Mona Gove, Mrs. Charles Coburn, George Robeson, Mrs. Yvette Shepard, Mr. Roscoe Turner, Mr. and Mrs. Walter Douglass, Mrs. Martin Betz and Miss Eleanor Stuart for gifts of magazines and books given to the Library.

Books were presented to the Library by the Ladies Alliance of the First Parish in memory of—

Mrs. Grace Wilson

Mrs. Marion Simoneau

Mr. Raymond W. Sherburne

Due to the over crowded conditions at the Winslow School one of the reference rooms is being used for classes morning and afternoon each day.

Another new chair and lamp have been placed at the North end of the Library making an inviting place to look at the new books.

Double windows have been put on the windows at the back of the library which should make the rooms on that side much warmer.

There has been quite an increase in circulation this year.

Statistics for the year 1955 are as follows:

Adult circulation	4086
Fiction	3095
Non-fiction	991
Periodicals	2852
Juvenile circulation	4237
Fiction	3219
Nonfiction	1018
Pamphlets	461
Total circulation	11,636
Books added to the Library	223
Purchased	199
Gifts	24
New borrowers	112
Lost books	18
Total number of volumes in the Library	11,723
Fines	\$38.39

Respectfully submitted,

Lena M. Coburn

Librarian

BOOKS ADDED TO LITTLEFIELD LIBRARY IN 1955

Adult Fiction

- Abbott, J.—Open Way.

 American Birds.

REPORT OF THE WELFARE AGENT

WELFARE DEPT.
 December 31, 1955.

To the Honorable Board of Selectmen and the Citizens of the Town of Tyngsborough:

The following is my report as Welfare Agent for the year ending December 31, 1955.

There was only one major change in the Welfare Laws last year that directly affected the Old Age Assistance Recipients. This was a Transportation Allowance of \$2.50 monthly for every recipient except those in a Nursing Home or an Institution. It did not become effective until January 1, 1956.

Also on Old Age Assistance we have started to process the Real Estate Leins of those recipients who owned real estate. These recoveries will show in the Town Report from year to year under the Town Accountant's report. The money received is divided among the Federal, State, and Local governments. The amount which goes to each is determined by the State.

Our office hours remain the same in the Selectmen's office 9 A. M. to 12 noon and 1 P. M. to 5 P. M.

I wish to express my thanks to Miss Elise Parkhurst, your clerk in the Welfare Department and to all the Town Officials for their co-operation during this past year.

Respectively submitted,
 George W. Shipley, Welfare Agent

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

December 31, 1955.

To the Honorable Board of Selectmen
and Citizens of the Town of Tyngsborough:

The following is a summary of work completed during the year 1955:

Sealed:	
Number of scales over 10,000 lbs.	7
Number of scales 100 to 5,000 lbs.	7
Number of scales under 100 lbs.	14
Number of gasoline meters 1 lb. or less	22
Number of kerosene pumps	3
Number of grease pumps	5
Condemned	0
Total mileage covered during yaer	62 miles
Total fees taken and paid to the Treasurer	\$43.00

Respectfully submitted,
RAYMOND F. WILKINS
Sealer of Weights and Measures

REPORT OF CEMETERY COMMISSIONERS

December 31, 1955.

To the Board of Selectmen and the
Citizens of Tyngsborough:

We hereby submit our report for the year ending December 31, 1955.

The cemeteries received the spring cleanup and were maintained throughout the summer and fall months.

The crumbled wall at the entrance of the vault at Thompson cemetery has been repaired on one side. We hope to do the other side this year. Also, replace the old fence with a new one.

Work on the new section of the Flint Cemetery stopped because of cold weather. The balance of the appropriation will be carried over to complete the work in 1956.

Respectfully submitted,
MILTON ESTABROCK, JR.
BURTON K. DODGE
Cemetery Commissioners

ANNUAL REPORT OF THE TOWN PLANNING BOARD

December 31, 1955.

To the Board of Selectmen and the
Citizens of Tyngsborough:

The role of the Planning Board in Subdivision Control was greatly amplified during the past year. This has become one of the most important functions of Planning Boards in other communities in the State. An examination of the agendas of recent meetings of the Planning Board Association has indicated that the continued rapid growth of your communities is a problem and a challenge everywhere. There is a definite need to attempt to amplify the community services in proportion to this growth in such a manner that the citizens are not suddenly confronted with an extensive and expensive amplification of their schools, road systems, etc.

Early in the year the Planning Board as a group served on a committee appointed to study zoning needs. This group in a series of meetings prepared a moderate form of zoning suited to the town's needs. This proposal was presented first in a form of public forum and then in a formal hearing. This was followed by inclusion in a warrant of a special meeting, at which time the voters accepted the zoning proposed by a greater than two thirds majority.

Shortly thereafter your Planning Board saw fit to publish this Zoning By-Law along with the Rules and Regulations of the Planning Board relative to Subdivision Control in one booklet. This was in the form of a public service to the town.

The Board, as a result of a meeting with the Assessors and the Building Inspector, are recommending certain by-laws designed to assist these two important departments in the performance of their prescribed duties.

These changes in the growth and responsibility of our community have effected the scope of the Planning Board in such a manner that we feel that it is time to re-examine the Board's map of the Town for the purpose of bringing it up to date. A second and also an important need is a study of industrial opportunities here in Tyngsborough.

Respectfully submitted,

ALBERT E. CHOUINARD, Chairman
MAXWELL G. SHERBURNE, Secretary
THOMAS E. COUGHLIN
THOMAS L. WALKER
ROLAND E. DERBY

REPORT OF THE PUBLIC HEALTH NURSE

Board of Selectmen,
Tyngsboro, Mass.
Gentlemen:

This is the annual report of the Public Health Nurse.

The nursing work is being carried on as usual.

Prenatal, postnatal and newborn baby visits have been made to instruct the mothers on the care of her health before and after the baby is born. Instructions and demonstrations have been given.

Acutely and chronically ill patients have been given care, upon direction of the family physician. Four hundred such visits have been made.

Well Child Conferences have been held every month excepting July and August. Dr. Kenneth I. E. MacLeod, M.P.H. is the attending physician. Immunization against diphtheria, whooping cough and tetanus is available. Examinations and smallpox vaccinations are given.

Visits have been made to persons having communicable diseases to instruct on care and quarantine.

The Board of Health authorized the giving of polio vaccine to children from six to eight years of age. This was given by Dr. Raymond Horan at the Winslow School. Statistical report on these diseases and preventives will be found in the report of the Nashoba Associated Boards of Health.

Fees collected by me from patients were given to the Town Treasurer and amount to \$176.50.

I wish to thank the people who assisted me in any way with my work. Their cooperation is sincerely appreciated.

Respectfully submitted,

MARY T. KENNEY, R.N.

Public Health Nurse

REPORT NASHOBA ASSOCIATED BOARDS OF HEALTH

Board of Health
Tyngsboro
Massachusetts

Gentlemen,

Twenty-five years have come and gone since Nashoba was launched as a Health District in 1930, and your town has been an important integral part of the support of the unit since that time. The year just ended has been an exciting one, and saw a health survey of men over forty, a diabetes survey conducted in the offices of the physicians, a twenty-fifth anniversary open house during the week ending the 30th of September, and a vigorous on-going, general program of health services for the sum of \$1,479.87 spent by your town as its share of the support of the district, the town received the following services:

SANITATION AND LABORATORY SERVICES:

Sanitation service during 1955 has been highly monopolized by the demand for inspection of new sewage disposal installations. As a result other services have suffered to a great degree.

With the accelerated construction of new homes in Nashoba requiring a corresponding increase in inspection of sewerage and water system, it has been beyond the efforts of two men to cope with the demand. Therefore, member towns have provided a third man to start January 3, 1956 in order to accomplish this work.

The problems created by the present surge of building are many. Number one item seems to be lot size. In the great majority of cases building lots are much too small. If lots are adequate, soil conditions reasonable, sewage disposal systems properly designed and installed, there should be little need of public sewers in the near future. It is Nashoba's recommendation that all member towns consider passing a by-law requiring a lot to be at least 30,000 square feet with at least 150 feet frontage.

To have a restful community with proper environmental sanitation the builder and home owner must plan carefully, community agencies must watch out that the future of the town is guarded: that every new lot and sub-division is designed and developed as it should be.

We are building communities for tomorrow. All must work together to the end that our children will be proud of their home town.

Reorganization of the sanitation department has made it possible for the bacteriologist to remain in the laboratory all day, five days a week. This has given the laboratory greater independence, and means that it is able to perform more precise, conscientious work in both sanitary and diagnostic bacteriology. It also means that the laboratory is open for services at all times during the week. As in the past the bacteriologist maintains a subsidiary laboratory in her own home, and in emergencies, citizens of Nashoba, through their private physicians, can get 24 hour, 7 day week service.

Milk samples collected	298
Tests made on milk	800
Visits to plants processing milk	39
Diagnostic cultures for doctors	5
Restaurant and food estab. inspected	22
Dish swab laboratory tests	18
School building inspections	2
Camp and cabin inspections	5
Bathing beach water sample inspections	19
Private water supplies examined	71
Laboratory water tests	140
Visits regarding sewage disposal	80
Investigation of nuisance complaints	22
Housing problems	1
Alcohol licenses issued (anti-freeze)	6
Camp licenses issued	7
Ice Cream licenses issued	3
Oleomargarine licenses issued	7
Milk licenses issued	41
Conferences with Board of Health members	27
Conferences with other town officials	7
Board of Health meetings	1
Court cases	1
Court sessions attended	1
Visits re licensing	1
Sub-divisions	4
To people not at home	6
Methyl alcohol inspection visits	9
Ice Cream plants-inspections	8
Slaughter places inspected	1

NURSING AND PREVENTIVE DENTAL SERVICES:

It is with regret that we note this is Mrs. Kenney's last full year of service to your town, as her resignation becomes effective February 1, 1956. With her approval the Board of Health has made an agreement to purchase service from Nashoba jointly with Dunstable. It will be many years before any nurse can find a place in the town comparable to that which Mrs. Kenney holds, but we will do our best to see that you continue to have a well prepared public health nurse who shows similar interest in the health of your community.

89% of eligible pupils in your second, fifth and eight grades received permission to participate in the preventive dental program this year. We are happy to report that Mrs. Richard Lorman of your town, is continuing on your staff as dental hygienist for the third year on the program.

MEDICAL SOCIAL WORK

After a lapse of nine months from the time Miss Amy Greene resigned a new Medical Social Consultant was appointed. The Medical Social Work Program has been reactivated along the same lines as originally instituted by Miss Greene. Consultation with citizen groups, schools churches, physicians, and others regarding social problems in the community, and social case work on selected cases by request have been the major areas of activity for the Medical Social Consultant.

Since the present Medical Social Work Program is on a twenty hour a week basis rather than the original forty hour week, there has not been as much time allocated to attending community or educational programs. However, the Medical Social Consultant was invited to attend a three day institute at the Harvard University School of Public Health in September. The subject was "Normal Adolescence" and it was most helpful to all the social workers, pediatricians and educators who attended. The Medical Social Consultant was particularly interested to see how enthusiastic everyone was regarding the Nashoba social work program and the many references that were made during the discussion period to Nashoba as a splendid example of a successful pioneering health program.

PREVENTIVE MEDICAL SERVICES:-

Communicable diseases were more prevalent than usual this year, measles being particularly so, and septic sore throat also causing some anxiety. Of all these diseases however, as in the previous year, poliomyelitis caused the most anxiety, there being in the district a total of 13 cases, the same as last year. However, the disease took a more serious form than in 1954, as there were two deaths. During the year the district took part in the national immunization program against the disease, over 2,000 children in the first and second grades receiving the first dose of the Salk Polio Vaccine. No subsequent doses have been given during the year as expected on account the advice given by the State Polio Advisory Committee to postpone public clinics until further notice, while study was made of the outbreak in the State and the effects of the vaccination program as well as of the vaccine itself. In your town 74 children were immunized with the new vaccine. The following is a list of the diseases reported in your town during the year:

Chicken pox	7
German measles	1
Measles	32
Infectious Hepatitis	1
Mumps	20
Poliomyelitis	3
Dog bites	11

The regular immunization programs went on as usual at the monthly Well Child Conferences, and during the year 44 children made 61 visits and received 54 immunizations at 5 Well Child Conferences. Eleven children were referred to their family doctors. Dr. Kenneth I. E. Macleod served these Well Child Conferences.

The tuberculosis clinic held in co-operation with the Middlesex County Sanatorium was well attended and 126 Middlesex County Patients made 144 visits. Worcester County patients are seen as usual at the Worcester County Sanatorium.

The Medical Director continues to serve on Committees of the Middlesex Health Association, the Massachusetts Tuberculosis League, the Massachusetts Mental Health Association, the Massachusetts Public Health Association the Mental Health Association of North Central Massachusetts and others. This helps the health district, through him to keep in touch with current progress and events in the health fields. His services are available on a consultant basis to physicians and hospitals in the district, and he continues to serve as a member of the Courtesy Staff of the Community Memorial Hospital, Ayer, where during the year he helped develop policies regarding the admission of cases of communicable diseases to the hospital. In December of this year he was elected a member of the Courtesy Staff of the Groton Hospital.

Health work being team work, the district is in close contact and works in close liason with such other health organizations as the State Health Department, and the professional psychiatric team headed by Dr. Warren T. Vaughan, Director of the Division of Mental Hygiene of the State Department of Mental Health, which has been provided to serve cities and towns in the area in the field of Mental Hygiene.

Citizens' knowledge of what Nashoba offers remains important, and even more so now that all these new homes are being erected in such large and growing numbers. A good house is a fine thing. Our job is to see that it is being built on a proper and fit site, that the soil is suitable for sewage disposal and that a proper and efficient sewage disposal system is being provided. No house may even be started without clearance by your health department. Although this may appear to be an imposition to some, it is for your ultimate protection. In the long run you will live to bless the foresight of your town in enacting these regulations. Citizens should feel free to call at, or telephone the Health Center in Ayer (Spruce 2-3561) and ask for the service or information they desire.

Respectfully submitted,

Kenneth I.E.Macleod, M.D., M.P.H.
Director

TREASURER'S REPORT

		<u>\$840,896.68</u>
Disbursements	\$524,030.33	
Less School Warrant held for Contract Adjustment	36,573.85	
		<u>\$487,456.48</u>
Cash balance on hand December 31, 1955		\$353,440.20
Less School Warrant as above		<u>36,573.85</u>
		<u>316,866.35</u>
Debts Outstanding	\$316,800.00	
Interest earned on General Funds	1,125.75	
Interest earned on School Funds	2,864.71	

It will be noted again this year in the record of receipts that a portion of the General Funds have been taken from the Checking Account on which the Town receives no interest and have been deposited in Savings Account, as permitted by law on which the Town receives interest. At the present time the Town has on deposit in Savings Accounts and Treasury Bills \$195,000.00 on which interest ranging from 2¼ to 3% is being received and credited to the General Funds and School Funds of the Town. In other words the Town funds are being made to earn sufficient money to pay the cost of the Treasurer's salary.

Respectfully submitted,
WILLIAM DOYLE, Treasurer

Report of Inspector of Animals

To the Honorable Board of Selectmen,
Town of Tyngsborough:

I submit my annual report from January 1st through December 31st, 1955.

During the year I inspected:

Dairy cattle	288
Sheep	20
Hogs	14
Goats	1
Horses & Ponies	12
Chinchillas	24 pr.
Minks	300
Dogs Quarantined	17

Respectfully submitted,

PERCY W. RICHARDSON,
Inspector of Animals

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE ON THE TOWN OF TYNGSBOROUGH

The County Extension Service is a part of the Land Grant College System and is associated with the University of Massachusetts and the United States Department of Agriculture. Other phases of this system include the Experiment Stations, the Regulatory Control Services and Resident Instruction.

The Extension Service is under the direction of the Board of Trustees and the Middlesex County Commissioners. The objective of the Extension Service is to bring to the residents of Middlesex County the results of research, enabling producers and consumers to put into practice efficient production and utilization practices. The effects of this program result in lower unit cost and a savings for the consuming public.

The three departments of the County Extension Service are Agricultural, Home Economics and 4-H Club Work.

In the Agricultural Department, formal programs are conducted in poultry, turkey, dairy, general livestock, fruit, vegetables, flowers, forestry, home gardening and landscape care. The agricultural program is conducted on a regional basis with many towns participating in the numerous meetings and other events. In the past, greater emphasis has been placed on production problems and in assisting farmers to use efficient methods that they might compete with other areas.

A surplus of agricultural products makes it necessary for agricultural agents to do more in the marketing of these crops. In the future, more attention will be given to better market facilities, more efficient distribution and maintenance of high quality. This will require expanding the services to producers, wholesalers, jobbers, retailers and consumers.

The Home Economics Department program is designed to help the busy homemaker in her search for information regarding problems of home and family life. Subjects covered are foods and nutrition, clothing, home furnishings and management, family economics, child development and recreation. A Women's Advisory Council helps select and promote programs in the different towns. Meetings are held in local communities, or on a regional or county-wide basis depending on the subject.

4-H clubs offer opportunities to young people to learn more about all phases of Agriculture and Home Economics. In 1955, there were 4-H clubs in 46 towns of Middlesex County with an enrollment of over 2400 members. The success of 4-H club work depends entirely on the 206 volunteer local leaders who freely give many hours teaching the projects carried on by the clubs. The excellent work done by these youngsters was exhibited at the 4-H Achievement day in May and the Middlesex County 4-H Fair in August. A 4-H camp at Ashby is operated for weeks each summer and provides nature study, crafts swimming and healthful living for the 4-H'ers of Middlesex County. The Extension Service is especially proud of the five 4-H'ers of Middlesex County who became state winners in Citizenship Health Home improvement, Rural Arts, and Recreation and National Poultry Winner.

New programs of the Extension Service broaden the scope of the work. Special emphasis on marketing and consumer information, urban problems, farm and home and home counseling and public affairs are being undertaken in the year ahead.

The brevity of this report requires generalization. The motto of the Extension Service, "To Help Those Who Help Themselves" expresses the primary goal of this organization. In conclusion I will say, That Tyngsboro can well be proud of its 4-H'ers and their capable leaders,

Chester H. Queen

REPORT OF BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen, and Citizens of the Town of Tyngsborough.

The Board of Fire Engineers respectfully submits its annual report for the year ending December 31, 1955.

Alarms responded to were as follows:

Dwelling Fires	3
Brush Fires	9
Grass Fires	9
Chimney Fires	3
Flooded Oil Burners	6
Electrical Fires	5
Automobile Fires	4
Life Boat Calls	1
Dump Fires	13
Lost Persons	3
False Alarms	2
Other Buildings	2
Mutual Aid: (Dunstable 2; Chelmsford 2; Dracut 1; Lowell 1)	6
Aid to Police	1
Miscellaneous	5
Automobile Wrecks	3
TOTAL	75

Once again in 1955 the spirit of cooperation between the citizens and their fire department has resulted in a successful year of service to the town, and an extremely low fire loss.

The department continued its pre-suppression policy throughout the year, and endeavored through education example and publicity to alert the citizens of the Town to the hazards and heartaches of fires. Again in 1955 statistics indicate a slight reduction in the number of serious fires, an outstanding accomplishment in view of the continued growth of the town.

We were fortunate in 1955 in having our fire chief find it possible to attend the world-famed New Haven (Conn.) fire school. Chief Duff found the course a splendid source of information, and many of the ideas from the course have already been incorporated in our town's fire fighting procedure. It is hoped that other departmental officers of high rank can be sent to the school in 1956.

Emphasis has been placed on the establishment of the departmental constitution, Which has now been successfully in operation for a period of one year. Morale within the departmental ranks has never been higher and the Volunteer Fireman's Association has merged into single efficient unit servicing both stations of the town. Twenty-two firemen successfully completed a state sponsored training course during the fall, and will eventually receive certificates of merit.

The rolling equipment of the department is in good condition, and is properly maintained and subjected to regular inspections by stewards assigned to each fire station. Our hose requirements for 1956 are modest.

Of prime importance this year is the request by this board for the establishment of a reserve fund to provide for future major capital expenditures of the department.

We propose the setting aside of \$1000 or more at each annual town meeting. The town counsel has advised that this money can be properly voted into the existing stabilization fund and allowed to accumulate there until the need arises, when it can be voted out by the town for major fire department expenditures. In this manner the town will "pay as we go", and not be faced with a huge financial burden years from now when the need arises for a new fire truck.

The board mourns the loss of our esteemed colleague, Reginald J. Vernet, who was stricken from our ranks by death during the summer. Assistant Chief Arthur B. Bell was named by the selectmen to fill the existing vacancy.

Station No. 2 was again used in 1955 to advantage to house a full class of students from the overcrowded Winslow school. The department has tried as in the past to cooperate fully with the school department to make the quarters as pleasant and healthful as possible.

The Board of Fire Engineers and the men of the department again express their sincere appreciation to the citizens for the confidence and the splendid cooperation given them throughout the past year. We hope, through our continued efforts, to always merit this high esteem, and to provide efficient and economical fire protection service for the residents of Tyngsborough.

Respectfully submitted,

BOARD OF FIRE ENGINEERS
Robert G. Duff, Chief Engineer
Albert E. Chouinard, Chairman
Wilfred P. Mercier, Sr.
Leo G. Pelletier
Eugene J. Corcoran
Arthur B. Bell
Thomas E. Coughlin, Clerk

December 31, 1955.

Report of Civil Defence Director

December 31, 1955.

To the Honorable Board of Selectmen and the Citizens of Tyngsborough:

The following is my report as Civil Defense Director for the year ending December, 1955.

It has been very gratifying to see the progress made by the Ground Observation Corps in the Civil Defense Program under the fine supervision of Mr. Earle R. Stratton, Head Supervisor and Mrs. Pearl Peck, Administrative Supervisor. Any volunteers will be greatly appreciated by Mr. Stratton or Mrs. Peck.

Out of our budget we have to pay the electric light bill for the observation tower and also any other repairs or alteration necessary. The United States Air Force takes care of the telephone calls.

Also we have applied for and received approval for Federal reimbursement of 50% of the money expended by the Fire Department for the generating plant now on Tanker 1 in Station 1.

Other than the two programs mentioned above there has been little accomplished due to the lack of funds.

Respectfully submitted,

George W. Shipley
Civil Defense Director

Report of the Town Beach Committee

PINE HAVEN BEACH.

December 31, 1955.

The general apperance of the town beach on Lake Mascuppic has continued to improve. The major obstacle to the proper maintenance of the beach has been removed by the erection of a low cement wall parallel to the edge of the beach. This wall, in addition to acting as a barrier to flood rains, also acts as a separation of the beach area from the parking area, thus it has been possible to accomplish both these desirable conditions as one project.

The general appearance of the beach and the addition of sand where needed has been entirely administered by our very capable director, Mr. Ernest ("Uncle Toot") Wilkins. His boundless energy and interest seems to increase each year.

This year we are experimenting with a novel method of getting sand out into the wading areas by having this sand placed and spread on the ice during the winter. It is our hope that cooperation from the natural elements will permitt us to have a nice layer of sand out into the lakè when the ice leaves in the spring.

Our beach has been heavily patronized by the younger element and we feel that this interest should be encouraged and directed by some form of guidance and instruction. Last year this was possible through the voluntary services of Miss Mary H. Canney, who gave life-saving courses to the qualified younger element.

Now that the beach has become well established, we should no doubt concentrate our effort in an attempt to procure more services of this type, even on a broader basis, as well as rendering it more permanent by taking the necessary financial responsibility for it.

Because of the limitation of area, the beach can serve only a definite number of people and thus your committee is seeking legal advice and taking the necessary steps to have these bathing facilities restricted as much as possible to the inhabitants of the town.

Respectfully submitted,

ALBERT E. CHOUINARD, Chairman

WILLIAM DOYLE, Treasurer

REPORT OF POLICE DEPARTMENT

To The Inhabitants of the Town of Tyngsboro:

The report of the Police Department is again submitted to you by the board of Selectmen. The regular cruising detail of the Police Department has been augmented by the addition of an all night patrol so that the cruiser has been on the road all night. This action was taken following a hold-up and two breaks. We are happy to say that this all-night patrol worked out extremely well for the Town. Now at any time of the day or night, a radio car is on the road. The Police Department acquired a new two-way radio this year. The old one, which was repaired through the courtesy of the Nashua Police Department, was installed in the private car of officer Doyle, so that there are two radio equipped cars in the Town at the present time.

This year the Town was awarded another citation by the Registry of Motor Vehicles for having gone through the year 1954 without a fatal motor vehicle accident. Actually the Town went thirty months without having a fatal accident. The first fatal accident to break this record in the Town resulted from the opening of the F. E. Everett highway, the new super highway from the State line to Manchester, which will shortly be extended to Concord, N. H. On the very day that this highway opened a fatal accident occurred within the Town limits. A month later almost to the day the Town had its second fatal accident of the year.

We believe, on the whole, that accidents within the Town have been reduced considerably, but considerable additional Police work was necessary because of the tremendous influx of traffic resulting from the opening of the new super highway in New Hampshire and the new Route 3 which connects with Route 128. Traffic coming from New Hampshire has a four lane divided highway on which to travel until it reaches the State Line in Tyngsboro and then the road is sharply and suddenly reduced to a two lane highway and a not very wide two lane highway. There is no doubt in the minds of the Selectmen that the summer of 1956 is going to see the largest amount of traffic ever to be on the highways of this Town. It was late in the summer when these new highways referred to above opened. Had they been open all summer there possibly would have been more serious accidents. This additional influx of traffic is going to necessitate additional Police

Officers and may necessitate on some week-ends the use of a plan which was put into operation Labor Day week-end of this past year in which Middlesex Road was made one way for a portion of its length. Southbound traffic was rerouted around the bridge.

State officials have been contacted at various times during the year by the Selectmen and suggestions have been made to them that an additional southbound lane be installed at the Northerly approach to the bridge which would leave the right-hand lane open for continuous south-bound traffic and the middle lane for left-turn traffic over the bridge. Suggestions have also been made that bridge traffic be rerouted around Winslow Road and made to cross at the bridge.

Because of the possibility of a new Route 3 in the near future the state is reluctant to spend money on the present Route 3, so the entire problem is right back in the laps of the local authorities.

It has been necessary for the Police Department to police the Town Beach in an attempt to keep outsiders from using the beach and to attempt of patrol Lake Mascuppic because of the fast boats of people from out of town who come here to use this lake. Also the Police have cooperated with the Selectmen in the past year during the closing of the Town Lakes and Beaches so as to prevent a further outbreak of Polio than the two cases that we had in this Town.

Oxygen has been added to the equipment of the Police Department and has been used in several emergencies. We feel that many lives have been saved by the addition of this important equipment to the Police Cruiser. The cruiser is fully equipped with oxygen masks and other equipment, and the regular and special officers have been fully instructed in their use.

In many other ways this has been a busy year for the Police Department. The Selectmen join with the Police Officials in thanking the citizens of the Town who have cooperated with them and made their work easier.

Respectfully submitted,

JOHN W. LEWIS, Chairman

Building Inspector

To the Honorable Board of Selectmen and Citizens of the Town of Tyngsborough:

Your Building Inspector submits the following report for the year ending December 31, 1955.

During the year a total of 98 permits were issued as follows: 60 for new buildings, 14 for accessory buildings, such as garages, milk rooms, roadside stands, etc. and 24 for remodeling as compared to the previous year of 74 permits, consisting of 36 new buildings, 16 accessory buildings and 22 for remodeling.

I am very happy to report the increased trend on the part of the citizens to apply for the necessary permits before any new building is started, or additions or alterations in any way are undertaken. There have been relatively few cases where these permits were not first applied for and I believe most of these cases were either due to thoughtlessness or unfamiliarity with the new Zoning By Laws and Rules and Regulations of the Planning Board as adopted at a special town meeting during the past year.

It pleases me very much for the very fine support and helpfulness I have received from the Planning Board and the thorough backing of the Board of Selectmen in all matters which has made my year of work much more pleasant.

Respectfully submitted

John C. Murray
Building Inspector

REPORT OF HIGHWAY SURVEYOR

To the Board of Selectmen
and the Citizens of the Town
of Tyngsborough:

I hereby submit my report as Highway Surveyor for the year ending December 31, 1955.

Chapter 81 Roads, 35 miles, general maintainance was done on all roads. Oiling, graveling, drainage cleaning, brush cutting and patching was done on all roads, under the supervision of the State Engineer.

Chapter 90 Roads, 11.39 miles. Kendall Road, Dunstable Road, Swan Road and Westford Road were treated with Stone M. I. P., also drainage, patching, oiling and cleaning, as specified by the State Engineer.

Chapter 90 Construction. Frost Road was almost completed last fall except for one more treatment of oil and some shoulder work. Balance of the appropriation was held over and will be completed in 1956.

The amount of road oil used for all roads was approximately 56,000 gallons.

Repairs were made as follows:

Section of Westford Road, gravel and oil, \$800.00. This completes the oil surface of Westford Road. Scribner Hill Road, gravel and oil, \$1200.00.

The following four roads, Norris Road, Althea Ave., King David Road and Dixon Street, were partly completed and money was carried over to complete the work in 1956.

The usual brush cutting was taken care of in the most needed places.

Respectfully submitted,
LEO G. PELLETIER
Highway Surveyor

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen and
Citizens of Tyngsborough:

I hereby submit my report as Tree Warden for the year ending December 31, 1955.

Trees were trimmed in most needed places, spring and fall clean-up was made of fallen limbs; also, there were a number of trees taken down that were dead or dangerous.

Due to the increasing number of dead trees and the increase in labor on truck wage rates, it will be necessary to increase the appropriation in order to do the needed work.

Respectfully submitted,
EARL H. HUNTER, Tree Warden

Report of the School Building Committee

During the last year the chief concern of the School Building Committee has been the actual building of the new school, in contrast to other years of determining the needs, and presenting architectural plans to meet these educational needs.

Many delays were experienced by the committee through technicalities beyond their possible knowledge, but with the assistance of our legal counsel, Judge John H. Valentine and our architects, Mr. George H. Sidebottom and Mr. Leonard F. J. Fuyat, each has been met and the progress continued.

AWARDING OF THE CONTRACT

The first advertisement for bids on the construction of the school was placed January 12th, 1955. On February 2nd it was necessary to reject all sub-bids which were filed first, and notify the general contractors of this action. No general bids were opened. This action was necessary because of a misinterpretation of one of the General Laws concerning contracts of sub-bidders.

Bids were called for a second time, and opened on February 25th, at which time the committee voted to grant the contract to Louis Marion & Son of Lowell. Unfortunately this action was nullified by the committee on March 7th in rejecting all bids in the best interest of the Town. Since the performance bonds required by law must be either cash or certified check.

On March 30th bids were once again received and opened and the contract awarded to Louis Marion & Son. This action was contested and an injunction was brought against the Town, through the Building Committee, claiming improper procedure in opening the bids. On April 19th all bids were rejected, in the public interest, to prevent litigation.

The specifications were then re-written by the architects in conjunction with Judge Valentine and Mr. Harold Ready. The major changes concerned the inclusion of all the desired features in the base bid, using alternates only in case of necessary reduction in cost of the total project, to stay within the appropriation.

Finally on June 3rd the committee successfully opened the general bids, rejected all alternates, and considering the contract on the base bids only, selected Louis Marion & Son as the general contractor, the lowest responsible bidder, as required by law. June 10th the contract was awarded and signed, the total amount being \$270,373. The order of commencement of work was sent by the architects dated June 15 1955. This day marked one more tangible accomplishment in the project of building a new school.

The weather became a problem even on the planned day of ground breaking, and after postponement was held on June 14th at 7:00 P. M. All parties concerned were present including a representative of the selectmen, and many interested townspeople.

ARCHITECTS

After the final awarding of the contract for the building of the new school, the committee voted a definite plan of monthly payments to the architects for the remaining part of their fee, on the basis of the estimated completion date of the school. A bill for \$4,000. was approved at this time.

On August 1st a joint meeting of the Selectmen, Treasurer, Building Committee, Architects and Building Committee Counsel was held for the purpose of expediting the payment of the architect's bill. The representatives of the Town agreed to refer the matter to the new Town Counsel, upon appointment, and to abide by his decision.

A stipulation was drawn up by Jodge Valentine, acting in his new position as Town Counsel, setting the time and amount of each payment from July 1955 to March 1956 with a portion withheld until the final acceptance of the school by the Town. This was then signed on October 15th, and the architects received their first payment since December 1954, although the original contract with them called for regular monthly payments.

WATER SERVICE

On July 8th the committee started action on obtaining water service for the school. As it had been previously determined that the property was within the special water district of Dracut, created by an act of the General Court contract was made with Mr. Garland regarding the necessary arrangements to run the main from Lakeview Ave. up Poplar Avenue (an unaccepted way) to the school property.

The Committee had been initially advised not to include the cost of the water service in the original school appropriation. This proved to be a wise decision, because any bonds used for payment on water installation cannot be invested for more than 15 years. Our school bonds are for a twenty year period.

An Article entered in the Warrant for a Special Town meeting July 26th called for \$5900.00 to be raised and appropriated for the purpose of installing a water main. This amount included clearing and grading Poplar Avenue. The article was passed. It was necessary to obtain easements along Poplar Avenue, which involved several property owners, and became a time consuming job. Upon completion of this phase of the work by the Town Counsel in October, a survey of the way was made, and bids for clearing and grading was called for. The contract was granted to Thaddy Gaudette of Tyngsboro for the sum of \$500.00. Additional work involved to complete the projects cost \$50.00. The Dracut Water Commission then layed the main onto the school property, but the deep frost in the ground prevented the com-

pletion of the line. It is hoped that it will be finished in the near future, as a constant supply of water is necessary for running the boiler to heat the building.

BUILDING

The final contract included all the features that the building committee desired to have in the school for better construction, and still remained below the estimated portion of the appropriation for the building. These features included were the Larson system of water-proofing, aluminum sash, electric kitchen and wall tile dados.

Each month a requisition is received from Mr. Marion itemising the costs of materials and work done to date. This is then reviewed by the architects and only submitted to the committee after careful scrutiny. Once their approval is given, the committee accepts the requisition and takes action upon it. It is then sent to the selectmen through the town clerk's office.

To date five requisitions have been accepted, the total amount of money expended on the building from the appropriation is \$125,827.50. This represents 46% of the contract price of \$270,373.00.

A visit to the site would show: That it has been cleared, graded around the building, that the brook has been enclosed in an underground pipe, the complete framework of the building is erected with the roof almost completed, and framing of doors and windows in place and the boiler installed. A final survey has been made of the property, and stone bounds located at necessary points.

SANITATION

The following is a copy of a letter to the Board of Health, Tyngsboro dated November 17, 1955, a copy being sent to the building committee by the Nashoba Board of Health.

"Gentlemen:

In reference to the sewage disposal system for the new Tyngsboro Elementary School, we have found that a letter of approval was sent to the architect, Mr. Sidebottom, from the State Health Department, dated December 6, 1954. I have also discussed the system with Mr. Fuyat, associate to Mr. Sidebottom and with Mr. Taylor of the State Health Department with the week and Mr. Maynard of our staff has made a thorough inspection of the system as presently installed, all have agreed that the system meets the the specifications as originally persented and is satisfactory.

As this office did not receive a copy of the above letter of December 6, 1945 and no application was made for a local Board of Health permit for a sewerage disposal system installation and the district state engineer knew of no plans being presented, we naturally expected that no approval had been given for this system."

Signed by, Very truly yours,
Henry T. Smith
Sanitation Officer

SCHOOL BUILDING COMMITTEE EXPENSE ACCOUNT

The following is a summary of the use of the school building committee expense account for the past year.

\$ 51.43	Postage, telephone, rubber stamp, supplies
400.00	final surveying
68.16	bounds and setting of same
50.00	temporary water service
337.15	advertising of bids (required by law)
<hr/>	
\$906.74	Total
\$ 90.35	Balance

An article has been inserted in the Warrant for \$500.00 for the school building committee expense account. We feel that this is necessary to facilitate the completion of the project.

REIMBURSEMENT

A form has been completed, with the help of the Town Clerk, for the State School Building Assistance Commission, a preliminary to the Town's receiving its first payment from the State as its 50% share of the principal due this year. The amount will be \$8,170.00.

In April, Mrs. Martin E. Betz assumed the duties of the secretary upon the resignation of this position of Mrs. Robert D. Lambert. Dr. Albert E. Chouinard resigned from the committee in December due to his responsibilities, especially in the field of research at Lowell Technological Institute, after having served ably as a valuable member since its inception nearly three years ago.

This committee eagerly looks forward to the coming year, when we will see classes in session in the new school, and being able to state in our final report, "The school is now finished and accepted."

Respectfully submitted,

Frank C. Herrmann, Chairman
Mrs. Martin E. Betz, Secretary
Mrs. Perley E. Knight
Mrs. Guy Constantine
Mrs. Cornelius F. Shanahan
Mrs. Robert D. Lambert

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen.
Town of Tyngsbororugh:

I submit my annual report from January 1, 1955 through December 31, 1955.

I called on all dog owners in the Town of Tyngsborough regarding their unpaid dog taxes. Three hundred twenty-nine (329) dog taxes were paid, two of which were kennel licenses. There were twenty (20) persons called on that had had no dogs for some time.

There were:

- 3 ducks killed by a stray dog.
- 19 turkeys killed by town dogs.
- 4 dogs destroyed for killing turkeys.
- 26 stray dogs were picked up and kept 6 days and then destroyed.
- 13 dogs which had been killed by automobiles were picked up and buried.
- 21 dog bite cases.

Respectfully submitted,

JAMES ELMER JORDAN, Dog Officer

ACCOUNTANT'S STATEMENT

TO THE BOARD OF SELECTMEN

Mr. John W. Lewis, Chairman

Tyngsborough, Mass.

The financial transactions as shown herein are in accordance with the classification as prescribed by Director of Accounts, Department of Corporations and Taxations, Commonwealth of Massachusetts.

All bills paid by the Town are on file and may be examined by any citizens of the Town by appointment.

All bills to be paid on the Monday Warrants should be filed with the Town Accountant by 7 P. M. on Saturdays.

I have also examined and verified books, bank books, and securities of the Town Treasurer and the Selectmen and find them correct as herein stated.

Very truly yours,

Earl R. Gilson

Town Accountant

REPORT OF STATE AUDIT

To the Board of Selectmen

Mr. John W. Lewis, Chairman

Tyngsborough, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Tyngsborough for the period from July 4, 1953 to August 31, 1955, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz Assistant Director of Accounts.

Very truly yours,
Herman B. Dine
Director of Accounts

Mr. Herman B. Dine

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Tyngsborough for the period from July 4, 1953 the date of the previous examination, to August 31, 1955, the following report being submitted thereon:

The financial transactions of the town as recorded on the books of the several departments were examined, checked, and compared with the records of the treasurer and the town accountant.

The books and accounts in the town accountant's office were examined and checked. The general ledger accounts were analyzed and the recorded receipts and payments were checked with the treasurer's books, while the appropriations and transfers, as entered, were checked with the town clerk's record of financial votes passed by the town meetings and with the finance committee's authorizations of transfers from the reserve fund.

The necessary adjusting entries resulting from the audit were made, a trial balance proving the accounts to be in balance was taken off and a balance sheet showing the financial condition of the town as of August 31, 1955, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and verified by comparison with the records in the several departments collecting money for the town, with other sources from which money was paid into the town treasury and with the accountant's books, while the

recorded payments were checked with the selectmen's warrants authorizing the disbursement of town funds.

The cash book was footed, and the cash balance on August 31, 1955 was verified by reconciliation of the bank balances with statements furnished by the banks of deposit, by inspection of the savings bank books, by verification of the U. S. Treasury Bills held by a bank for safe-keeping, and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were compared with the amounts falling due with the cancelled securities and coupons on file.

The savings bank books and securities representing the investment of the trust and investment funds were personally examined and listed. The income was proved, the disbursements were verified and the cash balance on August 31, 1955 was verified by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the redemptions and sales were checked with the receipts as recorded on the treasurer's cash book, the foreclosures were verified, and the tax titles and tax possessions on hand were listed and compared with the records at the Registry of Deeds.

The deductions from employees' salaries for Federal taxes and the county retirement system were listed and reconciled with the amounts due and paid to the Federal government and the county treasurer.

The books and accounts of the town collector were examined and checked. The taxes, motor vehicle and trailer excise, and departmental accounts receivable, outstanding according to the previous audit, as well as all subsequent commitment lists were audited and checked with the warrants issued for their collection. The payments to the treasurer were checked with the treasurer's cash book, the recorded abatements were compared with assessors' and other departmental records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification notices were mailed to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The financial records of the town clerk were examined and checked in detail. The collections on account of dog and sporting licenses and of gasoline registrations issued were verified and compared with the payments to the town treasurer and to the Division of Fisheries and Game.

The surety bonds filed by the several town officials for the faithful performance of their duties were examined and found to be in proper form.

The records of departmental cash collections of the board of selectmen and the sealer of weights and measures, and of the health, school, library and cemetery departments, as well as, of all other departments which money is collected for the town, were examined and checked. The payments to the town treasurer were verified and the cash on hand in the several departments was proved by actual count.

In addition to the balance sheet, there are appended to this report tables showing reconciliations of the treasurer's and town clerk's cash, together with summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, and departmental accounts as well as schedules showing the condition and transactions of the trust and investment funds.

For the cooperation received from all town officials during the progress of the audit, I wish on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

William Schwartz
Assistant Director of Accounts

TOWN WARRANT
TOWN OF TYNGSBOROUGH

THE COMMONWEALTH OF MASSACHUSETTS

To either of the Constables of the Town of Tyngsborough
in the County of Middlesex.

Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the TOWN HALL in said TYNGSBOROUGH on MONDAY the 13th day of FEBRUARY next, at ten o'clock in the forenoon, then and there to act on the following articles:—

....

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, Two Constables, one Tree Warden, a Selectman, Assessor and a member of the Board of Public Welfare for terms of one year, a Selectman, Assessor, and a member of the Board of Public Welfare, Tax Collector, two members of the School Committee, two Trustees of the Littfield Library, and one Cemetery Commissioner for terms of three years, and one member of the Planning Board for a term of five years.

All on the same ballot

And you are further directed to notify the said inhabitants of the town of Tyngsborough to meet again at the town Hall in said Tyngsborough on Monday, the 20th day of February next at 7 o'clock in the afternoon, then and there to act on the following articles:

ARTICLE 2. To see if the town will vote to accept the reports of the town officers and committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what the dog license fees shall be used.

ARTICLE 4. To choose all town offices not named in article 1 for the ensuing year, or take any action in relation thereto.

ARTICLE 5. To see if the town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1956, and to issue note or notes there-

for, Payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with section 17, chapter 44 of the general laws, or take any action in relation thereto.

ARTICLE 6. To see if the town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1955 and prior years, or take any action in relation thereto.

ARTICLE 7. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray town expenses for the ensuing year, as recommended by the advisory committee, or take any action in relation thereto.

ARTICLE 8. To see what action the town will take with reference to the compensation of the elected highway surveyor.

ARTICLE 9. To see if the town will vote to permit the cemetery commissioners to perform work in the town cemeteries and be paid for such labor at the current rate for town labor, or take any action in relation thereto.

ARTICLE 10. To see if the town will vote to raise and appropriate the sum of \$1,500.00 to set aside as a stabilization fund as provided in section 58 of Chapter 40 of the General Laws as amended, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be placed in a separate stabilization fund in anticipation of future Capital Expenditures for the Fire Department, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 12. To see if the Town will vote to transfer from the excess and deficiency account the amount of \$1,500.00 for machinery fund reserve, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$4100.00 for Chapter 81, Roads, and will further vote to transfer the sum of \$11,600.00 from the excess and deficiency account in anticipation of reimbursement from the State for this work or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$2400.00 for Chapter 90, Maintenance, and will further vote to transfer the sum of \$2400 from the excess and deficiency account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 15 To see if the Town will vote to raise and appropriate the sum of \$2,400.00 for Chapter 90, Maintenance, and will further vote to transfer the sum of \$2400.00 from the excess and deficiency account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$500.00 for cleaning the Town Hall, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$320.00 to be used for the purchase, under the direction of the Board of Fire Engineers, of 200 feet or 2½ inch Fire Hose and Appurtenances, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 18. To see if the Town will vote to transfer from the excess and deficiency account the sum of \$600.00 for the purpose of replacing a stone culvert with a 24 inch culvert to carry a brook under Lakeview Avenue at Woodfern Street, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 19 To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for a Special Account to be known as the Hot Lunch Account for the Schools, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the School Building Committee Expense Account, said sum of money to be administered by the School Building Committee, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 21. To see if the Town will vote to raise and appropriate the sum of \$60.00 to install Three Street Lights on Upton Drive or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 22. To see if the Town will vote to transfer from the excess and deficiency account the sum of \$800.00 with which to continue the work of resurfacing, graveling and repair of Upton Drive, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 23. To see if the Town will vote to transfer the sum of Gaudet Lane, Silk Lane, Benoit Lane and Madeline Terrace, providing the Town sees fit to accept these roads. This is in conformity with a recommendation of the Planning Board and the Highway Surveyor, or take any action in relation thereto.

(Recommended by Advisory Committee)

\$2500.00 from Machinery Fund Reserve for the purchase of a new Highway Truck, this amount being the difference between the purchase price and trade-in value of the present truck, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 24. To see if the Town will vote to transfer the sum of \$1150.00 from the Machinery Fund Reserve for the purchase of a Flint Tail Gate Spreader for the Highway Department, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of \$850.00 for the purchase of a Snow Plow for the Highway Department, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of \$300.00 for the Erection of Bleachers at Wiccassee Park or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of 900.00 to purchase a new Police Cruiser, this amount being the difference between the purchase price and trade-in value of the present cruiser, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 28. To see if the Town will vote that all equipment and labor used in the Highway Department, or Road Work including

Chapter 81, 90 Construction, 90 Maintenance, and Snow Plowing shall be obtained from the Inhabitants and Registered Voters of the Town, whenever such Equipment and Labor is available, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 29. To see if the Town will vote to Repeal the Zoning By-Laws, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 30. To see if the Town will vote to accept the following roads located within the subdivision known as Futuramic Homes, described in a plan approved by the Planning Board and recorded in Land Court: Gaudet Lane, Silk Lane, Benoit Lane, Madeline Terrace, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 31. To see if the Town will vote to accept a Certified Check for \$200.00 from Manhattan Builders, Inc., to the Town of Tyngsborough to cover the cost of rebuilding specific section of

ARTICLE 32. To see if the Town will vote to accept hydrants in the Futuramic Homes subdivision located as follows #140, on Madeline Terrace at the junction of Route 3A on side of Lot #20; #2-40, on Silk Lane at the Junction of Route 3A on side of Lot #28; #3, between Lots #31 and #35 on Madeline Terrace; #4-40, on Gaudet Lane at the junction of Route 3A on side of Lot #40; #5-100 on Benoit Lane at the Junction of Route 3A on left front corner of Lot #4, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$50.00 to be paid to the Dracut Water District for the water bill of five hydrants located in the Futuramic Homes Subdivision, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 34. To see if the Town will vote to accept the sum of \$200.00, the income of which shall be used to provide Perpetual Care for the Dorothy E. Burrows Lot, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 35. To see if the Town will vote to accept Section 6B of Chapter 40. A Town which accepts this Section may appropriate money for the purchase of uniforms for members of its Police and Fire Departments, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 36. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for Emergency Repairs to the Town Hall, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 37. To see if the Town will vote to transfer from the excess and deficiency account the sum of \$1000.00 for Repairs to Groton Road, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 38. To see if the Town will vote to raise and appropriate the sum of \$200.00 to satisfy a judgement entered against the Town in behalf of Herbert E. and Alice P. Ashley for Land Damages on Frost Road, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 39. To see if the Town will vote to raise and appropriate the sum of \$1500.00 to continue work on Scribner Road, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 40. To see if the Town will vote to raise and appropriate the sum of \$16,284.91 for principal payment on School Loan, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 41. To see if the Town will adopt the following By-law or ordinance regulating the activity of Motorboats on its Rivers, Lakes and Ponds, under the provisions set forth under the provisions of Chapter 102, Section 15 B (678-1950), or take any action in relation thereto:

1. No Motorboat may be operated under power within a distance of 200 feet from the shores of Pinehaven Beach (Town Beach), or any other recognized Beach, between the hours of 10 A.M., and the hour after sunset.

2. Any Motorboat used for the purpose of Towing persons on Water Skiis or an aquaplane shall be occupied by at least two persons, one, who will give his full attention to the operation of the Boat, and the other to direct his full attention to the welfare and safety of the person or persons being towed.

3. No Motorboat shall be operated unless it fully complies with the provisions set forth in Chapter 102, Sec. 15, of the

General Laws as to proper Lighting and exhaust Muffling devices.

4. No person shall operate upon the waters of this Town any Boat propelled by electric or mechanical power recklessly or so that the lives or safety of others might be endangered. No Person, shall, while under the influence of intoxicating liquor, or any narcotic or habit producing drug, operate any such boat upon any of the said waters.

5. These provisions shall not restrict in any way the duly licensed operations of party boats used to convey the public for hire; or to craft operating on the Merrimack River within the Town limits.

6. Penalty. Not More than \$20.00 fine.
(Recommended by Advisory Committee)

ARTICLE 42. To see if the Town will vote to pass the following By-Laws:

Section 1. The use of the Town Beach, located on the northerly shore of Lake Massacupic in Tyngsborough and consisting of Lots 79, 80 and 81 as shown on a plan of Mountain Rock, Tyngsborough, Massachusetts, dated September 1917 and recorded in Middlesex North District Registry of Deeds, Book of Plans 34, Plan 91, shall, from and after the effective date of this By-Law, be limited to inhabitants of the Town of Tyngsborough and their families and guests, and no other person or persons shall use the same as a Public Beach, or Trespass upon the same for any purpose whatsoever.

Section 2. Signs warning all persons of the provisions of this By-Law shall be erected at the Westerly and Easterly Boundaries of said Beach at Mascuppic Trail and no person shall be held liable for violation of this By-Law except when such signs are actually in place.

Section 3. Any violation of this By-Law shall be punished by a fine of not more than \$20 for each offense.

(Recommended by Advisory Committee)

ARTICLE 43. To see if the Town will vote to adopt the following By-Law:

Section 1. No building shall be erected, externally altered or

changed to use in the Town of Tyngsborough without a permit from the Board of Selectmen.

Section 2. Any application for a permit for the erection of a Building shall be accompanied by a fee of \$3.00 payable to the Town, and any application for a permit for the alteration or change in use of any building shall be accompanied by a Fee of \$1.00 payable to the Town.

Section 3. Any Violation of this By-Law shall be punished by a Fine of not more than \$20 for each offense.

(Recommended by Advisory Committee)

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, Post Office, Unitarian Meeting House, and the Lakeview Avenue Fire Station No. 2 in said Town, Seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this day of January in the year of our Lord one thousand nne hundred and fifty-six

Report of the School Committee

To the Citizens of the Town of Tyngsboro:

Following is the report of the School Committee for the year ending December 31, 1955, including the reports of the Superintendent, School Physician and School Nurse.

This year marked a big step forward in relieving the overcrowded condition of our present school system. On June 14th, ground was broken for the erection of our elementary school on Coburn road, and in spite of a hard winter and adverse weather conditions we feel sure that the building will be finished and ready for occupancy by the beginning of the school year in September.

It has been necessary again this year to have double sessions, and also to use the #2 fire house, library and town hall to accommodate all the children.

We were sorry to lose Mrs. Kenney, the school nurse, this year, after many years of service, and hope to have as good a nurse furnished us by the Nashoba Health Unit this coming year.

The Committee recommends an appropriation of \$125,700.00 for the coming year. This is an increase of \$18,575.00 over last year, due mostly to increases in teachers' salaries, tuition, and anticipated operating expenses of the new school. This amount has to be raised and appropriated, but we receive approximately 59% of it back from the State.

Respectfully submitted,

Charles H. Coburn

Chairman of the School Committee.

EXPENDITURES

General Expenses:

School Committee Expense	\$ 469.50	
Supervision Salary	1,391.36	
Superintendent's Expense	500.29	
	<hr/>	\$ 2,361.15

Expenses of Instruction:

Teachers' Salaries	\$ 45,549.44	
Textbooks and Supplies	2,816.93	
	<hr/>	\$ 48,366.37

Expenses of Operation:

Janitor	\$ 3,022.00	
Fuel	1,333.31	
Operating	1,494.56	
	<hr/>	\$ 5,849.87

Maintenance:

Repairs	\$ 1,549.25	
	<hr/>	\$ 1,549.25

Auxiliary Agencies:

Health	\$ 814.55	
Transportation	25,625.85	
Tuition	18,837.72	
	<hr/>	\$ 45,278.12

Outlays:

New Equipment	\$ 668.95	
	<hr/>	\$ 668.95

Summer Playground	\$ 172.44	
	<hr/>	\$ 172.44

Total		\$104,246.15
Total Appropriation		\$107,125.00
		<hr/>
Balance		\$ 2,878.85

REIMBURSEMENTS

The following reimbursements have been received from the State:		
Chapter 70 as amended 1948, Chap. 643	\$ 24,957.48	
Union Superintendent Salary	933.33	
All School Transportation	22,264.12	
Tuition & Trans. Vocational School	2,125.80	
State Wards	442.45	
	<hr/>	\$ 50,723.18

The above reimbursements to the Town of Tyngsborough represent almost fifty percent of the total amount expended for schools and therefore reduces the cost of education to the Town of Tyngsborough to \$53,523.15.

Respectfully submitted,
Charles Coburn Chairman
Tyngsborough School Committee

			\$ 200.00

Total			\$125,700.00
-------------	--	--	--------------

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Tyngsborough:

I have the honor of submitting to you my fifth annual report as Superintendent of Schools.

This report is followed by reports of the Winslow School Principal and Supervisors. These reports describe in greater detail the work done during the past year. They are well done and I urge you to read them.

The 1954-55 school year is the second year of operating some classes on a half session basis. It is encouraging to realize that the new elementary school will be available for use in September 1956 and that half day sessions for some pupils and temporary classrooms for other students will be eliminated in the very near future.

During the period that emergency measures have been in effect in our school program, the teachers of Tyngsborough have been extremely faithful and loyal to their assigned duties. Their complete co-operation is gratefully appreciated.

This brief report cannot single out for special emphasis the many changes that have occurred at the Winslow School during the past six years. From Town Reports I have prepared a composite chart (see below) of school expenditures from 1950 through 1955 so that each individual citizen can study and draw conclusions regarding the many changes that were necessary due to the increased enrollments at the Winslow School.

There are many items that should receive special attention.

1. Winslow School enrollments increased by more than thirty-five percent while High School tuition students increased only slightly over the six-year period.

2. Tuition costs more than doubled at a time when the number of tuition students remained about the same. This increase in cost reflects the added cost of educating a pupil in 1955 as against 1950.

3. If it were possible to accurately separate costs between students in grades one through eight and students in grades nine through twelve (tuition pupils) could be shown that per pupil costs at the Winslow School actually decreased over the six year period.

4. The pupil-teacher ration figures apply only to pupils and teachers at the Winslow School. The average number of pupils per class room has declined significantly.

5. State reimbursements and also the percentage of reimbursement, have increased slightly during this period, thus reducing the net cost of education to the town.

6. Fuel costs have been reduced in 1955 to a level considerably below the average of previous years. This indicates the efficiency of the new boiler that was installed in October 1954.

7. Total expenditures for education increased during the six year period because the number of pupils increased, therefore the number of teachers increascd. The cost of all goods and services including tuition, salaries, supplies, etc. during the past six years have also increased in proportion to the general price level.

ITEMS OF GENERAL INFORMATION

The subject of Reading in the elementary school program has been widely discussed in the daily press and monthly periodicals during the past year. Parents are urged to visit school whenever possible to observe at first hand the methods used in teaching reading. You will find that first grade pupils are taught to recognize a few words at sight. Using these sight words as a starting point a thorough program of word analysis is followed that is appropriate to the grade level. In addition to using all the techniques available in the basal textbook, phonics workbooks are used to supplement and help the pupil who is having difficulty.

Tyngsborough, for the past few years, has joined with Pepperell and Dunstable in employing a Music supervisor. This past year Pepperell employed a supervisor on a full time basis in order to give instruction in instrumental music as well as vocal music. It was difficult to find a teacher available only two days per week. We were extremely fortunate to secure the services of Arthur Thompson of Chelmsford for vocal music. I am sure Mr. Thompson will continue the high level of instruction that Tyngsbororugh has become accustomed to in the past.

This report would not be complete without calling attention to the many years of excellent public service our school nurse, Mrs Mary Kenny has given to the students of the Winslow School. For her outstanding service, School officials will be eternally grateful. I share the sentiments of all persons who have known Mrs. Kenney in wishing her the best of everything in her years of retirement.

In conclusion I should like to thank all persons for their co-operation in the success of the school program during the past year. Education in Tyngsborough has many good friends and supporters.

Respectfully submitted,

ELLIOTT A. DIGGLE

Superintendent

REPORT OF THE WINSLOW SCHOOL PRINCIPAL

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Mr. Diggle:

Following is my report on the Winslow School for the year ending December 31, 1955:

On October 1, 1954 the enrollment at the Winslow School was 414. The enrollment on October 1, 1955 was 451 or an increase of 8.93%.

The new report card that was adopted this year and issued for the first time in November has, on the whole, been well received by the parents. About the only criticism thus far has been the change from six issues to four issues a year. Some parents feel that nine weeks is a long time to wait for a card. At the present time we are considering the advisability of issuing a progress report between marking periods. This would be in the form of a mimeographed letter sent home to parents whose children need to show improvement before the close of the marking period. This would give a student approximately four and one-half weeks to improve his grades before receiving the report card.

This year it was possible to take grades one and two from double sessions and give these two grades a full day of school. At this time grades four, five, and six are on the double session program.

I wish to thank the Winslow School Parent-Teachers Association for its continued interest and support of the school. Last year under the leadership of Mrs. Rita Jordan and this year under the leadership of Mr. Martin Brick, the PTA continues to grow and its support of many worthwhile projects is gratefully appreciated by pupils and teachers.

Last June, the graduating class presented Gilbert & Sullivan's "Pinafore." This operetta was well received by a large enthusiastic audience. The eighth grade this year will produce another Gilbert & Sullivan opera, the ever popular "Mikado." One of the highlights of the 1955 graduation was the Village Improvement Association's presentation of the Enlo A. Perham Award Plaque to the Winslow School. Mr. Earl Stratton, President of the Association, made the presentation and Mr. Charles Coburn, Chairman of the School Committee, received it for the school.

We are indebted to the Trustees of the Littlefield Library for granting us permission to use the library two hours and twenty minutes each day to alleviate the congestion in our over-crowded third grade.

The entire personnel at the Winslow School was stunned on receiving the news of Mrs. Kenney resignation. We have all depended on Mrs. Kenney for so many years that we assumed too much and took her care and ministrations for granted. Our best goes to Mrs. Kennedy and may she enjoy many years of rest and happiness in her retirement.

In closing I would like to say a few words about the "No School" signal on stormy days. At the present time over ninety per cent of our pupils ride the school buses. It seems only proper that if the roads are clear and safe for bus travel school should not be closed. On stormy mornings road conditions are obtained, weather reports are studied, and if there is any possibility of treacherous highways the Chairman of the School Committee is contacted and a "No School" decision is reached. When storms develop during the day we endeavor to get the children home before traveling becomes hazardous.

Respectfully submitted

RICHARD O. STARKEY,

Principal

REPORT OF THE ART SUPERVISOR

Mr. Elliott A. Diggle
Supt. of Schools
Tyngsborough, Mass.
Dear Sir:

Art in the modern educational attitude has shown a great trend toward the creative imaginative, and expressive interpretations of the composer. This leads towards a more enjoyable course for those who may not have natural talents needed in true artistry. Problems in creative artistry where every child may express what he feels sees and thinks are what I try to offer my classes grades 1-12. Naturally, a few of the fundamentals demand themselves even in these creative problems, special help being given to those showing more talent.

It must be realized that a child is not going to sit down with paper and pencil and draw a camera like picture of his subject. He will draw what is important to him, expressing what he thinks and feels and not only sees. The child creating what he wants and not what his elders set up as standards is the happier child. The stimulation to create is more important than the exactness of the completed work. The two things I feel necessary, however, are neatness and a filling of the paper. The latter demands freedom and expressiveness.

Knowing that the teachers and principals may think 'there comes that art teacher with all his paste scotch and masking tape, crayons, paints, scissors, pater etc. I thank them for their patient and co-operative help in their busy day's schedule. Much appreciation and many thanks to each one of you.

Respectfully submitted,
GERALD A. MILLER
Art Supervisor

REPORT OF SEWING SUPERVISOR

Mr. Elliott A. Diggle
Supt. of Schools
Tyngsborough, Mass.
Dear Sir:

The Sewing classes have accomplished about the same amount of work as in previous years.

Owing to large classes and crowded conditions it was not possible for the sixth grade to have sewing this fall. We are having classes in the Lower Town Hall.

The seventh grade have learned the use of the electric sewing machine and how to use commercial patterns. They have made aprons, skirts underwear and simple dresses.

The eighth grade girls have made skirts and dresses. Last spring the girls made the costumes which were worn in the operetta which was given at graduation.

Respectfully submitted,
LENA M. COBURN
Sewing Supervisor

REPORT OF SCHOOL NURSE

Mr. Elliott A. Diggle

Supt. of Schools

Tyngsborough, Mass.

Dear Sir:

The school work is being carried on as usual. The nurse visits the school daily. Each classroom is visited to confer with the Principal and teacher. Classroom inspections are made by the nurse. Advice is given the child if and when necessary. Temperatures are taken when there are symptoms of illness. If necessary the child will be taken home. The nurse will give care to ill children when ordered by physician.

Physical examinations were given by the school physician, Dr. Raymond Horan.

First aid is given to the children injured at school by each individual teacher. The nurse follows up the accident when necessary.

The Massachusetts Eye Test was given all the children by the nurse. There were twenty who did not pass the test. Notices were sent home to the parents. The Audio-meter hearing test was given to all the children. Twelve did not pass this test. The parents cooperate fully with the nurse when they are notified of the eye and ear failures.

Sixty eight children entering school for the first time were registered at the "Summer Round Up." All children were examined by the school physician. The parents were present. This is a very valuable service as the parent and child have the opportunity of meeting the teacher and become acquainted with the health program.

I wish to thank the parents and teachers for their kindness and co-operation.

Respectfully submitted,

MARY T. KENNEY, R. N.

School Nurse

ARTICLE 28. Motion made and seconded to cross out "And Registered Voters". Voted that all equipment and labor used in the Highway Department, or road work including Chapter 81, 90 Construction, 90 Maintenance, and Snow Plowing shall be obtained from the inhabitants of the Town, whenever such equipment and labor is available.

ARTICLE 29. Voted to retain the Zoning By-Laws.

ARTICLE 30. Voted to accept the following roads located within the subdivision known as Futuramic Homes, described in a

plan approved by the Planning Board and recorded in Land Court: Gaudet Lane, Silk Lane, Benoit Lane, Madeline Terrace.

ARTICLE 31. Voted to accept a certified check for \$200.00 from Manhattan Builders, Inc. to the Town of Tyngsborough to cover the cost of rebuilding specific section of Gaudet Lane, Silk Lane, Benoit Lane and Madeline Terrace providing the Town sees fit to accept these roads. This is in conformity with a recommendation of the Planning Board and the Highway Surveyor.

ARTICLE 32. Voted to accept hydrants in the Futuramic Homes subdivision located as follows: #1-40' on Madeline Terrace at the Junction of Route 3A on side of Lot #20; #2-40' on Silk Lane at the Junction of Route 3A on side of Lot #28; #3-between Lots #31 and #35 on Madeline Terrace; #4-40' on Gaudet Lane at the Junction of Route 3A on side of Lot #40; #5-100' on Benoit Lane at the Junction of Route 3A on left front corner of Lot #4.

ARTICLE 33. Voted to raise and appropriate the sum of \$50.00 to be paid to the Dracut Water District for the water bill of five hydrants located in the Futuramic Homes subdivision.

ARTICLE 34. Indefinitely Postponed.

ARTICLE 35. Indefinitely Postponed.

ARTICLE 36. Voted to raise and appropriate the sum of \$1,000.00 for emergency repairs to the Town Hall.

ARTICLE 37. Voted to transfer from the excess and deficiency account the sum of \$1,000.00 for repairs to Groton Road.

ARTICLE 38. Voted to raise and appropriate the sum of \$200.00 to satisfy a judgment entered against the Town in behalf of Herbert E. & Alice P. Ashley for land damages on Frost Road.

ARTICLE 39. Voted to raise and appropriate the sum of \$1,500.00 to continue work on Scribner Road.

ARTICLE 40. Voted to raise and appropriate the sum of \$16,284.91 for principal payment on School Loan.

ARTICLE 41. Voted to adopt the following By-Law or Ordinance regulating the activity of Motorboats on its rivers, lakes and ponds under the provisions set forth under the provisions of

Chapter 102, Section 15B (678-1950)

1. No motorboat may be operated under power within a distance of 200 feet from the shores of Pinehaven Beach (Town Beach), or any other recognized beach, between the hours of 10 A.M. and one hour after sunset.
2. Any motorboat used for the purpose of towing persons on water skis or any aquaplane shall be occupied by at least two persons, one, who will give his full attention to the operation of the boat, and the other to direct his full attention to the welfare and safety of the person, or persons, being towed.
3. No motorboat shall be operated unless it fully complies with the provisions set forth in Chapter 102, Sec. 15, of the General Laws as to proper lighting and exhaust muffling devices.
4. No person shall operate upon the waters of this Town any boat propelled by electric or mechanical power recklessly or so that the lives or safety of others might be endangered. No person, shall, while under the influence of intoxicating liquor, or any narcotic or habit producing drug, operate any such boat upon any of the said waters.
5. These provisions shall not restrict in any way the duly licensed operations of party boats used to convey the public for hire; or to craft operating on the Merrimack River within the Town limits.
6. Penalty - Not more than \$20.00 fine.

ARTICLE 42. Voted to pass the following By-Law:

SECTION 1. The use of the Town Beach, located on the North-erly shore of Lake Massacupic in Tyngsborough and consisting of Lots 79, 80 and 81 as shown on a Plan of Mountain Rock, Tyngsborough, Massachusetts, Dated September 1917, and recorded in Middlesex North District Registry of Deeds, Book of Plans 34, Plan 91, shall, from and after the effective date of this By-Law, be limited to inhabitants of the Town of Tyngsborough and their families and guests, and no other person or persons shall use the same as a public beach or trespass upon the same for any purpose whatever.

SECTION 2. Signs warning all persons of the provisions of this By-Law shall be erected at the westerly and easterly boundaries of said beach at Mass-cupic Trail, and no person shall be held liable for violation of this By-Law except when such signs are actually in place.

SECTION 3. Any violation of this By-Law shall be punished

by a fine of not more than \$20.00 for each offense.

ARTICLE 43. Voted to adopt the following By-Law:

- SECTION 1.** No building shall be erected, externally altered or changed to use in the Town of Tyngsborough without a permit from the Board of Selectmen.
- SECTION 2.** Any application for a permit for the erection of a building shall be accompanied by a fee of \$3.00 payable to the Town, and any application for a permit for the alteration or change in use of any building shall be accompanied by a fee of \$1.00 payable to the Town.
- SECTION 3.** Any violation of this By-Law shall be punished by a fine of not more than \$20.00 for each offense.

SPECIAL TOWN MEETING, AUGUST 1, 1956

- ARTICLE 1.** Unanimously voted subject to a variance of the Zoning By-Laws that in order to obtain additional revenue for the Town of Tyngsborough and in order to assist in a National Defense Project, the inhabitants of the Town of Tyngsborough, lease to Massachusetts Institute of Technology, a Massachusetts Educational Corporation of Cambridge, Massachusetts, a parcel of undeveloped land owned by the Town in the southwesterly corner of the town line in the so-called Bear Hill section adjacent to the Westford Town line being shown as lot containing 30.19 acres on plan entitled "Woodland in Tyngsborough owned by Mrs. Lucy A. Keyes, Westford, Massachusetts" dated January 1875, Albert E. Wood, surveyor, and recorded with Middlesex North District Deeds in book of plans 38, Plan 83, and being further bounded and described as follows;
- Southerly by the Westford-Tyngsborough Town line by a line running North 72 51' East 17 chains and 75 links; Westerly by land now or formerly of Sawtelle, Derby or Gould by a line running South 19 15' East 17 chains and 5 links; Northerly by land now or formerly of Derby or Gould by a line running South 73 West 17 chains and 65 links and Easterly by land now or formerly of Spaulding, Raymond or Gould by a line running North 19 15' West 17 chains and 7 links. Containing 30.19 acres, more or less, and being the same premises conveyed to said Town by deed of Alice M. K.

Lambert dated February 1, 1941 and recorded in said deeds in book 956, page 559. For title to said Town reference is also made to tax taking of said premises against Edward H. Keyes dated September 29, 1938 and recorded with said deeds in book 922, page 202.

For an original term not exceeding six years with a right in the lessee, at its option, to extend said term for a further period of six years, there being no public purpose for which parcel of land is now needed or to which it could be appropriately devoted by the Town during said term or any such extension thereof: That a majority of the members of the Board of Selectmen be and they hereby are authorized and empowered to execute, acknowledge and deliver under the Town Seal on behalf of the Town and indenture of lease of said parcel of land for said term with such right of extension at a rental of \$75.00 per annum and containing such further terms and conditions and such further provisions as they may approve, for use by said Institute as the site for a Radar and Electronics Test and Experimental Project for National Defense purposes: That said majority of the members of the Board of Selectmen be and they further are authorized and empowered to execute, acknowledge and deliver in the name of the Town any and all other papers and to do any other act that may be necessary to carry out the purposes of this vote, including the execution of a notice of lease proper for recording in the Registry of Deeds: and that the Town Treasurer be and he hereby is directed to execute, acknowledge and deliver such Indenture of Lease and Notice of Lease with respect thereto as may be approved by said Board of Selectmen, due execution of said Indenture of Lease and Notice of Lease to be considered compliance with all terms of this vote.

ARTICLE 2. Voted to raise and appropriate the sum of \$2,000.00 for Disability Assistance (Town Appropriation).

ARTICLE 3. Voted to raise and appropriate the sum of \$2,500.00 for Aid to Dependent Children (Town Appropriation).

ARTICLE 4. Voted to raise and appropriate the sum of \$1,000.00 with which to continue the work of resurfacing, gravelling and repair of Althea Avenue.

ARTICLE 5. Voted to transfer from Machinery Fund Reserve the sum of \$1,075.00 for the purchase of a Grace Road Sweeper.

ARTICLE 6. Voted to transfer from Machinery Fund Reserve the sum of \$500.00 to Machinery Fund.

ARTICLE 7. Voted to raise and appropriate the sum of \$500.00 for the repair and maintenance of the Town Cemeteries.

ARTICLE 8. Voted to raise and appropriate the sum of \$300.00 for the Tree Warden.

ARTICLE 9. Voted to raise and appropriate the sum of \$500.00 for General Government exclusive of salaries.

ARTICLE 10. Voted to raise and appropriate the sum of \$8,000.00 for snow removal and sanding, \$6,552.79 of which is for overdraft as a result of emergency declared, the balance to be used in 1956 for snow removal and sanding.

ARTICLE 11. Voted to transfer from excess and deficiency account the sum of \$500.00 to clean and paint the Selectmen's Office and to install a new asphalt, plastic or rubber tile floor.

ARTICLE 12. Voted to raise and appropriate the sum of \$69.39 for the purpose of paying unpaid bills of 1955.

ARTICLE 13. Voted to raise and appropriate the sum of \$523.00 to be used for the purchase, under the direction of the Board of Fire Engineers, of two Scott Air-Type Gas Masks and appurtenances.

ARTICLE 14. Voted to transfer from the excess and deficiency fund the sum of \$1,500.00 to repair and oil a section of Westford Road.

SPECIAL TOWN MEETING, DECEMBER 3, 1956

ARTICLE 1. Voted to transfer from the Excess and Deficiency Account the sum of \$3,000.00 for Snow Removal and Sanding.

ARTICLE 2. Voted to transfer from the Excess and Deficiency Account the sum of \$1,300.00 for the Police Department.

ARTICLE 3. Voted to transfer from the Excess and Deficiency Account the sum of \$300.00 for settlement to Eugene C. Gage for land damage.

ARTICLE 4. Voted to transfer from the Machinery Fund Reserve the sum of \$500.00 to the Machinery Fund.

REPORT OF THE TOWN PLANNING BOARD

December 31, 1956

To the Board of Selectmen and the
Citizens of Tyngsborough:-

The Planning Board has watched with interest the operation of the Zoning By-Laws during this their first year in operation. This has been accomplished by attending the various Appeal Board hearings wherein requests for variances were considered. In addition, the Planning Board has heard all petitions for changes or amendments to the by-law. This has given us an excellent opportunity to determine the desires of the townspeople and thus we are better able to anticipate the possible changes or additions that might be necessary to improve this by-law in its general application.

As a result of this study and examination, we are planning on suggesting certain broader interpretations that will in no manner detract from the protective nature of the by-law but will more greatly assist the Appeal Board in its work.

We are keeping in touch with the work of other planning boards in the State, in order that we may keep our community up to date and in constant readiness to handle the problems which affect its growth and future.

ALBERT E. HOLDSWORTH, Chrm.
MAXWELL G. SHERBURNE, Sec'y.

REPORT OF THE BOARD OF FIRE ENGINEERS

To: The Honorable Board of Selectmen and Citizens of the Town of Tyngsborough,

The Board of Fire Engineers respectfully submits its annual report for the year ending December 31, 1956.

Alarms responded to were as follows:

Dwelling Fires	6	
Brush Fires	14	
Grass Fires	4	
Chimney Fires	3	
Flooded Oil Burners	4	
Electrical Fires	2	
Automobile Fires	4	
Life Boat Calls	1	
Dump Fires	3	
Other Buildings	3	
Mutual Aid (Nashua-3) (Lowell-1)	4	
Aid to Police	1	
Miscellaneous	6	
Standby at Stations	1	
Mattress Fires	2	
Total Fires	—	58

The year 1956 was marked by the spirit of cooperation, efficiency and complete harmony in the fire department. The Tyngsborough Volunteer Firemen's Association, which merged into a single unit a year ago, remains the backbone of the department. Association and company officers deserve considerable credit for their excellent leadership in training and social spheres.

Again in 1956 departmental statistics indicate a reduction in the number of serious fires, with a substantial reduction in the fire loss. We feel credit for this splendid record lies with the citizens of the town, who have eagerly adopted the department's pre-suppression policy, and removed hazardous conditions from their homes and grounds.

The board of fire engineers has undertaken the formidable task of establishing numbered fire districts in the town, and subdividing the districts into permanently numbered, individual box locations. The immediate aim is a more efficient system of reporting fire calls in the growing town, however, the secondary benefits are many and obvious.

Ample notice will be given before the new system goes

into operation, which will probably be sometime in 1958. There is still much work to be done, and eventually members of the fire department will call on householders in their neighborhood to explain the new system. It is our hope to have a complete list of all the new box locations and numbers printed in the 1957 annual town report.

The rolling equipment is in good condition and well maintained. We are again suggesting the appropriation of \$1000 to the stabilization fund for subsequent use in future years when it will become necessary to purchase new capital equipment. In this manner we "pay as we go", and the town will not be faced with a sizable financial burden years from now, when the need arises for new fire trucks.

The department has been privileged to assist neighboring fire departments under the mutual aid plan during the year. In these instances the officers and men served with distinction, and earned the praise and thanks of neighboring fire officials for their efficiency. The Town of Chelmsford, through the splendid cooperation of Fire Chief Allan Kidder, again allowed us to use their powerful radio transmitter as a base station for our mobile units mounted on our trucks. For this we are most appreciative.

The board of fire engineers, and the men of the department, again express their thanks to the citizens of the town for the confidence and splendid cooperation given them throughout the year. We hope, through our continued efforts, to merit this high esteem for years to come, and to provide efficient and economical fire protection for the citizens of Tyngsborough.

Respectfully submitted,
BOARD OF FIRE ENGINEERS

Robert G. Duff, Chief Engineer
Albert E. Chouinard, Chairman
Wilfred P. Mercier, Sr.
Leo G. Pelletier

Thomas E. Coughlin, Clerk

December 31, 1956

REPORT OF THE POLICE DEPARTMENT

To the Inhabitants of the Town of Tyngsborough:

The report of the Police Department is again submitted. The addition of an all night cruiser patrol which was started in 1955 has proven beyond doubt that this has been of extreme value to the town. Crimes of all types have fallen to an all time low in this town. It is well known now that the cruiser is liable to appear at any place during the night and at various times so that persons who have an intent of coming into town to break and enter realize the danger of doing so. Also, at various times the all night patrol is made in the personal car of officer William Doyle which is equipped with two way radio so that the patrol is conducted without recognition. We cannot emphasize too much the value this patrol has been to the town.

Accidents in the town have been reduced to an all time low, mainly because persons involved in accidents who are at fault are prosecuted either through the Lowell District Court or through the Registry of Motor Vehicles. All traffic violations in the town have been sent to the Registry by means of the three way violation notices and the licenses of many out of town persons who have used our roads for a speedway have been suspended or revoked. As the town derives no revenue from traffic fines this seems the better way to handle this, as the loss of a license for 7 days is much more punishment than a five dollar fine or warning from the courts.

1956 has seen the greatest influx of out of town traffic in this town's history, largely due to the opening of super highways all around us. This traffic now continues even through the winter due to the winter sport programs held throughout New Hampshire and Vermont.

The driveway into the school has been made wider through the cooperation of the State Department of Public Works, at the request of the school and also signs have been placed in front of the school to protect the bus loading zone from all night and all day parkers.

Some thought has been given to the purchase of a new combination cruiser and ambulance in 1957, for while the city of Nashua has been most cooperative with the use of their ambulance there have been times when their ambulance has been busy. We cannot disregard the fact that our town has grown tremendously in the past few years and we are going to have to expand our equipment. We appreciate the fact that Nashua has

given us free radio service in the past and has serviced our radios, charging us only for materials and labor. As a matter of fact the town is very fortunate in that all surrounding police departments and the state police have been very cooperative. This cooperation is one of the reasons that our own small department has been able to operate as efficiently as it has.

Much appreciation is due to the special officers who have given much of their time free, even purchasing their own equipment. As a matter of fact some thought is going to have to be given to the regular officers who work for a salary of \$60.00 weekly with a take home pay of considerably less. Out of this these men purchase their own uniforms, guns and other equipment. No other town has men working for so little and buying their own equipment. There is no doubt that our department is still undermanned, especially in the summertime.

This has been a busy year for the police department. The selectmen join with the officers in thanking the townspeople who have cooperated so well and made their work that much easier.

Respectfully Submitted

John W. Lewis, Chairman
Board of Selectmen

REPORT OF THE CIVIL DEFENSE DIRECTOR

To the Honorable Board of Selectmen and the Citizens of Tyngsborough:

The following is my report as Civil Defense Director for the year ending December 31, 1956.

The Civil Defense Program is gradually expanding throughout the state.

We have reached an agreement with the Red Cross on a statewide basis whereby Civil Defense will be responsible when it is a war caused disaster and the Red Cross will be responsible during all natural caused disasters. In either event the Civil Defense Directors are going to be the coordinators between the two agencies.

We have made plans to move the Observation Post as soon as the weather and conditions are suitable. Mr. Avery has been kind enough to agree to allow us to use a piece of his land on top of Potash Hill provided that we properly fence it off. The cost of moving this post and of maintaining it will be approximately \$500.00.

We are still not doing too much under Civil Defense due to the lack of funds.

Respectively Submitted,

George W. Shipley
Civil Defense Director

REPORT OF TRUSTEES OF THE LITTLEFIELD LIBRARY

To the Honorable Board of Selectmen
Tyngsborough
Massachusetts

Gentlemen:

The trustees of the Littlefield Library submit their report herewith.

We find that the library is in good condition and that in the past year it has served the town well. We have maintained the plant in good repair and have added lights at the end of the steps.

In addition, we have supplied venetian blinds for the library, re-done the library floors, have purchased a large globe of the world, and have added a table for rare books.

In the spring term, the Winslow School was allowed to use one of the reference rooms for classes each day.

The Historical Society used the library for their November meeting.

Respectfully submitted

William E. Shea
Chairman, Board of Trustees

ANNUAL REPORT OF LIBRARIAN

To the Trustees of the Littlefield Library

Sirs:

The annual report of the Littlefield Library for the year 1956 is herewith submitted.

The Tyngsboro-Dunstable Historical Society held a meeting at the Library in November with Mrs. John E. Barr as hostess and the speaker was Mrs. Franklin Hammond. Her subject, Custodian Exhibits.

Thanks are due Mr. Carl Richmond, Miss Mona Gove, Mrs. Charles Coburn, Mr. John E. Barr, Mrs. Claude Bell, Mr. & Mrs. Walter Douglass, Mrs. Yvette Shepard, Mr. Roscoe Turner, Mrs. Martin Betz and Mr. Edward Moss for gifts of magazines and books given to the Library.

Due to the over-crowded conditions at the Winslow School one of the reference rooms was used for classes morning and afternoon each day through June. In September, the school had double sessions and there was no time for the school children to come to the Library, consequently the circulation dropped.

Venetian blinds have taken place of the dark green curtains making the Library much lighter.

Respectfully submitted,

Lena M. Coburn
Librarian

Statistics for the year 1956 are as follows:

Adult circulation	3633
Fiction	2669
Non-fiction	964
Juvenile circulation	3206
Fiction	2457
Non-fiction	749
Periodicals	1947
Pamphlets	356
Total circulation	9142
Books added to the Library	191
Purchased	153
Gifts	38
New borrowers	54
Lost books	14
Total number of volumes in the Library	11,900
Fines	\$31.16

REPORT OF THE SCHOOL BUILDING COMMITTEE

1956

For three years the School Building Committee has worked toward the day it would see the new elementary school occupied and double sessions at an end. This day is not far away. Only a few items are yet to be completed.

The quality of workmanship, material and equipment included in the building is the finest, and a credit to the contractors, architects and the Superintendent of Schools.

During the early months of 1956 the weather became a major problem, delaying the installation of the water main, which proved to be a definite handicap to the general contractor. On May 4th this was completed under the direction of Mr. Harold Garland, of the Dracut Water Commission.

June and July were devoted mostly to the study and inspection of equipment necessary for the new school. Contracts were let for the equipment in the sum of \$27,281.00. The committee was ably guided by Mr. Elliott A. Diggle, who prepared and presented the specifications with the assistance of the architects. The majority of the equipment has been delivered to Tyngsboro and stored since early September.

One of the most important phases of school building is an adequate and properly approved sewerage system. Due to overlapping authority in the health departments of the state and Nashoba, there has been much misunderstanding and the opportunity for unfounded criticism. On October 2nd a copy of a letter sent to the Tyngsboro Board of Health was received from Mr. Henry Smith, Nashoba Boards of Health, in summary stating: At a meeting with Mr. Smith, Mr. Maynard, the three Selectmen, Judge Valentine, Mr. Marion, Mr. Sidebottom, Mr. Fuyat, Mr. Herrmann and Mr. Starkey on Oct. 1st, inspection holes were dug and the size of the leech pipe and stone and general measurements were taken. There seemed to be no reason to refuse approval. Therefore, in Mr. Smith's opinion, the leeching bed was satisfactory.

The Building Committee has believed throughout the past two years its prime concern is the completion of the new school in as short a space of time as possible, without incurring any expensive or time consuming legal action by the Town. It further believes that any liens or attachments placed against the contractor are not its concern as long as the progress of construction was continuing. But when the work stopped and appeared to be delayed indefinitely, (a month after the Septem-

ber 1st completion date, Mr. Marion was called before the committee on October 15. At this time Mr. Marion gave the committee a definite finish date of November 27th.

In December the initial contact was made with the Bonding Company (covering Mr. Marrion's contract). Since that time seeming progress has been made.

On December 10th the 16th requisition was approved, this showed \$255,422.59 for work done to date of the total building contract of \$270,373.00. These requisitions are submitted monthly by Mr. Marion to our architects for approval and then forwarded to the committee. Mr. Sidebottom and Mr. Fuyat have with steadfast determination guarded the Town's interest in demanding the quality of performance called for in the specification, and in their belief that completion of the building is their first concern.

The School Building Committee Expense account shows \$372.00 expended for: telephone, postage, transportation and advertisements for equipment bids. This is from a total appropriation of \$590.35 for 1956.

A form has been completed with the help of the Town Clerk, Mr. Earl R. Gilson and signed by the Town Treasurer for the State School Building Assistance Commission, a preliminary to the Town's receiving its second payment from the State as its 50% share of the principal due this year. The amount is \$8,170.00.

In March Mrs. Cornelius Shanahan was appointed as a member of the Building Committee at the completion of her term on the School Committee. Mr. Frank Parker attended only one meeting before being called into the service.

Respectfully submitted,
Frank C. Herrmann, Chairman

REPORT OF NASHOBA ASSOCIATED BOARDS OF HEALTH

December 31, 1956

Board of Health
Tyngsboro, Massachusetts

Gentlemen:

It gives me pleasure to submit my first annual report as Medical Director of the Nashoba Associated Boards of Health. Since coming to Nashoba, I have watched with interest and admiration the on-going health programs and services which are a part of our daily routine. The over-all cost of Nashoba remains about the same, this year \$1.18 per capita. However, we continue to lose State funds and become more and more financially independent, raising the assessment to the towns to \$.82 in 1956. In 1957 we expect to be approximately 80% town supported which is a big step forward from the 30% town support of 20 years ago.

For the sum of \$2,351.76 spent by your town in 1956, your citizens received the following services:

SANITATION AND LABORATORY SERVICES

All Nashoba towns are growing - some faster than others and these are rapidly running out of good building land. Soon neighboring towns will feel the pressure for house lot demand.

Now is the time for towns to make plans, pass regulations and consider necessary by-laws which will allow our towns to develop as we want them. Proper regulations now will prevent future problems of over-population, high taxes and other undesirable problems.

The Nashoba staff is receiving excellent cooperation from citizens and contractors in the compliance with the recently new sanitary code. The demand for inspection service has been great. In most instances the staff has been able to meet all requests within reasonable time. We will endeavor to give satisfactory service in the future.

Milk samples collected	65
Visits to plants processing milk	21
Restaurants inspected	19
Day nursery inspections	5
Nursing home inspections	1
School building inspections	4
Private water supply - inspections & collections	54
Bathing beach water samples collected & inspected	12

Milk licenses issued	36
Oleomargarine licenses issued	5
The laboratory report for the district:	
Milk samples tested	2,786
Water samples tested	595
Diagnostic tests	2,200

For the past four years the laboratory has carried on in addition to its routine work, research on the throat and nose bacteria found in a group of families in the member towns. This work has been done with the cooperation of one of our Nashoba physicians, Dr. Henry Harvey of Littleton. On October 4, 1956 the New England Journal of Medicine published our first article on the subject under the heading of "Host Influence on Upper Respiratory Flora". This is the sort of public health research that could lead to a better understanding of:

- a) Why children get colds more than grown folks.
- b) How they build their resistance.
- c) Why certain older people remain susceptible to colds.

MEDICAL SOCIAL WORK SERVICES

Throughout 1956 our medical social consultant continued to be very busy. Problems related to matters of personality or emotional difficulties were even more numerous than those referred for assistance in environmental change or social planning.

The sources of referral were primarily the same; nurses, local doctors, school authorities, local Boards of Health, and private citizens. Approximately 137 cases were referred to the medical social consultant in 1956 and these entailed 384 interviews or contacts. Of the 137 cases referred to the consultant, about two-thirds were in turn referred to hospitals, social agencies, clinics dealing with personality or emotional problems, mental hospitals

or governmental facilities such as the Veteran's Administration Hospital, Crippled Children's Services and the like.

During the summer, dental treatment was made available for school children under fourteen years of age at Forsyth Dental Clinic in Boston. Almost two hundred children from the sixteen towns were seen at Forsyth, and some are continuing to go there on Saturdays with their parents.

Because the role of medical social consultant in a public health set-up is continually better understood by laymen in general, there has been a definite increase in the number of problems referred directly by private citizens. No problem is too small to be overlooked, for the little problems are the ones which are most successfully treated.

NURSING AND PREVENTIVE DENTAL SERVICES

On February 1st of this year Nashoba started furnishing nursing service to your town and Dunstable through a joint agreement made with the two Boards of Health and with the approval of the school committee. Mrs. Carolyn Wood Brown was employed by Nashoba to furnish this service.

During the eleven month period the following nursing visits were made:

a) To sick people	630
b) To well people for health supervision	435
c) To people with special problems	94

a) consists of intramuscular injections, baths, enemas, surgical dressings, and other treatments done under orders of a private or clinic physician: b) includes visits to well children, for health guidance, to school children for follow-up of defects found in routine tests or by the physician at the time of school health exams, to preschool children prior to entrance to school each year to make out school health records and acquaint parents with school health policies, plus a smaller number of visits for health guidance to adults: c) includes tuberculosis cases, contacts or suspects; other communicable diseases including pediculosis, and children under supervision of crippled children's services for orthopedic, plastic or heat defects.

Over 1,500 doses of polio vaccine were distributed to your town for use in school and preschool clinics and by private physicians. About 90% of this was used in the clinics. This involved a tremendous amount of work for the nurse who had to get permission slips signed, arrange for the clinics, keep records and make statistical reports. Mrs. Clarence Carkin and Mrs. John Sanders gave invaluable assistance at these clinics as well as at the Well Child Conferences.

One hundred fifty five out of a possible one hundred sixty four pupils in grades two, five and eight participated in the preventive dental program this year. One hundred thirty two, or almost 90%, of these examined gave evidence of needing dental care which shows that dental problems need a great deal of attention in your town.

PREVENTIVE MEDICAL SERVICES

The year 1956 saw many and varied activities in the health department. The largest single project was the mass inoculation of thousands of infants, children and young adults with Salk Polio Vaccine.

An X-ray survey of Nashoba's Nursing, Boarding, and Convalescent Homes was conducted which turned up one arrested, one active, and four suspect tuberculosis cases, as well as four suspect cancer cases and several other miscellaneous findings. This focusing of attention on our "senior citizens" group was manifested also in the three demonstrations "Well Oldster Clinics" which were held in the town of Lancaster this year under the joint sponsorship with the local Board of Health and serviced by Dr. Eleanor Robbins. These clinics proved to be so well accepted and so fruitful in their findings that the Medical Society has approved continuing them on a monthly basis and Dr. Robbins continues to volunteer her services.

Most of the districts 500 to 600 school personnel had the required three year chest X-rays taken at the health center by the State Mobile Unit in November.

At the Well Child Conferences held in Tyngsboro, 51 children made 83 visits and received 73 immunizations. Five children were referred to their family doctors. Dr. Kenneth I. E. Macleod and Dr. Eleanor Haynes Smith attended these clinics.

The Tuberculosis Clinic held in cooperation with the Middlesex County Sanatorium was well attended and 138 Middlesex County patients made 153 visits. Worcester County patients were seen as usual at the Worcester County Sanatorium.

Communicable diseases were reported as having a low incidence this year. There was one case of paralytic polio reported in the district and that child is making a satisfactory recovery. The following is a list of diseases reported in Tyngsboro during 1956:

Chicken Pox	2
Meningitis	1
Scarlet Fever	3
Whooping Cough	1
Dog Bites	9

The services of the Medical Director are available in the investigation of communicable disease and for consultation to the hospitals and practicing physicians in the area. The Medical Director has been accepted on the staff of the Community Memorial Hospital in Ayer, as a Fellow of the Massachusetts Public Health Association and serves on the professional services committee of the North Central Mental Health Association. She also has been appointed instructor in public health practice at Harvard University. This summer two medical students from Tufts University, School of Medicine were assigned to Nashoba for field training in public health practice.

We have revised and condensed our list of services and would like to see a wide distribution of this literature through organized

groups, welcome wagons visiting new residents, or through individuals on request. One of our boards of health saw fit to mail this list to each family in the town.

In concluding I would like to mention my favorite "aim for the future". Each of us on the staff in his daily contact with citizens tries to carry on health education to the extent that time and circumstances will allow. However, if a more concerted and forceful health education campaign could be carried out, particularly in the field of home accident prevention, I believe that within a few years we would see some dramatic changes in the death rate figures for our youngsters.

I take this opportunity to thank our board members, my staff and all who have helped to make my adaptation to a new environment and a new position so pleasant.

Respectfully submitted,

Eleanor Haynes Smith,
M. D. , M. P. H.
Medical Director

REPORT OF CEMETERY COMMISSIONERS

December 31, 1956

To the Board of Selectmen and the
Citizens of Tyngsborough:

We hereby submit our report for the year ending December 31, 1956.

The cemeteries received the spring cleanup and were maintained throughout the summer and fall months.

Previous to the start of work in the spring, all mowers were completely overhauled and parts were replaced to enable their use for another season.

General maintenance on cemetery properties were taken care of through the summer.

Respectfully submitted,

Robert J. Anderson,
Milton Estabrook, Jr. ,
Burton K. Dodge, Chairman,
Cemetery Commissioners

REPORT OF BUILDING INSPECTOR

December 31, 1956

To the Board of Selectmen and
the Citizens of Tyngsborough:

It is with regret and a feeling of great loss that we note the passing of John C. Murray.

"Jack" was our first building inspector who operated under our existing requirements of the Sub-division Control Law and Zoning Law and he had a responsible part in establishing this department in its procedure and scope. He was always available and ready to assist in interpreting the regulations.

This office is in very good condition and the town has an excellent record of new building and additions over the last two years. A comparison of these two years shows that there were 49 new buildings and 10 alterations in 1955 as compared to 15 new buildings and 42 alterations for the year 1956. These figures would indicate some of the effects of zoning regulations, particularly as it applies to large sub-divisions.

We have been recently contacted by the Dept. of Labor & Industries, Division of Statistics, and in cooperation with other towns and cities of the State, we are to furnish monthly reports which will be used statistically to show the overall trends within the State as well as nationally.

Respectfully submitted,

ALBERT E. CHOUINARD
Acting Building Inspector

REPORT OF THE WELFARE AGENT

To the Honorable Board of Public Welfare and
the Citizens of the Town of Tyngsborough:

The following is my report for the year ending December 31, 1956.

We have had three major changes in the Public Assistance field, as follows:-

1. Old Age Assistance recipients, except those in nursing homes or boarding houses received a monthly allowance of \$2.50 as a transportation allowance. This was effective Jan. 1 1956.

2. On July 1, 1956 we had a cost of living adjustment of 5.8% which all the recipients of Old Age Assistance, Aid to Dependent Children and Disability Assistance received, with the exception once again of those recipients who were in a nursing or boarding home.

3. The requirement of citizenship, in order to be eligible for Old Age Assistance, has been rescinded. However, it is necessary to prove residence in the United States for at least 20 years and residence in Massachusetts for 3 years out of the last 9 years, one of which must be the year immediately preceding the date of application.

The greatest problem confronting the Welfare Departments is the rising costs of the medical services. Except for Disability, our caseload has greatly diminished and yet our expenditures continue to rise in proportion to the number of cases.

Insofar as the regular grants are concerned, we have to follow the budgetary standards set up by the State. The local agency, once eligibility is established, has no choice but to give the recipient whatever the State budget calls for.

On Old Age Assistance, during the past year we have averaged 67 cases per month. The expenditure has ranged from a high of \$329.50 per month downward. The monthly average per person has been \$72.46. Of this, \$58.44 went as a regular grant to the recipient. The balance of \$14.02 went for medical purposes.

On Aid to Dependent Children, we averaged 6 cases per month. The expenditure has ranged from a high of \$326.30 per month downward. The monthly average per family was \$149.65.

Of this, \$144.69 went as regular grants to the recipient and \$4.96 went for medical purposes.

On Disability Assistance, we averaged 9 cases during the year. The expenditure has ranged from a high of \$236.06 per month downward. The monthly average per recipient was \$112.94. Of this, \$43.81 went as a regular grant to the recipient and \$69.13 went for medical purposes.

General Relief has been much less this year. The majority of this has been cases placed on relief temporarily until eligible for one of the State aided programs.

Also, during the past year we have collected \$3,555.67 through the real estate liens on Old Age Assistance. This will be divided between the Federal, State and local governments.

The staff of this agency wishes to take this opportunity to thank the public and private agencies which have given us their cooperation during this past year.

We would also like to take this opportunity to thank the local Board of Public Welfare for their considerations during this past year.

Respectfully submitted,

GEORGE W. SHIPLEY,
Welfare Agent

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen and
citizens of Tyngsborough:

I hereby submit my report for the year 1956.

The major part of the year's work consisted of the cutting and disposal of a great number of dead elm trees. These trees not only create an unsightly nuisance but the danger of falling limbs makes their removal necessary. There being so much of this work, all of the appropriation was used. There still remains some badly needed trimming work on trees along most of our roads throughout the town.

Respectfully submitted,

EARL H. HUNTER

REPORT OF THE SEALER AND WEIGHTS AND MEASURES

December 31, 1956

To the Honorable Board of Selectmen
and Citizens of the Town of Tyngsborough:

The following is a summary of work completed during the year 1956:-

Sealed:

Number of kerosene pumps	4
Number of grease pumps	7
Vehicle tanks	1
Condemned	0
Total mileage covered during year	57 miles
Total fees taken and paid to Treasurer	\$47.75

Respectfully Submitted,

RAYMOND F. WILKINS
Sealer of Weights & Measures

REPORT OF THE TOWN BEACH COMMITTEE

Pine Haven Beach

December 31, 1956

The Town Beach Committee has not functioned as an active group for some time. This activity has been supplanted by the excellent supervision of Mr. Ernest ("Uncle Toot") Wilkins, who has taken the entire responsibility of the direct operation and maintenance of the Town Beach. This responsibility has been largely a "labor of love" and the youth of all ages are greatly indebted to this outstanding citizen.

The Committee will continue to take an active interest in the suggestions of the Beach Superintendent in order that the use and expansion of the beach will keep in step with the growth of the community.

This is an area wherein a great deal of return is obtained for a few dollars expended.

ALBERT E. CHOUINARD, Chrm.

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen,
Town of Tyngsborough:

I submit my annual report from January 1st through
December 31st 1956.

During the year I inspected:

Dairy cattle	349
Sheep	18
Hogs	8
Goats	2
Horses and Ponies	16
Chinchillas	25 pr.
Minks	325
Dogs Quarantined	18

Respectfully submitted,

Percy W. Richardson
Inspector of Animals

REPORT OF DOG OFFICER

1956

To the Honorable Board of Selectmen
Tyngsborough, Mass.

I submit my annual report from Jan. 1, 1956 through
Dec. 31, 1956.

I notified all dog owners of their dog taxes being
due. Three hundred twenty-six (326) taxes were paid and five
(5) kennel licenses also paid. There were twenty-three (23)
who had no dog this year.

There were:-

- 28 stray dogs picked up and kept six days and
then destroyed.
- 14 dogs which had been killed by motor vehi-
cles, picked up and buried.
- 27 dog bite cases.

Respectfully Submitted,

JAMES ELMER JORDAN
Dog Officer

REPORT OF HIGHWAY SURVEYOR

To the Board of Selectmen
and the Citizens of the Town of Tyngsborough:

I hereby submit my report as Highway Surveyor for the year ending December 31, 1956.

Chapter 81 Roads, general maintainance was done on all roads. Oiling, patching, graveling, cleaning, drainage and brush cutting, also some ledge work in various sections of the town. All work was laid out and done under the supervision of the State Engineer, Edward Cavanaugh.

Chapter 90 Roads, Dunstable Road, Swan Road, Frost Road and Kendall Road were treated with Stone M.I.P. All other 90 Roads were general maintained, oiling, patching, cleaning, drainage and brush cutting as specified by the State Engineer.

Chapter 90 Construction. Frost Road. A distance of eighteen hundred feet was re-constructed under the specification of the Department of Public Works supervised by the State Engineer. This completes Frost Road, Route 3-A from Tyngsborough Bridge to the Hudson, N.H. and Tyngsborough line.

The amount of road oil used on all roads was approximately 58,000 gallons.

Major repairs were made as follows:

Lakeview Avenue: A stone culvert was replaced with a 24" metal coated and paved pipe, \$600.00. Groton Road, a section was widened, graveled and proper drainage installed, \$1,000.00.

Scribner Hill Road, a section was widened and graveled to the extent of \$1,500.00 Upton Drive, widened and graveled.

Due to the fact that the Highway Department owns one Truck and one Grader, rental equipment is not always available when most needed. Being seasonable work some of these projects were not completed. Balance of money will be held over for 1957.

Respectfully submitted,

Leo G. Pelletier
Highway Surveyor

ACCOUNTANT'S STATEMENT

To The Board Of Selectmen
Mr. John W. Lewis, Chairman
Tyngsborough, Mass.

December 31, 1956

The financial transactions as shown herein are in accordance with the classification as prescribed by Director of Accounts, Department of Corporations and Taxations, Commonwealth of Massachusetts.

All bills paid by the Town are on file and may be examined by any citizen of the Town by appointment.

All bills to be paid on the Monday Warrants shall be filed with the Town Accountant by 4 P. M. on Saturdays.

I have also examined and verified books, bank books, and securities of the Town Treasurer and the Selectmen and find them correct as herein stated.

Respectfully yours,

EARL R. GILSON
Town Accountant

TOWN WARRANT

TOWN OF TYNGSBOROUGH

THE COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss

To either of the Constables of the Town of Tyngsborough in the County of Middlesex.

Greeting:

In the Name of The Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Tyngsborough on Monday the 11th day of February next, at ten o'clock in the forenoon, then and there to act on the following articles:

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, two Constables, one Tree Warden for terms of one year, a Selectman, Assessor and a Member of the Board of Public Welfare, one Highway Surveyor, two Members of the School Committee, two Trustees of the Littlefield Library and one Cemetery Commissioner for terms of three years, and one Member of the Planning Board for a term of five years.

All on the same ballot.

And you are further directed to notify the said inhabitants of the Town of Tyngsborough to meet again at the Town Hall in said Tyngsborough on Monday, the 18th day of February next at 7 o'clock in the afternoon, then and there to act on the following articles:

ARTICLE 2. To see if the Town will vote to accept the reports of the Town Officers and committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what way the dog licenses will be used.

ARTICLE 4. To choose all Town Officers not named in Article 1, or take any action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the Revenue of the financial year beginning January 1, 1957, and to issue note or notes therefore, payable within one year, and to renew any note or

notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws, or take any action in relation thereto.

ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1956 and prior years, or take any action in relation thereto.

ARTICLE 7. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, as recommended by the Advisory Committee, or take any action in relation thereto.

ARTICLE 8. To see what action the Town will take with reference to the compensation of the elected Highway Surveyor.

ARTICLE 9. To see if the Town will vote to permit the Cemetery Commissioners to perform work in the Town cemeteries and be paid for such labor at the current rate for Town labor, or take any action in relation thereto.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to set aside as a Stabilization Fund as provided in Section 58 of Chapter 40 of the General Laws as amended, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be placed in a separate Stabilization Fund in anticipation of future capital expenditures for the Fire Department, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$4,100.00 for Chapter 81 roads, and will further vote to transfer the sum of \$11,650.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State for this work, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$2,400.00 for Chapter 90, Maintenance, and will further vote to transfer the sum of \$3,000.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for Chapter 90, Construction, Coburn Road, and will further vote to transfer the sum of \$12,000.00 from Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$900.00 to purchase a new police cruiser, this amount being the difference between the purchase price and trade-in value of the present cruiser, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$16,000.00 for principal payment on school loan, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$6,700.00 for interest on the school loan, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 18. To see if the Town will vote to further amend the Town By-Laws by adding the following section to Article 1:

Section 8. Any warrant article or motion thereunder receiving unfavorable action at any Town Meeting shall require a 3/4 vote for adoption at a Special Town Meeting. This restriction shall apply when an article or motion presented at a Special Town Meeting contains the same subject matter or would produce the same effect as one acted upon at a previous meeting. A request for a different sum of money shall not be construed as changing the subject matter of such an article or motion.

ARTICLE 19. To see if the Town will vote to grant the School Committee the right to dispose of the oil burning equipment removed at the time of the installation of the new oil burner at the Winslow School.

ARTICLE 20. If the preceding article is voted in the affirmative, to see if the Town will vote to transfer from the Excess and Deficiency Account a sum equivalent to the amount received to do hot top work at the Winslow School, or take any action in relation thereto.

ARTICLE 21. To see if the Town will vote to raise and appropri-

ate the sum of \$60.00 to install three (3) street lights on Route 3, or Middlesex Road, from the New Hampshire State Line to the Tyngsboro Open-Air Theater, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of \$20.00 for an additional light on Dunstable Road in the vicinity of Cummings Road, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 23. To see if the Town will vote to accept the sum of \$75.00, the income of which shall be used to provide perpetual care for Lot 65 in the name of Vernon E. Newman in the Flint Cemetery, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 24. To see if the Town will vote to transfer from Excess and Deficiency Account the sum of \$1,500.00 to continue work of graveling and resurfacing Scribner Road, or take any action in relation thereto.

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 with which to continue the work of resurfacing, graveling and repair of Althea Avenue, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 26. To see if the Town will grant permission to the Board of Selectmen to dispose of the Town scales located in the rear of the First Parish Church, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$320.00 to be used for the purchase, under the direction of the Fire Engineers, of 200 feet of 2-1/2 inch fire hose and appurtenances, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 28. To see if the Town will vote to accept a section of Willowdale Avenue as a Town way, this section being from Willowdale Road to Lands End Road, a distance of approximately 1/5 mile, and to raise and appropriate the sum of \$1,800.00 for the improvement of this section of Willowdale Avenue, or take any action in relation thereto.

(The above article has been presented by petition, therefor is on

this warrant. Its presentation was not in accordance with the By-Laws of the Town made in reference to the acceptance of Town ways, therefor a vote in favor of this article would be invalid and inoperative).

ARTICLE 29. To see if the Town will vote to raise and appropriate, or transfer from Excess and Deficiency Account, the sum of \$1,200.00 to gravel and resurface Norris Road, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 30. To see if the Town will vote to amend Section 5, Clause B, of the Town Zoning By-Law, by adding the following to the excepted areas, in the second paragraph, "and a parcel of land situated on the southerly side of Willowdale Road and the easterly side of Althea Avenue, belonging to Louis R. Levesque", or take any action in relation thereto.

(The above article was not presented to the Planning Board in conformance with the requirements of the zoning by-laws. A favorable vote on the above article would be invalid and inoperative).

ARTICLE 31. To see if the Town will vote to transfer from the Excess and Deficiency Account the sum of \$1,000.00 to gravel, resurface and oil Groton Road, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to gravel, resurface and oil Red Gate Road, or take any action in relation thereto.

(Recommended by Advisory Committee)

ARTICLE 33. To see if the Town will vote to adopt the following amendment to Section 2, paragraph 5, line 5 of the Zoning By-Laws in place of the words "trailer space or trailer camp" -

1. In any District it is permissible to bring a house trailer into the Town for use as a home provided it conforms to the existing zoning and health regulations for a dwelling and the Town By-Law relative to building permits. The above use is considered legal and the house trailer is taxable as real property.
2. The Board of Selectmen have the right to grant a permit to bring into the Town a house trailer for use as a temporary home while a permanent home is being built, provided the applicant already possesses a building permit. This tem-

porary use permit shall not exceed nine months.

3. The preceding two provisions regarding house trailers shall not be construed as making the ownership of a non-inhabited house trailer illegal as a piece of property.
4. Any other house trailer use in the Town is considered illegal and is excluded.

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of \$850.00 for the purchase of a new snow plow for the Highway Department, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 35. To see if the Town will vote to raise and appropriate the sum of \$450.00 to gravel and oil the Town Hall driveway from Kendall Road to the Kitchen entrance, or take any action in relation thereto.
(Recommended by Advisory Committee)

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, Post Office, Unitarian Meeting House, and Lakeview Avenue Fire Station #2 in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this first day of February in the year of our Lord one thousand nine hundred and fifty-seven.

EXPENDITURES

General Expense:		
School Committee Expense	\$ 595.54	
Supervision Salary	1,628.76	
Superintendent's Expense	<u>654.41</u>	
		\$ 2,878.71
Expenses of Instruction:		
Teachers' Salaries	53,850.30	
Textbooks and Supplies	<u>5,148.49</u>	
		58,998.79
Expenses of Operation:		
Janitors	3,315.86	
Fuel	1,232.84	
Operating	<u>1,509.74</u>	
		6,058.44
Maintenance:		
Repairs	<u>2,492.38</u>	
		2,492.38
Auxiliary Agencies:		
Health	831.54	
Transportation	25,434.78	
Tuition	<u>25,403.91</u>	
		51,670.23
Outlays:		
New Equipment	<u>195.57</u>	
		195.57
Summer Playground	<u>201.13</u>	
		<u>201.13</u>
Total		\$ 122,495.25
Total Appropriation		<u>125,700.00</u>
Balance		\$ 3,204.75

REIMBURSEMENTS

The following reimbursements have been received from the State:

Chapter 70 as amended 1948, Chap. 643	\$ 29,247.48	
Union Superintendent's Salary	933.33	
All School Transportation	22,391.14	
Tuition & Trans. Vocational School	2,222.89	
State Wards	<u>662.00</u>	
		\$55,456.84

The above reimbursements to the Town of Tyngsborough represent approximately 47% of the total amount expended for schools and therefore reduces the cost of education to the Town of Tyngsborough to \$67,038.41.

Respectfully submitted,
Mrs. Helen Betz, Chairman
Tyngsborough School Committee

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To Members of the School Committee and Citizens of Tyngsborough

I submit herewith my sixth annual report as Superintendent of Schools.

Perhaps no question is more pertinent at the present time than "When will we be able to move into the new school?" For more than six months the School Building Committee and the School Committee have sought a forthright answer to this question. As recent as last October the Contractor assured the Committee that the building would be completed by November 26th. It has been evident for some time that the task of coordinating the work of the different sub-contractors has not been successful. There is apparently no legal recourse to require a subcontractor to fulfill his contract within a specified time limit, hence the delay of a week or a month on the part of a single sub-contractor prevents other sub-contractors from completing their work. The Building Committee has taken every measure, short of legal action, to hasten completion of the building with the idea in mind that court action would not only cost the Town additional funds, but would delay for an even longer period the opening of the new school. The late winter or early spring now appears to be a realistic date for the opening of the new school.

I should like to take this opportunity to pass on to you the comments of two well qualified individuals who have visited the new school. A Building Committee member from out of State remarked, "Our new building of about the same approximate size cost us considerably more than \$328,000., yet many of the appointments and details in this building are far superior to ours". This party questioned the cost figure and plans to visit the building when completed and fully equipped. A prominent school architect accustomed to considerably more expensive schools in the Philadelphia area commented very favorably upon the arrangement and sizes of the classrooms and other areas, and considered the use of materials and certain items of equipment from the point of view of maintenance over a period of 20 years, as being very practical. Judging from comments of several other persons, the citizens of Tyngsborough will be very proud of their new school and will take pride in showing the new school to friends and visitors.

In anticipation of school enrollments approaching 500 pupils for the 1956-57 school year, the School Committee voted to operate all grades at the Winslow School on a two session basis. Briefly, the pupils who live on the west side of the Merrimack in grades one through five plus all pupils in grades 6, 7 and 8 attend the morning session. Pupils who live on the east side of the river in grades one through five go to school in the afternoon session. This double ses-

sion arrangement, originally considered temporary, will end as soon as the new school is available for use.

A very important matter that warrants serious consideration by Town and School officials is the constant increase in school enrollments in grades one through eight. Within a three year period, the 488 pupils of today will undoubtedly become 600 pupils, hence by 1959-60 there will again be a shortage of classroom space. More to the point, the 79 pupils in grade four today will have to take the place of the 40 pupils in grade eight within a four year period. Several more classrooms will be required by the 6th, 7th, and 8th grades by 1960 than at the present time. It is not too early to study and plan for the future needs of your public schools.

For the 1956-57 school year, three teachers were added to the faculty of the Winslow School and there were two resignations for a total of five new teachers. Tyngsborough has been fortunate in the past in locating teachers that were qualified and thoroughly competent. The new teachers this year, Mrs. Sarah Holmes, Mrs. Margaret Wihry, Mrs. Gloria Egan, Mrs. Mary Kiernan and Mr. Edward Phelps (Art Supervisor) are likewise well qualified and competent. Tyngsborough is fortunate indeed in having the teaching services of the above teachers for their young boys and girls.

One of the problems that has had a direct bearing on the day to day operation of the Winslow School concerns the water supply. During the late Fall, several sessions of school had to be cancelled because the water supply and water pressure at the sinks and drinking fountains was inadequate. It is apparent that the school should have its own water supply and not have the responsibility of maintaining a limited water district. I am sure that the citizens of Tyngsborough can solve the water supply problem in a just and equitable manner for all parties concerned and at the same time assure the Winslow School of an adequate supply.

I wish to take this opportunity to especially thank the many local organizations for their generous gifts to the new school. The gifts are greatly appreciated and they indicate the high regard individuals and groups have for the education of boys and girls in Tyngsborough. I wish also to thank all school personnel, School Committee members and the many other individuals who have given of their time and energies, 'beyond the call of ordinary duty'.

Respectfully submitted,

Elliott A. Diggle
Superintendent

REPORT OF THE WINSLOW SCHOOL PRINCIPAL

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts.

Dear Mr. Diggle:

Following is my report on the Winslow School for the year ending December 31, 1956:

On October 1, 1955, the enrollment at the Winslow School was 451. The enrollment on October 1, 1956, was 488--an increase of 8.2%. This represents an increase of 17.87% over the 1954 enrollment of 414.

Due to resignations, retirements, and increased enrollments, we have added the following to our staff: Mrs. Gilbert Brown, school nurse; Mr. H. Edwards Phelps, Art; Mrs. Gloria Egan, Grades 1-2; Mrs. Sarah Holmes, Grade 6; Mrs. Mary Kiernan, Grade 1; and Mrs. Margaret Wihry, Grades 3-4.

After many years of service with the Tyngsborough School Department, Miss Lena Coburn retired in June as sewing instructor. At the present time sewing classes have been temporarily discontinued.

In recognizing the importance of the teaching of reading in the school, we have endeavored to broaden our reading program this year. More additions have been made to the revised basic series in the lower and middle grades. In the upper grades we have introduced a new basic series which we feel will greatly enrich the reading program of the seventh and eighth grades.

Last year we started working on the selection of a new arithmetic program for all grades at the Winslow School. After studying many arithmetic series, it was finally decided to use the new Winston series in grades one and two, and the new "Arithmetic We Need" series, published by Ginn, in grades three through eight.

The Zaner-Bloser penmanship program has been established in all grades. Under this program cursive writing has been changed to manuscript in grade one. Beginning in September, 1957, manuscript will be used in grades one and two.

With the co-operation of the School Committee and the Lowell Five Cents Saving Bank, we were able to start a school banking program in February, 1956. The teaching of thrift is an important phase of present day education, and no teaching could be more objective than to have the pupils open bank accounts and make regular deposits therein. In the eight months of operation 236 pupils

have opened accounts. There have been 915 deposits totaling \$4188.24.

The largest class in the history of the Winslow School was graduated in June. A total of forty-seven boys and girls received their diplomas. With the combined assistance of Mr. Arthur Thompson of the music department and Mr. Gerald Miller of the art department, we were able to give a creditable performance of Gilbert and Sullivan's "The Mikado".

Under the guidance of President Martin Brick, the Tyngsborough Parent-Teachers Association has continued its good work in the school and in the community. The P. T. A. boasts a membership of nearly three hundred. The meetings are well attended, the programs are interesting, and the material aids to the school are many.

In closing I wish to thank you and the members of the School Committee for the constant improvement in our educational and material needs at the Winslow School.

Respectfully submitted,
Richard O. Starkey
Principal

REPORT OF THE ART SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Mass.

Dear Sir:

Thus far, I am enjoying, completely, this new experience as an Art Supervisor. You might say I am learning through experiences right along with the children.

Direct purposeful experiences are gained through lessons in which the children are interested. Each child can better express himself in art if made aware of things around him. By means of the use of varied art materials, the children's interest does not lag and development takes place. Through integration of art and other studies, the children gain two-fold experiences. They are not only acquiring the feeling of expressing themselves in their own natural way and also the knowledge of the art elements and fundamentals, but are putting their classroom studies to work.

I want to thank Mr. Starkey and all of the teachers for being so

helpful and understanding. The teachers have done a wonderful job in carrying on with lessons after I have had to leave because of a very full schedule. I thank you all again.

Respectfully submitted,
H. Edward Phelps
Art Supervisor

REPORT OF THE MUSIC SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Mass.

Dear Sir:

The ultimate aim in teaching music in public school is to bring the joy, good taste and culture that come with the appreciation and understanding of music and to cause children to respond to music in as many forms as possible, and thus, enrich the life of the individual and the community when school days are long, long past.

Several of the classes did outstanding work in singing this year and the combined efforts of members of the different classes resulted in excellent work when the Christmas entertainment was presented.

The outstanding performance of the season was the Gilbert and Sullivan operetta, "The Mikado" which was presented at graduation time. While music is most essential in an operetta, this presentation reached its high pinnacle of success due to the cooperation of many who participated in "behind the scenes" activity. This outstanding event could not have been the huge success it turned out to be if it were not for the able instruction, coaching and untiring effort of Mr. Starkey, our school principal.

Singing is the most important phase of music in the elementary school. Along with continued stress on the singing program, work will continue in rhythm, creative activity, training of uncertain singers, listening, appreciation, music reading, understanding and performance. Every effort will be made to give every child a well rounded musical education, in so far as facilities permit.

Permit me to take this opportunity to thank the excellent group of teachers at the Winslow School. Their cooperation and willingness to follow suggestions in teaching music have been most helpful and appreciated.

Respectfully submitted,
Arthur N. Thompson
Music Supervisor

ABSTRACTS OF TOWN MEETING PROCEEDINGS

ANNUAL MEETING

ARTICLE 2. Voted to accept the reports of the Town Officers and Committees as printed.

ARTICLE 3. Voted one-half the dog license fees be used for the Littlefield Library and one-half for the School's Athletic Equipment.

ARTICLE 4. Voted to elect George A. Bell as Superintendent of scales, Anthony Kisley Memorial Day Committee, J. Kendall Bancroft was elected Field Driver and Pound Keeper, and Maxwell G. Sherburne, Norman R. Sherburne, John C. Hughes and Eugene J. Corcoran were elected Surveyors, of Lumber, Wood and Bark.

ARTICLE 5. Voted to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the Revenue of the financial year beginning January 1, 1957, and to issue note or notes therefore payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws.

ARTICLE 6. Voted to raise and appropriate the sum of \$2.00 for the purpose of paying an unpaid bill.

Motion made at this time by Warren W. Allgrove and voted to pass Article 7 thru Article 17 and take Article 18 and then return to Article 7.

ARTICLE 18. Voted to amend the Town By-Law - 111 yes - 36 no- by adding the following section to Article. 1.

SECTION 8. Any Warrant article or motion thereunder receiving unfavorable action at any Town Meeting shall require a $\frac{3}{4}$ vote for adoption at a Special Town Meeting. This restriction shall apply when an article or motion presented at a Special Town Meeting contains the same subject matter or would produce the same effect as one acted upon at a previous meeting. A request for a different sum of money shall not be construed as changing the subject matter of such an article or motion.

ARTICLE 7. Motion made and voted that all appropriations not challenged be accepted as read. Motion made to take all challenged appropriations separately. The Advisory Committee's report was then voted as follows.

ARTICLE 12. Voted to raise and appropriate the sum of \$4,100.00

for Chapter 81 Roads, and further voted to transfer the sum of \$11,650.00 from the Excess and Deficiency Account in Anticipation of reimbursement from the State for this work.

ARTICLE 13. Voted to raise and appropriate the sum of \$2,400.00 for Chapter 90, Maintenance, and further voted to transfer the sum of \$3,000.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work.

ARTICLE 14. Voted to raise and appropriate the sum of \$4,000.00 for Chapter 90, Construction, Coburn Road and further voted to transfer the sum of \$12,000.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work.

ARTICLE 15. Voted to raise and appropriate the sum of \$900.00 to purchase a new police cruiser this amount being the difference between the purchase price and trade-in value of the present cruiser.

ARTICLE 16. Voted to raise and appropriate the sum of \$16,000.00 for principal payment on school loan.

ARTICLE 17. Indefinitely postponed.

ARTICLE 18. Acted on before Article #7.

ARTICLE 19. Voted to grant the School Committee the right to dispose of the oil burning equipment removed at the time of the installation of the new oil burner at the Winslow School.

ARTICLE 20. Voted to transfer from the Excess and Deficiency Account a sum of money equivalent to the amount received to do hot top work at the Winslow School

ARTICLE 21. Voted to raise and appropriate the sum of \$60.00 to install three (3) street lights on Route 3, or Middlesex Road, from the New Hampshire State Line to the Tyngsborough Open-Air Theater.

ARTICLE 22. Voted to raise and appropriate the sum of \$20.00 for an additional light on Dunstable Road in the vicinity of Cummings Road.

ARTICLE 23. Indefinitely postponed

- ARTICLE 24. Voted to transfer from the Excess and Deficiency Account the sum of \$1,500.00 to continue work of graveling and resurfacing Schribner Road.
- ARTICLE 25. Voted to raise and appropriate the sum of \$1,000.00 with which to continue the work of resurfacing, graveling and repair of Althea Avenue.
- ARTICLE 26. Voted to grant permission to the Board of Selectmen to dispose of the Town Scales located in the rear of the First Parish Church.
- ARTICLE 27. Voted to raise and appropriate the sum of \$320.00 to be used for the purchase, under the direction of the Fire Engineers, of 200 feet of 2-1/2 inch fire hose and appurtenances.
- ARTICLE 28. Indefinitely postponed.
- ARTICLE 29. Voted to transfer from Excess and Deficiency Account, the sum of \$1,200.00 to gravel and resurface Norris Road.
- ARTICLE 30. To postpone to the next Annual Town Meeting and a hearing of the Planning Board be held subject to Chapter 40A.
- ARTICLE 31. Voted to transfer from Excess and Deficiency Account the sum of \$1,000.00 to gravel, resurface and oil Groton Road.
- ARTICLE 32. Voted to transfer from the Excess and Deficiency Account the sum of \$1,000.00 to gravel, resurface and oil Red Gate Road.
- ARTICLE 33. Unanimously voted to adopt the following amendment to Section 2, paragraph 5, line 5 of the Zoning By-Laws in place of the words "trailer space or Trailer camp"-
1. In any district it is permissible to bring a house trailer into the Town for use as a home provided it conforms to the existing zoning and health regulations for a dwelling and the Town By-Law relative to building permits. The above use is considered legal and the house trailer is taxable as real property.
 2. The Board of Selectmen have the right to grant a permit to bring into the Town a house trailer for use as a temporary home while a permanent home is being built, provided the applicant already possesses a building permit. The temporary use permit shall not exceed nine months.

3. The preceding two provisions regarding house trailers shall not be construed as making the ownership of a non-inhabited house trailer illegal as a piece of property.
4. Any other house trailer use in the Town is considered illegal and is excused.

ARTICLE 34. Voted to raise and appropriate the sum of \$850.00 for the purchase of a new snow plow for the Highway Department.

ARTICLE 35. Voted to transfer from the Excess and Deficiency Account the sum of \$450.00 to gravel and oil the Town Hall driveway from Kendall Road to the Kitchen entrance.

SPECIAL TOWN MEETING, AUGUST 29, 1957

ARTICLE 1. Voted to rescind the action taken at the Special Town Meeting of May 20, 1955 and voted to adopt the following recommended Scale of Wages for Town Labor: Labor \$1.50 per hour: Truck Operator \$1.60 per hour: Grader Operator \$2.00 per hour.

ARTICLE 2. Voted to transfer from Excess and Deficiency Account the sum of \$100.00 for the Tax Title Expense Account.

ARTICLE 3. Voted to indefinitely postpone Article #3 and amend by recommending the Advisory Committee transfer from the reserve fund such sums as may be necessary to departments for expenses thru December 1957 per this Special Town Meeting.

MOTION #1 - Not in Favor Yes 45 - No 32 - Total 77
3/4 Vote of 58 Needed

MOTION #2 - To Vote by Ballot Yes 30 - No 43 - Total 73

REPORT OF THE TOWN PLANNING BOARD

DECEMBER 31, 1957

To the Board of Selectmen and the
Citizens of Tyngsborough:

The Planning Board has continued to take an interest in the Zoning By-Laws whenever it has been possible to improve their use commensurate with the good of the town. Early in the year a more moderate section dealing with trailers was recommended and adopted. This year an amendment to the Town By-Laws is being considered, at the request of the Board of Health. This amendment would provide for a Board of Health inspection to certify adequate sewerage and drainage conditions prior to the issuance of a building permit for a dwelling.

There have been recent additions to the Municipal Planning and Sub-Division Control Laws of the State and the Planning Board is carefully analyzing these in reference to the desirability of revising its map and its possible acceptance by the town at a later date as an official map.

The Board is at the present time assisting in certain sub-divisions which are yet in the formative stages. There is somewhat of a problem

regarding roads in one or two older sub-divisions which were begun prior to the acceptance of the sub-division legislation, and which were never properly finished.

There is considerable interest in most of the State in regard to Earth Removal sections under the Zoning By-Laws designed to prevent wholesale deterioration of valuable portions of real estate. This type of damage has not yet been evident in our town, however, there is evidence that in the continued rapid growth of towns a service may be performed by this type of study.

In August of 1955, the Planning Board supervised the printing of a booklet incorporating the Zoning By-Law, as passed on April 10, 1955, and the Rules and Regulations of the Planning Board relative to Sub-Division Control. There are only a few of these booklets left and the Planning Board is asking for a certain sum of money in the warrant of the annual Town Meeting, for the purpose of the printing of a new booklet containing the Zoning By-Laws as revised to date, with the addition of the older Town By-Laws in the second section in place of the Rules and Regulations relative to Sub-Division Control. We feel that this will constitute a service to our growing community.

ALBERT E. CHOUINARD, Chairman
MAXWELL G. SHERBURNE, Secretary
ROLAND E. DERBY
THOMAS E. COUGHLIN
THOMAS L. WALKER

REPORT OF THE TREE WARDEN

DECEMBER 31, 1957

To the Honorable Board of Selectmen and
Citizens of Tyngsborough:

I hereby submit my report for the year 1957.

The entire appropriation for this year's work was spent cutting and disposing of dead elm trees. These trees not only create an unsightly nuisance but are dangerous. The lack of funds therefore did not allow for other general work required throughout the town.

Please seriously consider my request for an appropriation of \$1000.00 for 1958.

Respectfully submitted,
EARL H. HUNTER

REPORT OF TRUSTEES OF LITTLEFIELD LIBRARY

To the Honorable Board of Selectmen.
Tyngsborough, Mass.

Gentlemen:

The Trustees of the Littlefield Library respectfully submit their report for the year 1957.

Distribution of Children's books at the Lakeview Elementary School was initiated in November.

National Geographic Magazines, 1952 - 1956 are being bound with index.

The vacancy on the Board caused by the resignation of Mr. Shea has been filled by the appointment of Mr. Charles Currier.

Respectfully submitted,
LOUIS F. P. SPINDELL,
Acting Chairman, Board of Trustees.

ANNUAL REPORT OF THE LIBRARIAN

DECEMBER 31, 1957

Sirs:

The annual report of the Littlefield library for the year 1957 is herewith submitted.

The Tyngsborough-Dunstable Historical Society held a meeting at the Library in March with Mrs. John E. Barr as hostess and the Speaker was Mr. Chester Queen, his subject: Local color. In November another meeting was held at the Library by the Historical Society with Miss Lena Coburn as hostess and the Speaker: Mr. Louis F. Spindell, Subject: Colorful Scenes in New England.

Thanks are due to Mr. Carl Richmond, Miss Mona Gove, Mrs. Charles H. Coburn, Mrs. June Duff, Miss Nancy Elliott and Mrs. Charles J. Davis for gifts of magazines and books given to the Library.

The school children did not come to the Library until November. Then both the Winslow and the new Lakeview School took books. In November and December over 576 books were given out at the Lakeview School and 909 books were given out at the Littlefield Library.

More children's books have been added to the Library to take care of the increased circulation.

Respectfully submitted,
LENA M. COBURN
Librarian

Statistics for the year 1957 are as follows:

REPORT OF THE TOWN BEACH COMMITTEE

PINE HAVEN BEACH

DECEMBER 31, 1957

To the Board of Selectmen and the
Citizens of Tyngsborough:

This committee was originally informally constituted by those persons who saw the need for and directed the fund raising campaign which led to the final acquisition by the town of certain parcels of land on Lake Mascuppic as a Town Beach. The committee has continued to operate without term or appointment along with the Selectmen then in office. We have merely made certain recommendations, from time to time, acting purely in an advisory capacity, to the Town Meetings and to Mr. Ernest ("Uncle Toot") Wilkins who was the active director for the maintenance and operation of the beach and its activities.

The passing away of our beloved "Uncle Toot" this year has led to the necessity for the creation of a more exact and lasting authority for the beach and the adjacent parking lot area which was recently acquired. Our group met with the Selectmen last October 7th and made several suggestions, among which was the appointment of parks commissioners, or a similar type of body, one of whom would take over the direct responsibility of the Town Beach and of the Ball Park. We feel that some elderly, retired active citizen having an interest in young people would perform this service admirably. He would depend upon the remainder of the group for help and advice.

We have authorized the placing of more sand across the face of the beach late in the year and the raft will be overhauled completely. We have also suggested an active plan for swimming lessons and Red Cross Life Saving classes this summer of 1958. Another worthy suggestion is, that a portion of the shallow area fronting the beach be enclosed by a crib for the sole use of the "small fry", thus their mothers may sit nearby and indulge in gossip and knitting with complete freedom of mind.

Next winter a more universal use of the property could be planned by the creation of a skating area.

In closing, we wish to acknowledge the excellent supervision given by Officer Pivrotto during the week-ends when the facilities were taxed because of the desire of many to escape the heat by frolicking at the beach.

REPORT OF THE HIGHWAY SURVEYOR

To the Board of Selectmen and Citizens
of the Town of Tyngsborough:

I hereby submit my report as Highway Surveyor for the year ending Dec. 31, 1957.

Chapter 81 Roads, general maintenance was done on all roads. Oiling, graveling, patching, cleaning, drainage, ledge work and cutting brush. All work was laid out and done under the supervision of the State Engineer, Edward Cavanaugh.

Chapter 90 Roads, Frost Road, Dunstable Road, were treated with Stone M. I. P. and Stone seals. All other 90 Roads were general maintained, oiling, patching, cleaning, drainage, and brush cutting as specified by the State Engineer.

Chapter 90 Construction. Coburn Road. Due to receiving contract so late in the year work was not started other than cutting trees. Project will be completed in 1958.

The amount of road oil used on all roads in Town was approximately 60,000 gals. Major repairs were made as follows:

With the aid of Chapter 718 a distance of 2000 ft. was rebuilt on Scribner Hill Road.

Althea Ave Resurface	\$1,000.00
Groton Road Resurface	1,000.00
Red Gate Road Resurface	1,000.00
Norris Road Resurface	1,200.00
Town Hall Driveway Resurface	450.00

King David Road received a penetration and seal coat of Asphalt which is now completed.

Respectfully submitted,

Leo G. Pelletier

Highway Surveyor

THE COMMONWEALTH OF MASSACHUSETTS

Department of Corporations and Taxation
Bureau of Accounts
State House, Boston 33

June 26, 1957

To the Board of Selectmen
Mr. Albert E. Holdsworth, Chairman
Tyngsborough, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Tyngsborough for the period from September 1, 1955 to February 16, 1957, made in accordance with the provisions of Chapter 44, General Laws. This in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

Herman B. Dine
Director of Accounts

HBD:TJP

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Tyngsborough for the period from September 1, 1955, the date of the previous examination, to February 16, 1957, and submit the following report thereon:

An examination was made of the recorded financial transactions of the various departments receiving or disbursing money for the town.

The town accountant's books were examined and checked. The ledger accounts were analyzed, the receipts being checked with the treasurer's books and the payments were checked with the treasurer's books and the selectmen's warrants. The appropriations were checked with the town clerk's records of town meeting proceedings and the transfers from the reserve fund were checked with the finance committee's records.

The necessary adjusting entries resulting from the audit were made, a trial balance proving the accounts to be in balance was taken off, and a balance sheet showing the financial condition of the town as of December 31, 1956 was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked in detail. The receipts as recorded were analyzed and checked with the records of departmental payments to the treasurer and with other sources from which the town received money, while the recorded payments were checked with the selectmen's warrants authorizing disbursement of town funds and with the books of the town accountant.

The cash balance on February 16, 1957 was proved by reconciliation of the bank balances with statements received from the banks of deposit, by inspection of the savings bank books, by verification of deposits in transit, and by actual count of the cash in the office.

The savings bank books and securities representing the investment of the several trust and investment funds were personally examined and listed. The income was verified, the disbursements were proved, and the cash balance on February 16, 1957 was verified by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The records of tax titles and tax possessions held by the town were examined and checked in detail. The amounts transferred to the tax title account were compared with the collector's records and the accountant's books, the reported redemptions and sales were checked with the treasurer's cash book, and the tax titles and tax possessions on hand were listed, proved, and checked with the records at the Registry of Deeds.

The records of deductions from employees' salaries for Federal taxes and the county retirement system were examined and checked, the payments to the Director of Internal Revenue and the county treasurer being verified.

The payments on account of maturing debt and interest were verified by comparison with the amounts falling due and with the cancelled securities and coupons on file.

The books and accounts of the town collector were examined and checked. The accounts outstanding according to the previous examination, as well as all subsequent commitments of taxes, motor vehicle and trailer excise, and departmental accounts receivable, were audited and compared with the warrants issued for their collection. The payments by the collector to the treasurer were checked with the treasurer's and accountant's books, the abatements as recorded were compared with the

assessors' and other departmental records of abatements granted, and the outstanding accounts were listed and reconciled with the accountant's ledger controls.

Verification notices were mailed to a number of persons whose names appear on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The financial records of the town clerk were examined and checked in detail. The records of licenses issued were compared with the record of licenses granted, and the receipts on account of licenses were checked and proved. The recorded payments to the Division of Fisheries and Game and to the town treasurer were verified.

The surety bonds of the several officials required to furnish them were examined and found to be in proper form.

The records of receipts of the selectmen and the sealer of weights and measures, as well as of the health, library, school, and cemetery departments, and of all other departments collecting money for the town, were examined, checked, and reconciled with the treasurer's and the town accountant's books.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's cash, summaries of the tax, motor vehicles and trailer excise, tax title, tax possession, and departmental accounts, as well as schedules showing the condition and transactions of the trust and investment funds.

For the cooperation received from all town officials during the progress of this audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

William Schwartz

Assistant Director of Accounts

WS:TJP

REPORT OF THE WELFARE AGENT

To the Honorable Board of Public Welfare and
the Citizens of the Town of Tyngsborough:

The following is my report for the year ending December 31, 1957.

We have had several changes in the Welfare Laws during this past year.

The reimbursement formula for the Federal Share was revised this year due to changes in the Federal Laws. The revision was necessary for the cities and towns. The changes have increased the clerical work so that the State could realize the maximum amount of Federal money and also has created much confusion among the recipients.

Medical costs have to be paid three different ways now depending upon the type of service received.

1. Payment direct to the vendor.
2. To the recipient who in turn must pay the vendor.
3. Split-payment - partial payment to the vendor, balance paid to the recipient who must pay the vendor.

The recipients received a 5.7% cost of living increase as of September 1st, 1957 - plus an increase in the fuel and light item.

The nursing homes received an increase of 75c per day which raised their per diem from \$5.00 to \$5.75.

The children of Old Age and Disability Assistance recipients were granted an increase in the exemptions allowed them before they are assessed any amount toward the support of their parents.

We would like to again call your attention to the fact that once we have established eligibility for a person then the grant is determined by the State Budgetary Standards.

On the average our expenditures have increased this year due to the increases given to the recipients and to the increased cost of medical care.

On Old Age Assistance we averaged 66 cases per month. The aver-

age payment was \$81.05 per person with \$65.50 of this being their regular grant and \$15.55 being medical.

On Aid to Dependent Children we have averaged 6 cases per month. The average payments being \$147.47 per case of which \$138.83 was their regular grant and \$8.64 being medical payments. The 6 cases involved 21 persons.

On Disability Assistance we averaged 10 cases per month. The average payment was \$124.05 per month of which \$61.97 was regular grant and \$62.08 was medical payments.

For the period starting with August 1957 some of the payments to the recipients included medical costs paid to them under the new regulations.

General Relief has been considerably more this year for several reasons:

1. Unemployment
2. Sickness
3. Breaking up of homes
(temporary aid for these cases while need existed or until case could be placed on a State aided program.

Recoveries this year have amounted to \$1,798.18, which will be divided into Federal, State, and Local shares.

We would like to take this opportunity to thank the other departments with whom our work brings us into contact with and also the Board of Public Welfare for their cooperation during this past year.

Respectfully submitted

GEORGE W. SHIPLEY,
Welfare Agent

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen
Tyngsborough, Mass.

I submit my yearly report on dogs.

There were 349 taxes paid, including 6 kennels. 27 dogs killed by motor vehicles, 15 stray dogs, 19 dog bites.

Dogs killed by vehicles	27
Stray Dogs	15
Dog Bites	19

Respectfully submitted,

JAMES ELMER JORDAN

Dog Officer

REPORT OF THE CIVIL DEFENSE DIRECTOR

To the Honorable Board of Selectmen and the
Citizens of the Town of Tyngsborough:

The following is my report as Civil Defense Director for the year ending December 31, 1957.

Our main project under the Civil Defense Program has been the Ground Observation Post. This project has been in the very capable hands of Earl R. Stratton, the post Supervisor. At the present time they are operating on a standby basis. This is due to improved defense systems and the modern weapons.

At the present time I can see no need to expend any great sum of money on civil defense.

Respectfully submitted,

GEORGE W. SHIPLEY
Civil Defense Director

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen,

Town of Tyngsboro:

I submit my annual report from January 1st through December 31st 1957.

During the year I inspected:

Dairy cattle	337
Sheep	20
Hogs	8
Goats	1
Horses and Ponies	8
Chinchillas	50
Minks	350
Dogs Quarantined	1

Respectfully submitted,

PERCY W. RICHARDSON

Inspector of Animals

REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen and Citizens
of the Town of Tyngsborough:

I submit the following report for the year ending December 31,
1957.

During the year a total of 70 permits were issued as following:
16 for new buildings, 51 for accessory buildings such as garages, porches,
etc., and 3 for remodeling.

I wish to thank the townspeople for their co-operation in obtaining permits. Through their co-operation, they have shown a desire to abide by the zoning laws which they enacted.

I wish to thank the Board of Selectmen, the Planning Board and the Board of Appeals for their co-operation and help extended to me during the past year.

Respectfully submitted

Victor J. Illg

Building Inspector

REPORT OF THE CEMETERY COMMISSIONERS

DECEMBER 31, 1957

To the Board of Selectmen and the
Citizens of Tyngsborough:

We hereby submit our report for the year ending December 31, 1957.

All cemeteries were put in good condition for Memorial Day and were maintained in this condition throughout the summer and fall months.

Previous to the start of work in the spring, all equipment received general overhaul and replacement where needed.

We also wish to report the purchase of two new power mowers which has enabled the department to do their work with more efficiency and economy.

The commissioners are now discussing plans for the beautification and maintenance of all cemeteries for the ensuing year.

Respectfully submitted,

Burton K. Dodge

Robert J. Anderson

Milton Estabrook, Jr.

Cemetery Commissioners

**REPORT OF THE SUPERINTENDENT OF
INSECT & PEST CONTROL**

DECEMBER 31, 1957

To the Board of Selectmen and the
Citizens of Tyngsborough:

On assuming the duties of this office for the first time, it was necessary to acquaint myself with the procedure and equipment of this department.

The Moth Shed was in dire need of paint and repairs. The doors were re-hung and the frame strengthened and the building was given one coat of paint. Another coat of paint should be applied this coming year.

The spray rig was completely overhauled and is now in as good condition as possible. The purchase of a new draught and spray hose for the coming year is recommended as the existing hose is in poor condition.

The foliage of the town received the necessary annual sprayings. A general spraying was given to eliminate caterpillars, aphids, Dutch Elm Beetle, etc. Another spraying was given for the Dutch Elm Disease.

Respectfully submitted,

Robert J. Anderson

ASSESSOR'S REPORT

TABLE OF AGGREGATES

DECEMBER 31, 1957

Number of Polls Assessed	915

Number of grease pumps	5
Number condemned	0
Total milage covered during the year	61 miles
Total fees taken and paid to Treasurer	\$34.75

Respectfully submitted,

Raymond F. Wilkins
Sealer of Weights and Measures

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen and the

Citizens of the Town of Tyngsborough:

In the absence of a regular Chief of Police this report is again made by the Chairman of the Board of Selectmen.

The Police Department has done its usual fine job of taking care of the Town and I think by the report attached you will find that crime has been at an all time low for Tyngsborough.

Particular attention to traffic control in the last few months has resulted in a steady decrease in serious accidents and the policy of the Department of prosecuting reckless or drunken drivers is paying off.

Through the efforts of Officers Doyle and Sargent a school boy patrol was established at the Lakeview School and our thanks to Mr. Starkey for his cooperation in this matter and our additional thanks to Mr. Doyle for supplying out of his own pocket the equipment to start the program, that is the belts, badges and whistles.

My sincere thanks and the thanks of my associates go to you for your cooperation and help.

Respectfully submitted,

Albert E. Holdsworth, Chairman

Board of Selectmen

REPORT OF THE BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen and Citizens
of the Town of Tyngsborough:

The Board of Fire Engineers respectfully submits its annual report for the year ending December 31, 1957.

Alarms responded to were as follows:

Dwelling Fires	3
Brush Fires	19
Grass Fires	10
Chimney Fires	3
Flooded oil burners	2
Electrical Fires	3
Automobile Fires	1
Life Boat calls	3
Dump Fires	6
Other Building Fires:	
Camps	2
Restaurants	2
False alarms	1
Mutual Aid:	
Dunstable	1
Westford	1
Miscellaneous	2
Stand by at station	1
Mattress Fire	1
Wrecks	7
Total Fires	68

The year 1957, marked by the spirit of cooperation between the citizens and their department, has resulted in a successful year of service. To the town an extremely low fire loss.

The Board will accept the vote of the town in regard to a new station at the center of town, but would be remiss in its duties if it failed to again call the attention of the voters, to the serious situation existing at the present quarters.

The rolling equipment of the department is in good condition, properly maintained, and subject to regular inspection by the stewards assigned to each fire station. Our hose requirements for 1958 are modest, and intended to meet and maintain the standard set by the Board of Fire Underwriters.

Again in 1957 a training course was given by the state board of

Education, and certificates of merit were awarded to members. This brings the number of state trained fire fighters in town to approximately 62 members of the department.

The board again suggests the appropriation of \$1000 to the stabilization fund for subsequent use in future years when it will become necessary to purchase new capital equipment.

At a special town meeting held late in the summer of 1957, the pay vote for town labor was raised to \$1.50 an hour. The Board of Fire Engineers is requesting that its department operating budget be increased by \$500.00 in order to accomplish the desires of the townspeople.

In the past year the Department has joined with eight other towns of the greater Lowell area, in the formation of the North Middlesex County Radio Network. This was necessary as the department of conservation band was overcrowded. Under this new system and because of recent Federal Communication Commission rulings, we are at present converting a Base Radio Station to be established at Station #1. This unit has been loaned to us by a member of the department of the network in order that we may maintain our license.

In addition these towns in the North Middlesex District have banded together to form and establish a Mutual Aid Association. The Association is still in its preliminary stage, but its value was very evident in Oct., when two building fires were in progress at the same time, these were two major fires.

The rapid and well coordinated assistance of our neighboring towns under this plan kept the fire loss to a minimum. The Scott air packs we purchased last year played an important part in the service of these fires and the use of smoke ejectors, supplied under the mutual aid plan, prompted the request by the Board that the townspeople purchase two of these units this year.

The Board of Fire Engineers and the men of the department again express their sincere appreciation to the citizens for the confidence and splendid cooperation given them throughout the past year. We hope through our continued efforts to always merit this high esteem, and to provide efficient and economical fire protection service for the residents of Tyngsborough.

Respectfully submitted

Board of Fire Engineers

**REPORT OF THE NASHOBA ASSOCIATED
BOARDS OF HEALTH**

January 21, 1958

Board of Health
Tyngsborough, Massachusetts

Gentlemen:

Submitted herewith is the annual report of the services rendered and the programs in operation during 1957 of the Nashoba Associated Boards of Health.

Besides carrying on our routine work, this year we have become interested in the possibility of sponsoring an accident prevention program. Upon application to the Charles H. Hood Dairy Foundation the Health Unit was awarded a grant of \$25,900 in June, 1957 for a three year program in this area. Problems pertaining to staffing and organization of the project are being worked out and it is hoped that before 1958 is over every citizen of the district will be familiar with and active in some phase of the project.

For the sum of \$2,681.58 spent by your town in 1957 your citizens received the following services:

SANITATION AND LABORATORY SERVICES

General sanitation in your town has been satisfactory. People are accepting the new sewage disposal regulations with excellent cooperation and we are getting fewer nuisance complaints due to poor sewage disposal.

We are having quite a bit of interest shown in developing neighborhood nursery schools and have therefore requested all Nashoba Boards of Health to consider adopting up-to-date regulations to govern these child care agencies.

In the past year interest in both public and private swimming pools has developed. We will need regulations to govern these installations.

Inspection of public school buildings during October indicated a definite improvement in providing good environment for the children both in new school constructed and remodeled buildings.

Nashoba restaurant sanitation in most cases continued to be above normal for the State. We have had a few establishments where we had to be very firm and with excellent cooperation from local Selectmen and Boards of Health, these places have been brought up to Standard.

Supervision of milk supplies has been carried on by Mr. Perham who has been assisting us for the past few years after retiring as a State Health Department milk inspector. We believe the milk which is delivered in our district is as good as, if not better than, the general supply in the State. We believe our testing program has been highly effective in achieving this result.

Recreational camps were given a double inspection this summer, first by our own inspector, Mr. Maurice Salminen, and then followed within a few weeks by a State Department of Health inspector. Except in a few instances, our camps were found to be in very good shape.

Bathing beaches, of which there are nearly fifty in the District, with very few exceptions, tested good. One bad condition, as the summer wore on, was caused by a drought preventing the bathing water from being freshened and circulated. In some instances, unsatisfactory algae conditions developed. However, we cannot see that any dangerous condition developed before the end of the bathing season.

The following listing is of Sanitation and Laboratory services received by your town during the past year:

Milk samples collected	89
Services to eating places	22
Services to Child Care Centers	3
Services to Nursing Homes	1
Services to school buildings	3
Services to private water supplies	59
Services to bathing beaches	18
Services to nuisance complaints	24
Services to housing problems	2
Services to land subdivisions	2
Services to sewage disposal	75
Services to recreational camps	6
Services to motels and cabins	1
Services to individual trailers	1
Conferences with Board of Health members	16
Conferences with other town officials	8
Board of Health Meetings	3

Visits to people not home	8
Miscellaneous services rendered	2
Licenses Issued	
Methyl Alcohol	6
Camps, cabins, motels, and trailer parks	7
Day nursery	1
Ice Cream	2
Milk - Dealer	24
Milk - Store	11
Oleomargarine	4
The Laboratory Reports for the District:	
Milk samples tested	4,208
Water samples tested	766
Diagnostic tests	2,446

During the year 1957 the Bacteriologist has continued to try to improve the quality of diagnostic service offered to the people and doctors of the area. This has involved both efforts at self-education and contacts with larger laboratories and medical schools.

We hope to try to provide better bacteriology in the coming year.

NURSING AND PREVENTIVE DENTAL SERVICES

The resignation of Mrs. Gilbert Brown as your community nurse was accepted with regret on January 31st of this year. During the month of February Mrs. Brown worked on a part-time basis prior to her moving out of the area. On March 1st, Mrs. Lawrence Stevenson of Groton replaced her and continued for the remainder of the year. Since Mrs. Stevenson had no experience in school work, arrangements were made for her to attend a week's institute on "school nursing" held at the University of Massachusetts in June.

During 1957, 671 visits were made to 48 individuals for nursing care and 117 visits to 60 individuals for health supervision. The type of service given was similar to that described in detail in last year's report.

Of 143 pupils in grades 2, 5, and 8 who participated in the Nashoba Dental Program this year, 107 were referred to their family dentists for treatment.

MEDICAL SOCIAL WORK SERVICES

In making her annual report to the Nashoba towns your Medical Social Consultant is aware each year that she has two conflicting objec-

tives: to show each town exactly how much it has used her services, and, on the other, to keep her work confidential. The latter, unfortunately, precludes enumerating the different types of cases in the individual towns and thus makes this report necessarily very general in nature.

However, general statistics are of interest to some people and any annual report would be incomplete without its quota of "figures". In the Nashoba area during 1957, 156 cases entailing 348 interviews were referred to your Medical Social Consultant. Again this year the nurses made the largest number of referrals and there was an appreciable increase in the number of referrals from doctors in the area. Your Medical Social Consultant referred 71 cases to other agencies.

Five towns sent children to Forsyth Dental Infirmary this past summer. They were, Ayer, Shirley, Littleton, Lunenburg and Tyngsboro. The children in these towns kept a total of 72 appointments on 12 different days during the month of July and the first week in August. It is hoped that a different arrangement for transporting the children using volunteers within the towns can be worked out next summer so more towns will participate.

Your Medical Social Consultant attended various professional institutes and meetings in Boston and Worcester thus keeping in touch with other social workers as well as new trends within the profession.

PREVENTIVE MEDICAL SERVICES

Because of the shortage in polio vaccine supply at various times, the date for completion of this program was deferred from July 1st to September 1st and finally to November 1st by the State. We are pleased to announce that the last "final" clinic has been held and we feel that everyone eligible has had more than ample opportunity to complete his series of three shots.

Also Nashoba ordered and administered approximately 600 Asiatic flu shots to health workers, fire, police and highway personnel, school teachers, postal clerks and others in recommended categories in the district. In the fall an outbreak at Fort Devens and a local college spilled over into the community to a considerable extent. The school absentee rate, which we followed in all the district, rose to a high of 42% but dropped back to normal within a few weeks.

At the Well Child Conference held in Tyngsborough, 106 children made 5 visits and received 128 immunizations. Three children were referred to their family doctor. Dr. Eleanor H. Smith attended these clinics.

The tuberculosis clinic held in cooperation with the Middlesex County Sanatorium was well attended with 131 patients living in Middlesex County making 138 visits. In order to provide better X-ray facilities for this clinic the Community Memorial Hospital of Ayer kindly permitted the use of the hospital facilities beginning with the November clinic. Worcester County patients were seen, as usual, at the Worcester County Sanatorium.

Communicable disease reporting has improved greatly this year due to the cooperation of school nurses in relaying information received from parents. It is noteworthy that there were no cases of polio in the district during 1957. The following is a list of diseases reported in Tyngsborough during the year.

Chicken Pox	8
Measles	1
Mumps	4
Salmonellosis	3
Dog Bites	3

Two veterinarians, Dr Sherman Coates of Shirley and Dr. Clarence F. Bent of Nashua, New Hampshire served the rabies immunization clinics this spring and we were pleased that thirteen towns participated in the program. This was an increase of five towns and 129 dogs over 1956. Forty dogs were immunized against rabies in the town of Tyngsborough this year.

The staff has spent a good deal of time in interpreting the premature baby law to boards of health in several instances. Also we have interested ourselves in the standards of the many new kindergartens and day care centers for pre-school aged children. Standards have been recommended to all our boards for adoption in the hope that we will have uniformity of these regulations soon.

Various medical and public health students continue to visit the health center to observe our programs and organization. One research person from Harvard spent two weeks here this summer and wrote a comparative report of Nashoba and Erie County, Pa., Health Departments. The staff enjoys these educational contacts and finds that in teaching it also learns a great deal.

In concluding, I would like to remind all our board members, and, through them, all Nashoba residents, that we welcome active interest in,

and constructive criticism of our programs and policies. We also wish to thank the board members and our many volunteer workers who help to make our programs the success that they are.

Respectfully submitted,
Eleanor H. Smith, M.D.,M.P.H.
Medical Director

ACCOUNTANT'S STATEMENT

To The Board Of Selectmen
Mr. Albert E. Holdsworth, Chairman
Tyngsborough, Mass.

December 31, 1957

The financial transactions as shown herein are in accordance with the classifications as prescribed by Director of Accounts, Department of Corporations and Taxations, Commonwealth of Massachusetts.

All bill paid by the Town are on file and may be examined by any citizen of the Town by appointment.

All bills to be paid on the Monday Warrants shall be filed with the Town Accountant by 4 P. M. on Saturdays.

I have also examined and verified books, bank books, and securities of the Town Treasurer and the Selectmen and find them correct as herein stated

Respectfully yours,

EARL R. GILSON

Town Accountant

TOWN WARRANT TOWN OF TYNGSBOROUGH

The Commonwealth of Massachusetts

Middlesex, ss

To either of the Constables of the Town of Tyngsborough in the County of Middlesex.

Greeting:

In the Name of The Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Tyngsborough on Monday the 10th day of February next, at 10 o'clock in the forenoon, then and there to act on the following articles:

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, Two Constables and One Tree Warden for terms of One Year, One Trustee of the Littlefield Library for a term of Two Years, A Selectman, Assessor and a Member of the Board of Public Welfare, Two Members of the School Committee, Two Trustees of the Littlefield Library and One Cemetery Commissioner for Terms of Three Years and One Member of the Planning Board for a Term of Five Years.

All on the same ballot.

And you are further directed to notify the said Inhabitants of the Town of Tyngsborough to meet again at the Town Hall in said Tyngsborough on Monday the 17th day of February next at 7 O'clock in the afternoon, then and there to act on the following articles:—

ARTICLE 2. To see if the Town will vote to accept the reports of the Town Officers and committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what way the dog licenses will be used.

ARTICLE 4. To choose all Town Officers not named in Article 1, or take any action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the Revenue of the financial year

beginning January 1, 1958, and to issue note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1957 and prior years, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 7. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, as recommended by the Advisory Committee, or take any action in relation thereto.

ARTICLE 8. To see what action the Town will take with reference to the compensation of the elected Highway Surveyor.

ARTICLE 9. To see if the Town will vote to rescind the action taken at the Special Town Meeting of April 20, 1951 relative to the payment of Snow Plowing, and to see if the Town will vote to adopt the following, recommended rate per hour for Plowing Snow; Rate per hour for Two Ton truck and driver \$5.50 or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 10. To see if the Town will vote to permit the Cemetery Commissioners to perform work in the Town Cemeteries and be paid for labor at the current rate for Town labor, or take any action in relation thereto.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to set aside as a Stabilization Fund as provided in Section 58 of Chapter 40 of the General Laws amended, or take any action in relation thereto. (Recommended by Advisory Committee.)

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be placed in a separate Stabilization Fund in anticipation of future capital expenditures for the Fire Department, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$4,100.00 for Chapter 81 roads, and will further vote to

transfer the sum of \$11,650.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State for this work, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$2,400.00 for Chapter 90 maintenance, and will further vote to transfer the sum of \$3,000.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for Chapter 90, Construction, Coburn Road, and will further vote to transfer the sum of \$12,000.00 from Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$16,000.00 for principal payment on school loan or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 17. To see if the Town will vote to further amend the Town By-Law by adding the following article, or take any action in relation thereto.

PUBLIC HEALTH

SECTION 1. No Building permit for a dwelling, or increase in the number of rooms of an existing dwelling, shall be issued by the building inspector until the Board of Health has viewed the premises and certified the property as regards drainage and sewerage disposal. (Recommended by Advisory Committee)

ARTICLE 18. To see if the Town will vote to accept a section of Willowdale Avenue as a Town Way, this section being from Willowdale Road to Lands End Road, a distance of approximately 600 feet and to raise and appropriate the sum of \$1,000.00 for the improvement of this section of Willowdale Avenue, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 19. To see if the Town will vote to amend Article 9 of the Town By-Laws relating to the acceptance of streets by adding the following clause to Section 3 of said Article 9:

Amendment: "This provision may be waived provided said street

or way has actually been opened and used for travel prior to January 1, 1952, and the vote to accept is adopted by a 9/10 vote at the annual Town Meeting.

Said waiver shall not include any of the requirements now in existence relative to the preparation or recording of the plans of the street.

(Recommended to vote by Ballot.)

ARTICLE 20. If the Town votes to adopt the previous article, to see if the Town will vote to accept a portion of Willowdale Avenue from the Dracut Town Line to King David Road, as a Town Way as laid out by the Selectmen in accordance with the boundaries and measurements of said way as shown on a plan dated August 29, 1957, by Dana F. Perkins and Sons, Surveyors, which plan is on file in the office of the Town Clerk, or take any action in relation thereto.

ARTICLE 21. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Two Thousand dollars (\$2,000.00) to construct, gravel and repair Willowdale Avenue or take any action in relation thereto. This article refers specifically to that section of Willowdale Avenue described in Article 20.

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to gravel, resurface and oil Red Gate Road, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to continue work on Scribner Hill Road, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 24. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 with which to continue the work of resurfacing, graveling and repair of Althea Avenue, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 25. To see if the Town will vote to raise and appropriate, or transfer from Excess and Deficiency Account, the sum of \$1,200.00 to gravel and resurface Groton Road, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of \$3,000.00, to transfer from the Excess and Deficiency Account the sum of \$6,500.00 and transfer from the Machinery Fund Reserve the sum of \$5,000.00 for a four wheel drive Front End Loader for the Highway Department, or take any action in relation thereto. (Recommended by Advisory Committee.)

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$600.00 to be used for the purchase, under the direction of the Fire Engineers, of 200 feet of 2½ inch and 500 feet of 1½ inch fire hose and appurtenances, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 28. To see if the Town will vote to raise and appropriate the sum of \$400.00 to be used for the purpose, under the direction of the Fire Engineers, of two smoke ejectors and appurtenances, or take any action in relation thereto (Recommended by Advisory Committee)

ARTICLE 29. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for the purpose of hiring an architect to draw preliminary plans, and aid in the selection of a site for a new Fire Station to replace Station #1, said sum to be spent under the direction of the Board of Fire Engineers or any committee they may wish to appoint or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 30. To see if the Town will vote to raise and appropriate from Excess and Deficiency the sum of \$900.00 for the purpose of purchasing a new Police Cruiser, the above sum representing the difference required in cash for the trade of the present vehicle for a new car, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 31. To see if the Town will vote to raise and appropriate the sum of \$87.00 for the purpose of Flame-Proofing the curtains and draperies in the Auditorium of the Town Hall, or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$90.00 to be used to prepare and purchase 1000 copies of a booklet containing the Zoning By-Laws as amended to date and also the various separate Town By-Laws as previously ac-

cepted or take any action in relation thereto.
(Recommended by Advisory Committee)

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$310.50 for the purpose of purchasing an adding Machine for the Treasurer or take any action in relation thereto.

ARTICLE 34. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$486.00 for the purpose of purchasing an Electric Calculator for the Town Accountant, or take any action in relation thereto.

ARTICLE 35. To see if the Town will vote to raise and appropriate the sum of \$400.00 for the purpose of purchasing an Electric Typewriter for the Town Clerk, or take any action in relation thereto.

ARTICLE 36. To see if the Town will vote to raise and appropriate the sum of \$300.00 for the purpose of resurfacing the road in rear of School and Library, or take any action in relation thereto.

ARTICLE 37. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$500.00 for the purpose of installing a culvert at Palmetto Avenue.

And you are directed to serve this Warrant, by posting up attested copies thereof at Town Hall, Post Office, Unitarian Meeting House and Lakeview Fire Station in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 27th day of January in the year of our Lord one thousand nine hundred and Fifty Eight.

ALBERT E. HOLDSWORTH
JOHN W. LEWIS
EDWARD H. O'CONNOR

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

Town of Tyngsborough

For the Year Ending December 31,

1957

ALSO

REPORT OF SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Tyngsboro:

Following is the report of the School Committee for the year ending December 31, 1957, also the reports of the Superintendent, Principal, and other School personnel.

This year saw the completion of the new Lakeview school, in which classes were held shortly before the close of school in June, thereby eliminating the double sessions we have had to contend with for the past few years.

Opening this school made necessary the hiring of three additional teachers and another full-time janitor.

A hot lunch program has been inaugurated in the Lakeview school, lunches being served to the children at cost, as this program is supposed to be self-sustaining.

The School Committee recommends an appropriation of \$162,450.00, which is \$20,900.00 more than last year's appropriation. This increase is due principally to the increased cost of transportation, tuition and higher teachers' salaries. Of this appropriation, approximately 50% is returned from the state.

Respectfully submitted,

Charles H. Coburn
Chairman

SCHOOL COMMITTEE

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Tyngsborough:

I submit herewith my seventh annual report as Superintendent of Schools. Perhaps it should be recorded that the new Lakeview School was first used for school purposes at the close of the school year in June and that graduation exercises were held in the new school.

For the school year 1957-58 all students in Town attended school on a full session basis and the problems of over-crowded classrooms and double sessions is past history.

A study of enrollments as reported by the School census indicate continual growth at the elementary level as follows:

1954	--	419	pupils
1955	---	452	pupils
1956	---	488	pupils
1957	---	522	pupils

While it is true that our classroom facilities are adequate at the present time it should be called to your attention that growth over the past four years has been at the rate of one classroom, approximately 30 to 35 pupils, per year. If this growth should continue for the next five years several more classrooms will be required. It is important that this growth in enrollments be studied carefully so that over-crowding and double sessions can be avoided in the future.

It is to be expected that increased enrollments also require additional teaching personnel and more of the tools of learning - - textbooks, supplies, equipment - - than in past years.

For the school year 1956-57, three additional teachers were added to the faculty at the Winslow School and in 1957-58 three more teachers were added in order to staff both the Lakeview and the Winslow School. This does not involve the replacement of teachers who have resigned.

Due to the shortage of qualified and competent teachers, Tyngsborough must make every effort possible not just to attract new teachers for its schools, but to retain the excellent services of its present teaching staff. Last June two teachers resigned in order to teach in the neighboring Town of Dracut. One of these had taught continuously in Tyngsborough for thirteen years. It is not only difficult to replace good teachers, but

over the years it will prove to be more costly, especially in the terms of pupil achievement. I am sure that our requirements for teaching personnel will receive serious consideration by the Town. Tyngsborough is considered by many persons as a good Town in which to teach and it is to the advantage of our youth that this general feeling toward teaching in Tyngsborough be strengthened.

The growth of our elementary school population is also beginning to show up in the number of tuition pupils attending High School in neighboring towns. For the past six years, Tyngsborough had approximately one hundred tuition pupils each year. This September tuition students increased to one hundred twenty-three and another increase of twenty to twenty-five students is anticipated in September 1958. This increase in the number of tuition pupils comes at a time when the per pupil cost are at an all time high.

In concluding this report I would like to acknowledge the genuine interest that many individuals have shown in the growth and progress of our school systems. It is deeply appreciated.

Respectfully submitted,

Elliott A. Diggle
Superintendent

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Mr. Diggle:

Following is my report on the Winslow and Lakeview Schools for the year ending December 31, 1957:

After a long period of double sessions, it was indeed a great pleasure for both teachers and pupils to move into the Lakeview School. With very few adjustments, the last few days of the 1956-57 school year operated smoothly in full day sessions for all school personnel.

On June 13, four hundred people were comfortably seated in the school auditorium to witness the first graduation to be held in this new building.

The September enrollment exceeded the five hundred mark for the first time in the history of the Tyngsborough Schools. This large enrollment made it necessary to take the remedial room at the Lakeview School and use it as a first grade room. A room for remedial work is very necessary and one should be established with a competent teacher by next September.

Our art program has expanded and we now have a supervisor for each building. This enables the children to receive art instruction on a weekly basis. Unfortunately, our music program has not expanded accordingly. The music supervisor, with his limited time, can only visit each classroom every other week. In my opinion, music should receive the same consideration as art, and I sincerely hope that in the near future arrangements can be made whereby all classrooms will be visited weekly by both art and music supervisors.

On behalf of the Lakeview School personnel I would like to thank the following for their generous gifts to the school: Mr. Chester Queen for the clinic blankets; The American Legion for the auditorium flags; The American Legion Auxiliary for the classroom flags and fixtures; The Tyngsborough Grange for the classroom Bibles; and the Parent-Teachers Association for the cafeteria silverware.

Respectfully submitted,

Richard O. Starkey

REPORT OF THE ART SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

With another school year well under way I submit the following report from the Art Department.

In the first four grades much is being gained in the development of the imaginations of the youngsters. Acquainting them with new materials and allowing the youngsters to indulge with materials already familiar to them opens new doors to creativity.

From grade five through eight there has been a concentration on drawing techniques for a more specific application of the foundations which have been built in the lower grades.

Creative art gives the child a chance to think things out for himself and gives him direction in following out his own ideas. These he brings to fulfillment in the form of a beautiful picture, especially in his own eyes; he has really done something all by himself and learns to realize his potentialities as well as his weak points.

In Tyngsborough I am now able to devote a day and a half a week to the Winslow School thereby enabling each class to have a longer art period throughout the school year. A few of the classrooms are still equipped with the old fashioned desks the tops of which are very small. This is not a desirable situation especially in the lower grades since a 12" x 8" sheet of paper laps over three sides leaving no space for crayons or paints.

In grades one and two, four easels in each class could be used to a great advantage both as a painting surface for children to use in their spare time as well as an aid to the teachers for illustrating stories and letter work.

An arts and craft room for grades 6, 7 and 8 would allow greater freedom of expression and creativity to the boys and girls.

Although I am pressed for working area many times, I must say that I am enjoying my work with the children of Tyngsborough and to the teachers at the Winslow School who have been so co-operative, my thanks especially for suggestions in art work and for carrying on projects of their own in everyday class work. To Mr. Starkey my special thanks for understanding the problems of an art teacher.

Respectfully submitted,

Warren J. Perkins
Art Supervisor

REPORT OF THE MUSIC SUPERVISOR

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

The many-sided, perfectly adjusted, and well developed human being should be the purpose of the school and of education. The music program must keep this in mind as the paramount factor in its philosophy. Music is a vital part of a balanced education. It is a very real factor in the education of our children.

Any subject has a functional value when it contributes to the general well-being of the individual and when it helps him to participate fully and more effectively in the life of the society in which he lives and works. Certainly music has functional value, and this is related to the important responsibility it has in education for citizenship.

Music has at least as much to offer in mental discipline, in stirring the powers of discrimination, coordination, selection, and judgement, as any other one subject, and, next to reading, better stimulates the imagination. It correlates with other branches of education better than any other subject, save reading and writing, and as a socializing function it has absolutely no peer.

With this philosophy in mind, I accepted the position as Music Supervisor for the Town of Tyngsborough three years ago, on the part-time basis of two school days each week. At that time, with one school, it was possible for me to visit each of the eleven classes once each week, with sufficient time for each class to accomplish a meaningful purpose at every lesson.

Tyngsborough now has two school buildings with a total of twenty classrooms to visit, yet your Music Supervisor is still employed on the basis of two teaching days per week. Obviously, this is a physical impossibility, and the next best solution to the problem resulted in music for all the children in all grades every other week.

To better understand the significance of this condition, one would simply have to imagine the teaching of English, Mathematics, or any of the Social Studies on the basis of one half hour on alternate weeks.

There are many ways in addition to class-room work, that music can be a vital part of the student's total education. The facilities are greatly improved with the inclusion of the new Lakeview school, and it is now possible to do many things in music that were not possible when there was only one school with no auditorium, stage or other facilities such as exist today.

Before Christmas, in the early part of this school year, a Glee Club was formed in anticipation of the Christmas program. Its success is measured in the excellence of the performance given December 17th, 1957.

A program of pre-band musical instruments should be planned in grades four, five and six, in preparation for a junior band or orchestra in the Tyngsborough schools. A more fully developed program of music appreciation should be offered. More time should be available for the study of basic elements of music in the classes. A more complete listening experience is necessary. Creativity, even in the very early grades should be fostered.

Many of the items listed in the paragraph above have been done, within the limitations of the time allowed. A stronger and more complete program along these lines would only be possible if sufficient time was allowed to attain these goals.

Regardless of who your Music Supervisor may be in the coming year or in years to follow, this report is based entirely on the needs of the children in the schools. Our ultimate aims and objectives should be focused on this one fact, and the students will benefit according to the understanding of both the educators and the parents and their efforts to cope with the situation.

In closing, may I express my appreciation to the superintendent, principal, and all the teachers of the Tyngsborough Schools for their cooperation and good will during the past year. I particularly want to thank the teachers for their help in keeping the interest in music at such a high level.

Respectfully submitted,

Arthur N. Thompson
Music Supervisor

REPORT OF THE SCHOOL NURSE

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

I hereby submit my report as school nurse for the Town of Tyngsborough for the year 1957.

The hearing tests were completed by Mrs. Carolyn Wood Brown before her resignation in February.

Vision testing for 1957 was completed this fall in both schools.

A polio clinic was held by Dr. Horan at the Winslow School in the spring primarily for children who had not had their third shot.

The Nashoba dental program began in April. The nurse assisted Mrs. Adele Darrah, dental hygienist, with this work.

The annual physical examinations were done by Dr. Raymond Horan for grades 2 and 4, 7 and 8.

At the end of May the new Lakeview School was opened giving the nurse a very spacious and pleasant health room. This room was planned sufficiently large to permit vision testing. It is almost impossible to find a place of adequate size in the Winslow School and the testing for that school has been done in the Library.

In June the pre-school roundups were held. Physicals were done by Dr. Horan on children entering Winslow School - those for the Lakeview School were done after school started.

The latter part of June the nurse attended a one week's work shop on "School Nursing" at the University of Massachusetts.

In July several children were taken to Boston to the Forsyth Dental Infirmary for free dental work. We would like to continue and enlarge upon this program.

I wish to thank Mrs. Mabel Carkin and Mrs. Maxwell Sherburne for their volunteer work in connection with the school health program.

Respectfully submitted,
Edith Stevenson, R. N.
School Nurse

In Memoriam

Stricken at the height of a long and brilliant career in the service of the town he loved so well, Selectman John W. Lewis died on October 13, 1958, after serving 12 consecutive years as Selectman, Assessor, and Member of the Board of Public Welfare.

Unexcelled in his knowledge of town affairs, Selectman Lewis' tenure was marked by devotion to duty and principle. He was keenly aware of the needs of the town and its inhabitants, and his memory will long endure in the hearts of those who knew him and worked with him.

Sheep	15
Hogs	6
Horses and Ponies	12
Chinchillas	50
Minks	350
Dogs Quarantined	3

Respectfully submitted,
 PERCY W. RICHARDSON
 Inspector of Animals

REPORT OF THE TOWN PLANNING BOARD

DECEMBER 31, 1958

To the Board of Selectmen and the
Citizens of Tyngsborough:

The State Legislature, during the 1958 session, passed several Acts affecting the Zoning Enabling Act and the Subdivision Control Law. It is very necessary that the Planning Board keep abreast of these developments and the major portion of our December meeting was devoted to an analysis of these changes. These areas are becoming very complicated, particularly when one considers all of the factors necessary to have a healthy community in these advanced times.

Chapter 624 of the Acts of 1958, effective on and after January 5, 1958, provides that all meetings of state, county and municipal boards and commissions be open to the public and press. Excepted are executive sessions called for a few specific purposes. The Planning Board will continue in the future, as it has in the past, to invite interested citizens to attend their meetings. We hope that this emphasis by the legislature on the public nature of the work of these various boards will encourage a healthy participation by more public spirited citizens.

There has been some emphasis in the area of industrial development recently and the experiences of other communities in the rapidly growing Rte. 128 area is well worth some analysis, in view of the eventual extension of the new Rte. 3. There is much to be gained by careful study as this type of development is most important in relation to the proper and healthy expansion and growth of our community. This type of industrial development would impose certain obligations on the part of the Town, or on a responsible group of private sponsors, to be able to supply properly developed and located areas in terms of water, sewerage disposal and roads, as modern industry requires these as a minimum for a healthy industrial climate.

There has also been a considerable expansion in unified shopping centers which offer good accessibility and parking. There are none of these centers in the northeastern part of the state, which borders onto southern New Hampshire. The Planning Boards of the Merrimack Valley Area of New Hampshire are also joining in promoting legislation for new cross roads, by-passes and bridges over the Merrimack which can well change the complexion of this area considerable within the next 5 to 10 years.

The Planning Board had been informed last year that the supply of Zoning By-Law Booklets had just about run out. Based on this knowledge an article was placed on the Annual Warrant for 1958 asking for the sum of \$90.00 to be used in preparing 1000 new copies of the Zoning

By-Law as revised. In addition this booklet was to contain a compilation of all of the existing Town By-Laws.

A renovating program in the Town Hall, last summer, disclosed the presence of a few hundred more of these booklets, which immediately relieved the pressure for a reprinting. This reprieve is greatly appreciated as we can now build this revision into a worth while booklet for the Townspeople. We have already compiled all of the existing Town By-Laws and are attempting to also include a section on Acts of Legislature which have been adopted by the Town over the years. For this reason we have asked that this appropriation be carried over.

ALBERT E. CHOUINARD, Chairman

MAXWELL G. SHERBURNE, Secretary

ROLAND E. DERBY

THOMAS E. COUGHLIN

JOHN C. HUGHES

REPORT OF THE TREE WARDEN

To the Honorable Board of Selectmen and
Citizens of Tyngsborough:

I hereby submit my report as Tree Warden for the year ending
December 31, 1958.

Trees were trimmed in most needed places and a number of fallen
trees were removed from the highways.

A great number of dead Elms were removed to the extent of the
appropriation.

Respectfully submitted,

EARL H. HUNTER

REPORT OF TRUSTEES OF LITTLEFIELD LIBRARY

To the Honorable Board of Selectmen,

Tyngsborough, Mass.

The Trustees of the Littlefield Library respectfully submit their report for the year 1958.

The building has been kept in good repair and several small trees have been planted to take the place of those removed last year.

The cellar is being renovated and will serve as a repository for some of the older books.

Distribution of Children's books at the Winslow and Lakeview Elementary School will be continued.

Respectfully submitted,

Louis F. P. Spindell

Chairman, Board of Trustees.

ANNUAL REPORT OF LIBRARIAN

DECEMBER 31, 1958

To the Trustees of the Littlefield Library

Sirs:

The annual report of the Littlefield Library for the year 1958 is herewith submitted.

The Tyngsborough-Dunstable Historical Society held a meeting at the Library in November with Mrs. Charles H. Coburn as hostess. The subject "Shawls" — speaker — Mrs. Elden Staples.

Thanks are due Mr. Carl Richmond, Mrs. Charles H. Coburn, Miss Mona Gove, Mrs. Mary A. Robeson, Miss Anna Elliott, Mr. John E. Barr and Mr. John Barr for gifts of magazines and books given to the Library.

The P.T.A. gave the Library one year's subscription to "National Parent-Teachers Magazine."

Mr. Charles Derbabian presented the Library with a framed, colored picture of the Littlefield Library which he took in the winter time.

Mrs. Charles Walker gave us a small "sea horse" to add to our collection in the Shell Cabinet.

Respectfully submitted,

LENA M. COBURN

Librarian

REPORT OF THE HIGHWAY SURVEYOR

To the Board of Selectmen and Citizens
of the Town of Tyngsborough:

I hereby submit my report as Highway Surveyor for the year
ending December 31, 1958.

Chapter 81 Roads, general maintenance was done on all roads.
Oiling, graveling, cleaning, patching, drainage, ledge work and cutting
brush. All work was laid out and done under the supervision of the State
Engineer Edward Cavanaugh.

Chapter 90 Roads Kindall Road, Dunstable Road, Frost Road were
treated with Stone seals. All other 90 Roads were general maintained.
Oiling, patching, cleaning, drainage, patch-graveling and cutting brush
as specified by the State Engineer.

Chapter 90 Construction Coburn Road. 1957 and 1958 contracts were
completed, section from Lakeview Avenue to Parham Road a distance of
3000 feet.

The amount of road oil used on all roads in town was approximately
58,000 gallons.

Major repairs were made as follows:

Willowdale Avenue Resurface	\$2,000.00
Althea Avenue Resurface	1,500.00
Scribner Hill Road Resurface and received a penetration of oil	1,500.00

Groton Road Resurface and also received a penetration of road
oil.

All improvements were just portions of these roads.

Respectfully submitted,

Leo G. Pelletier

Highway Surveyor

THE COMMONWEALTH OF MASSACHUSETTS

**Department of Corporations and Taxations
Bureau of Accounts
State House, Boston 33**

December 29, 1958

To the Board of Selectmen

Mr. Edward H. O'Connor, Chairman

Tyngsborough, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Tyngsborough for the period from January 1 to September 10, 1958, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,
Herman B. Dine,
Director of Accounts

HBD:MPD

Mr. Herman B. Dine

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Tyngsborough for the period from January 1, 1958 the date of the previous audit, to September 10, 1958, preparatory to a transfer of the books and accounts and the cash and securities to the newly appointed treasurer, and a recommitment of the outstanding accounts to the newly appointed collector, and report thereon as follows:

An examination and verification was made of the recorded financial transactions of the town, as shown on the books of the departments receiving or disbursing money or committing bills for collection.

The books and accounts in the town accountant's office were examined and checked in detail. The recorded receipts were checked with the treasurer's cash book and with the records of departmental payments to the treasurer, while the recorded disbursements were checked with the treasury warrants and with the record of payments by the treasurer.

The appropriations and transfers, as listed from the town clerk's record of financial votes passed at town meetings, were checked with the

appropriation accounts in the town accountant's ledger.

An analysis was made of the ledger accounts, a trial balance was drawn off, the necessary adjusting entries resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on September 10, 1958.

The entries in the classification book were examined and compared with the approved vouchers and payrolls on file.

The books and accounts in the office of the town treasurer were examined and checked in detail. The receipts, as recorded, were analyzed and compared with the records of payments to the treasurer by the several departments and with other sources from which the town received money, while the recorded payments were compared with the treasury warrants and with the town accountant's books.

The cash book was footed throughout for the period of the audit, and the cash balance on September 10, 1958 was verified by reconciliation of the bank balances with statements furnished by the banks of deposit and by examination of the savings bank book.

The payments on account of maturing debt and interest were verified by comparison with the amounts falling due and with the cancelled securities and coupons on file.

The records of tax titles and tax possessions held by the town were examined. The tax titles and tax possessions on hand were listed, proved with the controlling accounts in the town accountant's ledger, and checked with the records at the Registry of Deeds.

The deductions from employees' salaries on account of Federal taxes and the county retirement system were listed and reconciled with the amounts paid to the Director of Internal Revenue and the county treasurer.

The securities and savings bank books representing the investments of the several trust and investment funds in the custody of the town treasurer and the selectmen were personally examined and listed. The income was proved and all transactions and balances were verified and checked with the books of the town accountant.

The audit of the books and accounts of the town collector was extended to September 27, 1958, as the result of the resignation of the newly appointed collector. The poll, personal property, and real estate taxes, and the motor vehicle and trailer excise outstanding according to the previous examination, as well as all subsequent commitments, were audited and proved with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the ledger controls.

The outstanding tax, motor vehicle and trailer excise, and departmental accounts were further verified by mailing notices to a large number of persons whose names appeared on the books as owing money

to the town, the replies received thereto indicating that the accounts, as listed, are correct.

Aggregates of the outstanding tax and excise accounts, by levies, were given to the assessors for the purpose of recommitment to the new collector.

The records of departmental cash collections by the town clerk, the board of selectmen, the sealer of weights and measures, and the inspector of buildings, as well as health, police, school, library, and cemetery departments, and by all other departments in which money is collected for the town, were examined and checked. The payments to the town treasurer were verified, and the cash on hand in the several departments was verified by actual count.

The surety bonds on file for the several town officials for the faithful performance of their duties were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing reconciliations of the treasurer's and the town clerk's cash, summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, and departmental accounts, as well as schedules showing the condition and transactions of the trust and investment funds.

While engaged in making the audit cooperation was received from the several town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,
William Schwartz
Assistant Director of Accounts

Phyllis H. Estabrook
Treasurer

REPORT OF THE WELFARE AGENT

To the Honorable Board of Public Welfare and
the Citizens of the Town of Tyngsborough

The following is my report for the year ending December 31, 1958.

The most important change we have had this year is the advantage of having been in our own private office for the last half of the year. Although this necessitated an expenditure for the cost of the office plus the loss of space in the lower Town Hall, the fact that we are now receiving our full share of reimbursement on the cost of the administration of the Welfare programs more than offsets the cost and the loss of space for other Town purposes. Also due to the cooperation of the local Board of Public Welfare, this year the relationships between Town and the State have greatly improved.

As for the changes in the Welfare Laws, they have been quite numerous this year. The reimbursement formula for the Federal share of the State Aided programs was completely revised and much simplified. Also we will receive a small increase in the amount of Federal monies received in the future. The cost of nursing homes and hospitalization continues to rise at a rapid pace and apparently there is no way that we can control it as this is handled on the State level and not on the local level. Nursing homes as of January 1, 1959 are going to receive \$6.50 per day for each of our cases and the hospital rates are going to vary from \$17.00 to \$28.00 depending on which hospital the recipient is in. Due to the rising costs of medical care, the expenses of the Department continues to increase even though our case load remains the same.

We would like to take this opportunity to thank the other departments with whom our work brings us into contact with and also the Board of Public Welfare for their cooperation during this past year.

Respectfully submitted,

George W. Shipley,

Welfare Agent

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen, and the
Citizens of Tyngsborough:

The following is a report of the Police Department from May 29, 1958 through December 31, 1958.

OFFENSES FOR WHICH ARRESTS WERE MADE CRIMES AGAINST PERSONS

Indecent Assault and Battery	2
Carnal Abuse of Female Child	1
Open and Gross Lewdness	1
Assault and Battery	1

Total Crimes Against Persons	5

People taken to hospital in Police Cruiser	12
Stolen Boats Recovered	6
Summonses Served	37
Warrants Served	6
Death By Drowning	1

Total Miscellaneous	347
---------------------	-----

During the past year, the police department has instituted a procedure of time-clock checking. At twelve strategically located watch stations, keys have been installed. During the dusk to dawn hours, the patrolling officer punches a time-clock at these stations, this provides the night shift officers with proof of their coverage during the night

hours.

We now have a centrally located police station, where a person may come in and talk over a personal problem with the chief. Also this gives us a private office to keep our records; it also provides a private room to question suspects. This station is located in the lower town hall, occupying little used storage space. It was constructed at a cost of \$150 to the town. This being a portion of the cost of the materials. Practically all labor was donated by various police officers and interested citizens of the town.

There have been an increasing number of demands from various sections of town for added patrol work, due to the fact that in the past year the town has acquired many new residents. This is sufficient evidence that a three man department is handicapped and can render such service as that which is in its limited means.

As evident in the figures set forth in this report, and in the facts brought out in your daily newspaper, the number of crimes are increasing much faster than the authorities can cope with.

We have had a greater number of accidents in comparisor to past years. Investigations of these accidents commands a great part of the Police department's time on all shifts.

Your police cruiser has practically doubled its mileage in comparison with past years. In conducting this continuous night patrol, it has almost doubled the cost of gas, maintenance, tires and general upkeep of the police cruiser.

I have installed the old police radio in my automobile, giving us more coverage during trouble times. It also gives me a direct contact with the cruiser, in case of a search or an emergency of any kind.

Weekend traffic has become a nightmare with the opening of the New Hampshire Turnpike. It has become necessary to put two police officers on duty to by-pass traffic around the lights at the bridge. Without this procedure, the people who live off Route 3, would hardly be able to get out of their driveway; the fire department would be seriously hampered in getting to a fire. During the year 1958, several police officers gave time of their own free will for many week-ends, to prove it was possible to expedite traffic through our town. This year if we wish to have this police service, we will have to assume the cost of it.

In closing I would like to thank all those who cooperated with this department during the past year, especially the special officers who came to assist when we needed them, without their cooperation, we could not have accomplished what we did.

Respectfully submitted,

Harold L. Pivrotto

Chief of Police

REPORT OF THE BOARD OF FIRE ENGINEERS

To the Honorable Board of Selectmen and Citizens
of the Town of Tyngsborough:

The Board of Fire Engineers respectfully submits its annual report
for the year ending December 31, 1958.

Alarms responded to were as follows:

Dwelling Fires	6
Brush Fires	16
Grass Fires	2
Chimney Fires	2
Flooded Oil Burners	4
Electrical Fires	3
Automobile Fires	1
Life Boat Calls	0
Dump Fires	3
Other Building Fires	5
False Alarms	0
Mutual Aid:	
Dunstable	3
Chelmsford	1
Westford	1
Miscellaneous	4
Stand by at Station	1
Mattress Fires	0
Wrecks	0
Total Alarms	52

In the year 1958, your Fire Department has continued to serve the town efficiently and economically. Credit for the success of the years operation must be shared with the citizens of the town. The fine spirit of cooperation displayed by the townspeople has aided materially in preventing the outbreak of serious fires.

The towns four peices of Fire Apparatus are in good condition. Prompt, preventive maintenance and a regular inspection by voluntary stewards at each station helps maintain this good condition.

Hose requirements for the coming year are small. The addition of 200 ft. of 2½ inch hose will maintain the standards set by the Board of Fire Underwriters.

Again this year the Board recommends the appropriation of \$1000 to the stabilization fund. This fund is to be used in future years when it will become necessary to purchase new capital equipment.

This year men from Tyngsborough were again present at a course

in fire fighting conducted by the State Board of Education. The course, which was given in Dunstable, was attended by men from Tyngsborough, Dunstable and Westford. The excellent cooperation displayed by the men from the three towns, working as a unit, attests to the ever strengthening bonds of the North Middlesex Mutual Aid Association.

During the year two portable smoke ejectors were placed in service. They become very valuable fire fighting tools when used in conjunction with the portable electric generator. Their use, when combating stubborn smoky fires, will not only aid the firemen in making entry, but will also tend to reduce the property damage caused by smoke.

With the cooperation and voluntary labor of men of the Firemen's Association, further improvements have been made at Station 2. A tile ceiling has been erected in the second floor meeting area, stairway and lavatories. This addition has given the rooms a finished appearance and has greatly improved the lighting and acoustics.

At the last annual meeting the Town voted the sum of \$500 to be used to obtain plans and to select a site for a new fire station to replace Station 1. On the basis of this vote of confidence, the Board has devoted considerable time, thought and effort to plans for a new station. The present station is not adequate for the valuable equipment that it must house. It is situated poorly, and the lanes of apparatus egress are often blocked or narrowed by parked vehicles. The building provides no storage space for spare equipment. There is no adequate room to conduct meetings or training sessions. The structure itself is aged and in poor repair. The type of construction and its proximity to sheds and other wooden building, places the present station high on the list of potential fire hazards. It presents a serious possibility to think that a major fire in the heart of the village might find half of the town's apparatus destroyed in quarters. It would be poor economics to attempt to renovate or improve the present building.

The proposed station while moderate in cost would be adequate to handle present and future needs. Of masonry construction, the new one story brick type building would present a fine appearance. It would be a structure to which Townspeople could point with pride. Situated near the center of town, on the main highway, apparatus could be directed to any section of the town without delay. The Proposed site was selected after examining and considering six other locations. It is strategically located and because the terrain is high, solid and dry it will require no outside fill and a minimum of grading. This fact aids considerably to hold down construction costs. The new apparatus area provides room for the present equipment and is deep enough to accommodate larger apparatus should the towns growth require such equipment. Additional space is provided for a Fire Department office, radio equipment, storage and meeting areas. The Board suggests that the town vote the necessary funds to see this needed project carried through to completion.

The Board of Fire Engineers and the men of the Department, ex-

press their sincere appreciation to the Citizens of the Town for their cooperation and confidence. Through our efforts to provide more efficient, economical fire protection to the Town of Tyngsborough, the Fire Department will grow and strengthen and continue to merit your confidence.

Respectfully submitted,

Board of Fire Engineers

Albert E. Chouinard, Chairman

Robert G. Duff, Chief

Arthur B. Bell, Assistant Chief

Leo G. Pelletier

Eugene J. Corcoran

Wilfred P. Mercier, Clerk

REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen and Citizens
of the Town of Tyngsborough:

I submit the following report for the year ending December 31, 1958.

During the year a total of 75 permits were issued as follows: 11 (eleven) for new dwellings, 46 for accessory buildings such as private garages, porches, storehouses, etc., and 18 for repairs and remodeling.

I wish to thank the Board of Selectmen, the Planning Board, the Board of Appeals and other town officials for their co-operation and help during the past year.

Respectfully submitted,

Victor J. Illg

Building Inspector

REPORT OF THE SEALERS OF WEIGHTS AND MEASURES

DECEMBER 31, 1958

To the Honorable Board of Selectmen and Citizens
of the Town of Tyngsborough:

The following is a summary of work completed during the year
of 1958.

Sealed:

Number of scales over 10,000 lbs.	1
Number of scales 100 to 5,000 lbs.	4
Number of scales under 100 lbs.	9
Number of gasoline meters 1" or less	20
Number of kerosene pumps	4
Number of grease pumps	7
Number condemned	0
Total mileage covered during year	63 miles
Total fees taken and paid to Treasurer	\$31.25

Respectfully submitted,

Raymond F. Wilkins

Sealer of Weights and Measures

REPORT OF DOG OFFICER

The Honorable Board of Selectmen:

I submit my yearly report on dogs.

There were 350 taxes paid, including 5 kennels, 24 dogs killed by
motor vehicles, 35 stray dogs of which 17 went to Harvard Med. Assoc.,
20 dog bites.

Dogs killed by vehicles	24
Stray Dogs	35
Harvard Med. Assoc.	17
Dog Bites	20

Respectfully submitted,

JAMES ELMER JORDAN

Dog Officer

**REPORT OF THE NASHOBA ASSOCIATED
BOARDS OF HEALTH**

January 19, 1959

Board of Health
Tyngsborough, Massachusetts

Gentlemen:

I hereby submit my 3rd annual report as Medical Director.

Your Health Department has tried zealously to render maximum service for the .97 cents per capita provided by the member towns in 1958.

We attempted to make our annual report more readable and appealing and also had informative service folders printed for distribution to every household in the district. That all citizens will come to know, use and value the several services offered through our various programs has been the objective of these efforts.

In May of 1958 a new professional staff member was added. Mr. Robert Bradford, a health educator, is director of the Accident Prevention Program which is being sponsored by the Charles H. Hood Dairy Foundation.

The following is a departmental accounting of our services.

SANITATION AND LABORATORY SERVICES

New home construction continued to put a heavy demand upon the sanitary inspectors during 1958. Early in the year house construction was limited due to the economic recession; this permitted more time to be devoted to restaurants, dairies and other sanitation problems. Mid-summer brought increased building which continued without let-up until the middle of December. Little time was available for routine sanitation during this time.

Our milk plant inspector, Mr. Arnold Perham, stopped working October 31st. This work has been carried on by the existing staff. It is expected that a part time sanitarian will be added to help carry the load through the summer months.

To have a pleasant community with a healthful environment, the community must plan carefully. Planning Boards and Boards of Health must be encouraged and given support by the towns people to watch out that the future development of the town is guarded, that no nuisance conditions are allowed to develop which will be community headaches in the future. We want our children to be proud of their heritage.

SANITATION SERVICES IN YOUR TOWN WERE:

Milk samples collected	242
Services rendered eating places	23
Services rendered child care centers	1
Services rendered school buildings	4
Services rendered private water supplies	72
Services rendered bathing beaches	16
Services regarding nuisances	23
Services regarding housing problems	2
Services regarding land subdivisions	7
Services regarding private sewage disposals	130
Services regarding recreational camps	7
Services regarding individual trailers	1
Conferences with Board of Health Members	6
Conferences with other town officials	4
Board of Health meetings	1
Visits to people not at home	9
Miscellaneous services rendered	21

Licenses issued during 1958

Methyl Alcohol	6
Camp	6
Day nursery	2
Ice Cream	2
Milk (dealer and store)	32
Oleomargarine	4

The laboratory has performed a great deal of precise and conscientious work in both sanitary and diagnostic bacteriology. Credit is due Mrs. Marjorie Dunlap, bacteriologist, for the excellent standards maintained and the extended use to which the laboratory has been put in the past few years.

It is with regret that the resignation of Mrs. Dunlap was accepted as the year ended. She has accepted a position with the Emerson Hospital in Concord, Mass. Nashoba's best wishes go with her.

The following is the total number of tests performed in the laboratory during 1958:

Milk samples tested	2981
Water samples tested	621
Diagnostic tests	2203

NURSING AND PREVENTIVE DENTAL SERVICES

In May of this year Miss Iris L. Cove of Lowell was appointed as your community nurse to replace Mrs. Edith Stevenson. Until her

appointment the morbidity service was covered by Mrs. Vera Gagnon of Lunenburg with Well Child Conference work and Health Supervision visits carried by Mrs. White, director of nursing at Nashoba.

A total of 790 visits were made to 91 patients for nursing care and 192 visits to 108 persons for health supervision, an increase of 25% over 1957 even with part time coverage for the first four months.

School physical exams were done by Dr. Horan who also conducted the two preschool roundups, assisted at one by Dr. Eleanor H. Smith, medical director of Nashoba. Vision and hearing tests were completed on all pupils. 162 pupils in grades 2, 5 and 8 had topical fluoride applications in the dental program in the spring and 464 were enrolled in the tuberculin testing program this fall.

Miss Cove attended a week's institute on "School Nursing" at Simmons College in the summer and has taken advantage of other educational opportunities during the fall.

The assistance of the volunteers who have helped out in both the school programs and the Well Child Conferences is greatly appreciated.

MEDICAL SOCIAL WORK SERVICES

In 1958 the Medical Social Consultant had 154 problems referred to her which represented 483 persons directly or indirectly affected by them. Frequently the problems touched only one person such as the elderly patient who returned home after several months treatment at a nearby V. A. Hospital. Because he had no family, the difficulty he experienced in returning to the community, maintaining bachelor quarters in his old home, and continuing convalescent care affected no one but himself, and perhaps, interested neighbors. However, an alcoholic father of three children, whose wife was seeking employment outside the house involved four people directly in his problem and several others indirectly.

The services given, whether in the form of interview, conference, letter, or visit totaled 485 during 1958.

Over half of all the problems were referred by the public health nurses with physicians and other professional people accounting for a fourth of the referrals. Problems involving the elder members of our population were more numerous this year than previously.

Again this year the Medical Social Consultant attended various professional meetings and spoke to four lay groups and three professional groups of her work at Nashoba.

ACCIDENT PREVENTION PROGRAM

The Accident Prevention Program began officially in May of 1958. In order to describe the activities of this program for the past seven

months, its three major objectives will be stated and the activities conducted under each will be briefly outlined.

1. To determine the extent of the accident problem within the area.

A statistical study has been established with the cooperation of the U. S. Public Health Service. This study is reporting all accidents to all residents of Nashoba from the 15 hospitals serving this area. The information obtained from this study will be used to direct the educational aspects of the program.

2. To stimulate interest on the part of all communities in their specific accident problems.

Newspaper articles and public meetings have been the means to bring the accident problem to the attention of the public. In the past seven months the director of the program has written 23 newspaper articles and spoken to 37 organizations within the area.

3. To develop techniques of accident prevention within the sixteen communities of Nashoba.

All effective techniques of reducing the accident toll are now available to our communities. These run the gamut from literature, films and speaking engagements to consultation and material assistance in developing specific safety projects such as baby sitter courses, poster contests, bicycle rodeos, etc.

The acceptance of these projects on the part of the communities has been rather slow, however it is hoped that as public interest for the program increases these projects will be in greater demand.

Tyngsborough has not been directly involved in this program, but it is the hope of the director that during the coming year many of the projects offered through this program will be sponsored by the town's organizations.

PREVENTIVE MEDICAL SERVICES

The chest clinic was held in cooperation with the Middlesex County Sanatorium at the Community Memorial Hospital in Ayer with 135 patients living in Middlesex County making 151 visits. Worcester County patients are seen at the Worcester County Sanatorium in West Boylston, Mass.

This year we had only 7 new cases of tuberculosis reported. This figure fluctuates from one year to the next. Last year there were 11 new cases reported.

Nineteen fifty eight was a peak year for measles throughout the state and nation. The following are the cases of communicable diseases and dog bites reported to us:

	1957	1958
Chicken Pox	151	304
German Measles	176	83
Measles	204	584
Mumps	336	76
Whooping Cough	7	6
Poliomyelitis	—	—
Salmonellosis	4	2
Scarlet Fever and Septic Sore Throat	42	16
Tuberculosis	11	7
Dog Bites	129	118

Again this year we have found it necessary to hold extra Well Child Conferences in some towns and held a total of 164 clinics, throughout the district. Ten Tyngsborough-Dunstable Well Child Conferences were held on alternating months in each town. A total of 117 children made 211 visits and received 284 immunizations.

Fifteen towns participated in the rabies clinics this year and 442 dogs were inoculated against the disease. In Tyngsborough nine dogs were inoculated by Dr. Clarence Bent of Nashua, New Hampshire.

In the later part of the year Nashoba with the assistance and cooperation of the two county TB Associations, the State Health Department and the school officials, inaugurated a tuberculosis case findings program which opened with the skin testing of approximately 12,000 public and private school children. The community nurses have worked hard on this project which is not yet completed, pending make-up clinics, X-ray clinics and tabulation and analysis of the results. The value of finding even one active undiagnosed case in a community in dollars and cents savings is difficult to estimate. Such a program also indicates where TB control efforts should be directed in the future. For purposes of certification teachers and other school personnel were also offered the opportunity to be tuberculin skin tested.

It is our hope that a service folder was received and read by every family in the district. On any health problem citizens should feel free to call the Health Center, telephone SPruce 2-3561.

Respectfully submitted,

Eleanor Haynes Smith, M. D., M. P.

Medical Director

REPORT OF THE CEMETERY COMMISSIONERS

DECEMBER 31, 1958

To the Board of Selectmen and the
Citizens of Tyngsborough:

We hereby submit our report for the year ending December 31, 1958.

All cemeteries received the spring clean-up for Memorial Day and were maintained in this condition throughout the summer and fall months.

All cemetery equipment received general overhaul and replacement where needed previous to the start of work in the spring.

Due to the proper care and maintenance of the equipment, this department purchased no new equipment this past year and was so able to hold the line on expenses and this extra money was used to offset the higher wages with no increase in the appropriation.

Due to the proposed Route 3, the state has indicated that the new section in Flint Cemetery will be taken by them at some future date. The Town should give serious thought to the purchase of new cemetery space as burial space at this date is limited.

Respectfully submitted,

Robert DeCarteret

Burton K. Dodge

Robert J. Anderson, Chairman

Cemetery Commissioners

ACCOUNTANT'S STATEMENT

To The Board Of Selectmen
Mr. Edward H. O'Connor, Chairman
Tyngsborough, Mass.

December 31, 1958

The financial transactions as shown herein are in accordance with the classifications as prescribed by Director of Accounts, Department of Corporations and Taxations, Commonwealth of Massachusetts.

All bills paid by the Town are on file and may be examined by any citizen of the Town by appointment.

All bills to be paid on the Monday Warrants shall be filed with the Town Accountant by 4 P. M. on Saturdays.

I have also examined and verified books, bank books, and securities of the Town Treasurer and the Selectmen and find them correct as herein stated.

Respectfully yours,
EARL R. GILSON
Town Accountant

REPORT OF THE TAX COLLECTOR

To the Honorable Board of Selectmen
and the Citizens of Tyngsborough

Congratulations are in order again this year for the taxpayers of Tyngsborough. In spite of the two changeovers in the tax collector's office, with resulting inconveniences to the people, payments have been slightly higher than in 1957.

The office of the tax collector was held by the following:

William Doyle	January 1 to September 10, 1958
Frederick Derbyshire	September 11 to September 28, 1958
Eunice J. Bevins	September 29 to December 31, 1958

A detailed report for the year is given below for your attention:

Respectfully submitted,
EUNICE J. BEVINS, Collector

TOWN WARRANT TOWN OF TYNGSBOROUGH

The Commonwealth of Massachusetts

Middlesex, ss.

To either of the Constables of Town of Tyngsborough in the County of Middlesex.

Greeting:

In the Name of The Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Tyngsborough on Monday the 9th day of February next, at 10 o'clock in the forenoon, then and there to act on the following articles:

ARTICLE 1. To bring in their votes for Moderator, Town Treasurer, Two Constables and One Tree Warden for terms of One Year, a Selectman, Assessor and a Member of the Board of Public Welfare, a Tax Collector, Two Members of the School Committee, Two Trustees of the Littlefield Library and One Cemetery Commissioner for Terms of Three Years, One Member of the Planning Board for a Term of Four Years and One Member of the Planning Board for a Term of Five Years.

All on the same ballot.

And you are further directed to notify the said inhabitants of the Town of Tyngsborough to meet again at the Town Hall in said Tyngsborough on Monday the 16th day of February next at 7 o'clock in the afternoon, then and there to act on the following articles:—

ARTICLE 2. To see if the Town will vote to accept the reports of the Town Officers and Committees as printed, or take any action in relation thereto.

ARTICLE 3. To decide in what way the Dog License Fees shall be used. (Recommended for Library by Advisory Committee.)

ARTICLE 4. To choose all Town Officers not named in Article 1, or take any action in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the Revenue of the financial year beginning January 1, 1959, and to issue note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws, or take any action in relation thereto. (Recommended by Advisory Committee)

- ARTICLE 6. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paying unpaid bills of 1958 and prior years, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 7. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 8. To see what action the Town will take with reference to the compensation of the elected Highway Surveyor.
- ARTICLE 9. To see if the Town will vote to permit the Cemetery Commissioners to perform work in the Town Cemeteries and be paid for labor at the current rate for town labor, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to be set aside as a Stabilization Fund as provided in Section 5B of Chapter 40 of the General Laws, as amended, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be placed in a separate Stabilization Fund in anticipation of future capital expenditures for the Fire Department, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$4,100.00 for Chapter 81 Roads, and will further vote to transfer the sum of \$11,650.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State for this work or take any action thereto. (Recommended by Advisory Committee)
- ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$2,400.00 for Chapter 90 Maintenance, and will further vote to transfer the sum of \$3,000.00 from the Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for Chapter 90 Construction, Long Pond Road, and will further vote to transfer the sum of \$12,000.00 from Excess and Deficiency Account in anticipation of reimbursement from the State and County for this work, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 15. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$1,400.00 to complete the construction, gravelling, repair, and resurfacing of that portion of Willowdale Avenue from the Dracut Town Line to King David Road or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 16. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$1,500.00 to continue the widening, construction, gravelling, and repairing to Westford Road at that section which commences near its intersection with Swan Road, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to continue the reconstruction, gravelling, and repair to Scribner Hill Road or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to reconstruct, gravel, resurface and oil Ingalls Road.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 with which to continue the work of resurfacing, graveling, and repair of Althea Avenue, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 20. To see if the Town will vote to raise and appropriate or transfer from Excess and Deficiency the sum of \$1,000.00 for the purpose of purchasing a new Police Cruiser, the above sum representing the difference required in cash for the trade of the present vehicle for a new car, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 21. To see if the Town will vote to accept the sum of \$100.00, the income of which shall be used to provide perpetual care for a lot in the Sherburne Cemetery belonging to John E. Barr, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 22. To see if the Town will vote to accept the sum of \$100.00 the income of which shall be used to provide perpetual care for a lot in the Sherburne Cemetery in the name of William Doyle, or take action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 23. To see if the Town will vote to accept the sum of \$200.00 the income of which shall be used to provide perpetual care for a lot in the Sherburne Cemetery in the name of Walter T. Perham, or take any action in relation thereto. (Recommended by Advisory Committee)

- ARTICLE 24. To see if the Town will vote to confirm the name of the Town Beach at Lakeview as "Pinehaven Town Beach," or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of \$750.00 for the reconstruction, repair, resurfacing and grading of the parking area at the Town Beach and installing other facilities at the Town Beach and that portion of Mascuppic Trail from Maplewood Avenue to the end of the Town Beach Property known as Pinehaven Town Beach, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 26. To see if the Town will vote to observe one or more days in June in an appropriate manner in recognition of the Founding of the Town in 1809 and to have the Moderator appoint the necessary Committee to be known as the Sesquicentennial Committee with representatives from all organizations in Town who might be interested in promoting such an affair, or take any other action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$300.00 to be expended under the direction of the Sesquicentennial Committee for the observance of the 150th Anniversary of the Town's Founding, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 28. To see if the Town will vote to raise and appropriate or transfer a sum of money to settle the land damage claims arising from the Chapter 90 Reconstruction project on Coburn Road, or take any action in relation thereto.
- ARTICLE 29. To see if the Town will vote to authorize the Board of Selectmen to appoint an Inspector of Wires in accordance with Chapter 166 Section 32 of the General Laws. (Recommended by Advisory Committee)
- ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of \$300.00 for an account to be expended for the expenses of the Inspector of Wires, such Inspector to deposit with the Town Treasurer the fees charged for inspections and to be allowed the equivalent for his salary from such appropriation, or take any action in relation thereto. (Recommended by Advisory Committee)
- ARTICLE 31. To see if the Town will vote to appoint a committee of three to investigate and report to the Board of Selectmen and the next special or Annual Town Meeting as to the Advisability of and problems involved in the acceptance of the Ball Park Road, Poitras Avenue, and Lemire Avenue. (Recommended by Advisory Committee)

ARTICLE 32. To see if the Town will vote to raise and appropriate a sum of money for additional lights on Parham Road, Long Pond Road, Manhattan Development, and Tyng Road, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$320.00 to be used for the purchase of Fire Hose and Equipment incidental thereto, said purchase to be under the direction of the Fire Engineers, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 34. To see if the Town will vote to authorize the Board of Selectmen to purchase a parcel of land containing 20,000 square feet of land, more or less, from Winston H. and Virginia L. Bostick, which parcel is located adjacent to Kendall Road, for the purpose of erecting a Fire Department Building and Fire Protection, and to raise and appropriate and/or transfer from available funds a sum of money for such purpose, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 35. To see if the Town will vote to raise and appropriate the sum of \$27,000.00 for the purpose of erecting and constructing a Fire Department Building on the Southerly side of Kendall Road on a parcel of land containing approximately 20,000 square feet, being a portion of the Bostick property, now or formerly, and for originally equipping and furnishing the said Fire Department Building; Determine whether the money shall be provided for by appropriation from available funds in the Treasury, including the sale of Real Estate Fund, and/or the Stabilization Fund, by taxation, or by borrowing under the authority of Chapter 44 of the General Laws, and to authorize the Board of Fire Engineers to execute any or all contracts, documents, or other legal instruments necessary or proper to carry out the provision of this article, and perform all acts and duties necessary and proper in connection therewith, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 36. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to reconstruct, gravel, repair and resurface a portion of Red Gate Road, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 37. To see if the Town will vote to authorize the Planning Board to investigate the condition of the Town Hall Building in relation to the present heating system, boiler room, lavatory rooms, and other facilities, and to secure estimates, appraisals, and plans to repair the same; and to raise and appropriate the sum of \$200.00 for the use of said Board for such purposes said Board to report their recommendations at the next special or Annual Town Meeting, or

take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 38. To see if the Town will vote to raise and appropriate the sum of \$2,121.57 for snow removal and sanding for 1958, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 39. To see if the Town will vote to raise and appropriate the sum of \$100.00 to be expended for flood lights and power at a skating rink at Upton's Dam on State property and to appoint a committee of three to supervise such activity and expend such money, or take any action in relation thereto. (Recommended by Advisory Committee)

ARTICLE 40. To see if the Town will vote to sell for such sum of money as may be determined a small portion of the Town land containing approximately 16,000 square feet located between the land of Donald A. Whitney and the Ball Park Road so called and Lawndale Road, and southeasterly from the ball park, and to determine whether to accept a portion of land adjacent thereto belonging to said Whitney as part or all of the consideration for such sale, or take any action in relation thereto.

ARTICLE 41. To see if the Town will vote in accordance with Chapter 41 Section 4A to authorize any Town Board to appoint any member thereof to another Town office or position for the Term provided by law, if any, otherwise for a Term not exceeding one year, and to fix by vote of the Town the salary of any such appointee, or take any action in relation thereto.

ARTICLE 42. To see if the Town will vote to amend the Zoning By-Law under Section 5 by adding the following paragraph, which will change the hereinafter described premises from a General Residence and Farming District to a Business District:-

"F 8. The land in Tyngsborough situated on Sherburne Avenue, containing forty acres and thus bounded: Beginning at a stone bound marked "B" on the Easterly side of said Sherburne Avenue at land formerly of Henry Norris; thence Easterly about 38.5 rods to a stone bound; thence Northerly by Norris land 30 rods and 42 rods; thence Northeasterly 189.6 feet to a bound; again Northeasterly 382 feet; thence 70 feet to land of John Farrell and Heirs of one Sherburne; thence Southeasterly 41.5 rods; thence southeasterly 23.5 rods; thence Westerly 35 rods; thence southerly 253 feet; thence Westerly 22 rods to Bound near gateway; thence Westerly 29 rods; thence Northwesterly 27.5 rods; thence southwesterly 32.5 rods to stone bound on Westerly side of said Avenue; thence along said Avenue 33.5 rods to bound; thence across said Avenue 42 feet to point of beginning.

ARTICLE 43. To see if the town will vote to raise and appropriate or transfer from available funds the sum of \$1,500.00 for the purpose of renovating and repairing the class room (The so-called Sewing Room) in the basement of the Winslow School or take any action in relation thereto. (Recommended by Advisory Committee)

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, Post Office, Unitarian Meeting House, and Lakeview Fire Station in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this nineteenth day of January in the year of our Lord one thousand nine hundred and fifty-nine.

EDWARD H. O'CONNOR, Chairman

MARTIN E. BETZ

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Tyngsborough:

The general topic of Education commanded the attention of more citizens during 1958 than in any previous year if daily newspaper and weekly news magazines are acceptable as a barometer. The net affect of all this concern for public education will lead to many improvements at both the elementary and secondary school level in the years ahead.

It may appear paradoxical to many citizens that in a great nation, such as our own, the important function of education would continue to be plagued by a shortage of qualified teachers over such an extended period of years. The shortage of teachers had its beginning during the early years of World War II, became more acute as the war time and post war birth rates had their impact upon the schools, and unfortunately the problem is still with us. It is even more appalling that the prolonged shortage of teachers stem from a lack of understanding of the economic value of teaching services. End of the year reports by industry, banking, insurance and other institutions that serve our economic society indicate that each year more people purchase more T. V. sets, more automatic washers and driers, and other household appliances, more 300 horsepower fin-tailed super jet automobiles, etc. They also indicate that hourly wages and total per family income increased by some percentage over the previous year, that new insurance policies and coverages increased, that deposits in savings banks increase each year, that the stock market and the ownership of shares in industry is at its highest peak, that the backlog of unfilled industrial orders increased over the previous year and that end of the year retail sales for Christmas buying increased over previous years. Industrial leaders have repeated many times that New England has the economic resources to support an adequate educational program including adequate teaching salaries. Yet many parents of our more capable youth, the very youth in fact that should be attracted to the teaching profession, discourage their own children from teaching as a career due primarily to inadequate salaries. The competing professions, most of the skill trades, the military and civil service and many unskilled jobs siphon off prospective teachers, not alone by salary inducements but in some instances by the reduced status that people attach to teaching services.

Tyngsborough has been fortunate, indeed, in the quality of its teaching personnel. Many of our teachers have given outstanding service to the youth of Tyngsborough over an extended period of years and this is a reflection of the high regard citizens have for their teachers. Retaining the teaching services of qualified, experienced and capable teachers is an important consideration each year by your School Committee. In September, 1958 it was necessary to employ only two new teachers, Miss

Abodeely for Grade 1 at the Winslow School and Mr. Brunnelle for Music instruction at Lakeview and Winslow.

During the summer of 1958 the State legislature increased the minimum salary for beginning teachers from \$3300 to \$3600 and our 1958-59 salaries were adjusted to the new minimum for all teachers.

You will note in the statement of 1958 expenditures that Teachers' Salaries, Tuition and Transportation, in that order, account for approximately 85% of the school budget. There is very limited control that the local authorities can exercise over these expenditures as they are determined by (1) the State minimum salary, (2) tuition charges established by surrounding communities and (3) competitive bids received for transportation services. The remaining 15% of the school budget, approximately \$25,000, receives thorough consideration by a conscientious School Committee. The necessary materials and tools of instruction are provided for our teachers so that maximum teaching effectiveness can be obtained. Improvements to the school plant and the school grounds are made each year. Our schools are inspected several times each year by the Nashoba Board of Health, the Massachusetts Department of Public Safety and the Fire Insurance Company, whose primary concern is the operation of the low pressure boilers. At all times the recommendations of the above agencies are followed in the interest of safety. The School Committee is at all times receptive to suggestions for improving the school plant and are requesting funds under a separate article for certain improvements in the basement classroom at the Winslow School.

The Hot Lunch program at the Lakeview School has operated very successfully during 1958. It is unfortunate that this very worthwhile program cannot be extended to students at the Winslow School.

October 1st enrollments this year increased by eleven students over 1957. Classroom space that is adequate for this year's enrollment may not be adequate in two or three years. The present fifth grade enrollment of 80 students and three teachers will become a problem when they replace the present 53 seventh grade students with two teachers. One more teacher and one more classroom will be necessary unless offset by smaller enrollments in the lower grades.

Reports of the Principal and special supervisors follow this report and I urge you to read them for more detailed information of the work of your schools during 1958.

Respectfully submitted,

Elliott A. Diggle

Superintendent

REPORT OF THE SCHOOL NURSE

Mr. Elliott A. Diggle
Superintendent of Schools
Tyngsborough, Massachusetts

Dear Sir:

I am happy to submit my first annual report as school nurse for the Town of Tyngsborough.

The routine health procedures were carried out during the school year. The audiometer testing was completed in the spring and the vision testing and heights and weights have been started this fall. Physical exams were done in May by Dr. Raymond Horan, school physician, on pupils in grades 1, 4 and 7, and pupils new to our schools. Pre-school round-ups were held in May. 31 attended at the Lakeview School and 28 attended at the Winslow School. Dr. Horan was assisted by Dr. Eleanor Smith, medical director of Nashoba. Physical exams, Diphtheria-Tetanus boosters, and Small Pox vaccinations were given. Pupils in grades 2, 3 and 8 participated in the Nashoba dental program as usual. Mantoux testing was done in December in both schools.

The nurse held the usual conferences with teachers and principal. Home visits were made when necessary. There were 309 nurse-teacher conferences and 141 nurse-pupil conferences.

I was privileged to attend a week's institute on school nursing, at Simmons College in June. This was an especially valuable experience since this is a new field of nursing for me.

I have enjoyed my first year as school nurse for the Town of Tyngsborough, and look forward to future association with my co-workers here. I wish to thank them and the volunteers who have helped me so much this past year.

Respectfully submitted,

Iris L. Cove, R. N.

School Nurse

LITTLEFIELD LIBRARY

TYNGSBORO, MASS.

School children over 8 years of age and all residents and taxpayers are allowed free use of the Library.

Persons keeping books longer than the specified time will be fined one cent per day for every day's neglect to return the same.

Persons charged with books or magazines are held responsible for loss, or damage done to them when out; and as long as any fine or damage remains unpaid, such persons will not be allowed the use of the Library.

This book may be kept 14 days.
